of a mortuary science college approved by the State Board of Mortuary Science. An applicant must complete 12 months of resident traineeship as a funeral service licensee before or after the college requirement as stated and pass the required examination provided for in this Article.

Each such applicant for the license shall be examined orally or in writing on the following subjects:

c. Funeral service administration including accounting, funeral law, psychology, funeral principles, directing and management.

d. Laws of North Carolina and rules and regulations of the Board of Mortuary Science and other agencies, dealing with the care, transportation and disposition of dead human bodies.

(4) A person desiring to become a resident trainee shall make application on a form provided by the board. The application shall state that the applicant is not less than 18 years of age, of good moral character, and is the graduate of a high school or the equivalent thereof. The application must be sustained by oath of the applicant and be accompanied by a fee not to exceed thirty-five dollars ($35.00). When the board is satisfied as to the qualifications of an applicant it shall instruct the secretary to issue a certificate of resident traineeship. When a resident trainee desires to get in-service training to become a funeral director with a person licensed for the practice of funeral directing or when a resident trainee desires to become an embalmer and desires in-service training with a person licensed for the practice of embalming or when a resident trainee desires to become a funeral service licensee and desires in-service training with a funeral service licensee, a request shall be submitted to the board. If such permission is granted and at any time thereafter such resident trainee leaves the proctorship of the licensee whose service has been entered, it shall be the duty of such licensee to give such resident trainee an affidavit showing the length of time served with him, which affidavit shall be filed with the board and made a matter of record in that office, and if such resident trainee engages in practice in this State, a request for permission to do so shall be submitted to the board.

A certificate of resident traineeship issued as herein provided shall be signed by the resident trainee and shall be renewable one year after the date of original registration, provided, however, that such certificate may not be renewed more than two times, unless the resident trainee is still eligible for the license examination. The board shall mail to each registered trainee at his last known address a notice that the renewal fee is due and that, if not paid within 30 days of the notice, the certificate shall be cancelled; provided further, that there shall be a penalty for the lapse in renewal of five dollars ($5.00), in addition to the renewal itself; provided, that the registration of any resident trainee who is actually engaged in the active military service of the United States may, at the discretion

of the board, be held in abeyance for the duration of such service without penalties.

All resident trainees registered as provided herein shall be required to report to the board at least every three months upon forms provided by the board showing the work which has been completed during the preceding three months of resident traineeship. The data contained in said report shall be certified as correct by the licensee under whom he has served during such period and by the person licensed who is managing the funeral service establishment. The term of traineeship shall be considered as a primary vocation and may not be served during the time the resident trainee is enrolled at a college for the purpose of qualifying for a license under the provisions of this Article.

Before such resident trainee shall be eligible to receive a license for practice, evidence required by this Article shall be presented along with an affidavit from the licensee or affidavits from the licensees under whom the trainee worked showing that the trainee has assisted in the conducting of at least 25 funerals during resident traineeship, if the application is for a funeral director's license, or that the trainee has assisted in the embalming of at least 25 bodies during resident traineeship, if the application is for an embalmer's license, or both such requirements if the application is for a license as a funeral service licensee. In all applications of resident trainees for licenses for practice under this Article, the eligibility of the applicant shall be determined by the records filed with the board. No credit shall be allowed for such one-year period of resident traineeship that shall have been completed more than three years preceding any examination for such license; provided, however, that the board may waive the limitations of time prescribed in this section for any person during the period of his service in the armed service of the United States where application for such waiver is made in writing within six months of severance therefrom, and in any case in which the board by majority vote of its members present shall determine in its discretion that the enforcement thereof will create an unreasonable hardship.

The board shall have power to suspend or revoke a certificate of resident traineeship for violation of any provision of this Article.

At the same time not more than one resident trainee shall be permitted to register under any one person licensed under this Article. Each sponsor for a registered resident trainee must be actively employed with a funeral establishment as defined in this Article.

(5) The board by regulation may recognize other examinations that the board deems equivalent to its own.

All licenses shall be signed by the president and secretary of the board and the seal of the board affixed thereto. All licenses shall be issued, renewed or duplicated for a period not exceeding one year at fees to be determined by the board not to exceed thirty-five dollars ($35.00), and all licenses, renewals or duplicates thereof shall expire and terminate the thirty-first day of December following the

date of their issue unless sooner revoked and cancelled; provided, that the date of expiration may be changed by unanimous consent of the board and upon 90 days' written notice of such change to all persons licensed for the practice of funeral directing, embalming and funeral service in this State.

The holder of any license issued by the board who shall fail to renew same on or before January 31 of the calendar year for which such license is to be renewed shall be deemed to have forfeited and surrendered such license as of such date. No license so forfeited and surrendered shall be reinstated by the board except upon application in writing within five years following such forfeiture and upon payment of all delinquent annual renewal fees plus a reinstatement fee of ten dollars ($10.00); provided, however, that the board may waive the provisions of this section for the holder of any license during the period of service in the armed services of the United States upon application within six months of severance therefrom, and provided further, that the board may in its discretion upon application of the holder of any license grant the temporary suspension of such license for any period not exceeding five years during which the holder does not engage in the practice of funeral service and reinstate the same without the delinquent annual fees and penalties herein provided whenever such practice is resumed within such period of five years. All licensees now or hereafter licensed in the State of North Carolina are and shall be required to take courses of study in subjects relating to the practice of the profession of embalming and funeral directing to the end that the utilization and application of new techniques, scientific and clinical advances, and the achievements of research will assure expansive and comprehensive care to the public. The length of study shall be 15 hours in a continuing period of three years. Attendance for certification must be at a course or courses approved by the board prior to enrollment. Attendance at any course or courses of study is to be certified to the board upon a form provided by the board. The board shall be allowed to waive this requirement for renewal in cases of certified illness or undue hardship and this requirement shall be waived for all licensed persons who have been licensed for a continuous period of twenty-five (25) years.

Any person who having been previously licensed by the board as a funeral director or embalmer prior to July 1, 1975, shall not be required to satisfy the requirements herein for licensure as a funeral service licensee, but shall be entitled to have such license renewed upon making proper application therefor and upon payment of the renewal fee provided by the provisions of this Article. Persons previously licensed by the board as a funeral director may engage in funeral directing, and persons previously licensed by the board as an embalmer may engage in embalming. Any person having been previously licensed by the board as both a funeral director and an embalmer may upon application therefor receive a license as a funeral service licensee.

(b) Reciprocity. The board, under such rules and regulations as it may prescribe, may grant (1) reciprocal licenses to funeral directors and embalmers licensed in other states, territories, the District of Columbia, and foreign countries; and (2) special permits, permitting nonresident funeral directors and embalmers to remove a body from and to arrange a funeral or embalm a body in this State, but such privileges shall not include the right to establish a place of business in, nor engage generally in the business of funeral directing and embalming in this State. The board shall fix fees to be paid for such reciprocal licenses and courtesy card privileges.

(c) Registration, filing and transportation. The holder of any license granted by this State for those within the funeral service profession or renewal thereof provided for in this Article shall cause registration to be filed in the office of the board of health of the county or city in which he practices his profession, or if there be no board of health in such county or city, at the office of the clerk of the superior court of such county. All such licenses, certificates, duplicates and renewals thereof shall be displayed in a conspicuous place in the funeral establishment where the holder renders service. It shall be unlawful for any railway agent, express agency, baggage master, conductor or other person acting as such, to receive the dead body of any person for shipment or transportation by railway or other public conveyance, to a point outside of this State, unless said body be accompanied by a removal or shipping permit.

(d) Establishment permit. No person, firm or corporation shall conduct, maintain, manage or operate a funeral establishment unless a permit for each such establishment has been issued by the board and is conspicuously displayed in such funeral establishment.

No permit to operate a funeral establishment shall be issued by the board unless each such funeral establishment has in charge a person licensed for the practice of funeral directing or funeral service.

Applications for such funeral establishment permits shall be made on blanks furnished by the board and filed by the owner, a partner or by the registered agent of the corporation with the board on or before January 1 of each year and shall be accompanied by a fee of thirty-five dollars ($35.00). All such permits shall expire on December 31 of each year.

Violation of any provision of this Article or any rules or regulations of the board committed by any owner, partner, officer, agent or employee of a funeral establishment with the consent of any person, firm or corporation operating such funeral establishment shall be considered sufficient cause for suspension or revocation of such funeral establishment permit.

When more than one person proposes to engage in the operation of a funeral establishment as a partnership or as a corporation, it shall be necessary for one such partner or corporate officer to secure a license for the practice of funeral directing or funeral service and be registered by the board as the manager of such funeral establishment. No partner or corporate officer shall hold himself out through advertising or otherwise as being a licensee, unless so licensed.

(e) Violations. Whenever the board shall have reason to believe that any person to whom a license has been issued by the board has become unfit to practice within the funeral service profession, or has violated any of the provisions of this Article, or any rule or regulation of the board, or whenever written complaint charging the holder of such a license with such violation is

filed with the board, any actions taken shall be governed by the provisions of Chapter 150.

The board may refuse to issue or may refuse to renew or may suspend or may revoke any license, or may place the holder thereof on a term of probation after proper hearing upon finding the holder of such license to be guilty of any of the following acts or omissions:

(1) Conviction of a felony or a crime involving moral turpitude.

(2) Unprofessional conduct which is hereby defined to include:

a. Misrepresentation or fraud in the conduct of the funeral service profession, or in obtaining or renewing a license;

b. False or misleading advertising as the holder of a license for practice of funeral service;

c. Solicitation of dead human bodies by the licensee, his agents, assistants, or employees, provided that this subsection shall not be deemed to prohibit general advertising by the licensee;

d. Employment by the licensee of persons known as 'cappers', or 'steerers' or 'solicitors', or other such persons for the purpose of obtaining the services of the licensee;

e. Employment directly or indirectly of any apprentice, agent, assistant or other persons, on a part- or full-time basis, or on commission, for the purpose of calling upon individuals or institutions by whose influence dead human bodies may be turned over to a particular licensee;

f. The direct or indirect giving of certificates of credit or the payment or offer of payment of a commission by the licensee, his agents, assistants or employees for the purpose of securing business;

g. Gross immorality, including being under the influence of alcohol or drugs while practicing funeral services;

h. Aiding or abetting an unlicensed person to perform services under this act, including the use of the picture or name in connection with advertisements or other written material published or caused to be published by the licensee;

i. Using profane, indecent or obscene language in the presence of a dead human body, and within the immediate hearing of the family or relatives of a deceased, whose body has not yet been interred or otherwise disposed of;

j. Violating or cooperating with others to violate any of the provisions of this Article or of the rules and regulations of the board;

k. Violation of any State law or municipal or county ordinance or regulation affecting the handling, custody, care or transportation of dead human bodies;

l. Refusing to promptly surrender the custody of a dead human body upon the express order of the person lawfully entitled to the custody thereof;

m. Knowingly making any false statement on a certificate of death.

No person licensed under this Article shall remove or cause to be embalmed a dead human body when he has information indicating crime or violence of any sort in connection with the cause of death nor shall a dead human body be cremated, until permission of the State or county medical examiner has first

been obtained. However, nothing in this act shall be construed to alter the duties and authority now vested in the office of the coroner.

No funeral service establishment shall accept a dead human body from any public officer (excluding the State or county medical examiner or his agent), or employee or from the official of any institution, hospital or nursing home, or from a physician or any person having a professional relationship with a decedent, without having first made due inquiry as to the desires of the next of kin and of the persons who may be chargeable with the funeral expenses of such decedent. If any such kin be found, his or her authority and directions shall govern the disposal of the remains of such decedent. Any funeral service establishment receiving such remains in violation hereof shall make no charge for any service in connection with such remains prior to delivery of same as stipulated by such kin; provided, however, this section shall not prevent any funeral service establishment from charging and being reimbursed for services rendered in connection with the removal of the remains of any deceased person in case of accidental or violent death, and rendering necessary professional services required until the next of kin or the persons chargeable with the expenses have been notified.

When and where a licensee presents a selection of funeral merchandise to the public to be used in connection with the service to be provided by the licensee or an establishment as licensed under this Article, a card or brochure shall be directly associated with each item of merchandise setting forth the price of the service using said merchandise and listing the services and other merchandise included in the price, if any. When there are separate prices for the merchandise and services, such cards or brochures shall indicate the price of the merchandise and of the items separately priced.

At the time funeral arrangements are made and prior to the time of rendering the service and providing the merchandise, a funeral director or funeral service licensee shall give or cause to be given to the person or persons making such arrangements a written statement duly signed by a licensee of said funeral establishment showing the price of the service as selected and what services are included therein, the price of each of the supplemental items of services or merchandise requested, and the amounts involved for each of the items for which the funeral establishment will advance monies as an accommodation to the person making arrangements, insofar as any of the above items can be specified at that time.

(f) Unlawful Practices. If any person shall practice or hold himself out as practicing the profession or art of embalming, funeral directing or practice of funeral service without having complied with the licensing provisions of this Article, he shall be guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine of not more than five hundred dollars ($500.00) or imprisonment for not more than six months, or both, in the discretion of the court."

"State Defense Militia.

"§ 127-60. *Authority to organize and maintain State Defense Militia of North Carolina.*—(a) The Governor is authorized to organize such part of the unorganized militia as a State force for discipline and training, into companies, battalions, regiments, brigades or similar organizations, as may be deemed necessary for the defense of the State; to maintain, uniform and equip such military force within the appropriations available; to exercise discipline in the same manner as is now or may hereafter be provided by the laws of the State for the National Guard. Such military force shall be subject to the call or the order of the Governor to execute the law and secure the safety of persons and property, suppress riots or insurrections, repel invasions or provide disaster relief, as may now or hereafter be provided by law for the national guard or for the State militia.

(b) Such military force shall be designated as the 'North Carolina State Defense Militia' and shall be composed of personnel of the unorganized militia as may volunteer for service therein or be drafted as provided by law. (c) The Governor is hereby authorized: to prescribe rules and regulations governing the appointment of officers, the enlistment of other personnel, the organization, administration, equipment, discipline and discharge of the personnel of such military force; to requisition from the Secretary of Defense such arms and equipment as may be in possession of and can be spared by the Department of Defense; and to furnish the facilities of available armories, equipment, State premises and property, for the purpose of drill and instruction.

(d) Such force shall not be called, ordered, or in any manner drafted, as such, into the military service of the United States, but no person shall by reason of membership therein, be exempt from military service under any federal law.

(e) The Governor is hereby authorized to transfer to the benefit of the State defense militia any available and unexpended funds which he shall find necessary for its use from any appropriations to the national guard by the General Assembly, and for the same purpose to allot moneys from the Contingency and Emergency Fund with the concurrence of the Council of State. Upon disbandment of the State defense militia any moneys or balance to the credit of any unit of this organization shall be paid into the State Treasury for the benefit of the national guard, and all property, clothing, and equipment belonging to the State shall be transferred to the account of the national guard for disposition in accordance with the best interests of the State and as deemed advisable by the Governor. When the militia of this State or a part thereof is called forth under the Constitution and

Laws of the United States, the Governor shall first order out for service the national guard, the State defense militia or naval militia, or such thereof as may be necessary, and if the number available be insufficient, he shall then order out such a part of the unorganized militia as he may deem necessary. During the absence of organizations of the national guard or naval militia in the service of the United States, their state designations shall not be given to new organizations.

Such officer or member so detailed shall serve without pay and it shall be his duty to organize and supervise rifle clubs in schools, colleges, universities, clubs and other groups, under such rules and regulations as the Adjutant General shall prescribe and in such manner to make them, when duly organized, acceptable for membership in the National Rifle Association. Provided, that such duties and efforts shall in no wise interfere or conflict with clubs of schools or units operating in ROTC or similar schools under the supervision of armed forces instructors.

"Article 7.

"Regulations as to Active Service.

"§ 127-67. *National guard and naval militia first ordered out.*—In all cases the national guard and naval militia as provided for in this Chapter shall be first ordered into service.

"§ 127-68. *Regulations enforced on active State service.*—Whenever any portion of the militia shall be called into active State service to execute the law, secure the safety of persons and property, suppress riots or insurrections, repel invasions or provide disaster relief, the provisions of the Uniform Code of Military Justice of the United States, governing the armed forces of the United States, and the regulations prescribed for the armed forces of the United States, and the regulations issued thereunder, shall be enforced and regarded as part of this Chapter until said forces shall be relieved from such duty. As to offenses committed when such provisions of the Uniform Code of military justice of the United States are so enforced, courts-martial shall possess, in addition to the jurisdiction and power of sentence and punishment herein vested in them, all additional jurisdiction and power of sentence and punishment exercisable by like courts under such provisions of the Uniform Code of Military Justice of the United States or regulations or laws governing the United States Armed Forces

or the customs and usages thereof; but no punishment under such Code which shall extend to the taking of life shall in any case be inflicted except in case of war, invasion, or insurrection, declared by a proclamation of the Governor to exist and then only after approval by the Governor of the sentence inflicting such punishment. "§ 127-69. *Regulations governing unorganized militia.*—Whenever any part of the unorganized militia is ordered out, it shall be governed by the same rules and regulations and be subject to the same penalties as the national guard or naval militia.

"Article 8.

"Pay of Militia.

"§ 127-70. *Rations and pay on State service.*—The militia of the State, both officers and enlisted personnel, when called into the service of the State by the Governor shall receive the same pay as when called or ordered into the service of the United States, and shall be rationed or paid the equivalent thereof, provided that no officer or enlisted personnel shall receive less than 12 times the minimum hourly wage per day as provided for in G.S. 95-87.

"§ 127-71. *Paid by the State.*—When the militia or any portion thereof shall be ordered by the Governor into State service, the pay, subsistence, transportation and other necessary expenses incident thereto shall be paid by the State Treasurer, upon the approval of the Governor and warrant of the auditor.

"§ 127-72. *Rate of pay for other service.*—The Governor may, whenever the public service requires it, order upon special or regular duty any officer or enlisted member of the national guard or naval militia, and the expenses and compensation therefor of such officer and enlisted member shall be paid out of the appropriations made to the Department of Military and Veterans Affairs. Such officers and enlisted members shall receive the same rate of pay as officers and enlisted members of the same grade and like service of the regular service, provided that no such officer or enlisted member shall receive less than 12 times the minimum hourly wage per day as provided for in G.S. 95-87. Officers and enlisted members when on duty in connection with examining boards, efficiency boards, advisory boards, courts of inquiry or similar duty shall be allowed per diem and subsistence prescribed for lawful State boards and commissions generally for such duty. Officers and enlisted members serving on general or special courts-martial shall receive the base pay of their rank. No staff officer or enlisted member who receives a salary from the State as such shall be entitled to any additional compensation other than actual and necessary expenses incurred while traveling upon orders issued by the proper authority.

"§ 127-73. *Pay and care of soldiers, airmen and sailors disabled in service.*—A member of the national guard, the State defense militia, or the naval militia who without fault or negligence on his part is disabled through illness, injury, or disease contracted or incurred while on duty or by reason of duty in the service of the State or while reasonably proceeding to or returning from such duty shall receive the actual necessary expenses for care and medicine and medical attention at the expense of the State and if such shall temporarily incapacitate him for pursuing his usual business or occupation he shall receive during such incapacity the pay and allowances as are provided for the same grade and rating in like circumstances in the active armed forces of the United States. If such member is permanently disabled, he shall receive the pensions and rewards that

persons under similar circumstances in the military service of the United States receive from the United States. In case any such member shall die as a result of such injury, illness or disease within one year after it has been incurred or contracted, the surviving spouse, minor children, or dependent parents of the member shall receive such pension and rewards as persons under similar circumstances receive from the United States.

The cost incurred by reason of this section shall be paid out of the Contingency and Emergency Fund, or such other fund as may be designated by law.

The Adjutant General, with the approval of the Governor, shall make and publish such regulations pursuant to this section as may be necessary for its implementation. Before the name of any person is placed on the disability or pension rolls of the State under this section, proof shall be made in accordance with such regulations that the applicant is entitled to such care, pension, or reward.

Nothing herein shall in any way limit or condition any other payment to such member as by law may be allowed: Provided, however, any payments made under the provisions of Chapter 97 of the General Statutes or under federal statutes as now or hereafter amended shall be deducted from the payments made under this section.

"§ 127-74. *Pay of general and field officers.*— General and field officers when away from their home stations visiting the organizations of their commands, for inspection and instruction under orders from proper authority, shall receive actual necessary expenses and the pay of their rank.

"§ 127-75. *Proceedings against third party injuring or killing guard personnel.*—(a) The right to compensation and other benefits under G.S. 127-73 shall not be affected by the fact that the injury or death was caused under circumstances creating a liability in some person other than the State to pay damages therefor, such person hereinafter being referred to as the 'third party.' The respective rights and interests of the guard member under this Article, and the State, if any, in respect of the common-law cause of action against such third party and the damages recovered shall be as set forth in this section.

(b) The guard member or personal representative if guard member be dead, shall have the exclusive right to proceed to enforce the liability of the third party by appropriate proceedings if such proceedings are instituted not later than 12 months after the date of injury or death, whichever is later, During said 12-month period, and at any time thereafter if summons is issued against the third party during said 12-month period, the guard member or personal representative shall have the right to settle with the third party and to give a valid and complete release of all claims to the third party by reason of such injury or death, subject to the provisions of (h) below.

(c) If settlement is not made and summons is not issued within said 12-month period, then all rights of the guard member, or personal representative if guard member be dead, against the third party shall pass by operation of the period fixed by the statute of limitations applicable to such rights and if the State shall not have settled with or instituted proceedings against the third party within such time, then all such rights shall revert to the guard member or personal representative 60 days before the expiration of the applicable statute of limitations.

(d) The person in whom the right to bring such proceeding or make settlement is vested shall, during the continuation thereof, also have the exclusive right to make settlement with the third party and the release of the person having the right shall fully acquit and discharge the third party except as provided by (h) below. A proceeding so instituted by the person having the right shall be brought in the name of the guard member or personal representative and the State shall not be a necessary or proper party thereto. If the guard member or personal representative should refuse to cooperate with the State by being the party plaintiff, then the action shall be brought in the name of the State and the guard member or personal representative shall be made a party plaintiff or party defendant by order of court.

(e) The amount of compensation and other benefits paid or payable on account of such injury or death shall not be admissible in evidence in any proceeding against the third party. If the third party defending such proceeding, by answer duly served on the State, sufficiently alleges that actionable negligence of the State joined and concurred with the negligence of the third party in producing the injury or death, then an issue shall be submitted to the jury in such case as to whether actionable negligence of the State joined and concurred with the negligence of the third party in producing the injury or death. The State shall have the right to appear, to be represented, to introduce evidence, to cross-examine adverse witnesses, and to argue to the jury as to this issue as fully as though it were a party although not named or joined as a party to the proceeding. Such issue shall be the last of the issues submitted to the jury. If the verdict shall be that actionable negligence of the State did join and concur with that of the third party in producing the injury or death, then the court shall reduce the damages awarded by the jury against the third party by the amount which the State would otherwise be entitled to receive therefrom by way of subrogation hereunder and the entire amount recovered, after such reduction, shall belong to the guard member or personal representative free of any claim by the State and the third party shall have no further right by way of contribution or otherwise against the State, except any right which may exist by reason of an express contract of indemnity between the State and the third party, which was entered into prior to the injury to the guard member.

(f) (1) Any amount obtained by any person by settlement with, judgment against, or otherwise from the third party by reason of such injury or death shall be disbursed by order of the court for the following purposes and in the following order of priority:

a. First to the payment of actual court costs taxed by judgment.

b. Second to the payment of the fee of the attorney representing the person making settlement or obtaining judgment, and such fee shall not exceed one-third of the amount obtained or recovered of the third party.

c. Third to the reimbursement of the State for all benefits by way of compensation or medical treatment expense paid or to be paid by the State pursuant to G.S. 127-73.

d. Fourth to the payment of any amount remaining to the guard member or personal representative.

(2) The attorney fee paid under (f)(1) shall be paid by the guard member and the State in direct proportion to the amount each shall receive

under (f)(1) c. and (f)(1) d. hereof and shall be deducted from such payments when distribution is made.

(g) In any proceeding against or settlement with the third party, every party to the claim for compensation shall have a lien to the extent of the party's interest under (f) hereof upon any payment made by the third party by reason of such injury or death, whether paid in settlement, in satisfaction of judgment, as consideration for covenant not to sue, or otherwise and such lien may be enforced against any person receiving such funds. Neither the guard member or personal representative nor the State shall make any settlement with or accept any payment from the third party without the written consent of the other and no release to or agreement with the third party shall be valid or enforceable for any purpose unless both State and guard member or personal representative join therein; provided, that this sentence shall not apply if the State is made whole for all benefits paid or to be paid by him under this Chapter less attorney's fees as provided by (f)(1) and (2) hereof and the release to or agreement with the third party is executed by the guard member. The Attorney General shall have the right on behalf of the State to reduce by compromise its claim.

(h) Institution of proceedings against or settlement with the third party, or acceptance of benefits under this Chapter, shall not in any way or manner affect any other remedy which any party to the claim for compensation may have except as otherwise specifically provided in this Chapter, and the exercise of one remedy shall not in any way or manner be held to constitute an election of remedies so as to bar the other.

"Article 9.

"§ 127-77. *Contributing members.*—Each organization of the national guard and naval militia may, besides its regular and active members, enroll contributing members on payment in advance by each person desiring to become such contributing member of not less than ten dollars ($10.00) per annum, which money shall be paid into the unit fund. "§ 127-79. *When families of soldiers, airmen and sailors supported by county.*—When any citizen of the State is absent on duty as a member of the national guard, State defense militia or naval militia, and his family are unable to support themselves during his absence, the board of commissioners of his county, on application, shall make towards their maintenance such allowance as may be deemed reasonable.

"Article 10.

"Care of Military Property.

"§ 127-80. *Custody of military property.*—All public military property, except when used in the performance of military duty, shall be kept in armories, or other properly designated places of deposit; and it shall be unlawful for any person charged with the care and safety of said public property to allow the same out of his custody, except as above specified.

"§ 127-81. *Other suitable storage facilities.*—All public military property of every description which may not be distributed among the units of the national guard or State defense militia according to law shall be stored and kept at suitable storage facilities as determined by the Adjutant General.

"§ 127-83. *Equipment and vehicles.*—Equipment and vehicles issued by the Department of Defense to the national guard or State defense militia shall be used solely for military purposes, except in those specific cases where nonmilitary use is authorized by the Department of Defense and/or the Governor. Necessary expense in maintaining such equipment and vehicles, not provided for by the federal government shall be a proper charge against State funds appropriated for the national guard: Provided, such expense shall be specifically authorized by the Governor and certified by the Adjutant General.

"§ 127-84. *Transfer of property.*—All officers accountable or responsible for public funds, property, or books, before being relieved from the duty, shall turn over the same according to the regulations prescribed by the Governor.

"§ 127-114. *Limitations.*—Nothing in this compact shall:

"§ 127-115. *Construction and severability.*—This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. "§ 127-116. *Payment of liability to responding state.*—Upon presentation of a claim therefor by an appropriate authority of a state whose national guard forces have aided this State pursuant to the compact, any liability of this State pursuant to G.S. 127-112(f) of this compact shall be paid out of the General Fund.

"§ 127-117. *Status, rights and benefits of forces engaged pursuant to compact.*—In accordance with G.S. 127-112(h) of this compact, members of the national guard forces of this State shall be deemed to be in State service at all

times when engaged pursuant to this compact, and shall be entitled to all rights and benefits provided pursuant to the laws of this State.

The said department shall be responsible for developing survey procedures for conducting the census and for all activities related to data collection, editing, summarization, and publication of statistical information related to each county's land use and agriculture. II. or 2. of this subdivision is impracticable, exemptions shall be allowed under regulations promulgated by the Board.

b. As used in this subdivision (5), the term 'established name', with respect to a drug or ingredient thereof, means: 1. the applicable official name designated pursuant to Section 508 of the Federal Act, or 2. if there is no such name and such drug, or such ingredient, is an article recognized in an official compendium, then the official title thereof, in such compendium, or 3. if neither 1. nor 2. of this sub-subdivision applies, then the common or usual name, if any, of such drug or of such ingredient: Provided further, that where 2. of this sub-subdivision applies to an article recognized in the United States Pharmacopoeia and in the Homeopathic Pharmacopoeia under different official titles, the official title used in the United States Pharmacopoeia shall apply unless it is labeled and offered for sale as a homeopathic drug, in which case the official title used in the Homeopathic Pharmacopoeia shall apply."

Sec. 28. G.S. 106-134(11) and (12) are hereby repealed.

Sec. 29. Article 12 of Chapter 106 is further amended by inserting between G.S. 106-134 and G.S. 106-135 the following:

"§ 106-134.1. (1) A drug intended for use by man which:

a. is a habit-forming drug to which G.S. 106-134(4) applies; or

b. because of its toxicity or other potentiality for harmful effect, or the method of its use, or the collateral measures necessary to its use, is not safe for use except under the supervision of a practitioner licensed by law to administer such drug in the course of his normal practice; or

c. is limited by an approved application under Section 505 of the Federal Act to use under the professional supervision of a practitioner licensed by law to administer such drug; or

d. is a drug the label of which bears the statement 'Caution: Federal law prohibits dispensing without a prescription', shall be dispensed only 1. upon a written prescription of a practitioner licensed by law to administer such drug, or 2. upon an oral prescription of such practitioner which is reduced promptly to writing and filed by the pharmacist, or 3. by refilling any such written or oral prescription if such refilling is authorized by the prescriber either in the original prescription or by oral order which is reduced promptly to writing and filed by the pharmacist. If any prescription for such drug does not indicate the times it may be refilled, if any, such prescription may not be refilled unless the pharmacist is subsequently authorized to do so by the practitioner. The act of dispensing a drug contrary to the provisions of this paragraph shall be deemed to be an act which results in a drug being misbranded while held for sale.

(2) Any drug dispensed by filling or refilling a written or oral prescription of a practitioner licensed by law to administer such drug shall be exempt from the requirements of G.S. 106-134, except subsections (1), (9)(b) and (c), (11) and (12), and the packaging requirements of subsections (7) and (8), if the drug bears an affixed label containing the name of the patient, the name and address of the pharmacy, the phrase 'Filled by _____' or 'Dispensed by _____', with the name of the practitioner who dispenses the prescription appearing in the blank, the serial number and date of the prescription or of its filling, the name of the prescriber, the directions for use, and unless otherwise directed by the prescriber of such drug, the name and strength of such drug. This exemption shall not apply to any drugs dispensed in the course of the conduct of a business of dispensing drugs pursuant to diagnosis by mail, or to a drug dispensed in violation of subsection (1) of this section.

(3) The Board may, by regulation, remove drugs subject to G.S. 106-134(4) and G.S. 106-135 from the requirements of subsection (1) of this section when such requirements are not necessary for the protection of the public health. Drugs removed from the prescription requirements of the federal act by regulations issued thereunder shall also, by regulations issued by the board, be removed from the requirement of subsection (1).

(4) A drug which is subject to subsection (1) of this section shall be deemed to be misbranded if at any time prior to dispensing its label fails to bear the statement 'Caution: Federal Law Prohibits Dispensing Without Prescription'. A drug to which subsection (1) of this section does not apply shall be deemed to be misbranded if at any time prior to dispensing its label bears the caution statement quoted in the preceding sentence.

(5) Nothing in this section shall be construed to relieve any person from any requirement prescribed by or under authority of law with respect to drugs now included or which may hereafter be included within the classification of 'controlled substances' as this term is defined in applicable Federal and State Controlled Substance Acts."

Sec. 30. G.S. 106-134 is amended by adding the following new subsections:

"(11) If it is, or purports to be, or is represented as a drug composed wholly or partly of insulin, unless: a. it is from a batch with respect to which a certificate or release has been issued pursuant to Section 506 of the Federal Act, and b. such certificate or release is in effect with respect to such drug.

(12) If it is, or purports to be, or is represented as a drug composed wholly or partly of any kind of penicillin, streptomycin, chlortetracycline, chloramphenicol, bacitracin, or any other antibiotic drug, or any derivative thereof, unless a. it is from a batch with respect to which a certificate or release has been issued pursuant to Section 507 of the Federal Act, and b. such certificate or release is in effect with respect to such drug: Provided, that this subsection shall not apply to any drug or class of drugs exempted by regulations promulgated under Section 507(c) or (d) of the Federal Act. For the purpose of this subsection the term 'antibiotic drug' means any drug intended for use by man containing any quantity of any chemical substance which is produced by microorganisms and which has the capacity to inhibit or destroy microorganisms in dilute solution (including the chemically synthesized equivalent of any such substance).

(13) If it is a color additive, the intended use of which in or on drugs is for the purpose of coloring only, unless its packaging and labeling are in conformity with such packaging and labeling requirements applicable to such color additive, prescribed under the provisions of G.S. 106-132 of this Article.

(14) In the case of any prescription drug distributed or offered for sale in this State, unless the manufacturer, packer, or distributor thereof includes in all advertisements and other descriptive printed matter issued or caused to be issued by the manufacturer, packer, or distributor with respect to that drug a true statement of a. the established name, as defined in G.S. 106-134(5)(b) of this Article, printed prominently and in type at least half as large as that used for any trade or brand name thereof, b. the formula showing quantitatively each ingredient of such drug to the extent required for labels under Section 502(e) of the Federal Act, and c. such other information in brief summary relating to side effects, contraindications, and effectiveness as shall be required in regulations issued under the Federal Act.

(15) If a trademark, trade name or other identifying mark, imprint or device of another or any likeness of the foregoing has been placed thereon or upon its container with intent to defraud.

(16) If it is a drug and its packaging or labeling is in violation of an applicable regulation issued pursuant to Section 3 or 4 of the Federal Poison Prevention Packaging Act of 1970."

Sec. 31. G.S. 106-135 is rewritten in its entirety to read as follows:

"§ 106-135. (a) No person shall sell, deliver, offer for sale, hold for sale or give away any new drug unless:

(1) An application with respect thereto has been approved and said approval has not been withdrawn under Section 505 of the Federal Act, or

(2) When not subject to the Federal Act, by virtue of not being a drug in interstate commerce, unless such drug has been tested and has been found to be safe for use and effective in use under the conditions prescribed, recommended, or suggested in the labeling thereof, and prior to selling or offering for sale such drug, there has been filed with the Commissioner an application setting forth

a. Full reports of investigations which have been made to show whether or not such drug is safe for use and whether such drug is effective in use;

b. A full list of the articles used as components of such drug;

c. A full statement of the composition of such drug;

d. A full description of the methods used in, and the facilities and controls used for, the manufacture, processing, and packing of such drug;

e. Such samples of such drug and of the articles used as components thereof as the Commissioner may require; and

f. Specimens of the labeling proposed to be used for such drug.

(b) An application provided for in subdivision (a)(2) of this section shall become effective on the 180th day after the filing thereof, except that if the Commissioner finds, after due notice to the applicant and giving him an opportunity for hearing,

(1) That the drug is not safe or not effective for use under the conditions

prescribed, recommended or suggested in the proposed labeling thereof; or

(2) The methods used in, and the facilities and controls used for, the manufacture, processing and packing of such drug is inadequate to preserve its identity, strength, quality, and purity; or

(3) Based on a fair evaluation of all material facts, such labeling is false or misleading in any particular; he shall, prior to the effective date of the application, issue an order refusing to permit the application to become effective.

(c) An order refusing to permit an application under this section to become effective may be revoked by the Commissioner.

(d) The Commissioner shall promulgate regulations for exempting from the operation of the foregoing subsections and subdivisions of this section drugs intended solely for investigational use by experts qualified by scientific training and experience to investigate the safety and effectiveness of drugs. Such regulations may, within the discretion of the Commissioner among other conditions relating to the protection of the public health, provide for conditioning such exemption upon

(1) The submission to the Commissioner, before any clinical testing of a new drug is undertaken, of reports, by the manufacturer or the sponsor of the investigation of such drug, of preclinical tests (including tests on animals) of such drug adequate to justify the proposed clinical testing;

(2) The manufacturer or the sponsor of the investigation of a new drug proposed to be distributed to investigators for clinical testing obtaining a signed agreement from each of such investigators that patients to whom the drug is administered will be under his personal supervision, or under the supervision of investigators responsible to him, and that he will not supply such drug to any other investigator, or to clinics, for administration to human beings; and

(3) The establishment and maintenance of such records, and the making of such reports to the Commissioner, by the manufacturer or the sponsor of the investigation of such drug, of data (including but not limited to analytical reports by investigators) obtained as the result of such investigational use of such drug, as the Commissioner finds will enable him to evaluate the safety and effectiveness of such drug in the event of the filing of an application pursuant to subsection (b).

Such regulations shall provide that such exemption shall be conditioned upon the manufacturer, or the sponsor of the investigation, requiring that experts using such drugs for investigational purposes certify to such manufacturer or sponsor that they will inform any human beings to whom such drugs, or any controls used in connection therewith, are being administered, or their representatives, that such drugs are being used for investigational purposes and will obtain the consent of such human beings or their representatives, except where they deem it not feasible, or, in their professional judgment, contrary to the best interests of such human beings. Nothing in this subsection shall be construed to require any clinical investigator to submit directly to the Commissioner reports on the investigational use of drugs; provided, that regulations adopted under Section 505(i) of the Federal Act may be adopted by the Commissioner as the regulations in this State.

(e) (1) In the case of any drug for which an approval of an application filed

pursuant to this section is in effect, the applicant shall establish and maintain such records, and make such reports to the Commissioner, of data relating to clinical experience and other data or information, received or otherwise obtained by such applicant with respect to such drug, as the Commissioner may by general regulation, or by order with respect to such application, prescribe: Provided, however, that regulations and orders issued under this subsection and under subsection (d) shall have due regard for the professional ethics of the medical profession and the interests of patients and shall provide, where the Commissioner deems it to be appropriate, for the examination, upon request, by the persons to whom such regulations or orders are applicable, of similar information received or otherwise obtained by the Commissioner.

(2) Every person required under this section to maintain records, and every person in charge or custody thereof, shall, upon request of an officer or employee designated by the Commissioner, permit such officer or employee at all reasonable times to have access to and copy and certify such records.

(f) The Commissioner may, after affording an opportunity for public hearing, revoke an application approved pursuant to this section if he finds that the drug, based on evidence acquired after such approval, may not be safe or effective for its intended use, or that the facilities or controls used in the manufacture, processing, or labeling of such drug may present a hazard to the public health.

(g) This section shall not apply:

(1) To a drug sold in this State or introduced into interstate commerce at any time prior to the enactment of the Federal Act, if its labeling contained the same representations concerning the conditions of its use; or

(2) To any drug which is licensed under the Public Health Service Act of July 1, 1944 (58 stat. 682, as amended; 42 U.S.C. 201 *et seq.*) or under the Animal Virus-Serum-Toxin Act of March 4, 1913 (13 stat. 832; 21 U.S.C. 151 *et seq.*); or

(3) To any drug which is subject to Section 106-134 (12) of this Article."

Sec. 32. G.S. 106-136(5) which presently reads:

"(5) If it is not a hair dye and it bears or contains a coal-tar color other than one from a batch which has been certified by the United States Department of Agriculture." is rewritten in its entirety to read as follows:

"(5) If it is not a hair dye and it is, or it bears or contains a color additive which is unsafe within the meaning of G.S. 106-132."

Sec. 33. G.S. 106-137(1) which presently reads:

"(1) If its labeling is false or misleading in any particular" is rewritten in its entirety to read as follows:

"(1)(a) If its labeling is false or misleading in any particular; or

(b) If its labeling or packaging fails to conform with the requirements of Section 106-139 and 106-139.1 of this Article."

Sec. 34. G.S. 106-137(2)(b) is amended by deleting the colon after the word "count" on line 2 of subdivision (b), inserting in lieu thereof a comma and inserting immediately thereafter the clause "which statement shall be separately and accurately stated in a uniform location upon the principal display panel of the label:".

Sec. 35. G.S. 106-137 is further amended by adding the following new subsection:

"(5) If it is a color additive, unless its packaging and labeling are in conformity with such packaging and labeling requirements applicable to such color additive prescribed under the provisions of G.S. 106-132 of this Article. This subsection shall not apply to packages of color additives which, with respect to their use for cosmetics, are marketed and intended for use only in or on hair dyes (as defined in the last sentence of G.S. 106-136(1))."

Sec. 36. G.S. 106-139 is rewritten in its entirety to read as follows:

"§ 106-139(a). The authority to promulgate regulations for the efficient enforcement of this Article is hereby vested in the Board of Agriculture, except the Commissioner of Agriculture is hereby authorized to promulgate regulations under G.S. 106-131 and G.S. 106-135. The Board and Commissioner are hereby authorized to make the regulations promulgated under this Article conform, insofar as practicable, with those promulgated for foods, drugs, devices, cosmetics and consumer commodities under the Federal Act, including but not limited to pesticide chemical residues on or in foods, food additives, color additives, special dietary foods, labeling of margarine for retail sale or distribution, nutritional labeling of foods, the fair packaging and labeling of consumer commodities and new drug clearance. Notwithstanding the provisions of subsection (e) of this section, a Federal regulation adopted by the Board or Commissioner pursuant to this Article shall take effect in this State on the date it becomes effective as a Federal regulation.

(b) The Board may promulgate regulations exempting from any affirmative labeling requirement of this Article consumer commodities which are, in accordance with the practice of the trade, to be processed, labeled or repacked in substantial quantities at establishments other than those where originally processed or packed, on condition that such consumer commodities are not adulterated or misbranded under the provisions of this Article upon removal from such processing, labeling or repacking establishment. The Board may additionally promulgate regulations exempting from any labeling requirement of this Article foods packaged or dispensed at the direction of the retail purchaser at the time of sale, whether or not for immediate consumption by the purchaser on the premises of the seller.

(c) Whenever the Board determines that regulations containing prohibitions or requirements other than those prescribed by G.S. 106-139.1(a) are necessary to prevent the deception of consumers or to facilitate value comparisons as to any consumer commodity, the Board shall promulgate with respect to that commodity regulations effective to:

(1) establish and define standards for the characterization of the size of a package enclosing any consumer commodity, which may be used to supplement the label statement of net quantity of contents of packages containing such commodity, but this paragraph shall not be construed as authorizing any limitation of the size, shape, weight dimensions, or number of packages which may be used to enclose any commodity;

(2) regulate the placement upon any package containing any commodity or upon any label affixed to such commodity, of any printed matter stating or representing by implication that such commodity is offered for retail sale at a price lower than the ordinary and customary retail sale price or

that a retail sale price advantage is accorded to purchasers thereof by reason of the size of that package or the quantity of its contents;

(3) require that the label on each package of a consumer commodity bear a. the common or usual name of such consumer commodity, if any, and b. in case such consumer commodity consists of two or more ingredients, the common or usual name of each such ingredient listed in order of decreasing predominance, but nothing in this paragraph shall be deemed to require that any trade secret be divulged; or

(4) prevent the nonfunctional slack-fill of packages containing consumer commodities.

For the purposes of subdivision (4) of this subsection, a package shall be deemed to be nonfunctionally slack-filled if it is filled of substantially less than its capacity for reasons other than a. protection of the contents of such package, or b. the requirements of machines used for enclosing the contents in such package; provided, the Board may adopt any regulations promulgated pursuant to the Federal Fair Packaging and Labeling Act which shall have the force and effect of law in this State.

(d) Hearings authorized or required by Sections 106-131 or 106-135 of this Article shall be conducted by the Commissioner of Agriculture or such officer, agent, or employee as the Commissioner may designate for the purpose.

(e) Before promulgation of any regulation, the Commissioner of Agriculture shall give 30 days' notice of the proposal and of the time and place for a hearing. The regulation so promulgated shall become effective on a date fixed by the Board of Agriculture, or Commissioner, as the case may be, which date shall not be prior to 90 days after its promulgation (except such regulations as may be promulgated under G.S. 106-131, which regulations shall become effective on the date of promulgation, and Federal regulations adopted as regulations in this State as provided by subsection (a) of this section). Such regulation may be amended or repealed in the same manner as is provided for its adoption; except that in the case of a regulation amending or repealing any such regulation the Board or Commissioner, to such extent as it deems necessary in order to prevent undue hardship, may disregard the foregoing provisions regarding notice, hearing, or effective date."

Sec. 37. Article 12 of Chapter 106 is further amended by inserting between G.S. 106-139 and G.S. 106-140 the following:

"§ 106-139.1. (a) All labels of consumer commodities, as defined by this Article, shall conform with the requirements for the declaration of net quantity of contents of Section 4 of the Federal Fair Packaging and Labeling Act (15 U.S.C. 1451, *et seq.*) and the regulations promulgated pursuant thereto: Provided, that consumer commodities exempted from such requirements of Section 4 of the Federal Fair Packaging and Labeling Act shall also be exempt from this subsection.

(b) The label of any package of a consumer commodity which bears a representation as to the number of servings of such commodity contained in such package shall bear a statement of the net quantity (in terms of weight, measure, or numerical count) of each such serving.

(c) No person shall distribute or cause to be distributed in commerce any packaged consumer commodity if any qualifying words or phrases appear in conjunction with the separate statement of the net quantity of contents required by subsection (a) of this section, but nothing in this section shall prohibit

supplemental statements, at other places on the package, describing in nondeceptive terms the net quantity of contents: Provided, that such supplemental statements of net quantity of contents shall not include any term qualifying a unit of weight, measure, or count that tends to exaggerate the amount of the commodity contained in the package."

Sec. 38. G.S. 106-140 is rewritten in its entirety to read as follows:

"§ 106-140. (a) For purposes of enforcement of this Article, the Commissioner or any of his authorized agents, are authorized upon presenting appropriate credentials and a written notice to the owner, operator or agent in charge,

(1) to enter at reasonable times any factory, warehouse or establishment in which food, drugs, devices or cosmetics are manufactured, processed, or packed or held for introduction into commerce or after such introduction or to enter any vehicle being used to transport or hold such food, drugs, devices or cosmetics in commerce; and

(2) to inspect at reasonable times and in a reasonable manner such factory, warehouse, establishment or vehicle and all pertinent equipment, finished and unfinished materials, containers and labeling therein, and to obtain samples necessary to the endorsement of this Article. In the case of any factory, warehouse, establishment, or consulting laboratory in which any food, drug, device or cosmetic is manufactured, processed, analyzed, packed or held, the inspection shall extend to all things therein (including records, files, papers, processes, controls and facilities) bearing on whether any food, drug, device or cosmetic which is adulterated or misbranded within the meaning of this Article or which may not be manufactured, introduced into commerce or sold or offered for sale by reason of any provision of this Article, has been or is being manufactured, processed, packed, transported or held in any such place or otherwise bearing on violation of this Act. No inspection authorized by the preceding sentence shall extend to a. financial data, b. sales data other than shipment data, c. personnel data (other than data as to qualifications of technical and professional personnel performing functions subject to this Article), d. pricing data, and e. research data (other than data relating to new drugs and antibiotic drugs, subject to reporting and inspection under lawful regulations issued pursuant to Section 505(i) or (j) or Section 507(d) or (g) of the Federal Act, and data, relating to other drugs, which in the case of a new drug would be subject to reporting or inspection under lawful regulations issued pursuant to Section 505(j) of the Federal Act). Such inspection shall be commenced and completed with reasonable promptness. The provisions of the second sentence of this subsection shall not apply to such classes of persons as the Board may by regulation exempt from the application of this section upon a finding that inspection as applied to such classes of persons in accordance with this section is not necessary for the protection of the public health.

(3) to have access to and to copy all records of carriers in commerce showing the movement in commerce of any food, drug, device, or cosmetic, or the holding thereof during or after such movement, and the quantity, shipper and consignee thereof: Provided, that evidence obtained under this subsection shall not be used in a criminal

prosecution of the person from whom obtained; and provided further, that carriers shall not be subject to the other provisions of this Article by reason of their receipt, carriage, holding, or delivery of food, drugs, devices or cosmetics in the usual course of business as carriers.

(b) Upon completion of any such inspection of a factory, warehouse, consulting laboratory or other establishment and prior to leaving the premises, the authorized agent making the inspection shall give to the owner, operator, or agent-in-charge a report in writing setting forth any conditions or practices observed by him which in his judgment indicate that any food, drug, device or cosmetic in such establishment:

(1) consists in whole or in part of any filthy, putrid, or decomposed substance; or

(2) has been prepared, packed or held under insanitary conditions whereby it may have become contaminated with filth or whereby it may have been rendered injurious to health.

(c) If the authorized agent making any such inspection of a factory, warehouse or other establishment has obtained any salable product samples in the course of the inspection, upon completion of the inspection and prior to leaving the premises he shall offer reasonable payment for any such product samples.

(d) It shall be the duty of the Commissioner of Agriculture to make or cause to be made examination of samples secured under the provisions of this section to determine whether or not any provision of this Article is being violated."

Sec. 39. G.S. 106-141 is amended by striking subsection (a) which presently reads:

"(a) In the appointment of any drug inspector in carrying out the provisions of this Article, the Commissioner of Agriculture shall confer with the North Carolina Board of Pharmacy."

Sec. 40. G.S. 106-144 which presently reads:

"§ 106-144. Meats and meat products subject to Federal Meat and Inspection Act approved March 4, 1907, as amended, are exempted from the provisions of this Article so long as such meats and meat products remain in possession of the processor."

is rewritten in its entirety to read as follows:

"§ 106-144. Meats and meat products subject to the Federal Meat Inspection Act of March 4, 1907, (34 Stat. 1260), as amended and extended (21 U.S.C. 71 *et seq.*), and poultry and poultry products subject to the Federal Poultry Products Inspection Act (21 U.S.C. 451 *et seq.*) are exempted from the provisions of this Article so long as such meat, meat products, poultry, and poultry products remain in the possession of the processor."

Sec. 41. If any provision of this Act is declared unconstitutional or the applicability thereof to any person or circumstance is held invalid, the constitutionality of the remainder of the Act and applicability thereof to other persons and circumstances shall not be affected thereby.

Sec. 42. (a) All laws and clauses of laws in conflict with or inconsistent with the provisions of this Article are hereby repealed and the North Carolina Bakery Inspection Law, Article 22, Chapter 106; the North Carolina Bottling Plant Law, Article 16, Chapter 106; the North Carolina Artificially Bleached Flour Law, Article 21, Chapter 106; the North Carolina Flour, Bread and Corn Meal Enrichment Act, Article 21A, Chapter 106; and the Oleomargarine Laws,

Articles 23 and 24, Chapter 106 of the General Statutes, are hereby specifically repealed.

(b) Notwithstanding any other provisions of law, all existing rules and regulations concerning the sanitation, safety, inspection, analysis, composition, manufacture, packing, transportation, holding or offering for sale of any food, drug, device or cosmetic of the State of North Carolina Department of Agriculture, not inconsistent with the provisions of this Article shall continue in full force until repealed, amended or modified.

H. B. 275 **CHAPTER 619**

AN ACT TO PROVIDE FOR UNIFORM REGULATION OF THE BAIL BOND BUSINESS THROUGHOUT THE STATE.

The General Assembly of North Carolina enacts:

Section 1. Chapter 85A of the General Statutes of North Carolina is hereby amended by rewriting this Chapter to read as follows:

"Chapter 85A.

"Bail Bondsmen and Runners.

"§ 85A-1. *Definitions.*—The following words when used in this Chapter shall have the following meanings:

(1) 'Accommodation bondsman' is a natural person who has reached the age of 18 years and is a bona fide resident of this State and who, aside from love and

affection and release of the person concerned, receives no consideration for action as surety and who endorses the bail bond after providing satisfactory evidences of ownership, value and marketability of real or personal property to the extent necessary to reasonably satisfy the official taking bond that such real or personal property will in all respects be sufficient to assure that the full principal sum of the bond will be realized in the event of breach of the conditions thereof. 'Consideration' as used in this subdivision does not include the legal rights of a surety against a principal by reason of breach of the conditions of a bail bond nor does it include collateral furnished to and securing the surety so long as the value of the surety's rights in the collateral do not exceed the principal's liability to the surety by reason of a breach in the conditions of said bail bond.

(2) 'Bail bond' shall mean an undertaking by the principal to appear in court as required upon penalty of forfeiting bail to the State in a stated amount; and may include an unsecured appearance bond, a premium-secured appearance bond, an appearance bond secured by a cash deposit of the full amount of the bond, an appearance bond secured by a mortgage pursuant to G.S. 109-25, and an appearance bond secured by at least one surety.

(3) 'Bail bondsman' shall mean a surety bondsman, professional bondsman or an accommodation bondsman as hereinafter defined.

(4) 'Commissioner' shall mean the Commissioner of Insurance.

(5) 'Insurer' shall mean any domestic, foreign, or alien surety company which has qualified generally to transact surety business and specifically to transact bail bond business in this State.

(6) 'Obligor' shall mean a principal or a surety on a bail bond.

(7) 'Principal' shall mean a defendant or witness obligated to appear in court as required upon penalty of forfeiting bail under a bail bond.

(8) 'Professional bondsman' shall mean any person who is approved and licensed by the Commissioner and who pledges cash or approved securities with the Commissioner as security for bail bonds written in connection with a judicial proceeding and receives or is promised money or other things of value therefor.

(9) 'Runner' shall mean a person employed by a bail bondsman for the purpose of assisting the bail bondsman in presenting the defendant in court when required, or to assist in apprehension and surrender of defendant to the court, or keeping defendant under necessary surveillance, or to execute bonds on behalf of the licensed bondsman when the power of attorney has been duly recorded. 'Runner' does not include, however, a duly licensed attorney at law or a law enforcement officer assisting a bondsman.

(10) 'Surety' shall mean one who, with the principal, is liable for the amount of the bail bond upon forfeiture of bail.

(11) 'Surety bondsman' shall mean any person who is approved by and licensed by the Commissioner as an insurance agent pursuant to the provisions of Chapter 58 of the General Statutes of North Carolina and appointed by an insurer by power of attorney to execute or countersign bail bonds for the insurer in connection with judicial proceedings and receives or is promised money or other things of value therefor.

"§ 85A-2. *Commissioner of Insurance to administer Chapter; rules and regulations; employees; evidence of Commissioner's actions.*—(a) The Commissioner shall have full power and authority to administer the provisions

of this Chapter, which regulates bail bondsmen and runners and to that end to adopt, and promulgate rules and regulations to enforce the purposes and provisions of this Chapter. Subject to the provisions of the State Personnel Act, the Commissioner may employ and discharge such employees, examiners, investigators and such other assistants as shall be deemed necessary, and he shall prescribe their duties.

(b) Any written instrument purporting to be a copy of any action, proceeding, or finding of fact by the Commissioner, or any record of the Commissioner authenticated under the hand of the Commissioner by the seal of his office shall be accepted by all the courts of this State as prima facie evidence of the contents thereof.

"§ 85A-3. *Defects not to invalidate undertakings; liability not affected by agreement or lack of qualifications.*—No undertaking shall be invalid, nor shall any person be discharged from his undertaking, nor a forfeiture thereof be stayed nor shall judgment thereon be stayed, set aside or reversed, the collection of any such judgment be barred or defeated by reason of any defect of form, omission or recital or of condition, failure to note or record the default of any principal or surety, or because of any other irregularity, or because the undertaking was entered into on Sunday or other holiday, if it appears from the tenor of the undertaking before what magistrate or at what court the principal was bound to appear, and that the official before whom it was entered into was legally authorized to take it and the amount of bail is stated.

The liability of a person on an undertaking shall not be affected by reason of the lack of any qualifications, sufficiency or competency provided in the criminal procedure law, or by reason of any other agreement whether or not the agreement is expressed in the undertaking, or because the defendant has not joined in the undertaking.

"§ 85A-4. *Qualifications of sureties on bail.*—Each and every surety for the release of a person on bail shall be qualified as:

(1) An insurer and represented by a surety bondsman or bondsmen; or

(2) A professional bondsman; or

(3) An accommodation bondsman.

"§ 85A-5. *Surrender of defendant by surety; when premium need not be returned.*—At any time before there has been a breach of the undertaking in any type of bail or fine and cash bond the surety may surrender the defendant to the official to whose custody the defendant was committed at the time bail was taken, or to the official into whose custody the defendant would have been given had he been committed; in such case the full premium shall be returned. The defendant may be surrendered without the return of premium for the bond if he has been guilty of nonpayment of premium, changing address without notifying his bondsman, concealing himself, leaving the jurisdiction of the court without the permission of his bondsman or violating his obligation to the court.

"§ 85A-6. *Procedure for surrender; exoneration of obligors; refund of deposit.*—The person desiring to make a surrender of the defendant shall procure a certified copy of the undertakings and deliver them together with the defendant to the official in whose custody the defendant was at the time bail was taken, or to the official into whose custody he would have been given had he been committed, who shall detain the defendant in his custody thereon, as upon a commitment, and by a certificate in writing acknowledge the surrender.

Upon the presentation of certified copy of the undertakings and the certificate of the official, the court before which the defendant has been held to answer, or the court in which the preliminary examination, warrant, indictment, information or appeal as the case may be, is pending, shall upon notice of three days given by the person making the surrender to the prosecuting officer of the court having jurisdiction of the offense, together with a copy of the undertakings and certificate, order that the obligors be exonerated from liability of their undertakings, and, if money or bonds have been deposited as bail, that such money or bonds be refunded.

"§ 85A-7. *Arrest of defendent for purpose of surrender.*—For the purpose of surrendering the defendant, the surety may arrest him before the forfeiture of the undertaking, or by his written authority endorsed on a certified copy of the undertaking, may request any judicial officer to order arrest of the defendent.

"§ 85A-8. *Forfeiture of bail.*—(a) The procedure for forfeiture of bail shall be that provided in Article 26 of Chapter 15A of the General Statutes and all provisions of that Article shall continue in full force and effect.

(b) At any time before execution is issued on a judgment of forfeiture against a principal or his surety, the court may direct that the judgment be remitted in whole or in part, upon such conditions as the court may impose, if it appears that justice requires the remission of part or all of the judgment.

"§ 85A-9. *Bail bondsmen and runners to be qualified and licensed; only individuals to be licensed; license applications generally.*—No person shall act in the capacity of a bail bondsman or runner or perform any of the functions, duties, or powers prescribed for bail bondsmen or runners under the provisions of this Chapter unless that person shall be qualified and (except as regards an accommodation bondsman) licensed in accordance with the provisions of this Chapter. No license shall be issued to a professional bondsman or runner except as provided in this Chapter and none shall be issued except to an individual natural person.

The applicant shall apply for license or renewal thereof on forms prepared and supplied by the Commissioner and the Commissioner may propound any reasonable interrogatories to an applicant for a license under this Chapter or on any renewal thereof, relating to his qualifications, residence, prospective place of business, and any other matters which, in the opinion of the Commissioner, are deemed necessary in order to protect the public and ascertain the qualifications of the applicant. The Commissioner may also conduct any reasonable inquiry or investigation he sees fit, relative to the determination of the applicant's fitness to be licensed or to continue to be licensed.

The failure of the applicant to secure approval of the Commissioner shall not preclude him from applying as many times as he desires, but no application shall be considered by the Commissioner within one year subsequent to the date upon which the Commissioner denied the last application.

"§ 85A-10. *Expiration of licenses.*—All licenses issued pursuant to the provisions of this Chapter shall expire annually on June 30 unless revoked or suspended prior thereto by the Commissioner, or upon notice served upon the Commissioner that the employer of any runner has cancelled the licensee's authority to act for such employer.

"§ 85A-11. *Qualification for professional bondsman and runners.*—Before license can issue to an applicant permitting him to act as a professional bondsman or runner, he must furnish the Commissioner a complete set of his

fingerprints and a recent passport size full-face photograph of himself. The applicant's fingerprints shall be certified by an authorized law enforcement officer.

Every applicant for license as a professional bondsman or runner before being issued such license shall satisfy the Commissioner that he:

(1) Is 18 years of age or over;

(2) Is a resident of this State;

(3) Is a person of good moral character and has not been convicted of a felony or any crime involving moral turpitude;

(4) Has knowledge, training, or experience of sufficient duration and extent to reasonably satisfy the Commissioner that he possesses the competence necessary to fulfill the responsibilities of a licensee.

"§ 85A-12. *License fees.*—A license fee of thirty dollars ($30.00) shall be paid to the Commissioner with each application for license as a professional bondsman and a license fee of ten dollars ($10.00) shall be paid to the Commissioner with each application for license as a runner.

"§ 85A-13. *Annual financial statement of professional bondsmen.*—In addition to the other requirements of this Chapter, an applicant for a professional bondsman's license shall furnish annually a financial statement under oath in such detail and form as the Commissioner may require and any such statement shall be subject to the same examination as is prescribed by law for domestic insurance companies.

"§ 85A-14. *Contents of application for runner's license; endorsement by bail bondsman.*—In addition to the other requirements of this Chapter, an applicant for a license to be a runner must affirmatively show:

(1) That the applicant will be employed by only one bail bondsman who will supervise the work of the applicant and be responsible for the runner's conduct in the bail bond business; and

(2) That the application is endorsed by the appointing bail bondsman who shall obligate himself therein to supervise the runner's activities.

"§ 85A-15. *Examination; fees.*—Except as hereinafter provided, an applicant for license to be a professional bondsman or runner shall be required to appear in person and take a written examination prepared by the Commissioner testing his ability and qualifications. Each applicant shall become eligible for examination 30 days after the date the application is received by the Commissioner. Examinations shall be held at such time and place as designated by the Commissioner, and the applicant shall be given notice of such time and place not less than 15 days prior to taking the examination. The fee for such examination shall be fifteen dollars ($15.00) for professional bondsmen and ten dollars ($10.00) for runners. The failure of an applicant to pass an examination shall not preclude him from taking subsequent examinations; provided, however, that at least one year must intervene between examinations.

No person shall be required to submit to examination to obtain license as a professional bondsman if he is now licensed by the Commissioner of Insurance or the Secretary of Revenue and is performing the functions of a bondsman on the taking effect of this Chapter, and no person shall be required to submit to examination to obtain license as a runner if he is performing the functions of a runner on the taking effect of this Chapter.

"§ 85A-16. *Renewal of licenses; fees.*—A renewal license shall be issued by the Commissioner to a licensee who has continuously maintained his license in

effect without further examination upon the payment of a renewal fee of ten dollars ($10.00) in case of runners and thirty dollars ($30.00) in case of professional bondsmen, but such licensees shall in all other respects be required to comply with and be subject to the provisions of this Chapter. After the receipt of such licensee's application for renewal, the current license shall continue in effect until the renewal license is issued or denied for cause.

"§ 85A-17. *Grounds for denial, suspension, revocation or refusal to renew licenses.*—(a) The Commissioner may deny, suspend, revoke or refuse to renew any license issued under this Chapter for any of the following causes:

(1) For any cause sufficient to deny, suspend, or revoke license under any other provision of this Chapter.

(2) Violation of any laws of this State relating to bail in the course of dealings under the license issued him by the Commissioner.

(3) Material misstatement, misrepresentation or fraud in obtaining the license.

(4) Misappropriation, conversion or unlawful withholding of monies, belonging to insurers or others and received in the conduct of business under the license.

(5) Fraudulent or dishonest practices in the conduct of business under the license.

(6) Conviction of a felony regardless of the time such conviction occurred and regardless of whether such conviction resulted from conduct in or related to the bail bond business.

(7) Failure to comply with or violation of the provisions of this Chapter or of any order, rule or regulation of the Commissioner.

(8) When in the judgment of the Commissioner, the licensee has in the conduct of his affairs under the license, demonstrated incompetency or untrustworthiness or that he is no longer in good faith carrying on the bail bond business or that he is guilty of rebating, or offering to rebate, or offering to divide the premiums received for the bond.

(9) For failing to pay any judgment or decree rendered on any forfeited undertaking in any Court of competent jurisdiction.

(10) For charging or receiving, as premium or compensation for the making of any deposit or bail bond, any sum in excess of that permitted by this Chapter.

(11) For requiring, as a condition of his executing a bail bond, that the principal agree to engage the services of a specified attorney.

(b) The Commissioner, in lieu of revoking or suspending a license in accordance with the provisions of this Article, may, in any one proceeding, by order, require the licensee to pay to the school fund in the county of his residence a civil penalty in the sum of two hundred fifty dollars ($250.00) for each offense. Upon failure of such licensee to pay penalty within 20 days after the mailing of such order, postage prepaid, registered and addressed to the last known place of business of such licensee, unless such order is stayed by an order of the Court of competent jurisdiction, the Commissioner may revoke the license of such licensee or may suspend the same for such period as he may determine.

"§ 85A-18. *Notice and hearing before de-licensing.*—No license shall be refused, suspended, revoked, or renewal refused except on reasonable notice and opportunity to be heard afforded the person licensed or renewal thereof.

"§ 85A-19. *Appeal from denial, suspension, revocation or refusal to renew license.*—Any applicant for license as bail bondsman or runner whose application has been denied or whose license shall have been suspended or revoked, or renewal thereof denied, shall have the right of appeal from such final order of the Commissioner thereon pursuant to the provisions of G.S. 58-9.3.

"§ 85A-20. *Prohibited practices.*—No bail bondsman or runner shall:

Pay a fee or rebate or give or promise anything of value, directly or indirectly, to a jailer, law enforcement officer, committing magistrate, or any other person who has power to arrest or hold in custody; or to any public official or public employee in order to secure a settlement, compromise, remission or reduction of the amount of any bail bond or the forfeiture thereof; including the payment to law enforcement officers, directly or indirectly, for the arrest or apprehension of a principal or principals who have caused or will cause a forfeiture.

Pay a fee or rebate or give anything of value to an attorney in bail bond matters, except in defense of any action on a bond.

Pay a fee or rebate or give or promise anything of value to the principal or anyone in his behalf.

Participate in the capacity of an attorney at a trial or hearing of one on whose bond he is surety, nor suggest or advise the employment of, or name for employment any particular attorney to represent his principal.

Accept anything of value from a principal except the premium, which shall not exceed fifteen percent (15%) of the face amount of the bond, provided that the bondsman shall be permitted to accept collateral security or other indemnity from the principal which shall be returned upon final termination of liability on the bond. Such collateral security or other indemnity required by the bondsman must be reasonable in relation to the amount of the bond.

Solicit business in any of the Courts or on the premises of any of the Courts of this State, in the office of any magistrate and in or about any place where prisoners are confined. Loitering in or about a magistrate's office or any place where prisoners are confined shall be prima facie evidence of soliciting.

Advise or assist the principal for the purpose of forfeiting bond.

"§ 85A-21. *Receipts for collateral.*—When a bail bondsman accepts collateral he shall give a written receipt for same, and this receipt shall give in detail a full description of the collateral received.

"§ 85A-22. *Persons prohibited from becoming surety or runners.*—No sheriff, deputy sheriff, other law enforcement officer, judicial official, attorney, parole officer, probation officer, jailer, assistant jailer, employee of the General Court of Justice, other public employee assigned to duties relating to the administration of criminal justice, may in any case become surety on a bail bond for any person. In addition, no person covered by this section may act as agent for any bonding company or professional bondsman. No such person may have an interest, directly or indirectly, in the financial affairs of any firm or corporation whose principal business is acting as bondsmen. Provided, however, nothing herein shall prohibit any person above designated from being surety upon the bond of his or her spouse, parent, brother, sister, child or descendant.

"§ 85A-23. *Bonds not to be signed in blank; authority to countersign only given to licensed employee.*—A bail bondsman shall not sign nor countersign in blank bail bonds, nor shall he give a power of attorney to, or otherwise authorize, anyone to countersign his name to bonds unless the person so authorized is a licensed bondsman or runner directly employed by the bondsman

giving such power of attorney. Copies of all such powers of attorney and revocations of such powers of attorney must be filed immediately with the Commissioner and the clerk of superior court of any county in the State where said bondsman giving the power of attorney is currently writing or is obligated on bail bonds.

"§ 85A-24. *Insurers to annually report surety bondsmen; notices of appointments and terminations; information confidential.*—Every insurer shall annually prior to July 1, furnish the Commissioner a list of all surety bondsmen appointed by it to write bail bonds on its behalf. Every such insurer who subsequently appoints a surety bondsman in the State shall give notice thereof to the Commissioner. All such appointments shall be subject to the issuance of the proper insurance agent's license to the appointee.

An insurer terminating the appointment of a surety bondsman shall file written notice thereof with the Commissioner, together with a statement that it has given or mailed notice to the surety bondsman and to the clerk of superior court of any county in the State wherein such insurer has been obligated on bail bonds through said agent within the past three years. Such notice filed with the Commissioner shall state the reasons, if any, for such termination. Information so furnished the Commissioner shall be privileged and shall not be used as evidence in or basis for any action against the insurer or any of its representatives.

"§ 85A-25. *Bail bondsman to give notice of discontinuance of business; cancellation of license.*—Any bail bondsman who discontinues writing bail bonds during the period for which he is licensed shall notify the clerks of the superior court with whom he is registered and return his license to the Commissioner for cancellation within 30 days after such discontinuance.

"§ 85A-26. *Persons eligible as runners; bail bondsmen to annually report runners; notices of appointments and terminations; information confidential.*—Every person duly licensed as a bail bondsman may appoint as runner any person who has been issued runner's license. Each bail bondsman must, on or before July 1 of each year, furnish to the Commissioner a list of all runners appointed by him. Each such bail bondsman who shall, subsequent to the filing of this list, appoint additional persons as runners shall file written notice with the Commissioner of such appointment.

A bail bondsman terminating the appointment of a runner shall file written notice thereof with the Commissioner, together with a statement that he has given or mailed notice to the runner. Such notice filed with the Commissioner shall state the reasons, if any, for such termination. Information so furnished the Commissioner shall be privileged and shall not be used as evidence in any action against the bail bondsman.

"§ 85A-27. *Substituting bail by sureties for deposit.*—If money or bonds have been deposited, bail by sureties may be substituted therefor at any time before a breach of the undertaking, and the official taking the new bail shall make an order that the money or bonds be refunded to the person depositing the same and they shall be refunded accordingly, and the original undertakings shall be cancelled.

"§ 85A-28. *Deposit for defendant admitted to bail authorizes release and cancellation of undertaking.*—When the defendant has been admitted to bail, he, or another in his behalf, may deposit with an official authorized to take bail, a sum of money, or nonregistered bonds of the United States, or of the State, or of

any county, city or town within the State, equal in market value to the amount of such bail, together with his personal undertaking, and an undertaking of such other person, if the money or bonds are deposited by another. Upon delivery to the official in whose custody the defendant is of a certificate of such deposit, he shall be discharged from custody in the cause.

When bail other than a deposit of money or bonds has been given, the defendant or the surety may, at any time before a breach of the undertaking, deposit the sum mentioned in the undertaking, and upon such deposit being made, accompanied by a new undertaking, the original undertaking shall be cancelled.

"§ 85A-29. *Registration of licenses and power of appointments by insurers.*—No professional bail bondsman shall become a surety on an undertaking unless he has registered his current license in the office of the clerk of superior court in the county in which he resides and a certified copy of the same with the clerk of superior court in any other county in which he shall write bail bonds.

A surety bondsman shall also annually register a certified copy of his current power of appointment with the clerk of superior court wherein he resides and in any other county wherein he shall write bail bonds on behalf of an insurer.

"§ 85A-30. *Financial responsibility of professional bondsmen.*—Each professional bondsman acting as surety on bail bonds in this State shall maintain a deposit of securities with and satisfactory to the Commissioner of a fair market value of at least one-eighth (1/8) the amount of all bonds or undertakings written in this State on which he is absolutely or conditionally liable as of the first day of the current month. The amount of this deposit must be reconciled with the bondsman's liabilities as of the first day of the month on or before the fifteenth day of said month and the value of said deposit shall in no event be less than five thousand dollars ($5,000).

"§ 85A-31. *Securities held in trust by Commissioner, authority to dispose of same.*—The securities deposited by a professional bondsman with the Commissioner shall be held in trust for the sole protection and benefit of the holder of bail bonds executed by or on behalf of the undersigned bondsman in this State. A pro rata portion of the securities shall be returned to the bondsman when the Commissioner is satisfied that the deposit of securities is in excess of the amount required to be maintained with him by said bondsman and all the securities shall be returned if the Commissioner is satisfied that the bondsman has satisfied, or satisfactory arrangements have been made to satisfy, the obligations of the bondsman on all his bail bonds written in the State. The Commissioner may sell or transfer any and all of said securities or utilize the proceeds thereof for the purpose of satisfying the liabilities of the professional bondsman on bail bonds given in this State on which he is liable.

"§ 85A-32. *Bondsman to furnish power of attorney with securities.*—With the securities deposited with the Commissioner, the professional bondsman shall at the same time deliver to the Commissioner of Insurance a power of attorney, on a form supplied by the Commissioner, executed and acknowledged by the professional bondsman authorizing the sale or transfer of said securities or any part thereof. The power of attorney shall read as follows:

In the General Assembly read three times and ratified, this the 16th day of June, 1975.

H. B. 389 CHAPTER 620

AN ACT TO AMEND ARTICLE 4 CHAPTER 113 OF THE GENERAL STATUTES RELATING TO THE PROTECTION AND DEVELOPMENT OF FORESTS AND FIRE CONTROL, AND FOR OTHER PURPOSES.

The General Assembly of North Carolina enacts:

Section 1. G.S. 113-54, as the same appears in the 1974 Cumulative Supplement to Volume 3A of the General Statutes, is amended by striking the words "shall make arrests for violation of forest laws", appearing in lines 3-4 thereof.

Sec. 2. G.S. 113-55 is rewritten in its entirety to read as follows:

"§ 113-55. *Powers of forest rangers to prevent and extinguish fires.*—Forest rangers shall prevent and extinguish forest fires and shall have control and direction of all persons and equipment while engaged in the extinguishing of forest fires. During a season of drought, the Secretary of the Department of Natural and Economic Resources or his designate may establish a fire patrol in any district, and in case of fire in or threatening any forest or woodland, the forest ranger shall attend forthwith and use all necessary means to confine and extinguish such fire. The forest ranger or deputy forest ranger may summon any resident between the ages of 18 and 45 years, inclusive, to assist in extinguishing fires and may require the use of crawler tractors and other property needed for such purposes; any person so summoned and who is physically able who refuses or neglects to assist or to allow the use of equipment and such other property required shall be guilty of a misdemeanor and upon conviction shall be subject to a fine of not less than fifty dollars ($50.00) nor more than one hundred dollars ($100.00). No action for trespass shall lie against any forest ranger, deputy forest ranger, or person summoned by him for crossing lands, backfiring, burning out or performing his duties as a forest ranger or deputy forest ranger."

"§ 52A-6. *Interstate rendition.*—The Governor of this State:

(1) may demand from the governor of any other state the surrender of any person found in such other state who is charged in this State with the crime of failing to provide for the support of any person in this State and

(2) may surrender on demand by the governor of any other state any person found in this State who is charged in such other state with the crime of failing to provide for the support of a person in such other state.

The provisions of extradition of criminals not inconsistent herewith shall apply to any such demand although the person whose surrender is demanded was not in the demanding state at the time of the commission of the crime and although he had not fled therefrom. Neither the demand, the oath nor any proceedings for extradition pursuant to this section need state or show that the person whose surrender is demanded has fled from justice, or at the time of the commission of the crime was in the demanding or the other state.

"§ 52A-7. *Conditions of interstate rendition.*—(1) Before making the demand upon the governor of another state for the surrender of a person charged criminally in this State with failing to provide for the support of a person, the Governor of this State may request any prosecuting attorney of this State to satisfy him that at least 60 days prior thereto the obligee initiated proceedings for support under this act or that any proceeding would be of no avail.

(2) If, under a substantially similar act, the governor of another state makes a demand upon the Governor of this State for the surrender of a person charged criminally in that state with failure to provide for the support of a person, the Governor may request any prosecuting attorney to investigate the demand and to report to him whether proceedings for support have been initiated or would be effective. If it appears to the Governor that a proceeding would be effective but has not been initiated he may delay honoring the demand for a reasonable time to permit the initiating of a proceeding.

(3) If proceedings have been initiated and the person demanded has prevailed therein, the Governor may decline to honor the demand. If the obligee prevailed and the person demanded is subject to a support order, the Governor may decline to honor the demand if the person demanded is complying with the support order.

"§ 52A-8. *What duties are applicable.*—Duties of support applicable under this Chapter are those imposed or imposable under the laws of any state where the obligor was present during the period or any part of the period for which support is sought. The obligor is presumed to have been present in the responding state during the period for which support is sought until otherwise shown.

"§ 52A-8.1. *Remedies of a county furnishing support.*—Whenever a county of this State furnishes support to an obligee, it has the same right to invoke the provisions hereof as the obligee to whom the support was furnished for the purpose of securing reimbursement for such support and of obtaining continuing support and the term 'obligee' as used in this section shall apply to children owing the duty of support to their parents.

"§ 52A-8.2. *Paternity.*—If the obligor asserts as a defense that he is not the father of the child for whom support is sought and it appears to the court that the defense is not frivolous, and if both of the parties are present at the hearing or the proof required in the case indicates that the presence of either or both of the parties is not necessary, the court may adjudicate the paternity issue. Otherwise the court may adjourn the hearing until the paternity issue has been adjudicated. Nothing in this section shall be construed to deprive, amend or alter the right of the obligor defendant upon motion, to have ordered a blood grouping test as provided by G.S. 8-50.1.

"§ 52A-9. *How duties of support are enforced.*—All duties of support including the duty to pay arrearages are enforceable by action irrespective of relationship between the obligor and obligee. Jurisdiction of all proceedings hereunder shall be vested in any court of record in this State having jurisdiction to determine liability of persons for the support of dependents in any criminal proceeding.

"§ 52A-9.1. *Jurisdiction by arrest.*—If the court of this State believes that the obligor may flee it may:

(1) as an initiating court, request in its certificate that the responding court obtain the body of the obligor by appropriate process; or

(2) as a responding court, obtain the body of the obligor by appropriate process. Thereupon it may release him upon his own recognizance or upon his giving a bond in amount set by the court to assure his appearance at the hearing.

"§ 52A-10. *Contents of complaint for support.*—Actions hereunder shall be commenced by the issuance of summons in the form required for actions for alimony without divorce by the court having jurisdiction. The complaint shall be verified and shall state the name and, so far as known to the plaintiff, the address and circumstances of the defendant and his dependents for whom support is sought and all other pertinent information. The plaintiff may include in or attach to the complaint any information which may help in locating or identifying the defendant including, but without limitation by enumeration, a photograph of the defendant, a description of any distinguishing marks of his person, other names and aliases by which he has been or is known, the name of his employer, his fingerprints, and his social security number.

"§ 52A-10.1. *Official to represent plaintiff; responding.*—It shall be the duty of the official who prosecutes criminal actions for the State in the court acquiring jurisdiction to appear on behalf of the obligee in proceedings under this Chapter. In the event of an appeal from a support order entered under this act, the Attorney General shall represent the obligee.

"§ 52A-10.2. *Complaint by minor.*—A complaint on behalf of a minor obligee may be filed by a person having legal or physical custody of the minor without appointment as guardian ad litem. In addition, notwithstanding any other provisions of the law, when a court of this State, acting as a responding state, receives from the court of an initiating state a complaint on behalf of a minor obligee brought by a person having legal custody of the minor, the court may proceed to a hearing of the cause without the appointment of a guardian ad litem.

"§ 52A-10.3. *Official to represent plaintiff; initiating.*—If this State is acting as an initiating state the prosecuting attorney upon the request of the court (in the case of a person or member of a family receiving public assistance, at the request to the court by the county director of social services) shall represent the plaintiff in any proceeding under this act. The county director of social services in making such a request will provide written verification of the indigency of the person and the fact that the person or the family is receiving public assistance. In counties where the services of a special county attorney are available for social services matters as set out in G.S. 108-20 through G.S. 108-22, such special county attorney, instead of the prosecuting attorney, shall represent the obligee, the county or the plaintiff in any proceeding under this Chapter when the county has a right to invoke the provisions of this Chapter under Section 52A-8.1.

"§ 52A-11. *Duty of initiating court.*—If the initiating court finds that the defendant is not to be found in this State, that the complaint sets forth facts from which it may be determined that the defendant owes a duty of support, and that a court of the responding state may obtain jurisdiction of the defendant or his property, it shall so certify and shall cause three copies of (1) the complaint, (2) its certificate, (3) any other document filed with the court, and (4) one copy of this Chapter to be transmitted to the court or other designated agency in the responding state.

If the name and address of such court is unknown and the responding state has an information agency, the court of this State shall cause such copies to be

transmitted to the State information agency or other proper official of the responding state, with a request that it forward them to the proper court, and that the court of the responding state acknowledge their receipt to the court of this State. Unless the chief district court judge shall otherwise direct, the authority and duties of this section shall be the responsibility of the clerk of superior court.

"§ 52A-11.1. *Fees and costs.*—A responding court of this State may in its discretion direct that any part of all fees and costs incurred in this State, including without limitation by enumeration, fees for filing, service of process, and seizure of property, shall be paid by the county, but when an order of support is entered against a defendant, he shall be taxed with the costs. These costs or fees do not have priority over amounts due to the obligee. In addition, any and all appellate costs taxed to the plaintiff or the State shall be waived when the plaintiff has been certified as an indigent by the initiating court.

The clerk of the initiating court may upon written verification by the county director of social services of the indigency of the plaintiff, waive all fees and costs incurred in filing a complaint hereunder or may waive such fees and costs solely upon a finding of indigency by the court.

"§ 52A-12. *Duty of the court of this State as responding state.*—When the court of this State, acting as a responding state, receives from the court of an initiating state the aforesaid copies, it shall (1) docket the cause, (2) notify the prosecuting attorney as described in G.S. 52A-10.1, (3) set a time and a place for a hearing, and (4) take such action as is necessary in accordance with the laws of this State to obtain jurisdiction. The procedure for serving notice and summons on the defendant under this Chapter shall be the same as in actions for alimony as provided by G.S. 50-16.8.

"§ 52A-12.1. *Further duties of court and officials in the responding state.*—(1) The prosecuting attorney on his own initiative shall use all means at his disposal to locate the obligor or his property and if because of inaccuracies in the complaint or otherwise, the court cannot obtain jurisdiction the prosecuting attorney may request the court to continue the case pending receipt of more accurate information or an amended complaint from the initiating court.

(2) If the obligor or his property is not found in the county and the prosecuting attorney discovers that the obligor or his property may be found in another county of this State or in another state, he shall so inform the court. Thereupon the clerk of the court shall forward the documents received from the court in the initiating state to a court in the other county or to a court in the other state or to the information agency or other proper official of the other state with a request that the documents be forwarded to the proper court. All powers and duties provided by this act apply to the recipient of the documents so forwarded. If the clerk of a court of this State forwards documents to another court, he shall forthwith notify the initiating court.

(3) If the prosecuting attorney has no information as to the location of the obligor or his property, he shall so inform the initiating court.

"§ 52A-12.2. *Hearing and continuance.*—If the obligee is not present at the hearing and the obligor denies owing the duty of support alleged in the complaint or offers evidence constituting a defense, the court, upon request of either party, shall continue the hearing to permit evidence relative to the duty to be adduced by either party by deposition or by appearing in person before the

court. The court may designate the judge of the initiating court as a person before whom a deposition may be taken.

"§ 52A-13. *Order of support.*—If the court of the responding state finds a duty of support, it may order the defendant to furnish support or reimbursement therefor and subject the property of the defendant to such order.

"§ 52A-14. *Responding court to transmit copies to initiating court.*—The responding court shall cause a copy of all support orders to be sent to the initiating court.

"§ 52A-15. *Additional powers of court.*—In addition to the foregoing powers, the responding court has the power to subject the defendant to such terms and conditions as the court may deem proper to assure compliance with its orders and in particular:

(1) To require the defendant to furnish recognizance in the form of a cash deposit or bond of such character and in such amount as the court may deem proper to assure payment of any amount required to be paid by the defendant.

(2) To require the defendant to make payments at specified intervals to the clerk of the court and to report personally to such clerk at such times as may be deemed necessary.

(3) To punish the defendant who shall violate any order of the court to the same extent as is provided by law for contempt of the court in any other suit or proceeding cognizable by the court.

"§ 52A-16. *Additional duties of the court of this State when acting as a responding court.*—The court of this State when acting as a responding state shall have the following duties which may be carried out through the clerk of the court:

(1) Upon receipt of a payment made by the defendant pursuant to any order of the court or otherwise, to transmit the same forthwith to the initiating court and

(2) Upon request to furnish to the initiating court a certified statement of all payments made by the defendant.

"§ 52A-17. *Additional duty of the initiating court of this State.*—The initiating court shall have the duty which may be carried out through the clerk of court to receive and disburse forthwith all payments made by the defendant or transmitted by the responding court.

"§ 52A-18. *Evidence of husband and wife.*—Laws attaching a privilege against the disclosure of communications between husband and wife are inapplicable to proceedings under this Chapter. Husband and wife are competent witnesses to testify to any relevant matter, including marriage and parentage.

"§ 52A-19. *Rules of evidence.*—In any hearing under this law wherein the defendant has been served with notice and summons as herein provided, the verified complaint of the plaintiff shall be admissible as prima facie evidence of the facts therein stated in any court of this State having jurisdiction to conduct hearings pursuant to this Chapter. In those cases where the defendant fails to appear after service of notice and summons, the court may enter a reasonable order for support. Upon proper motion of the defendant, the reasonableness of the order may be reconsidered by the court and upon a showing by the defendant that the order is not within his financial ability to pay, is beyond his earning capacity, or for other good cause shown, such order shall be subject to modification from time to time. The order fixed by the court shall also be subject to modification from time to time upon motion of the plaintiff.

"§ 52A-20. *Proceedings not to be stayed.*—A responding court may or may not stay the proceeding or refuse a hearing under this act because of any pending or prior action or proceeding for divorce, separation, annulment, dissolution, habeas corpus, adoption, or custody in this or any other state. The court may hold a hearing and may issue a support order pendente lite. In aid thereof it may require the obligor to give a bond for the prompt prosecution of the pending proceeding. If the other action or proceeding is concluded before the hearing in the instant proceeding and the judgment therein provides for the support demanded in the complaint being heard, the court must conform its support order to the amount allowed in the other action or proceeding. Thereafter, the court shall not stay enforcement of its support order because of the retention of jurisdiction for enforcement purposes by the court in the other action or proceeding.

"§ 52A-21. *Application of payments.*—A support order made by a court of this State pursuant to this act does not nullify and is not nullified by a support order made by a court of this State pursuant to any other law or by a support order made by a court of any other state pursuant to a substantially similar act or any other law regardless of priority of issuance, unless otherwise specifically provided by the court. Amounts paid for a particular period pursuant to any support order made by the court of another state shall be credited against the amounts accruing or accrued for the same period under any support order made by the court of this State.

"§ 52A-22. *Effect of participation in proceeding.*—Participation in any proceeding under this act does not confer jurisdiction upon any court over any of the parties thereto in any other proceeding.

"§ 52A-23. *Intrastate application.*—This act applies if both the obligee and the obligor are in this State but in different counties. If the court of the county in which the complaint is filed finds that the complaint sets forth facts from which it may be determined that the obligor owes a duty of support and finds that a court of another county in this State may obtain jurisdiction over the obligor or his property, the clerk of the court shall send the complaint and a certification of the findings and any other document filed with the court to the court of the county in which the obligor or his property is found. The clerk of the court of the county receiving these documents shall notify the prosecuting attorney of their receipt. The prosecuting attorney and the court in the county to which the copies are forwarded then shall have duties corresponding to those imposed upon them when acting for this State as a responding state. In all intrastate proceedings provisions of this act stated to be applicable to an initiating state and a responding state are applicable respectively to an initiating county and a responding county.

"§ 52A-24. *State information agency.*—The State Division of Social Services is designated as the State information agency under this act. It shall:

(1) Compile a list of the courts and their addresses in this State having jurisdiction under this act and transmit it to the state information agency of every other state which has adopted this or a substantially similar act. Upon the adjournment of each session of the legislature the agency shall distribute copies of any amendments to the act and a statement of their effective date to all other state information agencies;

(2) Maintain a register of lists of courts received from other states and transmit copies thereof promptly to every court in this State having jurisdiction under this act; and

(3) Forward to the court in this State which has jurisdiction over the obligor or his property complaints, petitions, certificates and copies of the act it receives from courts or information agencies of other states.

If the State information agency does not know the location of the obligor or his property in the State and no State location service is available it shall use all means at its disposal to obtain this information, including the examination of official records in the state and other sources such as telephone directories, vital statistics records, police records, requests for the name and address from employers who are able or willing to cooperate, records of motor vehicle license offices, requests made to the tax offices, both State and federal, where such offices are able to cooperate and requests made to the Social Security Administration as permitted by the Social Security Act as amended.

To assist in locating parents who have deserted their children and other persons liable for support of dependents, the Division of Social Services may request and shall receive information from the records of all departments, boards, bureaus or other agencies of this State and the same are authorized and directed to provide such information as is necessary for this purpose. Only information directly bearing on the identity and whereabouts of a person owing or asserted to be owing an obligation of support shall be requested and used or transmitted by the Division of Social Services pursuant to the authority conferred by this act. The Division of Social Services shall make such information available to public officials and agencies of this State, other states and the political subdivisions of this State and other states seeking to locate parents who have deserted their children and other persons liable for support of dependents for the purpose of enforcing their liability for support.

"§ 52A-25. *Additional remedies.*—If the duty of support is based on a foreign support order, the obligee has the additional remedies provided in the following sections.

"§ 52A-26. *Registration.*—The obligee may register the foreign support order in a court of this State in the manner, with the effect, and for the purposes herein provided.

"§ 52A-27. *Registry of foreign support orders.*—The clerk of superior court shall maintain a registry of foreign support orders in which he shall file foreign support orders.

"§ 52A-28. *The official.*—If this State is acting either as a rendering or a registering state the representation of the obligee in proceedings under this Part shall be the same as is set out in G.S. 52A-10.1 and G.S. 52A-10.3.

"§ 52A-29. *Registration procedure; notice.*—An obligee seeking to register a foreign support order in a court of this State shall transmit to the clerk of the court (1) three certified copies of the order with all modifications thereof, (2) one copy of the reciprocal enforcement of support act of the state in which the order was made, and (3) a statement verified and signed by the obligee, showing the post-office address of the obligee, the last known place of residence and post-office address of the obligor, the amount of support remaining unpaid, a description and the location of any property of the obligor available upon execution, and a list of the states in which the order is registered. Upon receipt of these documents, the clerk of the court, without payment of a filing fee or

other cost to the obligee, shall file them in the Registry of Foreign Support Orders. The filing constitutes registration under this act.

Promptly upon registration, the clerk of the court shall send by certified or registered mail to the obligor at the address given a notice of the registration with a copy of the registered support order, and the post-office address of the obligee. He shall also docket the case and notify the prosecuting attorney of his action.

"§ 52A-30. *Effect of registration; enforcement procedure.*—(1) Upon registration, the registered foreign support order shall be treated in the same manner as a support order issued by a court of this State. It has the same effect and is subject to the same procedures, defenses, and proceedings for reopening, vacating or staying as a support order of this State and may be enforced and satisfied in like manner.

(2) The obligor has 20 days after the mailing of notice of the registration in which to petition the court to vacate the registration or for other relief. If he does not so petition, the registered support order is confirmed.

(3) At the hearing to enforce the registered support order, the obligor may present only matters that would be available to him as defenses in an action to enforce a foreign money judgment. If he shows to the court that an appeal from the order is pending or will be taken or that a stay of execution has been granted, the court shall stay enforcement of the order until the appeal is concluded, the time for appeal has expired, or the order is vacated, upon satisfactory proof that the obligor has furnished security for payment of the support ordered as required by the rendering state. If he shows to the court any ground upon which enforcement of a support order of this State may be stayed, the court shall stay enforcement of the order for an appropriate period if the obligor furnishes the same security for payment of the support ordered that is required for a support order of this State.

"§ 52A-31. *Severability.*—If any provision of this act or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

"§ 52A-32. *Interpretation of Chapter.*—This Chapter shall be so interpreted and construed as to effectuate its general purpose to make uniform the law of those states having a substantially similar act."

Sec. 2. This act shall not apply to pending litigation including proceedings which have been initiated in a state other than North Carolina.

Sec. 3. This act shall become effective on October 1, 1975.

In the General Assembly read three times and ratified, this the 18th day of June, 1975.

(g) 'Commissioner' means the Commissioner of Insurance;

(h) 'Joint life coverage' means credit life insurance covering two or more lives, the entire amount of insurance being payable upon the death of the first insured debtor to die.

"§ 58-343. *Forms of insurance which are authorized.*—Credit life insurance and credit accident and health insurance shall be issued only in the following forms:

(a) Individual policies of life insurance issued to debtors on the term plan;

(b) Individual policies of accident and health insurance issued to debtors on a term plan or disability benefit provisions in individual policies of credit life insurance;

(c) Group policies of life insurance issued to creditors providing insurance upon the lives of debtors on the term plan;

(d) Group policies of accident and health insurance issued to creditors on a term plan insuring debtors or disability benefit provisions in group credit life insurance policies to provide such coverage.

"§ 58-344. *Amount.*—(a) Credit Life Insurance.

(1) Credit life insurance may be written on either a level term or decreasing term plan for an initial amount not in excess of the total amount repayable under the contract of indebtedness. When decreasing term coverage is written in connection with indebtedness repayable on an installment basis, the amount of insurance shall at no time exceed the scheduled or actual amount of unpaid indebtedness, whichever is greater.

(2) Notwithstanding the provisions of the above paragraph, insurance on seasonal credit line commitments (such as may be found in agricultural credit transactions) not exceeding one year in duration may be written up to the amount of the loan commitment, whether or not the full amount of the commitment has been advanced by the creditor, on a nondecreasing or level term plan.

(3) Notwithstanding the provisions of Paragraph (a)(1) of this or any other section, insurance on education credit transaction commitments may be written for the amount of such commitment whether or not the full amount of the commitment has been advanced by the creditor.

(b) Credit Accident and Health Insurance. The total amount of indemnity payable by credit accident and health insurance in the event of disability, as defined in the policy, shall not exceed the indebtedness; and the amount of each monthly benefit shall not exceed the indebtedness divided by the number of months in the term of the loan. A daily benefit equal in amount to one-thirtieth of the scheduled monthly payment is permissible.

"§ 58-345. *Term; termination prior to scheduled maturity.*—The term of any credit life insurance or credit accident and health insurance shall, subject to acceptance by the insurer, commence on the date when the debtor becomes obligated to the creditor, except that, where a group policy provides coverage with respect to existing obligations, the insurance on a debtor with respect to such indebtedness shall commence on the effective date of the policy. The term of such insurance shall not extend more than 15 days beyond the maturity date of the indebtedness or final installment thereof. If the indebtedness is discharged due to prepayment, the insurance in force shall be terminated unless otherwise requested by the insured in writing. If the indebtedness is discharged due to renewal or refinancing prior to such maturity date, the insurance in force shall be terminated before any new insurance may be issued in connection with the renewed or refinanced indebtedness. In all cases of termination prior to scheduled maturity, a refund shall be paid or credited as provided in G.S. 58-351.

"§ 58-346. *Insurance to be evidenced by individual policy; notice of proposed insurance or certificate; required and prohibited provisions; when debtor to receive copy.*—(a) All individual credit life insurance and credit accident and

health insurance sold shall be evidenced by an individual policy. All group insurance sold where any part of the premium is paid by the debtors or by the creditors from identifiable charges collected from the insured debtors shall be evidenced by a certificate of insurance.

(b) Each individual policy or certificate of credit life insurance, and/or credit accident and health insurance shall set forth the name and home office address of the insurer, the identity of the insured debtor by name or otherwise, the premium or amount of payment, if any, by the debtor separately for credit life insurance and credit accident and health insurance if not disclosed in other documents furnished to the debtor, a description of the coverage including the amount and term thereof, and any exceptions, limitations or restrictions, and shall state that the benefits shall be paid to the creditor to reduce or extinguish the unpaid indebtedness, and wherever the amount of insurance may exceed the unpaid indebtedness, that any such excess shall be payable to a beneficiary other than the creditor named by the debtor, or to his estate.

(c) No individual policy of credit life insurance or credit accident and health insurance and no group policy of credit life insurance or credit accident and health insurance shall be delivered or issued for delivery in this State, unless each contains in substance all of the following provisions:

(1) In each policy there shall be a provision that the policy, or the policy and application therefor, if any, or if a copy of the application is endorsed upon or attached to the policy when issued, shall constitute the entire insurance contract between the parties, and that all statements made by the creditor or by the individual debtors shall, in the absence of fraud, be deemed representations and not warranties.

(2) In each such policy there shall be a provision that the validity of the policy shall not be contested, except for nonpayment of premiums, after it has been in force for two years from its date of issue; and that no statement made by any person insured under the policy relating to his insurability shall be used in contesting the validity of the insurance with respect to which such statement was made after such insurance has been in force on such insured for a period of two years during such person's lifetime, and prior to the date on which the claim thereunder arose.

(3) In each such policy there shall be a provision that when a claim for the death or disability of the insured arises thereunder, settlement shall be made upon receipt of due proof of such death or such disability.

(4) On the face of each such policy there shall be placed a title which shall briefly and accurately describe the nature and form of the policy.

(5) Each such policy, including rider and endorsement, shall be identified by a form number in the lower left-hand corner of the first page thereof, and no restriction, condition or provision in or endorsed on such policy shall be valid unless such provision or condition is printed in type as large as eight-point type.

(6) In each such policy there shall be a provision that the insured debtor shall have the right to rescind the insurance policy or certificate of insurance upon giving written notice to the insurer within 15 days from the date the insured debtor received such policy or certificate.

(d) No individual policy of credit life insurance or credit accident and health insurance, no group policy of credit life insurance or credit accident and health

insurance shall be delivered or issued for delivery in this State if it contains any provision:

(1) Limiting the time within which any action at law or in equity may be commenced to less than three years after the cause of action accrues; or

(2) To the effect that the agent soliciting the insurance is the agent of the person insured under the policy, or making the acts or representations of such agent binding upon the person so insured under the policy.

(e) If said individual policy or certificate of group insurance is not delivered to the debtor at the time the indebtedness is incurred or mailed to the debtor within 30 days thereafter, a written notification must be furnished to the debtor within the 30-day period, which notification shall set forth the following:

(1) The name and home office address of the insurer;

(2) The identity of the debtor, by name or otherwise;

(3) The premium or identifiable charge to the debtor, if any, separately in connection with credit life insurance and credit accident and health insurance;

(4) The amount and term of the coverage provided, if possible, otherwise a clear description of the means of determining the amount and time of expiry;

(5) A brief description of the coverage provided;

(6) A statement that, if the insurance is declined by the insurer or otherwise does not become effective, any premium or identifiable charge will be refunded or credited to the debtor; and

(7) A statement that, upon acceptance by the insurer, the insurance coverage provided shall become effective as specified in G.S. 58-345.

Any portion of the information required in said notification may be furnished by other documents, if copies of such documents are attached to said notification. If an insurance policy or certificate of insurance is not delivered to the insured debtor at the time the indebtedness is incurred, he shall be furnished at the time the indebtedness is incurred written notice that he shall have the right to rescind the insurance policy or certificate of insurance upon giving written notice to the insurer within 15 days from the date the insured debtor receives such policy or certificate.

"§ 58-347. *Forms to be filed with commissioner; approval or disapproval by commissioner.*—(a) All forms of policies, certificates of insurance, notices of proposed insurance, endorsements and riders intended for use in this State shall be filed with the commissioner.

(b) The commissioner shall, within 30 days after the filing of any such policies, certificates of insurance, notices of proposed insurance, endorsements and riders, disapprove any such form if it contains provisions which are contrary to, or not in accordance with, any provision of this Article or of any rule or regulation promulgated thereunder. Unless disapproved in writing within such 30 days, a form shall be deemed approved.

(c) If the commissioner notifies the insurer that the form is disapproved, it is unlawful thereafter for such insurer to issue or use such form for a period of 60 days, or until the commissioner has issued a final order after hearing, whichever is earlier. In such notice, the commissioner shall specify the reason for his disapproval and state that a hearing will be granted within 20 days after request in writing by the insurer. No such policy, certificate of insurance, notice of proposed insurance, endorsement or rider shall be issued or used until the

expiration of 30 days after it has been so filed, unless the commissioner shall give his prior written approval thereto.

(d) The commissioner may, at any time after a hearing held not less than 20 days after written notice to the insurer, withdraw his approval of any such form on any ground set forth in subsection (b) above. The written notice of such hearing shall state the reason for the proposed withdrawal.

(e) No insurer shall issue such forms or use them after the effective date of such withdrawal.

"§ 58-348. *General premium rate standard.*—(a) Benefits provided by credit life and credit accident and health insurance written under this Article shall be reasonable in relation to the premium charge. This requirement is satisfied if the premium rates to be charged are no greater than those premium rates set forth in G.S. 58-349 and G.S. 58-350 of this Article for benefits as described in those sections. The amount charged to a debtor for any credit life or credit accident and health insurance shall not exceed the premiums charged by the insurer, as computed at the time the charge to the debtor is determined.

(b) The premium or cost of credit life or disability insurance, when written by or through any lender or other creditor, its affiliate, associate or subsidiary shall not be deemed as interest or charges or consideration or an amount in excess of permitted charges in connection with the loan or credit transaction and any gain or advantage to any lender or other creditor, its affiliate, associate or subsidiary, arising out of the premium or commission or dividend from the sale or provision of such insurance shall not be deemed a violation of any other law general or special, civil or criminal of this State, or of any rule, regulation or order issued by any regulatory authority of this State.

(c) If premiums are to be determined according to the age of the insured debtor or by age brackets, an insurer may determine premium rates on a basis actuarially consistent with the rates provided in G.S. 58-348, but such rates shall be filed with and approved by the commissioner.

"§ 58-349. *Credit life insurance rate standards.*—(a) The premium rate standards set forth below are applicable to plans of credit life insurance with or without requirements for evidence of insurability:

(1) Which contain no exclusions or no exclusions other than suicide; and

(2) Which contain no age restrictions, or only age restrictions not making ineligible for the coverage

(i) debtors under 65 at the time the indebtedness is incurred; or

(ii) debtors who will not have attained age 66 on the maturity date of the indebtedness.

(b) Rates for use with forms which are more restrictive in any material respect shall reflect such variations in the form or lower rates to the extent that a significant difference in claim cost can reasonably be anticipated unless the insurer demonstrates that such lower rate is not appropriate.

(c) If premiums are payable in one sum in advance, for decreasing term life insurance on indebtedness repayable in substantially equal monthly installments, a premium not exceeding eighty cents (80¢) per one hundred dollars ($100.00) of initial insured indebtedness per year is authorized.

(d) The premium rate of joint life insurance coverage shall not exceed one and two-thirds (1-2/3) the permitted single life rate.

(e) For level term life insurance, a premium rate of one dollar and fifty cents ($1.50) per one hundred dollars ($100.00) per year is authorized.

(f) For policies for which monthly premiums are charged on a basis of the then outstanding balances, a monthly premium per one thousand dollars ($1,000) of outstanding balances is authorized, based on the following formula:

$$Op_n = \frac{20\ SP_n}{n+1}$$

where SP_n=Single Premium Rate per $100 of initial insured indebtedness repayable in n equal monthly installments.

Op_n=Monthly Outstanding Balance Premium Rate per $1,000

n=Original repayment period, in months.

(g) For credit life insurance on a basis other than the foregoing, premiums charged shall be actuarially equivalent.

"§ 58-350. *Credit accident and health insurance rate standards.*—(a) The rate standards set forth below shall be applicable for contracts which contain a provision excluding or denying claim for disability resulting from pre-existing illness, disease or physical condition, for which the debtor received medical advice, consultation, or treatment within the six-month period immediately preceding the effective date of the debtor's coverage and if said disability occurs within the six-month period immediately following such date, but contain no other provision which excludes or restricts liability in the event of disability caused in a certain specified manner, except that they may contain provisions excluding or restricting coverage in the event of pregnancy; intentionally self-inflicted injuries; sickness resulting from intoxication, addiction to alcohol or narcotics, or from the use thereof unless administered on the advice of a physician; flight in non-scheduled aircraft, war, military service; and may contain age restrictions similar to those mentioned for credit life insurance in G.S. 58-349.

(b) A policy of credit accident and health insurance may not define 'disability' any more restrictively than the inability of the insured to perform his occupation or any occupation for which he is qualified by education, training or experience.

(c) Any policy to which the rates below apply may require the debtor to be gainfully employed on the effective date of the insurance.

(d) If premiums are payable in one sum in advance for the entire duration of the indebtedness, for insurance with a pre-existing exclusion as defined above, the following premiums are authorized:

Single Premium Rates Per $100 of Initial Insured Indebtedness

No. of Months in which Indebtedness is Repayable	Nonretroactive Benefits		Retroactive Benefits		
	14-Day Wait	30-Day Wait	7-Day Wait	14-Day Wait	30-Day Wait

97-108	6.05	5.50		9.46	6.05
109-120	6.60	6.05		10.34	6.60

(e) For policies for which monthly premiums are charged on a basis of the then outstanding balances, a monthly premium per one thousand dollars ($1,000) of outstanding balances is authorized, based on the following formula:

$$Op_n = \frac{20\ SP_n}{n+1}$$

where SP_n=Single Premium Rate per one hundred dollars ($100.00) of initial indebtedness repayable in n equal monthly installments

Op_n=Monthly Outstanding Balance Premium Rate per $1,000

n=Original repayment period, in months.

(f) Premium rate standards for other benefit plans and for indebtedness repayable in installments other than as indicated above shall be acturially consistent with the above rate standards.

"§ 58-351. *Premium refunds or credits.*—(a) Each individual policy or group certificate shall provide that in the event of termination of the insurance prior to the scheduled maturity date of indebtedness, any refund of an amount paid by the debtor for insurance shall be paid or credited promptly to the person entitled thereto.

(b) Except as provided in subsection (c) of this section, the refund of premiums in the case of reducing term credit life insurance or credit accident and health insurance shall be equal to the amount computed by the sum-of-digits formula commonly known as the 'Rule of 78'; and, the refund of premium in the case of level term credit life insurance shall be equal to the pro rata unearned gross premium.

(c) With respect to insurance written pursuant to G.S. 53-189, the refund of premiums in the case of credit life insurance or credit accident insurance shall be equal to the pro rata unearned gross premiums if refunded during the first 60 days of the policy, and equal to the sum-of-digits formula known as the 'Rule of 78' method if refunded thereafter.

(d) No refund need be made if the amount thereof is less than one dollar.

(e) If a creditor requires a debtor to make any payment for credit life insurance or credit accident and health insurance and an individual policy or group certificate of insurance is not issued, the creditor shall immediately give written notice to such debtor and shall promptly make an appropriate credit to the account.

"§ 58-352. *Issuance of policies.*—All policies of credit life insurance and credit accident and health insurance shall be delivered or issued for delivery in this State only by an insurer authorized to do an insurance business therein, and shall be issued only through holders of licenses or authorizations issued by the commissioner. The enrollment of debtors under a group policy issued to a creditor and authorized under this Article shall not constitute the issuance of a policy of insurance.

"§ 58-353. *Claims.*—(a) All claims shall be promptly reported to the insurer or its designated claim representative, and the insurer shall maintain adequate claim files. All claims shall be settled as soon as possible and in accordance with the terms of the insurance contract.

(b) All claims shall be paid either by draft drawn upon the insurer, or by check of the insurer or be paid by such other specified method upon the

direction of the beneficiary who is entitled thereto pursuant to the policy provisions.

(c) No plan or arrangement shall be used whereby any person, firm or corporation other than the insurer or its designated claim representative shall be authorized to settle or adjust claims. The creditor shall not be designated as claim representative for the insurer in adjusting claims; provided, that a group policyholder may, by arrangement with the group insurer, draw drafts or checks in payment of claims due to the group policyholder subject to audit and review by the insurer.

"§ 58-354. *Existing insurance - choice of insurer.*—When credit life insurance or credit accident and health insurance is required for any indebtedness, the debtor shall, upon request to the creditor, have the option of furnishing the required amount of insurance through existing policies of insurance owned or controlled by him or of procuring and furnishing the required coverage through any insurer authorized to transact an insurance business within this State.

"§ 58-355. *Enforcement.*—The commissioner may, after notice and hearing, issue rules and regulations necessary for the implementation of this act. Whenever the commissioner finds that there has been a violation of this act or any rules or regulations issued pursuant thereto, and after written notice thereof and hearing given to the insurer or other person authorized or licensed by the commissioner, he shall set forth the details of his findings together with an order for compliance by a specified date. Such order shall be binding on the insurer and other person authorized or licensed by the commissioner on the date specified unless sooner withdrawn by the commissioner or a stay thereof has been ordered by a court of competent jurisdiction. The provisions of G.S. 58-345, 346, 347, 348, 349, 350, and 351 shall not be operative until 90 days after the effective date of this act, and the commissioner in his discretion may extend by not more than an additional 90 days the initial period within which the provisions of said sections shall not be operative.

"§ 58-356. *Judicial review.*—Any party to the proceeding affected by an order of the commissioner shall be entitled to judicial review by following the procedure set forth in Sections 58-9.3 to 58-9.6 of the General Statutes.

"§ 58-357. *Penalties.*—In addition to any other penalty provided by law, any person, firm or corporation which willfully violates an order of the commissioner after it has become final, and while such order is in effect, shall, upon proof thereof to the satisfaction of the court, forfeit and pay to the State of North Carolina a sum not to exceed two hundred fifty dollars ($250.00) which may be recovered in a civil action, except that if such violation is found to be willful, the amount of such penalty shall be a sum not to exceed one thousand dollars ($1,000). The commissioner, in his discretion, may revoke or suspend the license or certificate of authority of the person, firm or corporation guilty of such willful violation. Such order for suspension or revocation shall be upon notice and hearing, and shall be subject to judicial review as provided in G.S. 58-356. Any creditor who requires credit life insurance or credit accident and health insurance, or both, in excess of the amounts set forth in G.S. 58-344 or who violates the provisions of G.S. 58-354 shall be guilty of a misdemeanor, the penalty for which shall be a fine of five hundred dollars ($500.00) for each such occurrence or violation.

"§ 58-358. *Reinsurance.*—Any insurance company writing credit life or credit accident and health insurance subject to the provisions of this Article may

reinsure its liability under any or all of such insurance with any domestic or foreign life insurance company; provided, that in the event such reinsurance is with a company not authorized to do business within this State and such company does not meet the statutory requirements for admission, the direct writing company shall, notwithstanding such reinsurance, maintain all of the reserves required by the commissioner of such line of business as if such reinsurance contract or treaty had not been entered into and shall continue primarily responsible for such insurance."

Sec. 2. Section 53-189 of the General Statutes of North Carolina is rewritten to read as follows:

"*Insurance.*—(a) Credit life and credit accident and health insurance may be written in accordance with the provisions of 'The North Carolina Act for the Regulation of Credit Life Insurance and Credit Accident and Health Insurance.'

(b) The premium or cost of credit life, credit accident and health or property insurance, when written by or through any lender or other creditor, its affiliate, associate or subsidiary shall not be deemed as interest or charges or consideration or an amount in excess of permitted charges in connection with the loan or credit transaction and any gain or advantage to any lender or other creditor, its affiliate, associate or subsidiary, arising out of the premium or commission or dividend from the sale or provision of such insurance shall not be deemed a violation of any other law general or special, civil or criminal of this State, or of any rule, regulation or order issued by any regulatory authority of this State."

Sec. 3. If any provision of this act, or the application of such provision to any person or circumstances, shall be held invalid, the remainder of this act, and the application of such provision to any person or circumstances other than those as to which it is held invalid, shall not be affected thereby.

Sec. 5. The effective date of this act shall be 90 days after ratification. All credit life and credit accident and health insurance policies, delivered or issued for delivery on or after the effective date of this act shall conform to the provisions of this act. With regard to existing group credit insurance policies, the rates and forms shall be amended to conform to the requirements of this act, or be terminated, not later than the anniversary of the date of issue of the contract next following the effective date of this act.

"CHAPTER II.

"ELECTIONS.

"Sec. 3. *Conduct of Elections.*—The general municipal elections shall be conducted in the manner prescribed by the uniform municipal election laws of North Carolina.

The non-partisan primary and election method shall be used to nominate candidates and determine the results of the City's elections.

"Sec. 4. *Election Wards.*—The territory located within the corporate limits of the City shall continue to be divided into six numbered election wards. A

written description or map showing the current boundaries of the respective six election wards shall be maintained in the office of the City Clerk, and shall be available for public inspection.

Such ward boundaries may be amended periodically pursuant to the provisions of General Law.

Whenever areas are hereafter annexed and made a part of the City, the City Council shall by ordinance redefine and rearrange the six election wards so as to include such annexed areas. Such ordinance shall be adopted at least seven days prior to the opening of the registration books for the municipal election next succeeding the date of any annexation and shall provide for six election wards of approximately equal population. In redefining and rearranging the election ward lines, the City Council shall follow as nearly as practical, existing ward lines.

"Sec. 5. *Elective Offices.*—At the regular municipal elections to be held in 1975, and on every fourth year thereafter, the voters of the City shall elect a mayor and six council members. Three council members shall be elected at large from the residents of the City, and one council member shall be elected from each of Wards 2, 4, and 6, respectively.

At the regular municipal elections to be held in 1977, and on every fourth year thereafter, the voters of the City shall elect a mayor and six council members. Three council members shall be elected at large from the residents of the City, and one council member shall be elected from each of Wards 1, 3, and 5, respectively.

Candidates for election to ward seats on the Council shall reside in and represent their respective wards, but all candidates for City Council and the Mayor shall be nominated and elected by all the voters of the City.

The Mayor shall serve for a term of two years, and all Council members shall serve for a term of four years.

"CHAPTER III.

"MAYOR AND COUNCIL.

"Sec. 6. *City Council.*—The Council members and Mayor, when elected and duly qualified, shall constitute a board to be known and designated as the City Council.

"Sec. 7. *Oaths of Office.*—The Mayor and each Council member, before entering upon the duties of the office to which they have been elected, shall take before some officer authorized to administer oaths an oath that they will fairly and impartially perform the duties of their office. The Mayor and Council members shall hold their respective offices until their respective successors have been duly qualified.

"Sec. 8. *Powers of the City Council.*—The City Council shall have full power and authority, except as otherwise provided for in this Charter, to exercise all of the powers conferred upon and delegated to the City of Durham by this Charter and by the laws of North Carolina. The City Council shall have power to make such ordinances, rules and regulations as it may deem necessary for the proper government of the City and to promote and safeguard the health, morals, safety and general welfare and convenience of the public. The City Council may provide for the proper enforcement of such ordinances, in such manner as it may think best, by fine, imprisonment or otherwise. The City Council may provide for the organization of the offices, departments and divisions of City government, not inconsistent with this Charter.

"Sec. 9. *Powers and Duties of the Mayor.*—The power and duties of the Mayor shall be such as are conferred upon him by this act, together with such others as are conferred by the City Council in pursuance of the provisions of this act and no other.

He shall preside at all meetings of the City Council and shall vote upon all questions unless excused as provided in Section 11(3) of this Charter, but shall have no additional vote in case of a tie. He shall appoint all standing committees and special committees of the City Council, unless the City Council shall vote to elect any or all of such standing or special committees.

He shall be recognized as the official head of the City, and shall be so considered by the public for all ceremonial purposes. He shall have power to administer oaths and take affidavits. Such functions not enumerated in this Charter as are conferred upon the Mayor by the General Laws of the State shall be exercised by the City Manager, unless the City Council designates some other person to exercise the same.

"Sec. 10. *Mayor Pro Tempore.*—During the disability of the Mayor, or his absence from the City, the functions of his office shall devolve upon some member of the City Council designated by that body as Mayor Pro Tempore at its first meeting after each general municipal election. The Mayor Pro Tempore shall preside over meetings of the City Council in the absence of the Mayor.

"Sec. 11. *Meetings of the City Council.*—(1) Regular meetings of the City Council shall be held at least twice but not more than four times each month at such times as may be designated by ordinance of the City Council.

(2) The Mayor, any four members of the City Council, or the City Manager, hereinafter provided for, may call special meetings of the council upon at least six (6) hours notice to each member. Notice may be given to a member by direct telephone communication with such member or by direct personal conversation with such member or by written notice to any member not otherwise notified by serving such written notice personally upon such member or by leaving such written notice at such member's residence or business. Written notice as provided herein may be served by any person or persons designated by the City Manager. A special meeting may be held at any time without notice provided that all of the members of the Council attend.

(3) Meetings of the City Council shall be public, when required by G.S. Chapter 143, Article 33B, and any citizen shall have access to the records or minutes thereof at all reasonable times, unless otherwise provided by law. A majority of the members of the City Council shall constitute a quorum for the transaction of business. The ayes and noes shall be taken upon the passage of all ordinances, resolutions or actions having the effect of an ordinance or resolution and entered by the Clerk upon the journal of the proceedings of the Council. The City Council may provide for the taking of aye and nay votes by means of electronic or mechanical tabulation visible to persons attending the meeting. Every ordinance, resolution or action having the effect of an ordinance or resolution shall require on its passage seven affirmative votes, provided, however, any provision of General Law requiring a different vote than prescribed herein shall control except the provisions of G.S. 160A-75 which shall not apply to the City of Durham. An ordinance is effective upon passage or at such subsequent time as the City Council may prescribe. No member shall be excused from voting, except on matters involving consideration of his own official conduct, or where his financial interests are involved. In all other cases, a

failure to vote by a member who is physically present in the Council Chamber, or who has withdrawn without being excused by a majority vote of the remaining members present, shall be recorded as an affirmative vote. The question of the compensation and allowances of members of the Council is not a matter involving a member's own financial interest or official conduct.

"Sec. 12. *Appointive Powers Continued.*—The City Council shall continue to have such power and authority to appoint officers and members of boards and commissions, such as members of the City Board of Education, as was heretofore delegated to the Board of Aldermen under prior laws applicable to the City.

"Sec. 13. *Refusal to Serve; Vacancies.*—The City Council shall be the judge of the election and qualifications of its members.

If any person chosen Mayor shall refuse to be qualified, or if there is a vacancy in the office after election and qualification, the City Council shall choose some qualified person as Mayor for the term, or for the unexpired portion of the term as the case may be. Similarly, the City Council shall choose other eligible persons to fill the place of such Council member or members as shall refuse to serve, and fill vacancies which may occur. If the vacancy to be filled occurs in a seat occupied by a Council member nominated from a ward, then such person chosen to fill such vacancy shall reside in the ward from which the Council member whose place is to be filled was nominated.

"Sec. 14. *Double Office Holding.*—No person elected to the City Council, whether he qualify or not, shall, during the term for which he was elected, be elected or appointed to any other position, or office of trust or profit, under the city government. However, when a vacancy exists or shall occur in the office of Mayor, a Council member shall not be debarred from election as Mayor for the existing term or unexpired part of the term.

"Sec. 15. *Removal of Elective Officers from Office.*—(1) Absence from five consecutive regular meetings shall operate to vacate the seat of a Council member, unless the absence is excused by the Council by resolution setting forth the reason therefor, and such resolution shall be entered upon the minutes.

(2) The City Council by a vote of seven of its members, in meeting assembled, shall have power to remove from office the Mayor or any Council member for misfeasance, malfeasance, corruption, neglect of duty or other misconduct in office, but the person to be proceeded against shall have at least ten days' notice in writing of the motion to remove him, accompanied by a copy of the charges alleged as the grounds for his proposed removal. He shall have the right to be heard in person or by counsel in his defense. In case of the removal of the Mayor, or any Council member, the vacancy shall be filled by the City Council or the remaining members thereof.

(3) The Mayor or any member of the City Council may also be removed from office in the following manner:

(a) Any elector of the City may make and file with the City Clerk an affidavit containing the name of the City officer whose removal is sought and a statement of the grounds alleged for his removal. The Clerk shall thereupon deliver to the elector making such affidavit copies of petition blanks for demanding such a removal, printed forms of which he shall keep on hand. Such blanks shall be issued by the Clerk with his signature thereto attached and shall be dated and addressed to the council, indicate the person to whom issued, and state the name of the officer whose removal is sought. A copy of the petition shall be entered in a record book kept for that purpose in the office of the Clerk. A recall petition to

be effective must be returned and filed with the Clerk within 30 days after the filing of the affidavit, and to be sufficient must bear the signature of at least twenty-five per centum (25%) of the registered voters of the City as shown by the registration sheets of the last preceding general municipal election. A recall petition, if insufficient as originally filed, may be amended as hereinafter provided.

(b) If a recall petition, or amended petition shall be certified by the Clerk to be sufficient he shall at once submit it to the council with his certificate to that effect and shall notify the officer whose removal is sought of such action. If the officer whose removal is sought does not resign within five days after such notice the Council shall thereupon order and fix a day for holding a recall election. Any such election shall be held not less than 40 nor more than 60 days after the petition has been certified to the Council, and it may be held at the same time as any other general or special election within such period; but if no other election is to be held within such period the Council shall call a special recall election to be held within the time aforesaid.

(c) The question of recalling any number of officers may be submitted at the same election, but as to each such officer a separate petition shall be filed and there shall be an entirely separate ballot.

(d) The ballots used in a recall election shall submit the following propositions in the order indicated:

☐ For the recall of (name of officer).

☐ Against the recall of (name of officer).

Except that the spaces left for the name and date shall be filled by the correct names and date, the ballots used in a recall election shall be in form substantially as follows:

'RECALL ELECTION

City of Durham

_____(Month and day of month)_____19__

For the recall of _____

Against the recall of _____.'

(e) If a majority of the votes cast on the question of recalling an officer be against his recall he shall continue in office for the remainder of the unexpired term, but subject to the recall as before. If a majority of such votes be for the recall of the officer designated on the ballot, he shall, regardless of any defects in the recall petition, be deemed removed from office.

(f) If an officer in regard to whom a sufficient recall petition is submitted to the Council shall resign before the election, or be removed as a result thereof, the vacancy so caused shall be filled in the manner provided by this charter for filling vacancies in such office, except as provided in Section 15(3)(h). But an officer removed by the voters as the result of a recall election, or resigning after a sufficient petition for his recall has been submitted to the Council, shall not be reelected to fill the vacancy caused by his own removal or resignation.

(g) No recall petition shall be filed against an officer within three months after he takes office, nor, in case of an officer subjected to a recall election and not removed thereby, until at least six months after that election.

(h) If the recall of a majority of the members of the City Council, including the Mayor as one of the members, shall be effected at a single recall election, the successors of the officers recalled shall be elected by the registered, qualified voters of the City at a special municipal election, and said successors shall serve

for the unexpired part of the terms of the officers recalled. The members of the City Council who have not been recalled are empowered to call said special election and to make all necessary provisions regarding the same in conformity to the Constitution and general laws of North Carolina. If the recall of all of the members of the City Council, including the Mayor, shall be effected at a single recall election, they shall be continued in office for the purpose, and only for the purpose, of calling a special municipal election for the election of their successors as above provided, and of ascertaining and declaring the result thereof.

"CHAPTER IV.

"ORGANIZATION AND ADMINISTRATION.

"ARTICLE 1. Appointive Offices.

"Sec. 16. *City Manager.*—A City Manager shall be chosen to be the administrative head of the municipal government. He shall be chosen by the Council without regard to his political beliefs, and solely upon the basis of his training, and executive and administrative qualifications. The choice shall not be limited to inhabitants of the City or State. The City Manager shall receive such compensation as shall be provided by the Council by ordinance. He shall give such bond as may be required by the City Council. He shall be appointed for an indefinite period, and shall serve at the will of the Council; provided, however, that he may not be removed within 12 months from the date on which he assumed his duties, except for incompetence, malfeasance, misfeasance, or neglect of duty. In case of his removal within this period, he may demand written charges and a public hearing thereon before the Council prior to the date on which his final removal shall take effect; but the decision and action of the Council on such hearing shall be final, and pending such hearing the Council may suspend him from duty. During the absence or disability of the City Manager, or while the office is not filled, the Council shall designate some properly qualified person to perform his duties.

"Sec. 17. *Powers and Duties of the City Manager.*—The City Manager shall be responsible to the City Council for the efficient administration of all the affairs of the City under his direction and control. It shall be his duty to attend all meetings of the City Council, with the right to take part in the discussion, but without a vote. He shall be entitled to notice of all special meetings. He shall recommend to the City Council from time to time such measures as he shall deem necessary, and shall furnish the City Council with necessary information respecting any of the departments of the City under his direction and control. The City Manager shall not be personally interested in any contract in which the City is a party for supplying the City materials of any kind.

The City Manager shall have power, and it shall be his duty, to see that the laws and ordinances of the City are enforced.

He shall have power and authority to revoke licenses, pending action by the City Council.

Except as otherwise provided in this Charter, the City Manager shall have power to appoint and remove all heads of departments and all subordinate officers and employees of the City. He shall, except when clearly inconsistent with the provisions of this Charter, exercise supervision and control over all departments and divisions created herein, or that hereafter may be created by the City Council. He shall see that all terms and conditions imposed in favor of the City or its inhabitants in any public utility franchise are faithfully kept and performed, and upon knowledge of any violation thereof, he shall call the

attention of the City Council and the City Attorney to the same. He shall make and execute all contracts on behalf of the City in such manner as is authorized or provided by resolutions or ordinances passed by the City Council. He shall prepare and submit to the City Council a proposed annual budget, after receiving estimates made by the heads or directors of departments or by any board officer, or commissioner not within a department. He shall keep the City Council at all times advised as to the financial needs and condition of the City. He shall from time to time make oral and written reports to the City Council of the condition and efficiency of the various departments of the City government under his direction and control. The Council may in its discretion cause such written reports to be published for the information of citizens. The City Manager shall perform such other duties as may be prescribed by this Charter, or be required of him by ordinance or resolution of the City Council.

The City Manager shall not engage in political campaigns for elective office, nor attempt to influence the result of such campaigns, except by exercising his right to vote. Improper campaign activity as described herein by the City Manager shall be a cause for his immediate suspension or removal from office.

The City Council may delegate authority to the City Manager to purchase real property or interest in real property, provided:

(1) The purchase price of such real property or interest in real property shall not exceed one thousand dollars ($1,000); and

(2) The money for the purchase of such real property or interest in real property shall be available in the then current budget; and

(3) The City Manager, within forty-five (45) days following such purchase, shall submit to the City Council a written report setting forth the names of the persons from whom such property or property interest is purchased, a general description of the property or interest in property acquired, the purchase price paid therefor, and the intended use of such property or interest in property.

The City Council may authorize the City Manager to make, approve, award and execute any contract for the purchase of apparatus, supplies, materials or equipment on behalf of the City provided:

(1) The City Council shall have approved a sufficient appropriation therefor in the annual budget for the current fiscal year;

(2) Before any such contract is awarded, the City Manager shall comply with all applicable provisions of Article 8 of Chapter 143 of the North Carolina General Statutes; and

(3) The contract awarded shall not exceed ten thousand dollars ($10,000).

(4) The City Manager shall, within 45 days of the award of such contract, report such award to the City Council.

"Sec. 18. *Relations Between the City Council and the City Manager.*—Except for the purpose of inquiry, the Council and its members shall deal with the administrative service of the City solely through the City Manager hereinafter provided for, unless otherwise provided in this Charter. No member of the Council shall give orders to any of the subordinates of the City Manager either publicly or privately. Where this Charter gives to the City Manager the power to appoint or to employ persons in the administrative service of the City, neither the Council nor any of its members shall dictate the appointment or employment of any such person or persons, but the City Manager shall be left

free to exercise his own judgment in appointing or employing such person or persons.

"Sec. 19. *Investigations.*—The Council and the City Manager, or either of them, shall have power to make investigations as to City affairs and for that purpose to subpoena witnesses, administer oaths, and compel the production of books and papers.

Any person refusing or failing to attend, or to testify, or to produce such books and papers, may by summons issued by such Council or City Manager be summoned before the General Court of Justice by the Council or City Manager making such investigation, and, upon failure to give satisfactory explanation of such failure or refusal, he shall be guilty of a misdemeanor and may be fined a sum not exceeding one hundred dollars ($100.00), or imprisoned for a period not exceeding 30 days. Any person who shall give false testimony under oath at any such investigation shall be liable to prosecution for perjury.

"Sec. 20. *City Clerk.*—The City Council shall appoint a Clerk to be known as the City Clerk, who shall hold office at the pleasure of the City Council. He shall keep the records and minutes of the City Council, and perform such other duties as may be prescribed by this Charter or by the City Council.

The City Council is authorized and empowered to appoint or designate a person as acting City Clerk to perform the duties of the City Clerk during his or her absence or disability, and in the performance of such duties the acting City Clerk shall possess all of the legal authority and power of the City Clerk.

"Sec. 21. *City Attorney.*—The City Council shall appoint an attorney who shall be known as the City Attorney, who shall hold office at the pleasure of the City Council. The City Attorney shall be legal advisor to, and attorney and counsel for the City. He shall act as counsel for all officers of the City in matters relating to their official duties. The City Attorney shall appoint and suspend or remove all subordinate attorneys and other employees of the City Attorney's office.

In addition to the duties enumerated, he shall perform such other duties as may be required of him by the City Council.

"Sec. 22. *Collector of Revenue.*—The City Council shall appoint a Collector of Revenue who shall hold office at the pleasure of the City Council. In all other respects the Collector of Revenue shall be deemed a subordinate of the City Manager. Where the General Laws of North Carolina refer to duties and obligations of a Tax Collector, this reference shall be deemed, insofar as the City of Durham is concerned, to refer to the Collector of Revenue.

"ARTICLE 2. Policemen, Firemen and Public Safety Officers.

"Sec. 23. *Authority of City Manager.*—The City Manager shall appoint the Police Chief and the Fire Chief. All policemen, firemen and public safety officers are under the supervision and control of the City Manager. The City Manager shall prescribe the uniforms, badges and armaments for policemen, firemen and public safety officers. The City Council may by ordinance, prohibit the wearing of such uniforms and badges by unauthorized persons.

"Sec. 24. *Special Police.*—No person except as otherwise provided by General Law or by this Charter shall act as special police, special detective or other special police officer for any purpose whatsoever except upon written authority from the City Manager. Such authority, when conferred, shall be exercised only under the direction and control of the Chief of Police and for a specified time.

"Sec. 25. *Arrest Authority of Firemen.*—Persons exercising the duties of firemen shall have power, and are hereby authorized, to make arrests during fires for interference with or obstruction of their duties.

"Sec. 26. *Destruction of Hazardous Buildings.*—Whenever any building in the City shall be on fire, it shall be lawful for the Chief of the Fire Department to order and direct such building or any other building which he may deem hazardous and likely to communicate fire to other buildings, or any part of such buildings, to be pulled down or destroyed; and no action shall be maintained against the Chief or any person under his authority, or against the City therefor, except as hereinafter provided. But any person interested in the property so destroyed may within one year thereafter apply in writing to the Council to assess and pay the damages he has sustained. The Council may thereupon pay to the claimant such sum as may be agreed upon between him and the Council. No such claimant shall bring suit against the City for such damage unless he shall have first presented his claim in the manner prescribed by this section, and the City Council shall have declined to pay or settle the same, or for 10 days after such presentation shall have neglected to enter, or cause to be entered, upon its minutes its determination in regard thereto.

"Sec. 27. *Auxiliary Policemen and Firemen.*—The City Council is authorized to provide by ordinance for the organization, recruiting, training, equipping and appointing of auxiliary policemen and auxiliary firemen for the City, subject to the following conditions:

(a) Auxiliary policemen and firemen duly appointed by the proper authorities of the City shall, while training and while performing duties on behalf of the City incidental to their appointment, be entitled to the benefits of Chapter 97 of the General Statutes of North Carolina, designated 'Workmen's Compensation Act,' to the same extent that regular employees of the City are entitled to the benefits of the Act. For the purposes of determining the basis for Workmen's Compensation payments to auxiliary policemen such payments shall be based upon the entrance salary of a regular police patrolman of the City at the time of injury to an auxiliary policeman. For the purpose of determining the basis for Workmen's Compensation payments to auxiliary firemen such payments shall be based upon the entrance salary of a regular fireman of the City at the time of injury to an auxiliary fireman.

(b) Auxiliary policemen and firemen, appointed pursuant to this authority, shall not be entitled to pay for their services unless called into active duty by the City Council because of emergency, in which event they may receive such compensation for their services as shall be fixed by ordinance adopted by the City Council. Auxiliary policemen and firemen shall not be entitled to any of the benefits provided for regular employees of the City, except Workmen's Compensation as set out in this section; provided, that this subsection shall not in any manner affect the rights of any person to benefits provided by the State of North Carolina or by Act of Congress for civilian defense workers or auxiliary policemen or firemen.

(c) The City shall be entitled to the same immunities with respect to the action of auxiliary policemen and auxiliary firemen in the performance of their duties, while training or otherwise, that it is entitled to with respect to the action of the regular policemen and firemen of the City in the performance of their duties.

"Sec. 28. *Political Campaign Activity Prohibited.*—Policemen, firemen and public safety officers shall not engage in political campaigns for elective office, nor attempt to influence the result of such campaigns, except by exercise of the right to vote.

(g) Lighting improvements, which include the construction of street lighting systems, consisting of ornamental lights or of lights of greater strength, or lights placed at more frequent intervals, or both, than is ordinarily provided by the City making the improvement for streets of such character at public expense.

(h) Water front improvements, which embrace the construction of boardwalks, bulkheads, seawalls and other retaining walls along a bay, river, canal or lake, with necessary fills and dredging, and may embrace the acquisition by purchase, condemnation or otherwise of land, rights and easements therefor.

(i) Opening, clearing, grading, drainage, and otherwise improving streets, avenues and alleys dedicated for public use by a recorded map or plat.

(5) The power of the City to make the local improvements embraced in this section shall be exercised only upon petition as set out in subsection seven of this section, except in those cases covered by subsection eight of this section, in which cases such power may be exercised without petition. The provisions of this section shall not be construed to limit authority granted elsewhere in this Charter or by general or special law to make special assessments for local improvements without the filing of a petition as provided in this section.

(6) Any petition to the City Council for the making of the local improvements authorized by this section may embrace any one or more of the classes of local improvements named in subsection four, and may embrace improvements to be made on or in one or more streets; provided, any improvement to be made on or in more than one street shall be practically uniform in cost and kind throughout the improvement.

(7) The petition for any one or more of such local improvements shall designate by a general description the improvement or improvements proposed, and shall request that the same be made in conformity with the provisions of this section and that such proportion of the cost of each of such improvements as may be specified in the petition be specially assessed against the property abutting on the street or streets or part thereof in which or on which such improvements are proposed to be made. The petition shall be signed by at least a majority in number of the owners, which majority must own at least a majority of all the lineal feet of frontage, of the lands abutting upon the street or streets or part of a street or streets proposed to be improved, excluding street intersections, and for the purpose of the petition, all the owners of undivided interests in any land shall be deemed and treated as one person and such land shall be sufficiently signed for when the petition is signed by the owner or owners of a majority in amount of such undivided interests; provided, that for the purpose of this subsection the word "owners" shall be considered to mean the owners of any life estate, of an estate by entirety, or of the estate of inheritance, and shall not include mortgagees, trustees of a naked trust, trustees under deeds of trust to secure the payment of money, lienholders, or persons having the inchoate rights of a surviving spouse. Upon the filing of such petition with the City Council, the clerk, or other person designated by the Council, shall investigate the sufficiency of the petition, and if it is found to be sufficient, he shall certify the same to the Council.

(8) Whenever in the judgment of the City Council any street or part of a street is unsafe and dangerous, or whenever the paving or repaving of any street or part thereof is necessary in order to connect streets already paved, or whenever the paving of any street is necessary in order to connect any paved portion of any city streets with a paved highway outside the corporate limits of the City, or whenever the paving of any street or part thereof is necessary to provide a paved approach to any railroad underpass or overpass or other bridge, or whenever any paved street or part thereof has been widened, if in such case, in the opinion of the City Council, public interest requires that the improvement

be made, and if, in the opinion of the Council, the abutting property will be benefited by the improvement to the extent of the part of the cost thereof to be assessed against such abutting property, the Council may without petition of the property owners order the making of such improvement. Whenever any such improvement is ordered made by authority of this subsection, the ordering of the paving of any street or part thereof may include the necessary water main and sewer improvements and the necessary water and sewer laterals, and it may, but need not, include the construction of sidewalks on one or both sides of the street.

(9) Upon the finding by the City Council that the petition for a local improvement or improvements is sufficient, or when it is proposed to make without petition any improvement or improvements authorized to be made without petition by subsection eight of this section, the Council shall adopt a resolution which shall contain substantially the following:

(a) That a sufficient petition has been filed for the making of the improvement or improvements; or, if it is proposed to make the improvement or improvements without petition, a statement of the reasons proposed for the making thereof;

(b) A brief description of the proposed improvement or improvements;

(c) The proportion of the cost of the improvement or improvements to be specially assessed and the terms of payment;

(d) A notice of the time and place, when and where a public hearing will be held on the proposed improvement or improvements. (The time fixed for such public hearing shall be such as to allow of notice being given thereof not less than ten days' prior thereto.);

(e) A notice that all objections to the legality of the making of the proposed improvement or improvements shall be made in writing, signed in person or by attorney, and filed with the clerk of the City at or before the time of the hearing and that any such objections not so made will be waived.

At least 10 days prior to the date fixed for the hearing, the City Council shall cause a notice to be published at least one time in a newspaper of general circulation in the City. The notice shall contain the information described in paragraphs (a) through (e) of this subsection (9).

(10) At the time for the public hearing, or at some subsequent time to which such hearing shall be adjourned, the City Council shall consider such objections to the legality of the making of the improvement or improvements as have been made in compliance with paragraph (e) of the preceding subsection, together with such objections as may be made to the policy or expediency of the making of the improvement or improvements; and the Council shall thereafter determine whether it will order the making of the improvement or improvements. Any objection against the legality of the making of the improvement or improvements not made in writing, signed in person or by attorney, and filed with the clerk of the City at or before the time or adjourned time of such hearing shall be considered as waived; and if any such objection shall be made and shall not be sustained by the Council, the adoption of the resolution ordering the making of the improvement or improvements, as provided in the next following subsection, shall be the final adjudication of the issues presented, unless within ten days after the adoption of such resolution proper steps shall be taken in a court of competent jurisdiction to secure relief.

(11) After such public hearing, if the City Council determines to make the improvement or improvements proposed, the Council shall adopt a resolution which shall contain:

(a) If the improvement or improvements are to be made by virtue of a petition, a finding by the Council as to the sufficiency of the petition. (The finding of the Council as to the sufficiency of the petition shall be final and conclusive.) If the improvement or improvements are to be made without petition by virtue of the authority contained in subsection eight of this section, a finding by the Council of such facts as are required by the subsection in order to authorize the Council to order the improvement or improvements made without petition;

(b) A general description of the improvement or improvements to be made and the designation of the street or streets or parts thereof where the work is to be done;

(c) If the improvement directed to be made is the paving of a street or part thereof wherein a street railway or railroad company has tracks, a direction that the company pave that part of the street occupied by its tracks, such part to include the space between the tracks, the rails of the tracks, and 18 inches in width outside such tracks, with such material and in such manner as the Council may prescribe, and that unless such paving shall be completed on or before a day specified in the resolution, the Council will cause the same to be done; provided, however, that where any such company shall occupy such street or streets under a franchise or contract which otherwise provides, such franchise or contract shall not be affected by this section, except in so far as may be consistent with the provisions of such franchise or contract;

(d) If the improvement directed to be made includes the construction of water mains or sewers, and in order to provide such mains or sewers in the street or streets to be improved it is necessary to extend the same beyond the limits of such street or streets, the resolution shall contain a provision for the necessary extension of such mains or sewers and a further provision that the cost of such extension shall eventually be assessed against the lots or parcels of land abutting on the street or streets in which such extensions are made but that such assessment shall not be made until such time as the Council shall thereafter determine;

(e) If the improvement directed to be made is the paving of a street or part thereof, or the construction of sidewalks, the resolution may, but need not, contain a direction that the owner of each lot abutting on the part of the street to be improved, connect his lot by means of laterals with water mains, gas or sewer pipes, or any one or more thereof, located in the street adjacent to his premises in accordance with the requirements of the City governing the laying of such laterals, and that unless such owners cause such laterals to be laid on or before a date specified in the resolution, such date to be not less than 30 days after the date of the resolution, the Council will cause the same to be laid;

(f) A designation of the proportion of the cost of the improvement or improvements to be assessed against abutting property, and of the number of equal annual installments in which assessments may be paid. The resolution after its passage shall be published at least once in some newspaper published in the City, or, if there be no such newspaper, the resolution shall be posted in three public places in the City for at least five days.

(12) The City Council shall have power to determine the character and type of construction and of material to be used and to determine any other details of plan or construction necessary to be determined in making any of the improvements authorized by this section and to determine whether any work to be done by the City shall be done by contract or by forces of the City. The Council shall have power also subject to the provisions of subsection 11, paragraph (e) of this section to determine the number of water, sewer and gas laterals that shall be laid to any lot on any street to be improved. If the work or any part thereof is to be done by contract, the City may let all of the work in one contract, or it may divide the same into several contracts, and may let the contracts separately. In any case where part of a street is required to be paved by a street railway or railroad company as provided in the next preceding subsection, the City may, in the discretion of the Council, contract with the street railway or railroad company for the paving, or work incidental thereto, or both, and the cost of the paving or work incidental thereto, or both, as fixed by the contract shall constitute a lien on the franchises and other property of such street railway or railroad company.

(13) Upon the completion of the improvement or improvements to be made by the resolution, the City Council shall ascertain the total cost thereof. In addition to other items of cost, there shall be included in such total cost the cost of all necessary legal services, the amount of damages paid or to be paid for injury to property by reason of any change of grade or drainage, including court costs and other expenses incidental to the determination of such damages, and the cost of retaining walls, sidewalks or fences built or altered in lieu of cash payment for such property damage, including the cost of moving or altering any building. In determining the cost of any street lighting improvement, the Council shall ascertain the excess of cost of construction of the system of lighting over and above the cost of construction of such system of lighting as the City provides at public expense for streets of the same kind, and such excess shall be considered the cost thereof. In determining the cost of any of the improvements authorized by this section, the Council shall include therein the interest paid on the cost of the improvement during the period of construction. The determination of the Council as to the total cost of any improvement shall be conclusive.

(14) Having determined such total cost, the City Council shall thereupon make a preliminary assessment as hereinafter set out in this section. Such preliminary assessment shall, however, be advisory only, and shall be subject to the action of the Council thereon as hereinafter set out in subsection 17 of this section. The preliminary assessment shall be made on the basis hereinafter set out in this subsection for the classes of improvements indicated; provided, that if the petition, or the resolution, in those cases where the improvement was ordered made without petition, specified that there should be specially assessed against the abutting property a smaller proportion of the cost of any improvement than is hereinafter specified in this section, then there shall be assessed against the abutting property only such proportion of the cost of the improvement as was specified in the petition or in the resolution.

(a) Street paving. The total cost of any street paving improvement, exclusive of so much of the cost as is incurred at street intersections and the share of street railways or railroads, shall be specially assessed against the lots and parcels of land abutting directly on the street paved, according to the extent

of their respective frontages thereon, by an equal rate per foot of such frontage. The cost of that part of the paving required to be borne by a street railway or railroad, which paving is done by the City after default by the street railway in making the same, as hereinbefore provided in this section, or which is done by the City by contract with the railway or railroad as provided in subsection 12 of this section, shall be assessed against the street railway or railroad, and the assessment shall be a lien on all of the franchises and property of the street railway or railroad company, and may be collected by sale of such property and franchises as is provided in subsection 23 of this section; Provided, further, that in case of a corner lot, used as a single lot, the Council may provide by ordinance for the City to bear a part of the cost of paving in accordance with the following formula, the amounts or distances therein shown being maximum amounts or distances which may be reduced by the ordinance:

(1) In the event that neither of the streets abutting a corner lot, used as a single lot, has ever been paved, such lot shall be exempt from assessment for the paving improvement along side of such lot to the extent of 20 per cent of the first 150 feet thereof or 30 feet, whichever is less. Thereafter, upon the paving of the intersecting street on which such lot abuts, such lot shall be exempt from assessment for the paving of the street to the extent of 50 per cent of the frontage on such street or 30 feet, whichever is less.

(2) In the event that the street along side of a corner lot, used as a single lot, is paved and the intersecting street is to be paved, such lot shall be exempt from assessment for the paving of the intersecting street to the extent of 50 per cent of the frontage thereon or 30 feet, whichever is less.

(3) In the event a street in front of a corner lot, used as a single lot, has been paved and the street along side of such lot is to be paved, the lot shall be exempt from assessment for the paving improvement along side of such lot to the extent of 40 per cent of the frontage on such street or 60 feet, whichever is less.

The exemption herein provided shall apply only in areas zoned for residential use or for apartments, and such portion of the cost of construction as would otherwise be assessed against such corner lot shall be borne by the City;

(b) Sidewalks. The total cost of constructing or reconstructing sidewalks shall be assessed against the lots and parcels of land abutting on that side of the street upon which the improvement is made, according to their respective frontages thereon by an equal rate per foot of such frontage, the lots within a block being deemed to abut upon a sidewalk although the latter extends beyond the lots to the curb line of an intersecting street; Provided, further, that in case of a corner lot, used as a single lot, the Council may provide by ordinance for the City to bear a part of the cost of sidewalk improvements in accordance with the following formula, the amounts or distances therein shown being maximum amounts or distances which may be reduced by the ordinance:

(1) In the event that neither of the streets abutting a corner lot, used as a single lot, has sidewalks, such lot shall be exempt from assessment for the sidewalk improvement along side of such lot to the extent of 20 per cent of the first 150 feet thereof or 30 feet, whichever is less. Thereafter, upon the construction of sidewalks on the intersecting street, on which such lot abuts, such lot shall be exempt from assessment for the sidewalk improvement on the street to the extent of 50 per cent of the frontage on such street or 30 feet, whichever is less.

(2) In the event that the street along side of a corner lot, used as a single lot, has sidewalks and sidewalks are constructed on the intersecting street, such lot shall be exempt from assessment for the sidewalks on the intersecting street to the extent of 50 per cent of the frontage thereon or 30 feet, whichever is less.

(3) In the event a street in front of a corner lot, used as a single lot, has sidewalks and sidewalks are to be constructed on the intersecting street, the lot shall be exempt from assessment for the sidewalk improvement along side of such lot to the extent of 40 per cent of the frontage thereon or 60 feet, whichever is less.

The exemptions herein provided shall apply only in areas zoned for residential use or for apartments, and such portion of the cost of construction as would otherwise be assessed against such corner lot shall be borne by the City;

(c) Water mains and sewers. In the case of water mains and storm and sanitary sewers, the cost of not exceeding an eight-inch water or sanitary sewer main and of not exceeding a thirty-inch storm sewer main and of such portion of the mains as lie within the limits of the street or streets, or parts thereof, to be improved as provided in the petition or resolution ordering the same, shall be assessed against the abutting property. Such cost shall be assessed against the lots and parcels of land abutting on the street or streets, or parts thereof, according to their respective frontages thereon (i.e., the entire frontage benefited by the water or sanitary sewer project) by an equal rate per foot of such frontage; provided, that in case of a corner lot, used as a single lot, where there is a water main or sewer already laid on the intersecting street on which the lot abuts and by which the lot is or can be served, no assessment shall be made against the lot for the second water main or sewer for any part of the frontage of the lot except that portion in excess of 150 feet if the lot is in a residential section of the City, or in excess of 100 feet if the lot is in a business section of the City, and in such case the portion of the cost as would otherwise be assessed against the lot shall be borne by the City; provided further, that if a water or sanitary sewer main in excess of eight inches in size or a storm sewer main in excess of thirty inches in size is laid in the portion of the street or streets, then the cost of the water or sanitary sewer main in excess of the cost of an eight-inch main and the cost of the storm sewer main in excess of a thirty-inch main shall be borne by the City, provided further, that if the resolution ordered the construction of any septic tank or disposal plant, no part of the cost of the same shall be specially assessed; provided further, that if the resolution ordered the construction of any pumping station, force main or sanitary sewer outfall, the cost thereof may be assessed against the lots and parcels of land abutting on the street or streets, or parts thereof, according to their respective frontages thereon (i.e., the entire frontage benefited by such pumping station, force main or sanitary sewer outfall) by an equal rate per front foot of such frontage; provided, however, in the case of a corner lot, used as a single lot, where there is a sewer already laid on the intersecting street on which the lot abuts and by which the lot is or can be served, no assessment shall be made against the lot for the costs of any pumping station, force main or sanitary sewer outfall incident to the second sewer for any part of the frontage of the lot except that portion in excess of 150 feet if the lot is in a residential section, or in excess of 100 feet if the lot is in a business section, and in such case the portion of the cost as would otherwise be assessed against the lot shall be borne by the City. Nothing contained herein shall be construed to limit the right of the City to

contract with any property owner or owners for the construction of any pumping station, outfall, septic tank or disposal plant or for the construction of water mains or storm or sanitary sewers and for the assessment of the cost thereof according to the terms of such contract;

(d) Water and Sewer Laterals. The entire cost of each water and sewer lateral required to be laid by the owner of the property for or in connection with which such lateral is laid, but laid by the City after default by the property owner in making the same as hereinbefore provided, shall be specially charged against the particular lot or parcel of land for or in connection with which it was made;

(e) Water Mains and Sewers and Laterals; Flat Rate Assessment. In lieu of assessing each water and sanitary sewer improvement project on the basis of the cost of that particular project, the City Council shall have authority to establish flat rates per frontage foot for the assessment of property abutting water and sewer improvement projects, based on the average cost of constructing 8-inch water mains and 8-inch sanitary sewer mains in the City, and shall also have authority to establish flat rates for the assessment of property abutting the installation of water and sanitary sewer laterals, based on the average cost of installing such laterals in the City. The Council may then assess property abutting water and sanitary sewer improvement projects on the basis of the flat rates so established, subject to the right of any nonpetitioning property owner to have the assessment against his property adjusted as provided by law upon a showing that his property has not been benefited to the extent of the assessment;

(f) Grass plots. The entire cost of grading or otherwise improving, or of planting, the grass plots in any street or part thereof, shall be assessed against the lots and parcels of land abutting on the street or part thereof wherein or whereon such improvements are made by an equal rate per front foot of such frontage; provided, that this subsection shall be construed to mean that when a grass plot in any street is graded or planted or otherwise improved, the cost thereof shall be assessed against all of the property abutting on the street within the block where such grass plot is located;

(g) Lighting improvements. The cost of any lighting improvement, such cost being determined as provided in subsection thirteen of this section, shall be specially assessed against the lots and parcels of land abutting directly on the street or streets, or part thereof, where such improvement is made, according to their respective frontage thereon by an equal rate per foot of such frontage;

(h) Water front improvements. The cost of any water front improvement shall be specially assessed against the lots and parcels of land abutting on the improvement according to their respective frontages thereon by an equal rate per foot of such frontage.

(15) For the purpose of assessment, the City Council shall cause to be prepared a preliminary assessment roll, on which shall be entered a brief description of each lot or parcel of land assessed, the amount assessed against each such lot as determined under the provisions of the next preceding subsection, and the name or names of the owner or owners of each such lot, as far as the same can be ascertained; provided, that a general plan map of the improvement or improvements on which is shown the frontage and location of each lot on the street improved, together with the amount assessed against each such lot and the name or names of the owner or owners thereof, as far as the

same can be ascertained, shall be a sufficient assessment roll. If the resolution directed the making of more than one improvement, a single preliminary assessment roll for all of the improvements authorized by such resolution shall be sufficient, but the cost of each improvement to each lot affected shall be shown separately.

(16) After such preliminary assessment roll has been completed, the City Council shall cause it to be filed in the office of the City Clerk for inspection by parties interested, and shall cause to be published one time, in some newspaper published in the City, or if there be no such newspaper the Council shall cause to be posted in three public places in the City, a notice of the completion of the assessment roll, setting forth a description in general terms of the local improvement or improvements, and stating the time fixed for the meeting of the Council for the hearing of objections to the special assessments, such meeting to be not earlier than ten days after the first publication or from the date of posting of such notice. Any number of assessment rolls may be included in one notice. The Council shall publish in the notice the amount of each assessment.

(17) At the time appointed for that purpose or at some other time to which it may adjourn, the City Council shall hear the objections to the preliminary assessment roll of all persons interested, who may appear and offer proof in relation thereto. Then or thereafter, the Council shall either annul or sustain or modify in whole or in part the prima facie assessment as indicated on the roll, either by confirming the prima facie assessment against any or all lots or parcels described therein, or by cancelling, increasing or reducing the same according to the special benefits which the Council decides each of the lots or parcels has received or will receive on account of such improvement, except that assessments against railroads made because of contract or franchise obligations to pay a portion of cost shall be in accordance with such obligations. If any property which may be chargeable under this section shall have been omitted from the preliminary roll or if the prima facie assessment has not been made against it, the Council may place on the roll an apportionment to such property. The Council may thereupon confirm the roll, but shall not confirm any assessment in excess of the special benefits to the property assessed and the assessments so confirmed shall be in proportion to the special benefits, except as hereinabove provided in the case of franchise obligations of railroads. Whenever the Council shall confirm an assessment for a local improvement, the City Clerk shall enter on the minutes and on the assessment roll, the date, hour, and minute of such confirmation, and from the time of such confirmation the assessments embraced in the assessment roll shall be a lien on the property against which the same are assessed of the same nature and to the same extent as county and City taxes and superior to all other liens and encumbrances. After the assessment roll is confirmed a copy of the same shall be delivered to the collector of revenue of the City.

(18) If the owner of, or any person interested in, any lot or parcel of land against which an assessment is made is dissatisfied with the amount of such assessment he may, within ten days after the confirmation of the assessment roll, give written notice to the mayor or clerk of the City that he takes an appeal to the Superior Court of Durham County, in which case he shall within twenty days after the confirmation of the assessment roll serve on the Mayor or Clerk a statement of facts upon which he bases his appeal. The appeal shall be tried as other actions at law. The remedy herein provided for any person dissatisfied

with the amount of the assessment against any property of which he is the owner or in which he is interested shall be exclusive.

(19) If it shall be made to appear to the City Council after confirmation of any assessment roll that any error has been made therein, then the Council shall cause to be published one time in some newspaper published in the City, or if there be no such newspaper the Council shall cause to be posted at three public places in the City, a notice referring to the assessment roll in which such error was made, naming the owner or owners of the lot or parcel of land with respect to which such error was made, if the same can be ascertained, and naming the time and place fixed for the meeting of the Council for the correction of the error, such meeting not to be earlier than ten days from the publication or from the date of the posting of the notice. At the time fixed in the notice or at some subsequent time to which the Council may adjourn, the Council, after giving the owner or owners of the property affected and other persons interested therein an opportunity to be heard, may proceed to correct the error, and the assessment then made shall have the same force and effect as if it had originally been properly made.

(20) The City Council shall have the power, when in its judgment there is any irregularity, omission, error or lack of jurisdiction in any of the proceedings relating thereto, to set aside the whole of the local assessment made by it, and thereupon to make a reassessment. In such case there shall be included, as a part of the cost of the public improvement involved, all interest paid or accrued on notes or certificates of indebtedness, or bonds issued by the City to pay the expenses of such improvement. The proceeding shall, as far as practicable, be in all respects as in the case of original assessments, and the reassessment shall have the same force as if it had originally been properly made.

(21) After the expiration of twenty days from the confirmation of the assessment roll, the Collector of Revenue, or such other officer of the City as the Council may direct so to do, shall cause to be published one time in some newspaper published in the City, or if there be no such newspaper, shall cause to be posted at three public places in the City, a notice that any assessment contained in the assessment roll, naming and describing it, may be paid to him at any time before the expiration of thirty days from the date of publication or posting of the notice, without interest from the date of confirmation of the assessment roll, but that if the assessment is not paid in full within this time, all installments thereof shall bear interest at a rate fixed by the City Council of not more than eight per centum per annum from the date of confirmation of the assessment roll.

(22) The property owner or street railway or railroad hereinbefore mentioned in this section shall have an option and privilege of paying for the improvements hereinbefore provided in cash as provided in the preceding subsection or in not less than twelve equal monthly installments nor more than ten equal annual installments as may have been determined by the original resolution ordering the improvement or improvements. Nothing in this subsection shall preclude the payment of assessments in advance of the maturity or installment schedule affixed by the City Council. If paid in installments, such installments shall bear interest at a rate fixed by the City Council of not more than eight per centum per annum from the date of the confirmation of the assessment roll. If any assessment is not paid in cash, the first installment thereof with interest thereon shall become due and payable thirty days after the

publication or posting of the notice required by the preceding subsection and one subsequent installment and interest thereon shall be due and payable on the same day of the same month in each successive year until the assessment is paid in full; provided, however, that if the Council shall so direct such installments shall become due and payable on the same date when property taxes of the City are due and payable. If any installment with interest thereon is not paid when due, it shall be subject to the same penalties as are now prescribed by law for unpaid taxes, in addition to the interest herein provided for. The whole assessment may be paid at any time by the payment of the full amount due with accrued interest.

(23) In case of the failure of any property owner or street railway or railroad company to pay any installment when the same shall become due and payable, then and in that event all of the installments remaining unpaid shall immediately become due and payable, and the property and franchises may be sold by the City under the same rules, regulations, rights of redemption and savings as are now prescribed by law for the sale of land for unpaid taxes. Collection of such assessments with interest and penalties, may also be made by the City by proceedings to foreclose the lien of assessments as a lien for mortgages is or may be foreclosed under the laws of the State, and it shall be lawful to join in any bill for foreclosure any one or more lots or parcels of land, by whomsoever owned, if assessed for an improvement ordered by the same resolution. After default in the payment of any installment, the payment of the installment, together with interest and penalties due thereon, before the lot or parcel of land, against which the same is a lien, is sold or the lien is foreclosed as hereinbefore provided, shall bar the right of the City to sell the land or to foreclose the lien thereon by reason of the default.

(24) If the resolution ordering the making of any improvement or improvements included a provision for any necessary extension of a water main or sewer or sewers, as provided in subsection eleven, paragraph (d), of this section, at such time after the completion of the extension or extensions as, in the judgment of the City Council, circumstances justify the assessment of the cost thereof, the Council shall cause a preliminary assessment to be made as provided in subsection fourteen, paragraph (c), of this section, and the procedure thereafter to be followed with respect to such assessment and the force and effect thereof shall be as already prescribed in this section.

(25) After any lighting improvement is made as provided in this section, the City is hereby authorized, as long as the lighting system shall be maintained, to make an annual assessment against the lands assessed with the original cost of the improvement sufficient to cover the excess of actual cost of maintenance and operation of the lighting system over and above the cost of maintenance and operation of such system of lighting as the City provides at public expense for streets of the same character as that whereon the lighting improvement is made. To that end the City Council shall cause to be prepared a preliminary assessment which shall, as far as practicable, conform to the requirements of subsection fourteen, paragraph (g), of this section; and the procedure thereafter to be followed with respect to such assessment and the force and effect thereof shall be as already prescribed in this section.

(26) When any special assessment has been made against any property for any improvement authorized by this section, and it is desirable that the assessment be apportioned among subdivisions of the property, the City Council shall have

authority, upon petition of the owner of the property, to apportion the assessment fairly among the subdivisions. Thereafter, each of the subdivisions shall be relieved of any part of such original assessment except the part thereof apportioned to the subdivision and the part of the original assessment apportioned to any such subdivision shall be of the same force and effect as the original assessment. The provisions of this subsection shall not be construed to limit authority granted elsewhere in this Charter or by general or special law to apportion assessments among subdivisions of property without requiring a petition from or the consent of the owners of such property.

(27) No change of ownership of any property or interest therein after the passage of a resolution ordering the making of any improvement authorized by this section shall in any manner affect subsequent proceedings, and such improvement may be completed and assessments made therefor as if there had been no change in such ownership.

(28) No lands in the City shall be exempt from special assessment as provided in this section except lands belonging to the United States; and the City Council and the officers, trustees or boards of all incorporated or unincorporated bodies in whom is vested the right to hold and dispose of real property shall have the right by authority duly given to sign the petition for any local improvement authorized by this section. Provided, however, that assessments against land owned by the State of North Carolina are controlled by the provisions of G.S. 160A-221. Provided further, that, except as provided by this section, assessments against railroads are controlled by the provisions of G.S. 160A-222.

(29) All proceedings for special assessment under the provisions of this section shall be regarded as proceedings *in rem*, and no mistake or omission as to the name of any owner or person interested in any lot or parcel of land affected thereby shall be regarded a substantial mistake or omission.

"Sec. 78. *Assessments for Local Improvements without Petition.*—(1) Supplemental to and independent of the powers and authority heretofore or hereafter granted the City by the General Assembly, the City Council is authorized and empowered without the necessity of having a petition filed by the owners of abutting property, to construct and install or contract for the construction and installation of paving, repaving, macadamizing, and remacadamizing of any of the public streets, sidewalks, and alleys, and the construction, reconstruction and altering of curbs, gutters, and drains in any of the public streets and alleys, and the construction and installation of sanitary sewers, water mains, and sanitary sewer and water laterals in any of such public streets and alleys, and specially assess the entire cost of such construction and installation, except the part thereof as is incurred at street intersections, against the property abutting upon the street or alley or streets or alleys which are so improved.

The City Council is further authorized and empowered without the necessity of having a petition filed with it, to open, clear, grade, construct drainage and otherwise improve streets, avenues, and alleys which have been dedicated to public use by making and recording in the office of the register of deeds a map or plat designating such streets, avenues or alleys thereon, and to specially assess the entire cost of such opening, clearing, grading, construction of drainage and other improvements to such streets, avenues or alleys against the property abutting upon such streets, avenues or alleys so opened and improved.

The City Council may specially assess less than the total cost against the abutting property if it should determine by resolution that it would be inequitable to specially assess the entire cost thereof; and in determining whether it would be inequitable, the City Council is authorized to take into consideration the location, width, use and general importance of such street or alley as it relates to the public welfare, safety, health, and convenience.

(2) When it is proposed to make without petition any improvement or improvements described in subsection (1) hereof, the City Council shall adopt a resolution which shall contain substantially the following:

(a) That this proceeding is taken under and will be governed by the provisions of this Charter (stating the number of the Chapter and Section);

(b) A statement of the reasons proposed for the making thereof;

(c) A brief description of the proposed improvement or improvements;

(d) The proportion of the cost of the improvement or improvements to be specially assessed and the terms of payment;

(e) A notice of the time and place when and where a public hearing will be held on the proposed improvement or improvements. (The time fixed for the public hearing shall be such as to allow of notice being given thereof not less than ten days prior thereto.);

(f) A notice that all objections to the legality of the making of the proposed improvement or improvements shall be made in writing, signed in person or by attorney, and filed with the City Clerk at or before the time of such hearing, and that any such objections not so made will be waived.

The resolution shall be published one time in a newspaper published in the City, the date of publication to be not less than ten days prior to the date fixed for the hearing.

(3) In the event the City Council elects to proceed under this section to make local improvements and specially assess the cost thereof against abutting property without the filing of a petition therefor, as is authorized by this section, and does adopt the resolution provided for in subsection (2), then and in such event, the procedure applicable to such proceedings from that point to the final completion of the improvement, the final confirmation of the assessment roll, and the remedies available, shall be as particularly set forth and provided in subsections (10), (11), (12), (13), (14), (15), (16), (17), (18), (19), (20), (21), (22), (23), (24), (26), (27), (28), and (29) of Section 77 of this Charter.

(4) When electing to make local improvements and specially assess the cost thereof upon abutting property, without petition therefor, as authorized by this section, the City Council shall specially state in the resolution adopted as provided in subsection (2) hereof that it is proceeding under and by virtue of the provisions of this section of the City Charter.

"Sec. 79. *Apportionment of Assessments Among Lots in Subdivisions.*— (1) In any case where one or more special assessments shall have been made against any property for any local improvement or improvements authorized by General or Special Law, and the property shall thereafter be subdivided or about to be subdivided and it is, therefore, desirable that the assessment or assessments be apportioned among the subdivision of such property, the City Council may, without requiring any petition or consent from the property owners or other persons affected thereby, apportion the assessment or assessments, or the total thereof, fairly among such subdivisions, as same are benefited by the improvement and release such subdivisions, if any, as in the opinion of the City

Council are not benefited by the improvement. Upon the making of such a reapportionment and reallocation, each of the subdivisions shall be relieved of any part of the original assessment or assessments except the part thereof apportioned to a specific lot, parcel, or subdivision, and the part of the original assessment or assessments apportioned to any such lot, parcel, or subdivision shall be of the same force and effect as to such lot, parcel, or subdivision to the extent of the amount and interest thereon apportioned to the lot, parcel, or subdivision as the original assessment or assessments were prior to the making of such reapportionment. The making of such an apportionment by the City Council shall be by resolution, which resolution shall set forth the manner and extent of the reapportionment with sufficient clarity to enable the office of the City Collector of Revenue to correctly and accurately reflect such reapportionment upon the records of the assessment account or accounts in his office. Such reapportionment or reassessment may include past due installments of principal, interest, and penalty, if any, as well as assessments not then due, and the remaining installments shall fall due.

(2) When it is proposed to make a reapportionment of such assessments as authorized by this section, the City Council shall adopt a preliminary resolution which shall contain substantially the following:

(a) A brief description or statement of the location of the property affected;

(b) The total principal amount of the assessments involved in the proposed reapportionment, together with a brief statement showing the date of confirmation and the kind and character of the assessments.

(c) A notice of the time and place when and where a public hearing will be held on the question of making a reapportionment or reassessment of the assessments, and the extent thereof. (The time fixed for the public hearing shall be such as to allow of notice being given thereof not less than two weeks prior thereto).

The resolution shall be published once a week for two successive weeks in some newspaper published in Durham County, the first publication to be at least two weeks prior to the public hearing. At the time for the public hearing, or at some subsequent time to which the hearing shall be adjourned, the City Council shall consider all objections which may be made to the making of such reapportionment, and shall thereafter determine whether it will make the reapportionment and the manner and extent to which the reapportionment of assessments will be made. The final decision of the City Council shall be in the form of a resolution making the apportionment, which resolution shall set forth all of the facts and pertinent provisions mentioned and required by subsection (1) of this section.

"Sec. 80. *Condemnation and Assessment Authority Outside the Corporate Limits.*—Supplemental to and independent of any other power and authority possessed by the City, the City Council shall have the right and power to acquire rights-of-way, easements, and other property outside its corporate boundaries in the exercise of the power of eminent domain in the same way and under the same authority and procedures as it has the power to acquire such rights-of-way, easements and property inside the corporate boundaries, provided that nothing herein shall be construed to enlarge the power of the City to condemn property already devoted to public use. The City Council shall also have the power and authority, in the extension, installation, construction, operation, and

maintenance of its water and sewerage facilities outside of its corporate boundaries to serve the area inside or outside of its corporate boundaries, to create water and/or sewer benefit assessment districts and to specially assess the cost of such water or sewer installations or construction against the property in such benefit assessment districts on the basis of the front foot rule, the benefits derived or to be derived by the property in such assessment districts, or some other equitable method promulgated and established by the City Council in the exercise of its sound legislative discretion.

"Sec. 81. *Additional Assessment Authority.*—In exercising the authority granted under Article 16 of Chapter 160A of the North Carolina General Statutes to extend and operate public enterprises outside its corporate limits, the City Council may specially assess all, or part, of the costs of constructing, reconstructing, extending, building or improving water supply and distribution systems or sewage collection and disposal systems or both such systems, or any part thereof, outside the corporate limits of the City against property benefited therefrom; provided, however, no special assessment shall be levied until a petition which meets the requirements set forth in Section 77, subsection (7) of this Charter has been submitted to the City by the owners of the property affected. Special assessments levied pursuant to this section shall be levied and collected in the same way and under the same authority and procedures as special assessments levied and collected by the City upon property within the corporate limits.

"Sec. 82. *Lien Affixed for Water and Sewer Service.*—(1) In addition to any other powers and authority heretofore granted by General Law, local act or this Charter, the City Council is hereby authorized and empowered to provide water service or sewer service or both such services to property, within or without the corporate limits, abutting existing City water or sewer mains or the right-of-way thereof and affix a lien to the property for the cost of providing this service.

(2) The authority granted by this section shall be exercised only upon petition by the owner or owners of such abutting property. Such petition shall be upon a form approved by the City Council and shall contain:

(a) a description of the service or services requested, and

(b) a description of the property to be served, and

(c) the anticipated cost of furnishing such services, and

(d) the terms of payment by such property owner for the costs incurred by the City in furnishing such service, including but not limited to, the number of installments in which payment shall be made and the interest rate to be applied to any unpaid balance, and

(e) such other information as may be required by the City Council.

(3) The City Council may approve or deny any such petition submitted. If any such petition shall be approved by the City Council, the City Clerk shall mark upon the face of such petition such words as shall indicate such approval by the City Council, and the date and time of the approval.

(4) From and after approval of any petition submitted pursuant to this section, a lien in favor of the City shall exist upon the property described in such petition for the amount stated in such petition as the anticipated cost of furnishing such service. Such lien shall be inferior to all prior and subsequent federal, State and county tax liens of record but superior to all others. This lien may be collected by foreclosure in the same manner as provided by law for the foreclosure of liens for special assessments. Any foreclosure proceeding instituted

pursuant to this section shall be deemed a proceeding *in rem* and no mistake or omission as to the name of any owner or person interested in any lot or parcel of land affected thereby shall be regarded a substantial mistake or omission. No change of ownership shall affect any lien created pursuant to this section.

(5) Payment of the anticipated costs of providing service shall be as prescribed by the terms of the petition approved by the City Council. If any installment payment due and payable under the terms of the approved petition shall be unpaid for a period of 30 days or more, then all subsequent installment payments shall become due and payable and proceedings as set forth in subsection (4) herein may be instituted.

(6) If the City Council shall determine that the actual costs of furnishing the services provided for in any approved petition shall have exceeded the amount originally stated in such petition as the anticipated costs of providing such services, the City Council may, by resolution, amend the approved petition to set forth the correct cost. The City Council's determination of such actual cost shall be deemed conclusive. Upon amendment as provided by this subsection, the petition shall be deemed effective as if originally submitted with the amended cost set forth therein. The City Council may provide for payment of any such increased amended cost, by increasing the amounts of any unpaid installments due under the original approved petition. A copy of any resolution enacted pursuant to this subsection shall be mailed or personally delivered to the owner or owners of such property at their last known address.

(7) Any petition approved by the City Council and any amendment thereof shall be filed in the office of the City Clerk. The City Clerk shall forward a copy of any such petition or amendment to the Collector of Revenue. The Collector of Revenue shall maintain a record of such approved petitions and amendments thereof and such records shall be available to public view during regular business hours.

(8) If the actual cost of providing the services requested in any approved petition shall be less than the costs set forth in such petition as anticipated costs, the City Council may order such excess deposited in the water and sewer fund of the City for the use of the City or may order such excess paid to the owner or owners of the property set forth in such petition as their respective interests may appear. Provided, however, any anticipated cost set forth in the approved petition which shall have been determined under any schedule of charges approved by the City Council shall, for the purpose of this section, be deemed the actual cost of providing such service.

"ARTICLE 8. Acquisition and Disposal of Property.

"Sec. 83. *Public Buildings.*—The City is authorized to erect, repair and alter all public buildings.

"Sec. 84. *Public Contracts.*—(1) The statutory amounts in G.S. 143-129, relating to the awarding of public contracts, are amended so that the City Council, in awarding public contracts for the purchase of apparatus, supplies, materials, or equipment, is subject to the provisions of G.S. 143-129 only when such purchase requires an estimated expenditure of public funds in an amount equal to or more than five thousand dollars ($5,000).

(2) The provisions of G.S. 143-129 are further amended to the end that the City Council may consider a bid, and award a contract on such bid, notwithstanding the fact that the required bid bond does not provide for double payment by the surety to the City.

"Sec. 85. *Purchase of Parts for Specialized Equipment.*—Purchase of parts, apparatus and materials necessary to properly maintain and keep in repair specialized equipment of the City may be made after obtaining informal bids therefor, unless there is only one known manufacturer or supplier of such desired article, in which case an informal bid from such manufacturer or supplier shall be sufficient. This authority may be exercised without regard to the maximum limits or the requirement for advertising for bids as set forth in G.S. 143-129 and G.S. 143-131. It shall be the duty of the purchasing agent or other authorized employee or department to keep a record of all such informal bids submitted, and such record shall be subject to public inspection.

"Sec. 86. *Public or Private Sale of Property.*—The City Council may, upon the affirmative vote of at least seven members of the City Council, publicly or privately sell, lease, rent, exchange or otherwise convey, or cause to be publicly or privately sold, leased, rented, exchanged or otherwise conveyed, any property, real or personal, or any interest in such property, belonging to the City.

"ARTICLE 9. Planning and Zoning.

"Sec. 87. *Surveys and Studies.*—(1) The City Council is hereby authorized to appropriate and expend public funds for use in connection with making surveys and studies and for the purpose of defraying other reasonable expenses in cooperating with the County of Durham or any of its agencies in zoning and planning matters outside of but near enough to the corporate boundaries of the City or the City's extraterritorial jurisdiction boundary as to affect the salutary operation and effect of the planning and zoning regulations and uses existing within the City and the growth of the City or as may reasonably be expected or anticipated to affect the same in the future.

(2) The purpose and uses herein mentioned are hereby declared to be public uses and public purposes.

"Sec. 88. *Expenditure of Bond Funds for Planning in Anticipation of Annexation.*—On and after the approval by the voters of the City who vote thereon for ordinances authorizing the issuance of bonds for the purpose of raising revenues to defray the costs and expenses of the construction of water and sewer lines, water and sewer treatment and disposal facilities, outfalls, fire stations, and any other capital facilities, and the acquisition of sites, lands and rights-of-way, the City Council shall have full power and authority, in its discretion, to expend from such funds amounts which may be necessary to acquire sites and rights-of-way for such facilities outside and beyond the then corporate limits of the City within the area proposed to be annexed, and for engineering and planning, even though an annexation ordinance has not then been adopted and the proposed area to be annexed has not actually been annexed. The authority granted by this section is supplementary of authority granted by general law and this Charter and not in derogation thereof.

"Sec. 89. *Enactment of Ordinances Prior to Effective Date of Annexation.*—The City Council and the Planning and Zoning Commission of the City are hereby authorized and empowered, after the passage of an annexation ordinance and prior to the date upon which the territory described therein is actually annexed to the City, to initiate, hold hearings upon, adopt resolutions providing for public hearings, conduct public hearings upon such resolutions, petitions, proposals and ordinances and the Council is further empowered to enact zoning ordinances, for the determination of zone boundaries and allocation of the area into zoning, classifications and districts, and the application of zoning

regulations and restrictions, to be applicable to the territory described in the annexation ordinances to be annexed. But no such establishment of zone boundaries or any zoning regulations or restrictions in such annexed territory described in the annexation ordinances shall be effective until the effective date upon which the area is actually annexed to the City as provided in the annexation ordinances, but at that time such zoning regulations and restrictions and boundaries shall simultaneously become effective with such annexation.

"Sec. 90. *Amortization of Non-Conforming Uses.*—In exercising the zoning power granted to municipalities by G.S. 160A-381, the City Council shall have and is hereby granted power and authority to provide by ordinance for the amortization and phasing out of non-conforming buildings and uses upon such reasonable terms and provisions, including a period of time, as to it seems just and proper.

"Sec. 91. *Regulation of Town Houses.*—The City Council shall have, and is hereby granted, power and authority to provide and require by ordinance that special types of dwellings such as those known as 'town house' or of similar category be required to have an organized home ownership or similar association to assist in the orderly regulation and policing of such 'town houses' or similar category, on such reasonable terms and regulations as the Council may promulgate.

"Sec. 92. *Development Plans and Site Plans.*—In exercising the zoning power granted to municipalities by G.S. 160A-381, the City Council may require that a development plan showing the proposed development of property be submitted with any request for rezoning of such property. The City Council may consider such development plan in its deliberations and may require that any site plan subsequently submitted be in conformity with any such approved development plan.

In addition, the Council is authorized to require that a site plan be submitted and approved prior to the issuance of any building permit. The Council may specify the information to be set forth in a site plan and may require that such site plan be prepared by a professional engineer, architect, or land surveyor licensed to practice in North Carolina. The Council may prescribe procedures for the review of such site plans to insure that development of property shall conform to applicable zoning and building laws and regulations or any other relevant law or regulation. The Council may require that site plans be in conformity with previously approved development plans for the same property.

"Sec. 93. *Board of Adjustment.*—(1) The City Council is authorized to provide for the appointment and compensation of a Board of Adjustment consisting of five members (exclusive of additional members appointed to represent residents of the Extraterritorial Area pursuant to G.S. 160A-362), each to be appointed for three years.

(2) The concurring vote of three fifths of the members of the Board shall be necessary to reverse any order, requirement, decision, or determination of any administrative official charged with the enforcement of the City zoning ordinance, or to decide in favor of the applicant any matter upon which it is required to pass under the City zoning ordinance, or to grant a variance from the provisions of such ordinance.

"Sec. 94. *Notice of Public Hearings.*—Before adopting or amending any ordinances authorized by Article 19 of Chapter 160A of the General Statutes, the City Council shall hold a public hearing in accordance with G.S. 160A-364,

except that notice of such public hearing shall be published the first time not less than 10 days nor more than 25 days before the date fixed for the hearing.

"ARTICLE 10. Subdivision Regulations.

"Sec. 95. *Opening of New Subdivisions.*—The City Council is authorized to provide that no individual, corporation, association, or partnership shall open or lay out new streets, or sell lots abutting the same without first having had a plat of the proposed street or streets made and submitted to the City Council and approved and accepted by the Council. The Council may pass all necessary ordinances to regulate and control the opening of streets and alleys in the City.

"Sec. 96. *Filing of a Duplicate Map or Plat.*—Any person, firm, or corporation filing or recording with the Register of Deeds of Durham County, any map or plat of a subdivision of land in the City shall, at the time of the filing or recording of same with the Register of Deeds of Durham County, furnish the Register of Deeds with a copy thereof for the use of the City. All such copies of maps or plats of subdivisions which shall be filed with the Register of Deeds of Durham County shall be certified by the Register of Deeds, stating the time when recorded and the Plat Book and page number where such maps or plats were recorded, and shall be delivered by the Register of Deeds to the City Manager.

"Sec. 97. *Enactment of Subdivision Controls.*—(1) For the purpose of promoting the health, safety, morals, convenience, economy, and general welfare of the City; the well-ordered establishment and growth of a system of public streets, alleys, and thoroughfares; the more convenient transportation and access by means of streets, avenues, alleys, and public ways in the City and its environs; the quicker and more effective use of the street system in the fighting of fires and extension of police protection; the prevention of the over-crowding of lands with buildings with resulting increase of density of population within a small area; to require the reasonable separation of buildings from each other for such distances as may be required to lessen the danger of spreading conflagration; to facilitate the proper laying, maintaining and operating of water mains and sewer mains and the installation and maintenance of other public utilities so as to serve the residents and commercial houses and manufacturing plants of the City in a more economical, practical, orderly and efficient manner; and for other general welfare, health and safety purposes, the City Council is hereby authorized and fully empowered to regulate the establishment, dedication, location and dimensions of any proposed public street, alley, or other public way, and the subdivision, rearrangement, or platting of the boundaries of lots or parcels of real property when any such real property is located in whole or in part upon any existing or proposed public street, alley, avenue, boulevard, or other public way within the corporate limits of the City or within the extraterritorial jurisdiction of the City, upon or through or by means of which existing or proposed public street, alley, avenue, boulevard or other public way the City now provides, or may in the future provide either grading, paving, curbs, gutters, drainage, public sewer or water facilities, street lighting, police and fire protection, or any other municipal service or facility.

(2) The City Council is authorized and empowered to adopt ordinances setting up and establishing standards and requirements with which all subdivisions and rearrangements of the boundaries of the land and maps and plats thereof thereafter made shall comply; and adopt ordinances setting up and establishing standards and requirements for the location, dedication, and

dimensions of all proposed streets, alleys, and other public ways, and such other matters as affect or will affect the public convenience, safety and general welfare; and adopt ordinances requiring that streets and public ways shall be graded, curbed and guttered, paved, drainage, sidewalks, street lights and signs installed, and water, sewer, and other utility mains and connections be installed, or such of the facilities and the extent and manner of such improvements as may be determined from time to time by the Council to be in the public interest, and such ordinances may provide that, in lieu of the completion of such work and installations previous to the final approval of a plat or map, the Council may authorize the filing of a bond in an amount and with surety and conditions satisfactory to it providing for and securing to the City the actual construction and installation of such improvements and utilities within a period specified by the Council and expressed in such bond or other approved undertaking, which bond or other undertaking may be enforced by the City by all appropriate legal and equitable remedies and proceedings, all as a condition precedent to the approval of maps and plats of such subdivisions within the area referred to in subsection (1) of this section. In adopting ordinances fixing standards and requirements the Council is hereby specifically authorized and empowered to include any or all of the following provisions, namely: Adopt a plan of major thoroughfares and collector streets and require that all new streets or enlarged streets shall conform to the same where such plan is applicable, both as to location and width; to provide for the minimum width of alleys, avenues, neighborhood streets, collector streets, and major thoroughfares; to require the dedication of alleys and determine minimum width thereof, which requirement may vary as between residential and business property, as between property fronting on major thoroughfares and that not fronting on such thoroughfares, and as between blocks in which the lots are small and blocks in which lots are larger, and in such other cases and circumstances as the Council may find to be in promotion of the public safety, convenience and welfare; to require dedication of easements in the rear of lots, or in such other parts of such lots as may be more appropriately applicable in any given case, for the location of poles, wires, conduits, storm or sanitary sewers, gas, telephone and water lines, or other public and quasi-public utilities, due consideration of all factors so as to work the least practical hardship or difficulty upon the lot or the owners thereof to be considered in locating the easements upon the lots; to provide for the minimum and maximum length and width of blocks of land between intersecting streets; to provide that the lot side lines shall be radial to the street line; to require that the lines and frontages of buildings on corner lots shall be such as to prevent the rear of the building on a corner lot from protruding beyond the building setback line of the building fronting on a street which constitutes a side of such corner lot; to regulate and prescribe the arc and radius and layout of property lines at all intersecting streets, having regard for traffic hazards, congestion and other pertinent factors involved; to regulate and prescribe conditions and safeguards under which dead-end streets and cul-de-sacs may be authorized; to prohibit street offsets at intersections or permit such street offsets under conditions which may be prescribed; to establish building setback lines and when established to require that they be properly shown and designated on the map or plats of such subdivisions of property; to regulate and prescribe conditions under which reserve strips in subdivisions or shown on plats thereof controlling access to public ways may be used or set apart; to provide for the naming of public

streets and other public ways; to require that permanent monuments of stone or concrete of dimensions which may be prescribed be set at all block corners and at all corners in the exterior boundary of any subdivision and that the location thereof be clearly set forth and designated on the final approved plat, and to provide that all lot corners be staked by metal stakes or other approved stakes; to require that street lines deflecting from each other within a block be connected by a curve, the radius of which shall be determined after considering the factors of sight distance, the type and importance of street, anticipated traffic volume, and convenience of traffic movement; to require that the arrangement and location of streets and other ways in new subdivisions shall make provision for continuation of the principal existing streets and other ways in adjoining subdivisions, or their proper projection when adjoining property is not subdivided; to require that a preliminary plat shall be furnished the planning division or other department designated by the Council for preliminary checking to determine whether the preliminary plat is in compliance with the ordinances and requirements established by the Council; to provide that a final plat be prepared and submitted and contain compliance with all of the provisions of the ordinances and be so marked on its face before the same may be filed for record; to provide that no street shall be accepted or maintained by the City, nor shall any public utility such as water, sewer, or street lighting be extended to or connected with any subdivision of land, nor shall any permit be issued by any administrative official or department of the City for the construction of any building or improvement requiring a permit, upon any land concerning which a plat may be required by such ordinance until the requirements of such ordinance have been complied with; and to provide such other details as may be found, in the legislative discretion of the Council, to have a substantial relation to the public convenience, health, safety, or welfare; to require that such plat or map be finally approved as being in compliance with the ordinances adopted by the Council before such map or plat of such subdivision shall be entitled to be filed or recorded in the office of the register of deeds of Durham County and to require that all such approved plats and maps of subdivisions of real estate be recorded or filed in the office of the register of deeds of Durham County in which such lands are situate; to provide that the violation of the provisions of such ordinances shall subject the person violating the same, including the surveyor, to penalties, upon conviction, not exceeding a fine of fifty dollars ($50.00). The enumeration of the above mentioned circumstances and things shall not be exclusive.

(3) The City Council may provide for the appointment of a board to be known as a Subdivision Review Board consisting of not less than four nor more than six members who shall serve without pay as such members, each of whom shall be appointed by the Council for a term of years or for a term at the will of the Council, as may be determined by the Council; in the event the Council appoints such Board for a term of years, the term of office of each member shall be three years. Such Subdivision Review Board shall hear and decide appeals from and review any order, requirement, decision or determination made by any administrative official charged with the enforcement of any ordinance adopted pursuant to this section. It shall also hear and decide all matters referred to in or upon which it is required to pass under any such ordinance. The affirmative vote of a majority of members of the Board shall be necessary to reverse any order, requirement, decision, or determination of any administrative official, or to

decide in favor of the applicant any matter upon which it is required to pass under any such ordinance or to effect any variation in any of the provisions of such ordinance. Every decision of such Board shall, however, be subject to review by proceedings in the nature of certiorari. Such appeal may be taken by any person aggrieved or by an officer, department, board or bureau of the City. Such appeal shall be taken within such time as shall be prescribed by the Subdivision Review Board by general rule, by filing with the officer from whom the appeal is taken and with the Subdivision Review Board a notice of appeal, specifying the grounds thereof. The officer from whom the appeal is taken shall forthwith transmit to the Board all of the papers constituting the record upon which the action appealed from was taken. An appeal from the administrative official to the Subdivision Review Board stays all proceedings in furtherance of the action appealed from until the decision of the Subdivision Review Board is rendered, at which time the stay of proceedings shall cease, unless the proceedings shall be further stayed by a restraining order granted by a court of record or by the Subdivision Review Board. The Subdivision Review Board shall fix a reasonable time for the hearing of the appeal from the administrative official and shall give due notice thereof to the parties, and decide the same within a reasonable time. Upon the hearing, any party may appear in person or by agent or by attorney. The Subdivision Review Board may reverse or affirm, wholly or partly, or may modify the order, requirement, decision, action or determination appealed from, and shall make such order, requirement, decision or determination as in its opinion ought to be made in the premises, and to that end shall have all of the powers of the officer from whom the appeal is taken. Where there are practical difficulties or unnecessary hardships in the way of carrying out the strict letter of such ordinances, the Subdivision Review Board shall have the power, in passing upon appeals, to vary or modify any of the regulations or provisions of such ordinances relating to subdivisions, plats, maps, and all other requirements of the ordinance, in harmony with the general purpose and intent of this section, so that the spirit of the ordinance may be observed, public safety, convenience, and welfare secured and substantial justice done.

(4) In case any person, firm, or corporation shall violate any of the provisions of any ordinance which may be adopted by the City Council under the authority of this section, or is about to violate such provision, the City, in addition to other remedies, may institute any appropriate action or proceedings in its name in the Superior Court to prevent and restrain such unlawful act or violation or the continuance thereof.

(5) This section is enacted in the exercise of the police power of the State of North Carolina, and the power and authority hereby delegated to the City Council to adopt ordinances and to require compliance with such ordinances, including the dedication of alleys and easements for utilities as authorized, shall be deemed to be an exercise by the City Council of the police powers delegated to it, and shall not be deemed to be an exercise of the power of eminent domain which may be possessed by the City.

(6) It is the legislative intent that if any portion, clause, or sentence of this section shall be deemed to be invalid or unconstitutional, such declaration of invalidity shall not affect the remaining portions of this section, which would have been passed notwithstanding the invalidity of such portions which may be declared invalid.

"Sec. 98. *Dedication or Reservation of Recreation Areas.*—(1) In adopting any subdivision control ordinance pursuant to provisions of this Charter or G.S. 160A-372, the City Council is authorized to provide for the dedication or reservation of recreation areas serving residents of the immediate neighborhood within the subdivision, or to provide for the payment in lieu thereof of such sum of money as the Council may determine to be the equivalent in value of any such recreation area.

(2) The Council may use any monies received in lieu of dedicated recreation areas for acquiring recreation areas beyond the boundaries of the immediate subdivision but within the neighborhood wherein the subdivision lies.

"ARTICLE 11. Regulation of Buildings and Housing.

"Sec. 99. *Building Inspections.*—The City Council is authorized to establish rules and regulations providing for all necessary inspections within the City, whether of buildings or otherwise, and to order and compel the removal of dangerous materials or dangerous or defective buildings.

"Sec. 100. *Action Against Unsafe Buildings.*—The powers granted to the City by Part 5 of Article 19, Chapter 160A of the General Statutes, shall extend to buildings which are in such condition as to be a fire or safety hazard, or which are a public nuisance.

"Sec. 101. *Board of Building Appeals.*—(1) The City Council shall have power to provide for the creation and organization of a Board of Building Appeals to which appeals may be taken from the decision of the building inspector upon any provision of the building code of the City. Such board shall consist of five members, each to be appointed for a term of three years, except the first members appointed by authority hereof, one of whom shall be appointed for one year, two for two years and two for three years. Such board shall have power to elect its own officers, to fix the time and places for its meetings, to adopt necessary rules of procedure and to adopt all other rules and regulations not inconsistent herewith which may be necessary for the proper discharge of its duties; and it shall keep an accurate record of its proceedings. An appeal from any decision or order of the building inspector may be taken by any person aggrieved thereby or by any officer, board or commission of the City. Any appeal from the building inspector to such Board shall be taken within such reasonable time as shall be prescribed by the Board by general rule and shall be taken by filing with the building inspector and with the clerk or secretary of the Board, or with such other person as may be designated by the Board, a notice of appeal which shall specify the grounds upon which the appeal is based. Upon the filing of any such notice of appeal, the building inspector shall forthwith transmit to the Board all the papers constituting the record upon which the decision appealed from was made. When any such appeal is from a decision of the building inspector refusing to allow the person aggrieved thereby to do any act, such decision of the building inspector shall remain in force until modified or reversed by the Board as hereinafter provided. When any such appeal is from a decision of the building inspector requiring the person aggrieved to do any act, such appeal shall have the effect of suspending the requirements of the building inspector until the hearing thereon by the Board unless the building inspector certifies to the Board, after the notice of appeal shall have been filed with him, that by reason of the facts stated in the certificate (a copy of which certificate shall be furnished the appellant), a suspension of his requirement would, in his opinion, cause imminent peril to life or property, in which case such

requirement shall not be suspended except by a restraining order, which may be granted for due cause shown and upon not less than one day's written notice to the building inspector, by the Board or by any judge of the superior court authorized by law to grant restraining orders. The Board shall fix a reasonable time for the hearing of all appeals and shall decide the same within a reasonable time. Upon the hearing of any appeal any party may appear in person or by agent or attorney. The Board of Building Appeals may reverse or affirm, wholly or partly, or may modify the decision appealed from, and may make such decision and order as in its opinion ought to be made in the matter, and to that end it shall have all the powers of the building inspector; provided, that the concurring vote of four members of the Board shall be necessary to reverse or modify any decision of the building inspector. In passing upon appeals, the Board shall have power not only to determine whether the decision of the building inspector is made upon a proper construction of the pertinent provisions of the building code, but it shall have power also to allow materials and methods of construction other than those required by the building code to be used when in its opinion such other materials and methods of construction are as good as those required by the code; and for this purpose the requirements of the building code as to such matters shall be considered simply as a standard to which construction shall conform. The Board shall have power also in passing upon appeals, in any case where there are practical difficulties or unnecessary hardships in the way of carrying out the strict letter of the building code, to adapt the application of the code to the necessities of the case to the end that the spirit of the code shall be observed, public safety and welfare secured and substantial justice done. Every decision of the Board shall be subject to review by the Superior Court of Durham County.

"Sec. 102. *Housing Appeals Board.*—In exercising the authority to provide for creation and organization of a Housing Appeals Board, conferred upon municipalities by G.S. 160A-446, the City Council may, by ordinance, authorize such Housing Appeals Board to adopt ordinances ordering the building inspector to proceed to effectuate the purposes of Article 19, Chapter 160A, as provided in G.S. 160A-443(5), with respect to any particular property or properties which the building inspector shall have found to be unfit for human habitation and which property or properties shall be described in such ordinance, without the necessity of further action by the Council.

"ARTICLE 12. Recreation and Cultural Activities.

"Sec. 105. *Operation of a Theatre and Moving Picture Theatre.*—The City Council is authorized to purchase and install such equipment, apparatus, machines, furniture and any and all other fixtures and things found necessary to properly equip, provide, operate and conduct a theatre, or moving picture theatre or both, in the Academy of Music; to conduct and operate such a theatre, or moving picture theatre, or both, in such building; to lease, rent, or otherwise contract for the operation of such a theatre or moving picture theatre, or both, in such building; to make all such rules and regulations in relation to

"Sec. 106. *Appropriations for Recreational, Scientific and Cultural Activities.*—The City Council is authorized to exercise the following expressed powers:

(a) To appropriate funds, in the discretion of the City Council, to aid any non-profit association or other entity in the City in defraying the expenses arising in the operation and maintenance of a museum, arts and drama, or other enterprise by whatever name called wherein and in connection with which is maintained and operated one or more of the following: Natural, historical, scientific, or literary curiosities, works of art, paintings, sculptures, dramatic undertakings, historical collections, and other exhibits and works for the education, cultural advancement and enjoyment of the general public including children and young people, the provision and maintenance of a park, zoo, aviary, aquarium, or other facility in which are kept animals, birds, or fish; the cultivation, maintenance, and exhibition of botanical gardens, the organization and conduct of nature classes and programs of scientific, cultural and educational interests which may tend to encourage individuals, especially children and young people, to take an interest in natural, scientific and cultural works; the purpose of advertising the advantages of the City or promoting the public interest and general welfare of the City; and such other projects and endeavors as are not inconsistent with the general purposes and scope of activities herein described.

(b) No such appropriation shall be made unless the museum, garden, or other facilities and enterprise are open to the general public.

(c) No funds shall be appropriated by the City Council for any of such purposes except those which may be available from sources other than taxes, unless and until authority to appropriate funds derived from taxes is granted in accordance with the constitutional and statutory requirements.

(d) The City Council is authorized and empowered, as a condition precedent to the making of any such appropriation of public funds for any of the purposes hereinabove described, to require written reports to be submitted to it by such association or enterprise as often and in as much detail as it may prescribe; to have the right to examine and audit the books and records of such association or enterprise at such times as it may deem advisable; and to establish such rules, regulations, and policies as it may deem in the public interest, to which such association or enterprise shall conform.

(e) The activities, enterprises, and purposes described in this section are hereby declared to be public purposes.

"ARTICLE 13. Economic Development.

"Sec. 107. *Advertisement of the City.*—The City Council is authorized to appropriate annually reasonable sums for advertising the City.

"Sec. 108. *Encouraging Location of Industry.*—The City Council is authorized and empowered annually to set apart and appropriate from monies paid to the City by the Durham County Board of Alcoholic Control as profits from the operation of alcoholic beverage stores in Durham County, or from surplus funds of the City not derived from taxation and not otherwise appropriated, such amounts as may be deemed requisite and proper by the City

Council, and to expend the same for the purpose of aiding, assisting, and encouraging, by contract with independent contractors or otherwise, the location of manufacturing, industrial, and commercial plants, distribution centers or businesses in the City and for advertising the advantages and resources of the City and for such other purposes as will, in the discretion of the City Council increase the taxable value of property of the City and which will promote the general welfare of the City, which purposes are declared to be lawful public purposes of the City.

"ARTICLE 14. Miscellaneous Powers.

"Sec. 109. *City Ice Plant.*—The City is authorized and empowered to construct, own and operate a City ice plant, and to deal in ice.

"Sec. 110. *City Rock Quarry.*—The City is authorized and empowered to purchase, lease, or otherwise acquire lands in or outside the corporate limits, for the purpose of excavating rock and to operate what is known as a rock quarry thereon.

"Sec. 111. *Aid to Charitable Institutions.*—The City Council is authorized to appropriate annually reasonable sums in aid of public libraries, public hospitals and other charitable institutions.

"Sec. 112. *Certain Facilities upon Water Tanks and Off-Street Parking Structures.*—The City Council is fully authorized and empowered to provide for the construction and installation of storerooms, restaurants, observation decks, heliports, and other facilities in its discretion, in and upon off-street parking structures and facilities and in and upon structures and tanks for the storage of water, and it is further authorized and empowered to rent or lease such storerooms, restaurants, observation towers, offices and other facilities which may be constructed and installed upon, over, or around such off-street parking structures and facilities and such water towers and tanks, upon such terms and conditions as the City Council may from time to time prescribe. The revenue to be derived from such rentals or leases of these facilities shall be used for such public purpose or purposes as the City Council may determine.

"Sec. 113. *Authority to Waive Governmental Immunity.*—(1) The City Council is authorized and empowered, but not required, to waive its governmental immunity from liability for wrongful death or injury to person or property arising from negligent acts of its officers, agents or employees when acting within the scope of their authority or within the course of their employment. Waiver of immunity shall be accomplished by purchasing liability insurance as provided in this act, and the immunity shall be waived only to the extent of the amount of insurance so obtained and only to the extent of coverage provided by such a policy of liability insurance. No affirmative action of the Council shall be required to retain immunity not waived by the purchase of insurance, and no affirmative action or resolution of the Council beyond the act of purchasing liability insurance shall be required to accomplish waiver of immunity to extent of insurance coverage.

(2) Contracts of insurance purchased pursuant to this act must be issued by insurers duly licensed and authorized to execute insurance contracts in this State, and must by their terms adequately insure the City of Durham against any and all liability for wrongful death or injury to person or property proximately caused by the negligent act of any officer, agent or employee of the City of Durham when acting within the scope of his authority or within the course of his employment. Any company entering into a contract of insurance

with the City of Durham pursuant to this act thereby waives any defense based on the governmental immunity of the City.

The City is authorized to pay the lawful premiums of liability insurance policies out of the general tax revenue or other funds of the City.

(3) Any person sustaining damages, or in case of death, his personal representative, may sue the City as insured as provided in this Charter, for the recovery of his damages in any court of competent jurisdiction in this State, and it shall be no defense to any such action that the negligent act alleged was in pursuance of a governmental function of the City, to the extent that the City has insurance coverage as provided in this section.

Except as expressly provided herein, nothing in this section shall be construed to deprive the City of any defense whatsoever to any action for damages, or to restrict, limit, or otherwise affect any defense that the City may have at common law or by virtue of any statute (whether general, special, private, or local); and nothing in this section shall be construed to relieve any person sustaining damages, or any personal representative of a decedent, from any duty to give notice of his claim to the City or to begin his action within the time prescribed by the applicable statute of limitations.

(4) The City may incur liability pursuant to this section only with respect to a claim arising after the City has procured liability insurance pursuant to this section and during the time that the insurance is in effect.

(5) No part of the pleadings that relate to or alleges facts as to the City's insurance against liability shall be read or mentioned in the presence of the trial jury in any action brought pursuant to this section. No liability shall attach in any case unless the plaintiff waives the right to have all issues of law or fact relating to insurance in the action determined by a jury and such issues shall be heard and determined by the judge without resort to a jury. The jury shall be absent during any motions, arguments, testimony, or announcement of findings of fact or conclusions of law with respect to insurance unless the City asks for a jury trial thereon.

No plaintiff in an action brought pursuant to this section, nor counsel, nor witness therefor, shall make any statement, ask any question, read any pleadings, or do any other act in the presence of the trial jury that indicates to any member of the jury that the City's liability would be covered by insurance. If any such act is done, the judge shall immediately order a mistrial of the action.

"Sec. 114. *Community Action and Manpower Development Programs.*—In exercising the authority granted the City in G.S. 160A-492 to undertake and support community action and manpower programs, the following definitions of terms shall apply:

(1) 'Community action program' — a community based and operated program that includes or is designed to include a range of services and activities having a measurable and potentially major impact on the causes of poverty in the community; such a program includes the planning of responses to causes of poverty, coordinating existing public and private responses, initiating and supporting new projects to combat poverty, and encouraging participation by members of the community in development of programs and projects affecting their interests.

(2) 'Manpower development program' — a program of occupational training for the economically disadvantaged, unemployed, and under-employed and may

include, by way of illustration but not limitation, efforts to acquaint eligible persons with the availability of training; assessment of individual needs, potentialities, and interests; counseling and provision of training, including on-the-job training; allowances for training, and for transportation, subsistence, and other expenses while training; supportive services; and development of information on the labor market and its activities.

"Sec. 115. *Enumeration of Powers Not Exclusive.*—The enumeration of particular powers by this Charter shall not be held or deemed to be exclusive, but in addition to the powers enumerated or implied herein, the City, either through its City Council, or through such other officers as may by law be provided for, shall have and may exercise all other powers which, under the Constitution and laws of North Carolina, now are, or hereafter may be, granted to cities.

"CHAPTER VII.

"MISCELLANEOUS PROVISIONS.

"Sec. 116. *Inspection of Records and Papers.*—Any taxpayer or qualified voter of the City shall be allowed to inspect the journals, records and papers on file in the office of any department of the City, in the presence of the City Clerk or the City Manager.

"Sec. 117. *Penalty for Failure to Turn Over City Property.*—The Mayor, City Council, Collector of Revenue, and all other officers of the City who shall on demand fail to turn over to their successors in office the property, records, books, money, scales, or effects of the City shall be deemed guilty of a misdemeanor, and upon conviction shall be imprisoned for not more than two years and fined not exceeding five hundred dollars ($500.00), in the discretion of the court.

"Sec. 118. *Presumption of Title in the City.*—That in the absence of any contracts with the City in relation to the lands used or occupied by it for the purpose of streets, sidewalks, alleys, or other public works of the City, signed by the owner thereof or his agent, it shall be presumed that such land has been granted to the City by the owner or owners thereof, and the City shall have good right and title thereto, and shall have, hold, and enjoy the same. Unless the owner, or owners of such land, or those claiming under them shall make claim or demand for compensation within two years next after such land was taken, he, or they, shall be forever barred from recovering the land, or having any compensation therefor; provided, nothing herein contained shall affect the rights of infants until two years after the removal of their disabilities.

"Sec. 119. *Method of Presenting Claims Against the City.*—No action shall be instituted or maintained against the City upon any claim or demand whatsoever, of any kind or character, until the claimant shall have first presented his or her claim or demand in writing to the City Council, who shall have declined to pay or settle the same, or for 10 days after such presentation neglected to enter or cause to be entered upon its minutes its determination in regard thereto, but nothing herein shall be construed to prevent any statute of limitation from commencing to run at the time such claim accrued or demand arose, or in any manner interfere with its running."

Sec. 2. The purpose of this act is to revise the Charter of the City of Durham and to consolidate herein certain acts concerning the property, affairs, and government of the City. It is intended to continue without interruption those provisions of prior acts which are consolidated into this act, so that all rights and liabilities that have accrued are preserved and may be enforced.

Sec. 3. This act shall not be deemed to repeal, modify, or in any manner affect any of the following acts, portions of acts, or amendments thereto, whether or not such acts, portions of acts, or amendments are expressly set forth herein:

(a) Any acts concerning the property, affairs or government of public schools in the City of Durham.

(b) Any acts validating, confirming, approving, or legalizing official proceedings, actions, contracts, or obligations of any kind.

Sec. 4. (a) The following acts or portions of acts, having served the purposes for which they were enacted, or having been consolidated into this act are hereby repealed:

The General Assembly of North Carolina enacts:

Section 1. Chapter 90, Article 12 of the General Statutes is hereby rewritten as follows:

Any person who engages in the practice of Podiatry [H-unless licensed and registered] as hereinabove defined, or who attempts to do so, or who professes to do so shall be guilty of a misdemeanor and upon conviction thereof, shall be punished by a fine or imprisonment or both in the discretion of the court. AN ACT TO ENCOURAGE AND PLAN FOR GOOD FORESTRY PRACTICES IN NORTH CAROLINA.

The General Assembly of North Carolina enacts:

Section 1. Short title. This act shall be known as the Forestry Study Act.

Sec. 2. Definitions. As used in this act:

(a) "Secretary" means the Secretary of the Department of Natural and Economic Resources.

(b) "Forest practice" means any activity conducted on or directly pertaining to forest land and relating to growing, harvesting, or processing timber, including but not limited to:

(1) Road and trail construction and maintenance,
(2) Harvesting,
(3) Precommercial thinning,
(4) Reforestation,
(5) Fertilization,
(6) Prevention and suppression of diseases and insects,
(7) Salvage of trees, and
(8) Brush control.

"Forest practices" shall not include preparatory work, such as tree marking, surveying, and road flagging and removal or harvesting of incidental vegetation from forest lands, such as berries, ferns, greenery, mistletoe, herbs, mushrooms,

and other products which cannot ordinarily be expected to result in damage to forest soils, timber, or public resources.

Sec. 3. Statement of purpose. (a) The General Assembly finds that:

(1) Unfavorable environmental impacts, although currently of a local and sporadic nature, are occurring as a result of forest practices. It is imperative that corrective action be developed now to prevent more serious problems in the future.

(2) Regeneration of unproductive forest land is a high-priority problem requiring prompt attention and action.

(3) The technical knowledge exists to design standard operating procedures or guidelines for harvesting and cultural practices which would minimize damage to the soil and water resources of the State. This is not the case with respect to the problem of forest regeneration.

(4) This State's diverse forest regions require flexibility in the design and administration of such standard operating procedures or guidelines.

(5) A comprehensive program of education, training, and financial incentives to encourage voluntary compliance with these standard guidelines for forest practices is preferable to enforced regulation. The complexity of developing such programs requires extensive study and evaluation.

(b) The purpose of this act is to direct the Secretary of the Department of Natural and Economic Resources to conduct continuing studies and investigations and make recommendations to future sessions of the General Assembly. These investigations and recommendations should be:

(1) Designed to assure the continuous growing and harvesting of forest tree species and to protect the soil, air, and water resources, including but not limited to streams, lakes, and estuaries;

(2) Designed to coordinate activities among State agencies that are concerned with the forest environment;

(3) Designed to develop programs to deal with emerging forestry problems, including but not limited to forest taxation, forest incentives, and forest practices;

(4) Designed to keep the General Assembly fully informed concerning forestry and its related problems and needs; and

(5) Designed to develop needed legislation to further the purposes of this act.

Sec. 4. Duties, powers of the Secretary. The Secretary, in carrying out the policy and purposes of this act, shall:

(a) Conduct continuing studies and investigations concerning the purposes of this act.

(b) Continue the work of the Forest Practices Study Committee in investigating the need for forest practices legislation.

(c) Develop regional guidelines for forest practices within the State.

(d) Appoint a citizen advisory committee in each of the three geographic regions of the State (Coastal Plain, Piedmont, and Mountain) as may be deemed necessary.

(1) Each advisory committee shall be composed of seven members representing various interests and residing in the geographic area and should provide technical advice and assistance to the Secretary in all matters relating to regional forest practices.

(2) For each advisory committee three members shall be appointed initially for a one-year term and four members for a two-year term. Thereafter all appointments shall be for a two-year term.

(3) The members of the committee shall receive per diem and necessary travel and subsistence expenses in accordance with the provisions of G.S. 138-5.

(e) Prepare a report to the 1977 General Assembly and succeeding biennial sessions concerning the status of forestry in North Carolina.

(f) Provide to any appointed citizen advisory committee necessary secretarial and professional staff assistance.

An individual with a specific record of 20 years or more of progressive experience on engineering projects of a grade and character which indicates to the board that the applicant may be competent to practice engineering shall be admitted to an eight-hour written examination in the principles and practice of engineering. Upon passing such examination, the applicant shall be granted a certificate of registration to practice professional engineering in this State, provided he is otherwise qualified.

At its discretion the board may require an applicant to submit exhibits, drawings, designs, or other tangible evidence of engineering work executed by him and which he personally accomplished or supervised.

The following shall be considered as minimum evidence that the applicant is qualified for certification:

(2) As an engineer-in-training.

(aa) Graduation and examination. A graduate of an engineering curriculum or related science curriculum of four years or more, approved by the board as being of satisfactory standing, shall be admitted to an eight-hour written examination in the fundamentals of engineering. The applicant shall be notified if the examination was passed or not passed and if passed he shall be certified as an engineer-in-training, if he is otherwise qualified.

(bb) Graduation, experience, and examination. A graduate of an engineering or related science curriculum of four years or more, other than the ones approved by the board as being of satisfactory standing, or with equivalent education and engineering experience satisfactory to the board and with a specific record of four or more years of progressive experience on engineering projects of a grade and character satisfactory to the board, shall be admitted to an eight-hour written examination in the fundamentals of engineering. The

applicant shall be notified if the examination was passed or not passed and if passed he shall be certified as an engineer-in-training if he is otherwise qualified.

(b) Land surveyor applicant. To be eligible for admission to examination for land surveyor-in-training, or registered land surveyor, an applicant must be of good character and reputation and shall submit five references with his application for registration as a land surveyor, two of which references shall be registered land surveyors having personal knowledge of his land surveying experience, or in the case of an application for certification as a land surveyor-in-training by three references, one of which shall be a registered land surveyor having personal knowledge of the applicant's land surveying experience.

The evaluation of a land surveyor applicant's qualifications shall involve a consideration of his education, technical and land surveying experience, exhibits of land surveying projects with which he has been associated, recommendations by references, and reviewing of these categories during an oral examination. The land surveyor applicant's qualifications may be reviewed at an interview if the board deems it necessary. Educational credit for institute courses, correspondence courses, etc., shall be determined by the board.

The following shall be considered a minimum evidence satisfactory to the board that the applicant is qualified for registration as a land surveyor or for certification as a land surveyor-in-training, respectively.

(1) As a registered land surveyor.

(aa) Rightful possession of a B.S. degree in surveying or other equivalent curricula, all approved by the board and a record satisfactory to the board of one year or more of progressive practical experience one year of which shall have been under a practicing registered land surveyor and satisfactorily passing such oral and written examination, taken in the presence of and required by the board, all of which shall determine and indicate that the candidate is competent to practice land surveying.

(bb) Rightful possession of an associate degree in surveying technology or civil engineering technology approved by the board or with equivalent education and surveying experience satisfactory to the board, and a record satisfactory to the board of three years of progressive practical experience, two years of which shall have been under a practicing registered land surveyor, and satisfactorily passing such written and oral examination taken in the presence of and as required by the board, all of which shall determine and indicate that the candidate is competent to practice land surveying. Anyone who, on or before September 1, 1976, possessed an associate degree in surveying technology, previously approved by the board, may be considered for examination with two years of experience which shall have been under a practicing registered land surveyor.

(cc) Land surveyor-in-training certificate, experience, and examination. A holder of a certificate of land surveyor-in-training issued by the board, and with a specific record of an additional two years or more of progressive surveying experience, one year of which shall have been under a practicing registered land surveyor, of a grade and character which indicates to the board that the applicant may be competent to practice land surveying, shall be admitted to two four-hour

examinations. Upon passing such examinations, the applicant shall be granted a certificate of registration to practice land surveying in this State, provided he is otherwise qualified.

(dd) Graduation from a high school or the completion of a high school equivalency certificate and a record satisfactory to the board of six years of progressive practical experience, four years of which shall have been under a practicing registered land surveyor, and satisfactorily passing such oral and written examination written in the presence of and required by the board, all of which shall determine and indicate that the candidate is competent to practice land surveying.

(ee) The board shall require an applicant to submit exhibits, drawings, plats, or other tangible evidence of land surveying work executed by him under proper supervision and which he has personally accomplished or supervised.

(ff) Registration by comity or endorsement. A person holding a certificate of registration to engage in the practice of land surveying issued on comparable qualifications from a state, territory, or possession of the United States will be given comity considerations. However, he may be asked to take such examinations as the board deems necessary to determine his qualifications, but in any event he shall be required to pass a written examination of not less than four hours duration, which shall include questions on laws, procedures, and practices pertaining to the practice of land surveying in North Carolina.

(gg) A licensed professional engineer who can satisfactorily demonstrate to the board that his formal academic training in acquiring a degree and field experience in engineering includes land surveying, to the extent necessary to reasonably qualify the applicant in the practice of land surveying, may apply for and may be granted permission to take the two four-hour examinations on the principles and practices of land surveying. Upon satisfactorily passing the examinations, the applicant will be granted a license to practice land surveying in the State of North Carolina.

(hh) Professional engineers in land surveying. Any person presently licensed to practice professional engineering under this Chapter shall upon his application be licensed to practice land surveying, providing his written application is filed with the board within one year next after the effective date of this act.

(2) As a land surveyor-in-training:

(aa) Rightful possession of an associate degree in surveying technology approved by the board or with equivalent education and surveying experience satisfactory to the board, and a record satisfactory to the board of one year of progressive practical experience under a practicing registered land surveyor, and satisfactorily passing such written and oral examination taken in the presence of and as required by the board.

(bb) Rightful possession of a B.S. degree in surveying or other equivalent curricula in surveying, all approved by the board and satisfactorily

passing such oral and written examination written in the presence of and required by the board.

"§ 89-14. *Application for registration; registration fees.*—(a) Application for registration as a professional engineer, or registered land surveyor shall be on a form prescribed and furnished by the board. It shall contain statements made under oath, showing the applicant's education and a detailed summary of his technical and engineering or land surveying experience, and shall include the names and complete mailing addresses of the references, none of whom should be members of the board.

The board may accept the certified information on the copy of a current formal certificate of qualifications issued by the National Council of Engineering Examiners Committee or National Engineering Certification for Professional Engineer applicants in lieu of the same information that is required for the form prescribed and furnished by the board.

(b) The registration fee shall be established by the board in amounts not to exceed seventy dollars ($70.00) for an engineer or seventy dollars ($70.00) for registration as a land surveyor which shall accompany the applications. The fee for comity registration of engineers and land surveyors who hold unexpired certificates in another state or a territory of the United States or in Canada shall be the total current fee as fixed by the board.

(c) The certification fee for a corporation (see Section 89-24) shall be in accordance with G.S. 55B.

(e) A candidate failing an examination may apply, and be considered by the board, for reexamination at the end of six months. The board shall make such reexamination charge as is necessary to defray the cost of the examination provided the charge for any reexamination shall not exceed twenty dollars ($20.00).

A candidate failing an examination three times will not be permitted to take a reexamination until he has made a written appeal to the board and his tentative qualifications for the examination are reviewed and reaffirmed by the board.

"§ 89-15. *Examinations.*—(a) The examinations will be held at such times and places as the board directs. The board shall determine the passing grade on examinations. All examinations shall be approved by the entire board.

(b) Written examinations will be given in sections and may be taken only after the applicant has met the other minimum requirements as given in G.S. 89-13, and has been approved by the board for admission to the examination as follows:

(1) Engineering fundamentals. Consists of an eight-hour examination on the fundamentals of engineering. Passing this examination qualifies the examinee for an engineer-in-training certificate, provided he has met all other requirements for certification required by this act.

(2) Principles and practice of engineering. Consists of an eight-hour

examination on applied engineering. Passing this examination qualifies the examinee for registration as a professional engineer, provided he has met the other requirements for registration required by this act.

(3) Surveying fundamentals. Consists of two four-hour examinations on the elementary disciplines of land surveying. Passing both of these examinations qualifies the examinee for a land surveyor-in-training certificate provided he has met all other requirements for certification required by this act.

(4) Principles and practices of land surveying. Consists of two four-hour examinations on the basic and applied disciplines of land surveying, one examination on basic disciplines and the other examination covering applied disciplines. Passing each of these examinations qualifies the examinee for a registered land surveyor certificate provided he has met all other requirements for certification required by this act.

"§ 89-16. *Certificates of registration; effect; seals.*—(a) The board shall issue to any applicant, who, in the opinion of the board, has met the requirements of this act, a certificate of registration giving the registrant proper authority to practice his profession in this State. The certificate of registration for a professional engineer shall carry the designation 'professional engineer', and for a land surveyor, 'registered land surveyor' shall give the full name of the registrant with his serial number and shall be signed by the chairman and the secretary under the seal of the board.

(b) This certificate shall be prima facie evidence that the person named thereon is entitled to all rights, privileges and responsibilities of a professional engineer or a registered land surveyor, while the said certificate of registration remains unrevoked or unexpired.

(c) Each registrant hereunder shall upon registration obtain a seal of a design authorized by the board bearing the registrant's name, serial number, and the legend, 'professional engineer', or 'registered land surveyor'. Final drawings, specifications, plans, and reports prepared by a registrant shall, when issued, be certified and stamped with the said seal or facsimile thereof unless the registrant is exempt under the provisions of G.S. 89-25(g). It shall be unlawful for a registrant to affix, or permit his seal and signature or facsimile thereof to be affixed to any drawings, specifications, plans, or reports after the expiration of a certificate or for the purpose of aiding or abetting any other person to evade or attempt to evade any provision of this act. A professional engineer practicing land surveying shall use his registered land surveyor seal.

"§ 89-17. *Expirations and renewals of certificates.*—Certificates for registration shall expire on the last day of the month of December next following their issuance or renewal, and shall become invalid on that date unless renewed. It shall be the duty of the secretary of the board to notify by mail every person, registered hereunder, of the date of the expiration of his certificate and the amount of the fee required for its renewal for one year; such notice shall be mailed at least one month in advance of the date of expiration of such certificate. Renewal shall be effected at any time during the month of January immediately following, by payment to the secretary of the board of a renewal fee, as determined by the board, which shall not exceed fifteen dollars ($15.00). Failure on the part of any registrant to renew his certificate annually in the month of January, as required above, shall deprive the registrant of the right to practice until renewal has been effected. Renewal may be effected at any time

during the first 36 months immediately following its invalidation of payment of the renewal fee increased ten percent (10%) for each month or fraction of a month that payment for renewal is delayed. Failure of a registrant to renew his registration for a period of 36 months shall require the individual, prior to resuming practice in North Carolina, to submit an application therefor on the prescribed form, and to meet all other requirements for registration as set forth in G.S. 89. The secretary of the board is instructed to remove from the official roster of engineers and land surveyors the names of all registrants who have not effected their renewal by the first day of February immediately following the date of their expiration. The board may enact rules to provide for renewals in distress or hardship cases due to military service, prolonged illness, or prolonged absence from the State, where the applicant for renewal demonstrates to the board that he has maintained his active knowledge and professional status as an engineer or land surveyor, as the case may be. It shall be the responsiblity of each registrant to inform the board promptly concerning change in address.

"§ 89-18. *Reissuance of certificates.*—A new certificate of registration, or certificate of authorization, to replace any certificate lost, destroyed, or mutilated, may be issued, subject to the rules of the board. A charge of five dollars ($5.00) shall be made for such issuance.

"§ 89-19. *Public works; requirements where public safety involved.*—This State and its political subdivisions such as counties, cities, towns, or other political entities or legally constituted boards, commissions, public utility companies, or authorities, or officials, or employees thereof shall not engage in the practice of engineering or land surveying involving either public or private property where the safety of the public is directly involved without the project being under the supervision of a professional engineer for the preparations of plans and specifications for engineering projects, or a registered land surveyor for land surveying projects, as provided for the practice of the respective professions by this act.

An official or employee of the State or any political subdivision specified in this section, holding the positions set out in this section as of the effective date of this act, shall be exempt from the provisions of this section so long as such official or employee is engaged in substantially the same type of work as is involved in his present position.

Nothing in this section shall be construed to prohibit inspection, maintenance and service work done by employees of the State of North Carolina, any political subdivision thereof, or any municipality therein including construction, installation, servicing, and maintenance by regular full-time employees of, secondary roads and drawings incidental thereto, streets, street lighting, traffic control signals, police and fire alarm systems, waterworks, steam, electric and sewage treatment and disposal plants, the services of superintendents, inspectors or foremen regularly employed by the State of North Carolina or any political subdivision thereof, or municipal corporation therein.

The provisions in this section shall not be construed to alter or modify the requirements of Article 1 of Chapter 133 of the General Statutes.

"§ 89-20. *Rules of professional conduct.*—In the interest of protecting the safety, health, and welfare of the public, the board shall promulgate and adopt rules of professional conduct applicable to practice of engineering and land surveying. These rules, when adopted, shall be construed to be a reasonable exercise of the police power vested in the Board of Registration for Professional

Engineers and Land Surveyors. The currently effective rules shall be published in the Annual Register. Every person registered by the board shall subscribe to and observe the adopted rules as the standard of professional conduct for the practice of engineering and land surveying. In the case of violation of the rules of professional conduct, the board shall have the responsibility and duty to proceed in accordance with G.S. 89-22 and Article 3 of Chapter 150 of the General Statutes.

"§ 89-21. *Disciplinary action; reexamination, revocation, suspension, reprimand, or fine.*—(a) The board may suspend, refuse to renew, or revoke the certificate of registration, require reexamination, or levy a fine not in excess of five hundred dollars ($500.00) for any engineer or land surveyor, who is found:

(1) Guilty of the practice of any fraud or deceit in obtaining a certificate of registration or certificate of authorization.

(2) Guilty of any gross negligence, incompetence, or misconduct, in the practice of his profession. In the event the board finds that a certificate holder is incompetent the board may, in its discretion, require oral or written examinations, or other indication of the certificate holder's fitness to practice his profession and to suspend his license during any such period.

(3) Guilty of any felony or any crime involving moral turpitude.

(4) Guilty of violation of the Rules of Professional Conduct, as adopted by the board.

(5) To have been declared insane or incompetent by a court of competent jurisdiction and has not thereafter been lawfully declared sane or competent.

By inserting in line 3 of said section after the word "Examiners" and before the word ", provided" the words "or who has passed such other examination which the board deems to be equivalent to the examination given by the board,".

Sec. 4. Section 90-14 of the General Statutes is hereby amended to read as follows:

"*Revocation, suspension, annulment or denial of license.*—The board shall have the power to deny, annul, suspend, or revoke a license, or other authority to practice medicine in this State, issued by the board to any person who has been found by the board to have committed any of the following acts or conduct, or for any of the following reasons:

1. Immoral or dishonorable conduct;

2. Producing or attempting to produce an abortion contrary to law;

3. Made false statements or representations to the board, or who has willfully concealed from the board material information in connection with his application for a license;

4. Obtained or attempted to obtain practice in his profession by the making of false representations;

5. Being unable to practice medicine with reasonable skill and safety to patients by reason of illness, drunkenness, excessive use of alcohol, drugs, chemicals, or any other type of material or by reason of any physical or mental abnormality. The board is empowered and authorized to require a physician licensed by it to submit to a mental or physical examination by physicians designated by the board before or after charges may be presented against him, and the results of examination shall be admissible in evidence in a hearing before the board;

6. Unprofessional conduct, including, but not limited to, any departure from, or the failure to conform to, the minimal standards of acceptable and prevailing medical practice, or the ethics of the medical profession, irrespective of whether or not a patient is injured thereby, or the committing of any act contrary to honesty, justice, or good morals, whether the same is committed in the course of his practice or otherwise, and whether committed within or without North Carolina;

12. Promotion of the sale of drugs, devices, appliances or goods provided for a patient in such a manner as to exploit the patient for financial gain of the physician;

13. Suspension or revocation of a license to practice medicine in any other state, or territory of the United States, or other country.

For any of the foregoing reasons, the board may deny the issuance of a license to an applicant, revoke a license issued to it, may suspend such a license for a period of time, and may impose conditions upon the continued practice after such period of suspension as the board may deem advisable, may limit the accused physician's practice of medicine with respect to the extent, nature or location of his practice as the board deems advisable. The board may, in its discretion and upon such terms and conditions and for such period of time as it may prescribe, restore a license so revoked or rescinded."

Sec. 5. Section 90-14.2 of the General Statutes is hereby amended by deleting the first sentence of such section and inserting in lieu thereof the following:

To the extent that this section deals with the same powers and responsibilities it shall be taken to be in amplification of those powers and not in derogation thereof.

(b) The council has the responsibility and duty of discipline and regulation of the practice of law in this State. Plans providing for prepaid legal services must be submitted to the council and may not be implemented or operated without the prior and continuing approval by the council as being proper under the statutes, rules and regulations governing the practice of law in this State; provided, however, the council shall not approve any plan for prepaid legal services which in any way restricts the right of the client or person receiving prepaid legal services to select his own attorney from the actual members of the North Carolina State Bar, or a member of any other state bar in any other state where the claim or cause of action may arise.

(c) The council is authorized to initiate and cause the creation of a nonprofit corporation pursuant to Chapter 55A of the General Statutes, for the purpose of providing for prepayment for legal services. The corporation authorized by this section shall have the following powers:

The corporation may not directly employ an attorney to perform legal services for another person. It shall not be subject to regulation under Chapter 58 of the General Statutes or other provisions relating to insurance companies, but it shall be subject to regulation pursuant to subsection (b) of this section. Neither the existence of this authorization, nor the creation of such a corporation shall limit the authority of the council to approve other plans for prepaid legal services. The council may cause funds of The North Carolina State Bar to be contributed, advanced or loaned to, or used for the benefit of the

corporation so created upon such terms as the council deems appropriate, and pursuant to such regulations as the council may promulgate to assure such funds are used for the purposes herein provided.

(e) Notwithstanding any other provision of this act or any other statute or law, no plan providing for prepaid legal services shall be authorized to exist or function in the State of North Carolina which in any way restricts or denies the client or person receiving prepaid legal services the right to select an attorney of his own choice from the active membership of the North Carolina State Bar, or a member of any other state bar in any other state where the claim or cause of action may arise to represent said person or client."

Sec. 2. Severability. If any provisions of this act or the application thereof to any person or circumstances are held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable.

(p) 'Special nuclear material' means (1) plutonium, uranium 233, uranium 235, uranium enriched in the isotope 233 or in the isotope 235, and any other material which the Department declares to be special nuclear material after the United States Nuclear Regulatory Commission, or any successor thereto, has determined the material to be such, but does not include source material; or (2) any material artificially enriched by any of the foregoing, but does not include source material.

(q) 'Specific license' means a license, issued after application, to use, manufacture, produce, transfer, receive, acquire, own or possess quantities of, or devices or equipment utilizing by-product, source, special nuclear materials, or other radioactive materials occurring naturally or produced artificially. Nothing in this Chapter shall require the licensing of individual natural persons involved in the use of radiation machines or radioactive materials for medical diagnosis or treatment.

"§ 104C-6. *Designation of State radiation protection agency.*—The Department is hereby designated the State agency to administer a statewide radiation protection program consistent with the provisions of this Chapter.

"§ 104C-7. *Radiation Protection Commission - creation and powers.*—There is hereby created the North Carolina Radiation Protection Commission of the Department of Human Resources with the power to promulgate rules and regulations to be followed in the administration of a radiation protection program. The Radiation Protection Commission is authorized:

(a) To advise the Department in the development of comprehensive policies and programs for the evaluation, determination, and reduction of hazards associated with the use of radiation;

(b) To adopt, promulgate, amend and repeal such rules, regulations and standards relating to the manufacture, production, transportation, use, handling, servicing, installation, storage, sale, lease, or other disposition of radioactive material and radiation machines as may be necessary to carry out the policy, purpose and provisions of this Chapter. To this end, the Commission is authorized to require licensing or registration of all persons who manufacture, produce, transport, use, handle, service, install, store, sell, lease, or otherwise dispose of radioactive material and radiation machines, as the Commission deems necessary to provide an adequate protection and supervisory program: provided, that prior to adoption of any regulation or standard, or amendment or repeal thereof, the Commission shall afford interested parties the opportunity, at a public hearing, as provided in G.S. 104C-13, to submit data or views orally or in writing. The recommendations of nationally recognized bodies in the field of radiation protection shall be taken into consideration in such standards relative to permissible dosage of radiation;

(c) To require all sources of ionizing radiation to be shielded, transported, handled, used, stored, or disposed of in such a manner to provide compliance with the provisions of this Chapter and rules, regulations and standards adopted hereunder;

(d) To require, on prescribed forms furnished by the Department, registration, periodic re-registration, licensing, or periodic re-licensing of persons to use, manufacture, produce, transport, transfer, install, service, receive, acquire, own, or possess radiation machines and other sources of radiation;

(e) To exempt certain sources of radiation or kinds of uses or users from the licensing or registration requirements set forth in this Chapter when the Commission determines that the exemption of such sources of radiation or kinds of uses or users will not constitute a significant risk to the health and safety of the public;

(f) To promulgate rules and regulations pursuant to this Chapter which may provide for recognition of other state and federal licenses as the Commission shall deem desirable, subject to such registration requirements as it may prescribe; and exercise all incidental powers necessary to carry out the provisions of this Chapter;

(g) To provide by rule or regulation for an electronic product safety program to protect the public health and safety, which program may authorize regulation and inspection of sources of non-ionizing radiation throughout the State.

The Department may refuse to make public dissemination of information relating to the source of radiation within this State after the Department first determines that the disclosure of such information will contravene the stated policy and purposes of this Chapter and such disclosure would be against the health, welfare and safety of the public.

(e) To respond to any emergency which involves possible or actual release of radioactive material; and to perform or supervise decontamination and otherwise protect the public health and safety in any manner deemed necessary. This section does not in any way alter or change the provisions of Chapter 166 of the North Carolina General Statutes concerning response during an emergency by the Department of Military and Veterans Affairs or its successor.

(f) To develop and maintain a statewide environmental radiation program for monitoring the radioactivity levels in air, water, soil, vegetation, animal life, milk, and food as necessary to ensure protection of the public and the environment from radiation hazards.

"§ 104C-10. *Licensing of by-product, source, and special nuclear materials and other sources of ionizing radiation.*—(a) The Governor, on behalf of this State, is authorized to enter into agreements with the federal government providing for discontinuance of certain of the responsibilities of the federal government with respect to sources of ionizing radiation and the assumption thereof by this State.

(b) Upon the signing of an agreement with the Nuclear Regulatory Commission or its successor as provided in subsection (a) above, the Commission shall provide by rule or regulation for general or specific licensing of persons to use, manufacture, produce, transport, transfer, receive, acquire, own, or possess by-product, source, or special nuclear materials or devices, installations, or equipment utilizing such materials. Such rule or regulation shall provide for amendment, suspension, renewal or revocation of licenses. Each application for a specific license shall be in writing on forms prescribed by the Commission and furnished by the Department and shall state, and be accompanied by, such information or documents, including, but not limited to plans, specifications and reports for new construction or material alterations as the Commission may determine to be reasonable and necessary to decide the qualifications of the applicant to protect the public health and safety. The Commission may require all applications or statements to be made under oath or affirmation. Each license shall be in such form and contain such terms and conditions as the Commission may deem necessary. No license issued under the authority of this Chapter and no right to possess or utilize sources of radiation granted by any license shall be assigned or in any manner disposed of; and the terms and conditions of all licenses shall be subject to amendment, revision, or modification by rules, regulations, or orders issued in accordance with the provisions of this Chapter.

(c) Any person who, on the effective date of an agreement under subsection (a) above, possesses a license issued by the federal government shall be deemed to possess the same pursuant to a license issued under this Chapter, which shall expire either 90 days after receipt from the Department of a notice of expiration of such license, or on the date of expiration specified in the federal license, whichever is earlier.

"§ 104C-11. *Inspections, agreements, and educational programs.*—(a) Authorized representatives of the Department shall have the authority to enter upon any public or private property, other than a private dwelling, at all reasonable times for the purpose of determining compliance with the provisions of this Chapter and rules, regulations and standards adopted hereunder.

(b) After approval by the Commission, the Governor is authorized to enter into agreements with the federal government, other states, or interstate agencies, whereby this State will perform on a cooperative basis with the federal government, other states, or interstate agencies, inspections, emergency response to radiation accidents, and other functions related to the control of radiation.

(c) The Department is authorized to institute educational programs for the purpose of training or educating persons who may possess, use, handle, transport, or service radioactive materials or radiation machines.

"§ 104C-12. *Records.*—(a) The Commission is authorized to require each person who possesses or uses a source of radiation: (1) to maintain appropriate records relating to its receipt, storage, use, transfer, or disposal and maintain such other records as the Commission may require, subject to such exemptions as may be provided by the rules and regulations promulgated by the Commission; and (2) to maintain appropriate records showing the radiation exposure of all individuals for whom personnel monitoring may be required by the Commission, subject to such exemptions as may be provided by the rules and regulations promulgated by the Commission. Copies of all records required to be

kept by this subsection shall be submitted to the Department or its duly authorized agents upon request.

(b) The Commission is authorized to require that any person possessing or using a source of radiation furnish to each employee for whom personnel monitoring is required a copy of such employee's personal exposure record upon the request of such employee, at any time such employee has received radiation exposure in excess of limits established in the rules and regulations promulgated by the Commission, and upon termination of employment.

"§ 104C-13. *Administrative procedures and judicial review.*—(a) The Department may refuse to grant a license as provided in G.S. 104C-7 or G.S. 104C-10 to any applicant who does not possess the requirements or qualifications which the Commission may prescribe in rules and regulations. The Department may suspend, revoke, or amend any license in the event that the person to whom such license was granted violates any of the rules and regulations of the Commission, or ceases, or fails to have the reasonable facilities prescribed by the Commission: Provided, that before any order is entered denying an application for a license or suspending, revoking, or amending a license previously granted, the applicant or person to whom such license was granted shall be given notice and granted a hearing as provided in Chapter 150 of the North Carolina General Statutes.

(b) Whenever the Department in its opinion determines that an emergency exists requiring immediate action to protect the public health and safety the Department may, without notice or hearing, issue an order reciting the existence of such emergency and requiring that such action be taken as is necessary to meet the emergency. Notwithstanding any provision of this Chapter, such order shall be effective immediately. Any person to whom such order is directed shall comply therewith immediately, and on application to the Department shall be afforded a hearing within 10 days. On the basis of such hearing, the emergency order shall be continued, modified, or revoked within 30 days after such hearing, as the Department may deem appropriate under the evidence.

(c) Any applicant or person to whom a license was granted who shall be aggrieved by any order of the Department or its duly authorized agent denying such application or suspending, revoking, or amending such license may appeal directly to the superior court as provided in Chapter 150 of the North Carolina General Statutes.

"§ 104C-14. *Impounding of materials.*—(a) Authorized representatives of the Department shall have the authority in the event of an emergency to impound or order the impounding of sources of radiation in the possession of any person who is not equipped to observe or fails to observe the provisions of this Chapter or any rules or regulations promulgated by the Commission.

(b) The Department may release such sources of radiation to the owner thereof upon terms and conditions in accordance with the provisions of this Chapter and rules and regulations adopted hereunder or may bring an action in the appropriate superior court for an order condemning such sources of radiation and providing for the destruction or other disposition so as to protect the public health and safety.

"§ 104C-15. *Transportation of radioactive materials.*—(a) The Radiation Protection Commission is authorized to adopt, promulgate, amend, and repeal rules and regulations governing the transportation of radioactive materials in

North Carolina, which, in the judgment of the Commission, shall promote the public health, safety, or welfare and protect the environment.

(1) Such rules and regulations may include, but shall not be limited to, provisions for the use of signs designating radioactive material cargo; for the packing, marking, loading, and handling of radioactive materials, and the precautions necessary to determine whether the material when offered is in proper condition for transport, and may include designation of routes in this State which are to be used for the transportation of radioactive materials.

(2) Such rules and regulations shall not include the carrier vehicle or its equipment, the licensing of packages, nor shall they apply to the handling or transportation of radioactive material within the confines of a facility licensed by or owned by a federal agency.

(3) The Commission is authorized to adopt by reference, in whole or in part, such federal rules and regulations governing the transportation of radioactive material which are established by the United States Nuclear Regulatory Commission, the United States Department of Transportation, or the United States Postal Service (or any federal agency which is a successor to any of the foregoing agencies), as such federal rules may be amended from time to time.

(b) The Department is authorized to enter into agreements with the respective federal agencies designed to avoid duplication of effort and/or conflict in enforcement and inspection activities so that:

(1) Rules and regulations adopted by the Commission pursuant to this section of this Chapter may be enforced, within their respective jurisdictions, by any authorized representatives of the Department of Human Resources and the Department of Transportation and Highway Safety, according to mutual understandings between such departments of their respective responsibilities and authorities.

(2) The Department, through any authorized representative, is authorized to inspect any records of persons engaged in the transportation of radioactive materials during the hours of business operation when such records reasonably relate to the method or contents of packing, marking, loading, handling, or shipping of radioactive materials within the State.

(3) The Department, through any authorized representative, may enter upon and inspect the premises or vehicles of any person engaged in the transportation of radioactive materials during hours of business operation, with or without a warrant, for the purpose of determining compliance with the provisions of this Chapter and the rules and regulations promulgated by the Commission.

(c) Upon a determination by the Department that any provision of this section, or the rules and regulations promulgated by the Commission, are being violated or that any practice in the transportation of radioactive materials constitutes a clear and imminent danger to the public health, property, or safety, it shall issue an order requiring correction as provided in G.S. 104C-13(b).

"§ 104C-16. *Radiation protection fund.*—There is hereby established under the control and direction of the Department a Radiation Protection Fund which shall be used to defray the expenses of any project or activity for:

(a) emergency response to and decontamination of radiation accidents as provided in G.S. 104C-9(e), or

(b) perpetual maintenance and custody of radioactive materials as the Department may undertake.

In addition to any moneys that shall be appropriated or otherwise made available to it, the fund may be maintained by fees, charges, penalties or other moneys paid to or recovered by or on behalf of the Department under the provisions of this Chapter. Any moneys paid to or recovered by or on behalf of the Department as fees, charges, penalties or other payments authorized by this Chapter shall be paid to the Radiation Protection Fund in an amount equal to the sum expended for the projects or activities in subsections (a) and (b) above.

"§ 104C-17. *Payments to State and local agencies.*—Upon completion of any project or activity stated in G.S. 104C-16(a), and from time to time during any project or activity stated in G.S. 104C-16(b), each State and local agency that has participated by furnishing personnel, equipment or material shall deliver to the Department a record of the expenses incurred by the agency. The amount of incurred expenses shall be disbursed by the Secretary of Human Resources to each such agency from the Radiation Protection Fund. Upon completion of any project or activity stated in G.S. 104C-16(a), and from time to time during any project or activity stated in G.S. 104C-16(b), the Secretary of Human Resources shall prepare a statement of all expenses and costs of the project or activity expended by the State and shall make demand for payment upon the person having control over the radioactive materials or the release thereof which necessitated said project or activity. Any person having control over the radioactive materials or the release thereof and any other person causing or contributing to an incident necessitating any project or activity stated in G.S. 104C-16 shall be directly liable to the State for the necessary expenses incurred thereby and the State shall have a cause of action to recover from any or all such persons. If the person having control over the radioactive materials or the release thereof shall fail or refuse to pay the sum expended by the State, the Secretary of Human Resources shall refer the matter to the Attorney General of North Carolina, who shall institute an action in the name of the State in the Superior Court of Wake County, or in his discretion, in the superior court of the county in which the project or activity was undertaken by the State, to recover such cost and expenses.

In any action instituted by the Attorney General under this section, a verified and itemized statement of the expenses incurred by the State in any project or activity stated in G.S. 104C-16 shall be filed with the complaint and shall constitute prima facie the amount due the State; and any judgment for the State thereon shall be for such amount in the absence of allegation and proof on the part of the defendant or defendants that the statement of expenses incurred by and the amount due the State is not correct because of an error in:

(1) calculating the amount due, or

(2) not properly crediting the account with any cash payment or payments or other satisfaction which may have been made thereon.

"§ 104C-18. *Security for emergency response and perpetual maintenance costs.*—(a) No person shall use, manufacture, produce, transport, transfer, receive, acquire, own or possess radioactive material until that person shall have procured and filed with the Department such bond, insurance or other security as the Commission may by regulation require. Such bond, insurance or other security shall:

(1) run in favor of the Radiation Protection Fund in the amount of the

estimated total cost as established by the Commission that may be incurred by the State in any project or activity stated in G.S. 104C-16, and

(2) have as indemnitor on such bond or insurance an insurance company licensed to do business in the State of North Carolina.

(b) The Commission may from time to time:

(1) cause an audit to be made of any person that insures itself by means of other security as provided for in subsection (a) above;

(2) amend or modify the estimated total cost for security established pursuant to this section; and

(3) provide by regulation for the discontinuance of indemnification by one insurer and the assumption thereof by another insurer, as the Commission deems necessary to carry out the provisions of this Chapter and rules and regulations adopted and promulgated hereunder.

"§ 104C-19. *Fees.*—In order to meet the anticipated costs of administering the educational and training programs in G.S. 104C-11(c) and of enforcing and carrying out the inspection provisions in G.S. 104C-7(g) and G.S. 104C-11(a), the Department is authorized to charge and collect such reasonable fees as the Commission may by rule or regulation establish.

"§ 104C-20. *Prohibited uses.*—It shall be unlawful for any person to use, manufacture, produce, transport, transfer, receive, acquire, own or possess any source of radiation unless licensed, registered or exempted by the Department in accordance with the provisions of this Chapter and the rules and regulations adopted and promulgated hereunder.

"§ 104C-21. *Conflicting laws.*—Ordinances, resolutions or regulations, now or hereafter in effect, of the governing body of a municipality or county or board of health relating to by-product, source and special nuclear materials shall not be superseded by this Chapter: Provided, that such ordinances or regulations are and continue to be consistent and compatible with the provisions of this Chapter, as amended, and rules and regulations promulgated by the Commission.

"§ 104C-22. *Tort claims against persons rendering emergency assistance.*—Any and all tort claims against any person which arise while that person is rendering assistance during an emergency (1) at the request of any authorized representative of the State of North Carolina or (2) pursuant to a mutual radiological assistance agreement as provided for in G.S. 104C-11(b), shall constitute claims against this State; and the disposition thereof shall be governed by the provisions of Article 31 of Chapter 143 of the General Statutes. In any civil action brought against said person, the provisions of Article 31A of Chapter 143 of the General Statutes shall apply as if such person were an employee of this State.

"§ 104C-23. *Penalties.*—Any person who violates the provisions of G.S. 104C-15 or G.S. 104C-20, or who hinders, obstructs, or otherwise interferes with any authorized representative of the Department in the discharge of his official duties in making inspections as provided in G.S. 104C-11, or in impounding materials as provided in G.S. 104C-14, shall be guilty of a misdemeanor and, upon conviction thereof, shall be punished as provided by law."

Sec. 3. G.S. 97-2(1) and G.S. 97-13(b), as they appear in the 1972 Replacement Volume 2D of the General Statutes of North Carolina, are amended by deleting the word "ionizing" wherever it appears.

Sec. 4. G.S. 97-53(15), as it appears in the 1973 Supplement to Volume 2D of the General Statutes of North Carolina, is amended by deleting the word "ionizing" therefrom.

Sec. 5. G.S. 14-288.1(2), as it appears in the 1969 Replacement Volume 1B of the General Statutes of North Carolina, is amended by inserting a comma and the words "radioactive material or device, as defined in G.S. 14-288.8(c)(5)," between the words "incendiary device" and "or any instrument" in the second line thereof.

Sec. 6. G.S. 14-288.8(c), as it appears in the 1969 Replacement Volume 1B of the General Statutes of North Carolina, is amended by adding a new subsection (5) to read as follows:

"(5) Radioactive material, which means any solid, liquid or gas which emits or may emit ionizing radiation spontaneously or which becomes capable of producing radiation or nuclear particles when controls or triggering mechanisms of any associated device are operable."

Sec. 7. G.S. 14-288.8(c)(1), as it appears in the 1969 Replacement Volume 1B of the General Statutes, is amended by reinserting between the words "poisonous gas" and the colon (:), the words "or radioactive material," and by deleting the word "or" which immediately precedes the word "poison".

Sec. 8. Section 1 of this act shall become effective July 1, 1975, and shall expire June 30, 1981.

Sec. 9. Sections 2 through 7 of this act shall become effective upon ratification.

S. B. 196 CHAPTER 719

AN ACT TO REGULATE THE SALE AND INSPECTION OF ANTIFREEZE SUBSTANCES AND PREPARATIONS.

The General Assembly of North Carolina enacts:

Section 1. This act shall be known as the "North Carolina Antifreeze Law of 1975".

Sec. 2. *Purpose.* It is desirable that there should be uniformity between the requirements of the several states. Therefore, the Board and Commission are directed, consistent with the purposes of this act, to so enforce this act as to strive for achievement of such uniformity and are also authorized and empowered to cooperate with and enter into agreements with any other agency of this State, or any other state regulating antifreeze, for the purpose of carrying out the provisions of this act and securing uniformity of regulations in conformity to the primary standards established by this act.

Sec. 3. *Definitions.* As used in this law, the following words and phrases have the following meanings:

(a) "Advertisement" means all representations disseminated in any manner or by any means, other than by labeling, for the purpose of inducing, or which are likely to induce, directly or indirectly, the purchase of antifreeze products.

(b) "Antifreeze" means any substance or preparation sold, distributed or intended for use as the cooling liquid, or to be added to the cooling liquid, in the cooling system of internal combustion engines of motor vehicles to prevent freezing of the cooling liquid or to lower its freezing point.

(c) "Antifreeze-coolant" or "antifreeze and summer coolant" or "summer coolant" means any substance as defined in (b) above which also is sold, distributed or intended for raising the boiling point of water or for the prevention of engine overheating whether or not used as a year-round cooling system fluid. Unless otherwise stated, the term "antifreeze" includes "antifreeze", "antifreeze-coolant", "antifreeze and summer coolant", and "summer coolant".

(d) "Board" means the North Carolina State Board of Agriculture, as defined by G.S. 106-2.

(e) "Commissioner" means the Commissioner of Agriculture of the State of North Carolina.

(f) "Distribute" means to hold with intent to sell, offer for sale, to sell, barter or otherwise supply to the consumer.

(g) "Home consumer-sized package" as used in Section 9(L) shall refer to packages of one fluid U. S. gallon or less.

(h) "Label" means any display of written, printed, or graphic matter on, or attached to, a package, or to the outside individual container or wrapper of the package.

(i) "Labeling" means (1) the labels and (2) any other written, printed or graphic matter accompanying a package.

(j) "Package" means (1) a sealed tamperproof retail package, drum, or other container designed for the sale of antifreeze directly to the consumer or (2)a container from which the antifreeze may be installed directly by the seller into the cooling system, but does not include shipping containers containing properly labeled inner containers.

(k) "Person", as used in this Article, shall be construed to mean both the singular and plural as the case demands, and shall include individuals, partnerships, corporations, companies and associations.

Sec. 4. *Registrations.* On or before the first day of July of each year, and before any antifreeze may be distributed for the permit year beginning July 1, the manufacturer, packager, or person whose name appears on the label shall make application to the Commissioner on forms provided by the latter for registration for each brand of antifreeze which he desires to distribute. The application shall be accompanied by specimens or facsimiles of labeling for all container sizes to be distributed, when requested by the Commissioner; a license and inspection fee of two hundred fifty dollars ($250.00) for each brand of antifreeze, and a properly labeled sample of the antifreeze shall also be submitted at this time. The Commissioner may inspect, test, or analyze the antifreeze and review the labeling. If the antifreeze is not adulterated or misbranded, if it meets the standards established and promulgated by the Board, and if the said antifreeze is not such a type or kind that is in violation of this act, the Commissioner shall thereafter issue a written license or permit authorizing

the sale of such antifreeze in this State for the fiscal year in which the license or inspection fee is paid. If the antifreeze is adulterated or misbranded, if it fails to meet standards promulgated by the Board, or is in violation of this act or regulations thereunder, the Commissioner shall refuse to register the antifreeze, and he shall return the application to the applicant, stating how the antifreeze or labeling is not in conformity. If the Commissioner shall, at a later date, find that a properly-registered antifreeze product has been materially altered or adulterated, or a change has been made in the name, brand or trademark under which the antifreeze is sold, or that it violates the provisions of this Article, or that it violates regulations, definitions or standards duly promulgated by the Board, he shall notify the applicant that the license authorizing sale of the antifreeze is cancelled. No antifreeze license shall be cancelled unless the registrant shall have been given an opportunity to be heard before the Commissioner or his duly designated agent and to modify his application in order to comply with the requirements of this law and regulations, definitions, and standards promulgated by the Board. All fees received by the Commissioner shall be placed in the Department of Agriculture Fund for the purpose of supporting the antifreeze enforcement and testing program.

Sec. 5. *Adulteration.* Antifreeze shall be deemed to be adulterated:

(a) If, in the form in which it is sold and directed to be used, it would be injurious to the cooling system in which it is installed, or if, when used in such cooling system, it would make the operation of the engine dangerous to the user.

(b) If its strength, quality, or purity falls below the standard of strength, quality, or purity established by the Board for the particular type or composition of antifreeze product.

Sec. 6. *Misbranding.* Antifreeze shall be deemed to be misbranded:

(a) If it does not bear a label which, (1) specifies the identity of the product, (2) states the name and place of business of the registrant, (3) states the correct net quantity of contents (in terms of liquid measure) separately and accurately in a uniform location upon the principal display panel, and (4) contains a statement warning of any hazard of substantial injury to human beings which may result from the intended use or reasonably foreseeable misuse of the antifreeze, as provided by applicable federal and State product safety laws.

(b) If the label on a container of less than five (5) gallons, or the labeling for a container of five (5) gallons or more, does not contain a statement or chart showing the appropriate amount, percentage, proportion or concentration of the antifreeze to be used to provide (1) claimed protection from freezing at a specified degree or degrees of temperature, (2) claimed protection from corrosion, or (3) claimed increase of boiling point or protection from overheating.

(c) If its labeling contains any claim that it has been approved or recommended by the Commissioner or the State of North Carolina.

(d) If its labeling is false, deceptive, or misleading.

Sec. 7. *Rules and regulations.* (a) The Board is authorized to promulgate such reasonable rules, regulations and standards for antifreezes as are specifically authorized in this law and such other reasonable rules and regulations as may be necessary for the efficient enforcement of this law and the protection of the public. The Board is authorized to promulgate regulations banning the distribution in North Carolina of any type of product not suitable for antifreeze usage in modern internal combustion engines or motor vehicles,

whether by reason of potential damage to the cooling system, improper heat transfer from the engine, absence of a convenient and suitable test method for measuring freeze protection, or other reason bearing upon the ultimate effect of the product when used in such automotive cooling systems. Before the issuance, amendment, or repeal of any rule, regulation or standard authorized by this law, the Board shall publish the proposed regulation, amendment, or notice to repeal an existing regulation in a manner reasonably calculated to give interested parties, including all current registrants, adequate notice and shall afford all interested persons an opportunity to present their views thereon, orally or in writing, within a reasonable period of time. After consideration of all views presented by interested persons, the Board shall take appropriate action as dictated by the material weight of objective information presented to the Board.

(b) The Commissioner shall administer this act by inspections, chemical analyses and other appropriate methods. The Commissioner shall also execute all orders, rules and regulations established by the Board. All authority vested in the Commissioner by virtue of the provisions of this Article may, with like force and effect, be executed by such agents of the Commissioner as he shall designate for such purpose; provided, however, that confidential formula information referred to in Section 11 must be confined to the files of the administrative chemist specifically designated by the Commissioner to handle such information.

Sec. 8. *Inspection, sampling and analysis.* The Commissioner, or his authorized agent, shall have free access at reasonable hours to all places and property in this State where antifreeze is manufactured, stored, transported, or distributed, or offered, or intended to be offered for sale, including the right to inspect and examine all antifreeze there found, and to take reasonable samples of such antifreeze for analysis together with specimens of labeling. All samples so taken shall be properly sealed and sent to the Department of Agriculture laboratories for examination together with all labeling appertaining thereto. It shall be the duty of the Commissioner to examine promptly all samples received in connection with the administration and enforcement of this law and to report the results of such examination to the owner and registrant of the antifreeze.

Sec. 9. *Prohibited acts.* It shall be unlawful to:

(a) Distribute any antifreeze which is adulterated or misbranded.

(b) Distribute any antifreeze which has been banned by the Board.

(c) Distribute any antifreeze which has not been registered in accordance with Section 4 or whose labeling is different from that accepted for registration; provided, that any antifreeze declared to be discontinued by the registrant must be registered by the registrant for one full year after distribution is discontinued; provided further, that any antifreeze in channels of distribution after the aforesaid registration period may be confiscated and disposed of by the Commissioner, unless the antifreeze is acceptable for registration and is continued to be registered by the manufacturer or the person offering the antifreeze for wholesale or retail sale.

(d) Refuse to permit entry or inspection or to permit the acquisition of a sample of antifreeze as authorized by Section 8.

(e) Dispose of any antifreeze that is under "stop sale" or "withdrawal from distribution" order in accordance with Section 10.

(f) Distribute any antifreeze unless it is in the registrant's or manufacturer's unbroken package or is installed by the seller into the cooling

system of the purchaser's vehicle directly from the registrant's or manufacturer's package, and the lable on such package if less than five (5) gallons, or the labeling of such package if five (5) gallons or more, does not bear the information required by Section 6(a), (b), (c), and (d).

(g) Use the term "ethylene glycol" in connection with the name of a product which contains other glycols unless it is qualified by the word "base", "type", or similar word, and unless the product meets the following requirements: (1) It consists essentially of ethylene glycol; (2) If it contains suitable glycols other than ethylene glycol that no more than a maximum of fifteen percent (15%) of such other glycols be present; (3) It contains a minimum total glycol content of ninety-three percent (93%) by weight; (4) The specific gravity is corrected to give reliable freezing point readings on a commercial ethylene glycol type hydrometer; and (5) The freezing point of a fifty percent (50%) by volume aqueous mixture of the antifreeze shall not be above -34° F.

(h) Refuse, when requested, to permit a purchaser to see the container from which antifreeze is drawn for installation into the purchaser's vehicle.

(i) Refill any container bearing a registered label, unless by the registrant or his duly-designated jobber, under regulations established by the Board.

(j) Distribute any antifreeze for which a practical, rapid means for measuring the freeze protection by the user is not readily available, whether by hydrometer or other means.

(k) Distribute antifreeze which is in violation of the Federal Poison Prevention Packaging Act and regulations and related federal and State product safety laws and regulations.

(l) Distribute antifreeze in home consumer-sized packages which are constructed of either transparent or translucent packaging materials.

(m) Disseminate any false or misleading advertisement relating to an antifreeze product.

Sec. 10. *Enforcement.* (a) When the Commissioner finds any antifreeze being distributed in violation of any of the provisions of this law or of any of the rules and regulations duly promulgated and adopted under this law by the Board, he may issue and enforce a written or printed "stop sale" or "withdrawal from distribution" order, warning the distributor not to dispose of any of the lot of antifreeze in any manner until written permission is given by the Commissioner or the court. Copies of such orders shall also be sent by certified mail to the registrant and to the person whose name and address appears on the labeling of the antifreeze. The Commissioner shall release for distribution the lot of antifreeze so withdrawn when said provisions of this law and applicable rules and regulations have been complied with. If compliance is not obtained within thirty (30) days of the date of notification to the registrant and the person whose name and address appears on the label, the Commissioner may begin proceedings for condemnation.

(b) Notwithstanding the provisions of subsection (a) of this section, any lot of antifreeze not in compliance with said provisions and regulations shall be subject to seizure upon complaint of the Commissioner to the district court in the county in which said antifreeze is located. In the event the court finds said antifreeze to be in violation of this law and its duly adopted regulations, it may then order the condemnation of said antifreeze and the same shall be disposed of in any manner consistent with the rules and regulations of the Board and the

laws of the State at the expense of the claimants thereof, under the supervision of the Commissioner; and all court costs and fees, and storage and other proper expenses, shall be taxed against the claimant of such article or his agent; provided, however, that in no instance shall the disposition of said antifreeze be ordered by the court without first giving thirty days' notice, by certified mail at his last known address, to the owner of same, if he is known to the Commissioner, and to the registrant, if the antifreeze is registered, at the address shown on the label or on the registration certificate, so that such persons may apply to the court for the release of said antifreeze or for permission to process or relabel said antifreeze so as to bring it into compliance with this law. When the violation can be corrected by proper labeling, processing of the product, or other action, the court, after all costs, fees and expenses incurred by the Commissioner have been paid and a good and sufficient bond, conditioned that such article shall be so corrected, has been executed, may by order direct that such article be delivered to the claimant thereof for such action as necessary to bring it into compliance with this law and regulations under the supervision of the Commissioner. The expense of such supervision shall be paid by the claimant. Such bond shall be returned to the claimant of the article on representation to the court by the Commissioner that the antifreeze is no longer in violation of this Article, and that the expenses of such supervision have been paid.

(c) A copy of the analysis made by any chemist of the Department of Agriculture of any antifreeze certified to by him shall be administered as evidence in any court of the State on trial of any issue involving the merits of antifreeze as defined and covered by this Article.

(d) When the Commissioner finds any antifreeze being distributed in violation of any of the provisions of this law or of any of the rules and regulations duly promulgated and adopted by the Board, he may request, and the person whose name and address appears on the labeling or the person who is primarily responsible for the product must promptly supply to him, the distribution data for such product in this State, so as to assure that violative products are not further distributed herein and that an orderly withdrawal from distribution may be attained where necessary to protect the public interest.

Sec. 11. *Submission of formula.* When application for a license or permit to sell antifreeze in this State is made to the Commissioner, he may require the applicant to furnish a statement of the formula or contents of such antifreeze, which said statement shall conform to rules and regulations established by the Commissioner; provided, however, that the statement of formula or contents may state the content of inhibitor ingredients in generic terms if such inhibitor ingredients total less than five percent (5%) by weight of the antifreeze and if in lieu thereof the manufacturer, packer, seller or distributor furnishes the Commissioner with satisfactory evidence, other than by disclosure of the actual chemical names and percentages of the inhibitor ingredients, that the said antifreeze is in conformity with this act and any rules and regulations promulgated and adopted by the Board. All statements of content, formulas or trade secrets furnished under this section shall be privileged and confidential and shall not be made public or open to the inspection of any person, firm, association or corporation other than the Commissioner. All such statements of contents shall not be subject to subpoena nor shall the same be exhibited or disclosed before any administrative or judicial tribunal by virtue of any order or

subpoena of such tribunal unless with the consent of the applicant furnishing such statements to the Commissioner; provided, however, that in emergency situations information may be revealed to physicians or to other qualified persons for use in preparation of antidotes. The disclosure of any such information, except as provided in this section, shall be a misdemeanor.

Sec. 12. *Violation.* (a) Any person who shall be adjudged to have violated any provision of this law, or any regulation of the Board adopted pursuant to this law, shall be guilty of a misdemeanor, and for each violation shall be fined not less than one hundred dollars ($100.00) nor more than one thousand dollars ($1,000) or shall be imprisoned for not more than sixty (60) days, or both. In addition, if any person continues to violate or further violates any provision of this law after written notice from the Commissioner, the court may determine that each day during which the violation continued or is repeated constitutes a separate violation subject to the foregoing penalties.

(b) Nothing in this law shall be construed as requiring the Commissioner to: (1) report for prosecution, or (2) institute seizure proceedings, or (3) issue a "stop sale" or "withdrawal from distribution" order, as a result of minor violations of the law, or when he believes the public interest will best be served by suitable notice of warning in writing to the registrant or the person whose name and address appears on the labeling.

(c) It shall be the duty of each solicitor to whom any violation is reported to cause appropriate proceedings to be instituted and prosecuted in a court of competent jurisdiction without delay.

(d) The Commissioner is hereby authorized to apply for and the court to grant a temporary restraining order and a preliminary or permanent injunction restraining any person from violating or continuing to violate any of the provisions of this law or any rules or regulation promulgated under the law notwithstanding the existence of other remedies at law.

(e) Any person adversely affected by an act, order, or ruling made pursuant to the provisions of this law may within thirty (30) days thereafter bring action in the Superior Court of Wake County for judicial review of such act, order or ruling according to the provisions of Article 33 of Chapter 143 of the General Statutes.

Sec. 13. *Publications.* (a) The commission may publish or furnish, upon request, a list of the brands and classes or types of antifreeze inspected by the State Chemist during the fiscal year which have been found to be in accord with this Article and for which a license or permit for sale has been issued.

(b) The Commissioner may cause to be published from time to time reports summarizing all judgments, decrees, and court orders which have been rendered under this Article including the nature of the charge and the disposition thereof.

(c) The Commissioner may also cause to be disseminated such information regarding antifreezes as he deems necessary in the interest of protection of the public. Nothing in this section shall be construed to prohibit the Commissioner from collecting, reporting, and illustrating the results of the investigations of the department.

Sec. 14. *Constitutionality.* If any provision of this law is declared unconstitutional, or the applicability thereof to any person or circumstance is held invalid, the constitutionality of the remainder of this law and the

applicability thereof to other persons and circumstances shall not be affected thereby.

Sec. 15. *Exclusive jurisdiction.* Jurisdiction in all matters pertaining to the distribution, sale and transportation of antifreeze by this law are vested exclusively in the Board and Commissioner.

Sec. 16. *Repeal.* (a) All laws and clauses of laws in conflict with or inconsistent with the provisions of this act are hereby repealed and Article 51, Chapter 106 of the General Statutes is hereby specifically repealed.

(b) Notwithstanding any other provisions of law, all existing rules and regulations concerning the sale and inspection of antifreeze substances and preparations of the State of North Carolina Department of Agriculture and any other agency of the State of North Carolina, not inconsistent with the provisions of this act shall continue in full force and effect until repealed, modified or amended.

Sec. 17. *Effective date.* This act shall become effective July 1, 1975.

In the General Assembly read three times and ratified, this the 23rd day of June, 1975.

Section 1. G.S. 148-42 as found in the 1974 Supplement to Volume 3C of the General Statutes is rewritten to read as follows:

"§ 148-42. *Indeterminate sentences.*—The several judges of the superior court are authorized in their discretion in sentencing prisoners to imprisonment to commit the prisoner to the custody of the Secretary of Correction for a minimum and maximum term. The maximum term imposed shall not exceed the limit otherwise prescribed by law for the offense of which the person is convicted. At any time after the prisoner has served the minimum term less earned allowances for good behavior, pursuant to G.S. 143B-266(b), the Parole Commission is authorized to unconditionally discharge such person."

Sec. 2. Article 3A of Chapter 148 of the General Statutes, as the same is found in the 1974 Supplement to Volume 3C of the General Statutes, is amended by:

(1) inserting the words "or parole" after the words "conditional release" and before the comma "," on line 6 of G.S. 148-49.1;

(2) amending the short title and the first sentence of G.S. 148-49.6 to read as follows:

"§ 148-49.6. *Placement of youthful offenders.*—On receipt of the report and recommendations from the diagnostic and classification center, the Secretary of Correction may (a) recommend to the Parole Commission that the committed youthful offender be paroled under supervision, (b) order the committed youthful offender confined and afforded treatment under such conditions as he believes best designed for the protection of the public, or (c) order the immediate conditional release as provided in G.S. 148-49.8.";

(3) rewriting G.S. 148-49.8 to read as follows:

"§ 148-49.8. *Release of youthful offenders.*—(a) When, in the judgment of the Secretary of Correction, a committed youthful offender is ready for parole under supervision, the Secretary shall so report to the Parole Commission with his recommendations. The Parole Commission may at any time after reasonable notice to the Secretary of Correction parole under supervision a committed youthful offender, pursuant to the provisions of Article 4 of this Chapter.

(b) When the Parole Commission releases conditionally under supervision any committed youthful offender, the time that the committed youthful offender spends at liberty on that conditional release shall be limited and shall be credited toward his active sentence in the same manner as would have occurred had such person been paroled pursuant to Article 4 of this Chapter.

(c) A committed youthful offender shall be paroled under supervision on or before the expiration of four years from the date of his commitment and may be discharged unconditionally before the expiration of the maximum term imposed.

(d) The Parole Commission, without the approval of the Secretary of Correction, may release a committed youthful offender on parole within the last 90 days of his maximum term of commitment.

(e) The Parole Commission may revoke or modify any of its orders respecting a committed youthful offender except an order of unconditional discharge. Upon the unconditional discharge by the Parole Commission of a committed youthful offender before the expiration of the maximum sentence imposed upon him, all rights of citizenship which he forfeited on conviction shall be automatically restored and the Parole Commission shall issue to the youthful offender a certificate to that effect."; and

(4) inserting on line 2 of G.S. 148-49.9 the words "or paroled" after the words "offenders conditionally released".

In the event no revocation proceedings are instituted within the final six months of parole supervision, the Parole Commission shall unconditionally discharge such parolee. The period of parole shall not exceed the maximum term of imprisonment to which the parolee was sentenced, less the period of time during which the prisoner has been imprisoned under such sentence. The official discharge by the Parole Commission of a parolee shall have the effect of terminating the sentence or sentences under which the parolee was paroled."; and

(b) by rewriting subsection (a) of G.S. 148-61.1 to read as follows:

"§ 148-61.1. *Revocation of parole by Commission; conditional or temporary revocation.*—(a) The Parole Commission may at any time revoke the order of

AN ACT TO PROVIDE FOR THE MANUFACTURE AND DISTRIBUTION OF WINE AND THE FURNISHING OF WINE FOR PROMOTIONAL PURPOSES.

The General Assembly of North Carolina enacts:

Section 1. G.S. 18A-38 is amended by deleting the first 10 lines thereof and by inserting in lieu thereof the following:

"The State Board of Alcoholic Control shall be referred to herein as 'the Board'. The Board shall have the sole power, in its discretion, to determine the fitness and qualifications of an applicant for a permit to sell, manufacture, or bottle malt beverages or wine (fortified and unfortified). The Board shall

inquire into the character of the applicant and the location, general appearance, and type of place of business of the applicant. The Board, in addition to all powers now conferred upon it by law, is hereby vested with additional powers to regulate the distribution and sale of wine (fortified and unfortified) and malt beverages as follows:

(a) Permits issued to wineries, importers and wholesalers shall be as follows:

(1) Unfortified Winery Permits shall authorize the permittee to manufacture unfortified wines and to sell and deliver or ship the same in accordance with the regulations of the Board, in bottles or other closed containers to persons permitted under the provisions of this Chapter and Article 2C of Chapter 105 to sell at wholesale. A holder of an Unfortified Winery Permit may sell unfortified wine to nonresident wholesalers when the purchase is not for resale in this State.

(2) Fortified Winery Permits shall authorize the permittee to manufacture, purchase, import, and transport brandy and other ingredients and equipment used in the manufacture of fortified wines. A permittee holding a Fortified Winery Permit may manufacture fortified wines and sell and deliver or ship the same in accordance with the regulations of the Board in bottles, or other permitted closed containers to persons authorized under the provisions of this Chapter to sell at wholesale. The permittee may also sell fortified wine to nonresident wholesalers when the purchase is not for resale in this State.

(3) Limited Winery Permits. A resident winery holding an Unfortified Winery Permit may also obtain a Limited Winery Permit from the State Board of Alcoholic Control provided that the winery produces its wines principally from honey, grapes or other fruit grown in North Carolina. A Limited Winery Permit shall authorize the permittee to provide visitors with samples for tasting free of charge subject to the rules and regulations of the State Board of Alcoholic Control and the North Carolina Department of Revenue.

(4) Wine Importers Permits authorize the permittee to import wines from outside the United States in bottles, or other closed containers to warehouse, and sell the same at wholesale for purposes of resale.

(5) Wholesale Unfortified Wine Permits authorize the permittee to acquire and receive delivery shipments of unfortified wine and to sell and deliver or ship the same in accordance with regulations of the Board, in bottles or other closed containers, approved by the Board, to persons licensed under the provisions of this Chapter to sell the same at wholesale or retail for purposes of resale. An unfortified wine wholesaler may furnish and sell unfortified wine to his employees subject to the regulations of the State ABC Board and the North Carolina Department of Revenue.

(6) Fortified Wine Wholesalers Permits shall authorize the permittee to possess, transport, warehouse and sell as a wholesaler, fortified wines in any county of the State provided such sales are to persons, firms or corporations that are licensed under the provisions of this Chapter and Chapter 105. A fortified wine wholesaler may furnish or sell fortified wine to his employees subject to the regulations of the State ABC Board and the North Carolina Department of Revenue."

Sec. 2. G.S. 105-113.83 is amended in the third paragraph to read as follows:

"§ 105-113.83. *Annual State license to sell unfortified wine at retail.*—If the license issued to any person by any municipality or county to sell the beverages referred to in this Article shall be revoked by the proper officers of such municipality or county, or by any court, it shall be the duty of the Secretary of Revenue to revoke the State license of such licensee; and in such event, the licensee shall not be entitled to a refund of any part of the license tax paid. It shall be unlawful for any wholesale licensee to make any sale or delivery of unfortified wine to any person except persons who have been licensed to sell such beverages at retail or wholesale as prescribed in this Article."

AN ACT AUTHORIZING CITIES TO WAIVE THEIR GOVERNMENTAL IMMUNITY FROM TORT LIABILITY BY THE PURCHASE OF LIABILITY INSURANCE.

The General Assembly of North Carolina enacts:

Section 1. G.S. 160A-485 is hereby rewritten to read as follows:

"§ 160A-485. *Waiver of immunity through insurance purchase.*—(a) Any city is authorized to waive its immunity from civil liability in tort by the act of purchasing liability insurance. Immunity shall be waived only to the extent that the city is indemnified by the insurance contract from tort liability. No formal action other than the purchase of liability insurance shall be required to waive tort immunity, and no city shall be deemed to have waived its tort immunity by any action other than the purchase of liability insurance.

(b) An insurance contract purchased pursuant to this section may cover such torts and such officials, employees, and agents of the city as the governing board may determine. The city may purchase one or more insurance contracts, each covering different torts or different officials, employees, or agents of the city. An insurer who issues a contract of insurance to a city pursuant to this section thereby waives any defense based upon the governmental immunity of the city, and any defense based upon lack of authority for the city to enter into the contract. Each city is authorized to pay the lawful premiums for insurance purchased pursuant to this section.

(c) Any plaintiff may maintain a tort claim against a city insured under this section in any court of competent jurisdiction. As to any such claim, to the extent that the city is insured against such claim pursuant to this section, governmental immunity shall be no defense. Except as expressly provided herein, nothing in this section shall be construed to deprive any city of any defense to any tort claim lodged against it, or to restrict, limit, or otherwise affect any defense that the city may have at common law or by virtue of any statute. Nothing in this section shall relieve a plaintiff from any duty to give notice of his claim to the city, or to commence his action within the applicable period of time limited by statute. No judgment may be entered against a city in excess of its insurance policy limits on any tort claim for which it would have been immune but for the purchase of liability insurance pursuant to this section.

No judgment may be entered against a city on any tort claim for which it would have been immune but for the purchase of liability insurance pursuant to this section except a claim arising at a time when the city is insured under an insurance contract purchased and issued pursuant to this section. If, in the trial of any tort claim against a city for which it would have been immune but for the purchase of liability insurance pursuant to this section, a verdict is returned awarding damages to the plaintiff in excess of the insurance limits, the presiding judge shall reduce the award to the maximum policy limits before entering judgment.

(d) Except as otherwise provided in this section, tort claims against a city shall be governed by the North Carolina Rules of Civil Procedure. No document or exhibit which relates to or alleges facts as to the city's insurance against liability shall be read, exhibited, or mentioned in the presence of the trial jury in the trial of any claim brought pursuant to this section, nor shall the plaintiff, his counsel, or anyone testifying in his behalf directly or indirectly convey to the jury any inference that the city's potential liability is covered by insurance. No judgment may be entered against the city unless the plaintiff waives his right to a jury trial on all issues of law or fact relating to insurance coverage. All issues relating to insurance coverage shall be heard and determined by the judge without resort to a jury. The jury shall be absent during all motions, arguments, testimony, or announcement of findings of fact or conclusions of law with respect to insurance coverage. The city may waive its right to have issues concerning insurance coverage determined by the judge without a jury, and may request a jury trial on these issues.

(e) Nothing in this section shall apply to any claim in tort against a city for which the city is not immune from liability under the statutes or common law of this State."

Sec. 2. This act shall become effective upon its ratification.

In the General Assembly read three times and ratified, this the 23rd day of June, 1975.

The General Assembly of North Carolina enacts:

Section 1. G.S. 115-88(b) is amended by rewriting the paragraph as follows:

"(b) If no agreement is reached at the joint meeting of the two boards, either board may refer the dispute to the clerk of superior court for arbitration within three days after the day of the joint meeting. The clerk, except as hereinafter provided, shall render his decision on the matters in disagreement within 10 days after the day of the referral. The clerk of the superior court shall have the authority to subpoena or issue any orders necessary to have appear before him any member of a board of education and any member of a board of commissioners involved in the dispute and to require that the records of either

board be presented to him for the purpose of arbitration of the issues. In the event the clerk of the superior court finds as a fact that 'the tax levying authority or' a board or boards of education are unwilling to arbitrate the disagreement or that the issues in disagreement cannot be resolved by arbitration, he shall transfer the matter to the Superior Court Division of the General Court of Justice for trial as hereinafter provided."

Sec. 2. This act shall become effective upon ratification.

The board shall adopt a seal for its use, which shall bear thereon the words "North Carolina Landscape Contractors' Registration Board".

(d) The Board may employ a secretary-treasurer and such clerical assistance as may be necessary to carry out the provisions of this Chapter and to put into effect such rules and regulations as the board may promulgate. Each application for an initial certificate shall be accompanied by an application fee of twenty dollars ($20.00).

(b) Any person who files such application to the board in proper manner to be registered and titled as a landscape contractor shall be required to take an oral or written examination to determine his qualifications. The board will compile a manual from which the examination will be prepared.

If the results of the examination shall be satisfactory, the board shall issue to such a person a certificate, authorizing such person to be titled as a landscape contractor in the State of North Carolina, upon payment of privilege taxes now required by law, or that may hereafter be required by law. Anyone failing to pass an examination may be re-examined without payment of additional fee, under such rules as the board may adopt in such cases.

(c) All certificates granted and issued by the board under the provisions of this Chapter shall expire annually on December 31. Renewal of such certificates may be effected at any time during the month preceding the expiration date of such certificates upon proper application to the board accompanied by the payment to the secretary-treasurer of the board of a renewal fee, as set by the board, of not more than fifty dollars ($50.00). The fee for an initial certificate shall be the same as for a renewal certificate and is in addition to the application fee. All certificates reinstated after expiration date thereof shall be subject to a late filing fee of ten dollars ($10.00). In the event a registrant fails to obtain a reinstatement of such certificate within 12 months from the date of expiration thereof, the board may, in its discretion, consider such registrant subject to the provisions of this Chapter relating to the issuance of an original certificate. Duplicate certificates may be issued by the board upon payment of a fee of one dollar ($1.00) by the registrant.

Such statement shall be attested by the secretary-treasurer of the board.

Sec. 7. (a) The board shall have power to revoke or suspend certificates of title herein provided. The board may upon its own motion or upon a verified complaint in writing hold a hearing as hereinafter provided to investigate the actions of any titled landscape contractor. The board shall have the power to suspend or revoke any certificate of title issued under the provisions of this Chapter if the registrant has by false or fraudulent representations obtained a

certificate; if the registrant has been convicted or has entered a plea of nolo contendere to any crime involving moral turpitude in any court, State or federal; if the registrant is found to have committed any act which constitutes improper, fraudulent or dishonest dealing; or if the registrant violates any rule or regulation duly promulgated by the board.

(b) In all proceedings under this section for the revocation, denial or suspension of certificates, the provisions of Chapter 150 or Chapter 150A, of the General Statutes, whichever is in effect, shall be applicable.

Sec. 8. An applicant from another state which offers registration privileges to residents of North Carolina may be registered by conforming to all the provisions of this Chapter and, in the discretion of the board, such other terms and conditions as are required of North Carolina residents applying for a certificate in such other state. The board may exempt from the examination prescribed in this Chapter a landscape contractor duly registered in another state if a similar exemption is extended to registered landscape contractors from North Carolina.

Sec. 9. If any section, subsection, sentence or clause of this act is for any reason held to be unconstitutional, such holding or decision shall not affect any other portion of the act, it being declared the legislative intent that this act would have been enacted notwithstanding such invalid portion.

Sec. 10. Before July 1, 1976, any person, partnership, corporation or other legal entity submitting an application, application fee and evidence satisfactory to the board that he has actively engaged in the practice of landscape contracting for one year prior to July 1, 1976, shall be issued a certificate of title without the requirement of examination.

Sec. 11. The board shall have authority to petition for, and the superior courts of the State shall have authority to issue, temporary restraining orders, and preliminary and permanent injunctions for violations of this act.

Sec. 12. This act shall become effective on December 1, 1975.

"ARTICLE IV.

"Pre-release and Release.

"§ 134-30. *Authority to release.*—The department shall have the duty to know about the progress of children in its care and to know when a child is ready for release. "§ 134-31. *Pre-release planning.*—The department shall be responsible for regular evaluation of the progress of each child at least once every six months as long as the child remains in the care of the department. This pre-release planning process shall be defined by rules and regulations of the commission, but the process shall include the following:

(1) Written notice to the committing court and the parents that the child is ready for release, including an explanation of the reasons and the date of the anticipated release;

(2) A pre-release planning conference involving as many of the appropriate people as possible, including the child, his parents, staff of the committing court (or the staff of the court that will provide after-care supervision), and staff of the institution or program that found the child ready for release;

(3) Planning for an orderly transition from the institution or youth services program to the child's home or the community to which the child is returning, including arrangements for the court counselor to become involved in supervision as soon as the child leaves the institution.

"§ 134-32. *Conditional release and final discharge.*—The department may release a child by conditional release or final discharge. The decision as to which type of release is appropriate shall be made by the department based on the needs of the child and the best interests of the State under rules and regulations governing release which shall be approved by the commission, according to the following guidelines:

(1) Conditional release is appropriate for children needing supervision after leaving the institution; in such case, the conditions of conditional release shall be designed by the department in the pre-release planning process specified in G.S. 134-31 and provided in writing to the child, his parents and the court staff which will provide after-care supervision.

(2) Final discharge is appropriate when the child does not seem to require supervision or is 18 years of age.

"§ 134-33. *Revocation of conditional release.*—If a child who was released on conditional release does not conform to the conditions of said conditional release, the court counselor providing aftercare supervision or the appropriate staff of the department may make a motion for review in the district court in the district where the child has been residing during such aftercare supervision. The district court shall hold a juvenile hearing to determine whether there has been such a violation. If the court determines that the child has violated the terms of his conditional release, the court may revoke such conditional release or make any other disposition authorized by G.S. 7A-286 which the court determines to be in the best interest of the child. If the court revokes the conditional release, the court staff shall make arrangements with the department for the return of the child under rules and regulations approved by the commission.

"ARTICLE V.

"Detention Services.

"§ 134-36. *Legislative intent.*—The General Assembly intends to provide an administrative structure for implementation of the study of detention needs in North Carolina done by the National Juvenile Detention Association entitled *Juvenile Detention in North Carolina: A Study Report*, released in January, 1973. In addition to the authority of the Department under Part 3, Article 3, Chapter 108 and Article 10, Chapter 153A, the department shall be responsible for the development and administration of regional detention homes as recommended in the report and for coordination of regional detention services through existing county detention homes.

"§ 134-37. *Regional detention services.*—The department shall be responsible for juvenile detention services, including the development of a statewide plan for regional juvenile detention services as recommended by said report which will offer juvenile detention care of sufficient quality to meet State standards to any child requiring juvenile detention care within the State in a county detention home or a regional detention home by January 1, 1979, as follows:

(1) The department shall plan with the counties operating a county detention home to provide regional juvenile detention services to surrounding counties as recommended by said report, except that the department shall have some discretion in defining the geographical boundaries of the regions based on negotiations with affected counties, distances, availability of juvenile detention care that meets State standards, and other appropriate variable factors.

(2) The department shall plan for and administer five or more regional detention homes as recommended in said report, including careful planning on location, architectural design, construction, and administration of a program to meet the needs of children in juvenile detention care. In general, this subsidy should be fifty percent (50%) of the operating costs of a county detention home

and one hundred percent (100%) of the per capita daily cost of caring for a child from another county; any county placing a child in the county detention home of another county providing regional juvenile detention services or a regional detention home should pay fifty percent (50%) of the per capita daily cost of caring for the child to the department. The exact funding formulas may be varied by the department to operate within existing State appropriations or other funds that may be available to pay for juvenile detention care.

"§ 134-39. *Authority for implementation.*—In order to allow for effective implementation of a statewide regional approach to juvenile detention, the department shall have legal authority to do the following:

(1) To develop rules and regulations which may be necessary to fulfill its responsibilities under this Article, which shall be effective when approved by the commission;

(2) To plan with counties operating county detention homes to provide regional services and to upgrade physical facilities as recommended in said report, to contract with counties for services and care, and to pay State subsidies to counties providing regional juvenile detention services that meet State standards;

(3) To develop one or more pilot programs to demonstrate quality juvenile detention care on a regional basis that meet State standards;

(4) To develop a plan whereby law-enforcement officers or other appropriate employees of local government shall be reimbursed by the State for the costs of transportation of a child to and from any juvenile detention facility;

(5) To seek funding for juvenile detention services from federal sources, and to accept gifts of funds from public or private sources; and

(6) To transfer State funds appropriated for institutions or other youth services programs to develop a pilot program of juvenile detention care, to purchase detention care in a county detention home which meets State standards, and to operate a regional detention home."

Sec. 2. G.S. 7A-279 is amended by adding the following sentence at the end:

"The court shall also have jurisdiction to conduct a juvenile hearing to determine whether a child under aftercare supervision of a court counselor in the district has violated the terms of the conditional release under which such child was released from an institution or training school or other youth services program by the Department of Human Resources."

Sec. 3. G.S. 7A-285 is amended by adding the following sentence at the end:

"In any juvenile hearing dealing with the revocation of conditional release, the court shall protect the due process rights of the child which shall include the same rights guaranteed in adjudication of delinquency where the child could lose his freedom."

(1) 'Agricultural land' means land and improvements thereon constituting a farm tract actively engaged in the commercial production or growing of crops, plants or animals under a sound management program. (This definition includes woodland and wasteland which are a part of a farm tract.)

(2) 'Forest land' means land and improvements thereon constituting a forest tract actively engaged in the commercial growing of trees under a sound management program.

(3) 'Horticultural land' means land and improvements thereon constituting a horticultural tract actively engaged in the commercial production or growing of fruits, vegetables, nursery or floral products under a sound management program.

(4) 'Individually owned' means owned by:

(a) A natural person or persons or

(b) A corporation having as its principal business one of the activities described in subdivisions (1), (2) and (3), above, the real owners of all of the shares of such corporation being natural persons actively engaged in such activities, or the spouse, siblings or parents of such persons.

(5) 'Present use value' means the price estimated in terms of money at which the property would change hands between a willing and financially able buyer

and a willing seller, neither being under any compulsion to buy or to sell, assuming that both of them have reasonable knowledge of the capability of the property to produce income in its present use and that the present use of the property is its highest and best use.

(6) 'Sound management program' means a program of production designed to obtain the greatest net return from the land consistent with its conservation and long-term improvement."

Sec. 2. G.S. 105-277.3(b) is hereby rewritten to read as follows:

"(b) In order to come within a classification described in subdivision (a)(1), (2) or (3), above, the property must, if owned by natural persons, also:

(1) Be the owner's place of residence; or

(2) Have been owned by the present owner or by the owner's spouse, siblings, or parents for the four years immediately preceding January 1 of the year for which the benefit of this section is claimed.

If owned by a corporation, the property must have been owned by the corporation or by one or more of its principal shareholders as defined in G.S. 105-277.2(4)(b) for the four years immediately preceding January 1 of the year for which the benefit of this section is claimed. Notwithstanding the provisions of G.S. 105-277.2(4)(b), above, a corporation qualifying for a classification described in G.S. 105-277.3 shall not lose the benefit of the classification by reason of the death of one of the principal shareholders provided the decedent's ownership passes to and remains in the surviving spouse or children."

Sec. 3. G.S. 105-277.4(a) is hereby rewritten to read as follows:

"(a) Property coming within one of the classes defined in G.S. 105-277.3 but having a greater value for other uses shall be eligible for taxation on the basis of the value of the property in its present use if a timely and proper application is filed with the tax supervisor of the county in which the property is located. The application shall clearly show that the property comes within one of the classes and shall also contain any other relevant information required by the tax supervisor to properly appraise the property at its present use value. In nonrevaluation years, the applications shall be filed during the regular or extended listing period, unless there is a change in the true value in money appraisal of a given property under G.S. 105-287. In such cases, the application may be filed within 30 days of the mailing of the notice of the new valuation. Unless a change in the use value appraisal is required because of a change in use, acreage or ownership of a qualifying property, no additional application shall be required until the county's next general reappraisal under G.S. 105-286, at which time new applications shall be filed for all properties."

Sec. 4. G.S. 105-277.4(b) is hereby rewritten to read as follows:

"(b) Upon receipt of a properly executed application, the tax supervisor shall appraise the property at its present use value as established in the schedule prepared pursuant to G.S. 105-277.6(c). In appraising the property at its present use value, the tax supervisor shall appraise the improvements located on qualifying land according to the schedules and standards used in appraising other similar improvements in the county. If all or any part of a qualifying tract of land is located within the limits of an incorporated city or town, the tax supervisor shall furnish a copy of the property record showing both the present use appraisal and the valuation upon which the property would have been taxed in the absence of this classification to the collector of the city or town. He shall

also notify the tax collector of any changes in the appraisals or in the eligibility of the property for the benefit of this classification."

Sec. 5. G.S. 105-277.4(c) is hereby rewritten to read as follows:

"(c) Decisions of the tax supervisor regarding the qualification or appraisal of property under this section may be appealed to the county board of equalization and review or, if that board is not in session, to the board of county commissioners. Decisions of the county board may be appealed to the Property Tax Commission as provided in G.S. 105-324."

Sec. 6. G.S. 105-277.4 is further amended by adding a new subsection (d) thereto to read as follows:

"(d) Property meeting the conditions herein set forth shall be taxed on the basis of the value of the property for its present use. The difference between the taxes due on the present use basis and the taxes which would have been payable in the absence of this classification, together with any interest, penalties or costs that may accrue thereon, shall be a lien on the real property of the taxpayer as provided in G.S. 105-355(a). The difference in taxes shall be carried forward in the records of the taxing unit or units as deferred taxes, but shall not be payable, unless and until (i) the owner conveys the property to anyone other than a spouse, child or sibling of the owner, or (ii) ownership of the property passes to anyone other than such an enumerated family member by will or intestacy, or (iii) ownership of the property passes to a corporation as defined in G.S. 105-277.2(4)(b) from anyone other than its principal shareholders or from such a corporation to anyone other than its principal shareholders, or (iv) the property loses its eligibility for the benefit of this classification for some other reason. The tax for the fiscal year that opens in the calendar year in which a disqualification occurs shall be computed as if the property had not been classified for that year, and taxes for the preceding three fiscal years which have been deferred as provided herein, shall immediately be payable, together with interest thereon as provided in G.S. 105-360 for unpaid taxes which shall accrue on the deferred taxes due herein as if they had been payable on the dates on which they originally became due. If only a part of a qualifying tract of land loses its eligibility, a determination shall be made of the amount of deferred taxes applicable to that part and that amount shall become payable with interest as provided above."

Sec. 7. Chapter 62 of the Session Laws of 1975 is hereby amended by changing the statutory citation from G.S. 105-277.4(c) to G.S. 105-277.4(d).

Sec. 8. G.S. 105-277.5 is hereby rewritten to read as follows:

"§ 105-277.5. *Agricultural, horticultural and forest land; notice of change in use.*—Not later than the close of the listing period following a change which would disqualify all or a part of a tract of land receiving the benefit of this classification, the property owner shall furnish the tax supervisor with complete information regarding such change. Any property owner who fails to notify the tax supervisor of changes as aforesaid regarding land receiving the benefit of this classification shall be subject to a penalty of ten percent (10%) of the total amount of the deferred taxes and interest thereon for each listing period for which the failure to report continues."

Sec. 9. G.S. 105-277.6(a) is hereby amended by deleting the last sentence thereof.

Sec. 10. G.S. 105-277.6(c) is hereby rewritten to read as follows:

"(c) To insure uniform appraisal of the classes of property herein defined in each county, the tax supervisor, at the time of the general reappraisal of all real property as required by G.S. 105-286, shall also prepare a schedule of land values, standards and rules which, when properly applied, will result in the appraisal of the property at its present use value. Such schedule, standards and rules shall be used by the tax supervisor to appraise property receiving the benefit of this classification until the next general revaluation of real property in the county as required by G.S. 105-286. For the year 1976, the tax supervisor of each county shall prepare a new present use value schedule as herein described and shall use such schedule to appraise property receiving the benefit of this classification until that county's next general revaluation. The schedule of values, standards and rules shall be subject to all of the conditions set forth in G.S. 105-317(c), (c)(1) and (c)(2) relating to the adoption of schedules, standards and rules in revaluation years."

Sec. 11. G.S. 105-277.7 is hereby rewritten to read as follows:

"§ 105-277.7. *Agricultural, horticultural and forest land; Department of Revenue assistance.*—To insure reasonable uniformity among the counties of the State in making appraisals as prescribed herein, the Department of Revenue shall prepare rules, regulations and standards to assist the tax supervisor in administering the provisions of this section."

Sec. 12. G.S. 105-324(a) is hereby rewritten to read as follows:

"(a) The provisions of this section shall govern appeals from listing and valuation decisions of boards of equalization and review and boards of county commissioners made under the provisions of G.S. 105-286, G.S. 105-287, G.S. 105-322, G.S. 105-325, G.S. 105-312 and G.S. 105-277.4."

Sec. 13. If any provision of this act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable.

Sec. 14. This act shall become effective July 1, 1975.

In the General Assembly read three times and ratified, this the 24th day of June, 1975.

Solicitation as defined herein, shall be deemed to occur when the request is made, at the place the request is received, whether or not the person making the same actually receives any contribution.

"§ 108-75.4. *Authority to license.*—(a) The department is hereby authorized and directed to issue licenses to charitable organizations, professional fund-raising counsel and professional solicitors for soliciting in accordance with the provisions of this Part and the standards, rules and regulations promulgated by the commission under the authority of this Part and under the authority of G.S. 143B-153.

(i) A charitable organization which plans no solicitation of contributions in the State upon the expiration of its current license shall file a financial report within 90 days of the expiration date of the current license period.

(b) Any exempt charitable organization shall lose such exemption when it employs a professional fund-raising counsel or a professional solicitor.

(c) Nothing in this Part shall require licensing of or application for licensing by radio and television stations or legal newspapers, or their employees acting within the scope of their employment, which solicit contributions from the public on behalf of a person exempt from this Part under the provisions of G.S. 108-75.7; nor shall any such station, newspaper or employee thereof be considered a charitable organization, professional fund-raising counsel or professional solicitor.

"§ 108-75.8. *Licensing of professional fund-raising counsel and professional solicitors.*—(a) No person shall act as a professional fund-raising counsel or professional solicitor for any charitable organization subject to the provisions of this Part unless he has first applied for and received a license from the department. (b) Every contract, or a written statement of the nature of the arrangement to prevail in the absence of a contract, between a professional solicitor and a charitable organization shall be filed with the department within 10 days after such contract or arrangement is entered into. If the secretary or his designee concludes that such a contract or arrangement does not provide for compensation on a percentage basis, the secretary shall examine the contract or arrangement to ascertain whether the compensation to be paid in such circumstances is likely to exceed fifteen percent (15%) of the total moneys, pledges or other property raised or received as a result of the contract or arrangement. If the reasonable probabilities are that the compensation will exceed fifteen percent (15%) of the total moneys, pledges or other property, the secretary shall request the parties to provide satisfactory explanation and may, if not satisfied, request renegotiation of the arrangement upon terms acceptable to him. In the event this is not done within 10 days, the secretary may disapprove the contract or arrangement.

(c) No licensed charitable organization or professional solicitor shall carry out or execute a disapproved contract, receive or perform services, or receive or make payments pursuant to a disapproved contract.

"§ 108-75.11. *Limitation on amount of payments for solicitation activities.*—(a) No charitable organization shall pay or agree to pay to a professional solicitor or his agents, servants or employees in the aggregate, including reimbursement for expenses incurred, a total amount in excess of fifteen percent (15%) of the gross amount of moneys, pledges or other property raised or received by it as a result of his or their solicitation activities or campaigns.

(b) For purposes of this section, the payments to the professional solicitor shall not include the purchase price to the charitable organization of any tangible personal property or services which are resold by the organization as a part of its fund-raising activities; but the amount so expended by the organization shall be deducted from the gross amount collected by it, or the

organization's support received directly from the public, before the computation of the percentage limitation.

"§ 108-75.12. *Records to be kept by charitable organizations.*—Every charitable organization subject to the provisions of this Part shall, in accordance with the rules and regulations promulgated by the commission, keep true fiscal records as to its activities in this State as may be covered by the provisions of this Part for all fiscal years beginning on and after the effective date of this Part, in conformity with the generally accepted principles set out in the 'Audit Guides' published by the American Institute of Certified Public Accountants, and as may be modified from time to time by said institute or its successor. Such records shall be retained for a period of at least three years after the end of the period of licensing to which they relate. Upon demand, such records shall be made available to the department, the commission or the Attorney General for inspection.

"§ 108-75.13. *Publication of warning concerning certain charitable organizations.*—If the secretary shall determine that any charitable organization not licensed by the department and not exempt from licensing, irrespective of whether such organization is subject to the jurisdiction of this State, is directly or indirectly soliciting in this State by any means, including without limitation, telephone or telegraph, direct mail or advertising in national media, after 10 days' written notice mailed to the charitable organization, he may cause to be printed in one or more newspapers published in this State a notice in substantially the following form: 'WARNING—UNLICENSED CHARITABLE SOLICITATION. The organization named below has solicited contributions from North Carolina citizens for allegedly charitable purposes. It has not been licensed by the State Department of Human Resources as required by law. Contributors are cautioned that their contributions to such organization may be used for noncharitable purposes.'

"§ 108-75.14. *Computation of fund-raising expenses.*—Each charitable organization shall, as a part of its license application, compute the percentage which its fund-raising expenses for its preceding fiscal year bore to the support received directly from the public during such year.

"§ 108-75.15. *Reciprocal agreements.*—(a) The department may enter into reciprocal agreements with the appropriate authority of any other state or with the Internal Revenue Service for the purpose of exchanging information with respect to charitable organizations, professional fund-raising counsel and professional solicitors. Pursuant to such agreements, the department may accept information filed by a charitable organization, professional fund-raising counsel or professional solicitor with the appropriate authority of another state or with the Internal Revenue Service in lieu of the information required to be filed in accordance with the provisions of this Part and the rules and regulations of the commission, if such information is substantially similar to the information required under this Part and the rules and regulations of the commission.

(b) The department may also grant exemption from the requirement of filing an annual license application to charitable organizations organized under the laws of another state, having their principal place of business in such other state, having funds derived principally from sources outside this State, and having been granted exemption from the filing of license applications or registration statements by such other state, if such state has a statute similar in substance to

the provisions of this Part and participates in a reciprocal agreement pursuant to this section.

"§ 108-75.16. *Out-of-State enforcement proceedings.*—Any state of the United States shall have the right to sue in the courts of this State to enforce the civil provisions of any statute thereof, general in application, regulating charitable solicitations, when the like right is accorded this State by such state, whether such right is granted by statutory authority or as a matter of comity.

"§ 108-75.17. *Designation of Secretary of State as agent for service of process by nonresident charitable organizations, professional fund-raising counsel and professional solicitors; notice of such service by Secretary of State.*—(a) Any charitable organization, professional fund-raising counsel or professional solicitor having his or its principal place of business without the State, or which is organized under and by virtue of the laws of a foreign state, and which solicits contributions from people in this State, shall be subject to the provisions of this Part and shall be deemed to have irrevocably appointed the Secretary of State as an agent upon whom may be served any summons, subpoena, subpoena duces tecum or other process directed to such charitable organization, professional fund-raising counsel or professional solicitor or any partner, principal officer or director thereof in any action or proceeding.

(b) Service of such process upon the Secretary of State shall be made by personally delivering to and leaving with him a copy thereof at the office of the Secretary of State, and such service shall be sufficient service: Provided, that notice of such service and a copy of such process are sent by the Secretary of State to such charitable organization, professional fund-raising counsel or professional solicitor by registered or certified mail with return receipt requested, at the address set forth in the application form required to be filed with the department pursuant to this Part or, in default of the filing of such form, at the last address known to the Secretary of State. Service of such process shall be complete 10 days after the receipt by the Secretary of State of a return receipt purporting to be signed by the addressee or a person qualified to receive such registered or certified mail, in accordance with the rules and customs of the United States Postal Service, or after the return to the Secretary of State of the original envelope bearing a notation by the postal authorities that receipt thereof was refused.

"§ 108-75.18. *Denial, suspension or revocation of license.*—The secretary shall revoke, suspend or deny issuance of a license to a charitable organization, professional fund-raising counsel or professional solicitor at any time upon a finding that:

(1) An unreasonable percentage of the contributions solicited, or to be solicited, is not applied, or will not be applied to a charitable purpose.

(2) The contributions solicited, or to be solicited, are not applied, or will not be applied to the purpose or purposes as represented in the license application.

(3) The applicant or licensee has failed to comply with any of the provisions of this Part, or with any rules and regulations adopted by the commission pursuant to this Part.

"§ 108-75.19. *Secretary to inform of decision to deny, suspend or revoke license; applicant's or licensee's right to hearing and judicial review.*—(a) The secretary shall inform the applicant or licensee of the decision to deny, suspend or revoke the license by registered or certified mail with return receipt requested and directed to the address shown in the license application. The

notification shall contain a statement of the reason or reasons for the action being taken citing appropriate statutes, rules or regulations. The notice shall also advise the applicant or licensee of his right to appeal the decision and furnish the name and address of the chairman of the commission, to whom the request for a hearing shall be sent.

(b) Any applicant or licensee who shall be aggrieved by any denial, suspension or revocation of a license by order of the secretary may, within 20 days from the date of such order, denial, suspension or revocation, request a hearing before the commission, which hearing shall be held within 20 days of the date of the request, unless the applicant or licensee requests a longer period in writing. The commission shall, within 15 days of the termination of such hearing, render a final decision which it deems to be just and equitable and shall inform the applicant or licensee in writing of said final decision by registered or certified mail with return receipt requested.

(c) The commission shall have the power to subpoena witnesses, administer oaths and compel the production of necessary records and documents.

(d) Any person who is aggrieved by a final decision of the commission in a contested case is entitled to judicial review of such final decision. In order to obtain judicial review the person seeking review must file a petition in the Superior Court of Wake County, which petition may be filed at any time after final decision but no later than 30 days after a written copy of the decision is received by the person seeking the review. Failure to file such petition within the time stated shall operate as a waiver of the right of such person to review under this Part, except that for good cause shown, the judge of the superior court may issue an order permitting a review of the commission's decision under this Part notwithstanding such waiver.

"§ 108-75.20. *Prohibited acts.*—(a) No charitable organization, professional fund-raising counsel or professional solicitor shall use or exploit the fact of licensing so as to lead the public to believe that such licensing in any manner constitutes an endorsement or approval by the State: Provided, however, that the use of the following statement shall not be deemed a prohibited exploitation, 'Licensed to solicit in North Carolina by the Department of Human Resources as required by law. Licensing does not imply endorsement of a public solicitation for contributions.'

(b) No person shall, in connection with the solicitation of contributions for or the sale of tangible personal property or services of a person other than a charitable organization, misrepresent to or mislead anyone by any manner, means, practice or device whatsoever to believe that the person on whose behalf such solicitation or sale is being conducted is a charitable organization or that the proceeds of such solicitation or sale will be used for charitable purposes, if he has reason to believe such is not the fact.

(c) No person shall, in connection with the solicitation of contributions or the sale of tangible personal property or services for charitable purposes, misrepresent to or lead anyone by any manner, means, practice or device whatsoever to believe that any other person sponsors or endorses such solicitation of contributions, sale of tangible personal property or services for charitable purposes or approves of such charitable purposes or a charitable organization connected therewith, unless such other person has given written consent to the use of his name for these purposes: Provided that any member of the board of directors or trustees of a charitable organization, any officer or

employee thereof, or any other person who has agreed either to serve or to participate in any voluntary capacity in the campaign shall be deemed thereby to have given his consent to the use of his name in the campaign. Nothing contained in this section shall prevent the publication of names of contributors without their written consents, in an annual or other periodic report issued by a charitable organization for the purpose of reporting on its operations and affairs to its membership, or for the purpose of reporting contributions to contributors.

(d) No person shall make any representation that he is soliciting contributions for or on behalf of a charitable organization or shall use or display any symbol, emblem, device or printed matter belonging to or associated with a charitable organization for the purpose of soliciting or inducing contributions from the public without first being authorized to do so by the charitable organization.

(e) No person shall denominate any membership fee or purchase price of tangible personal property or services sold, as a contribution or as a donation or in any other manner represent or imply that the member or the purchaser of such tangible personal property or services will be entitled to an income tax deduction for his cost or any portion thereof unless (1) there shall have been first obtained a signed opinion of counsel or an Internal Revenue Service ruling or determination letter holding such cost to be deductible, or (2) the member or purchaser is informed in writing that such cost may not be deductible; nor shall any charitable organization, other than an organization exempt under G.S. 108-75.7(a)(3), represent or imply that a contributor thereto will be entitled to an income tax deduction for his contribution unless there shall have been first obtained a signed opinion of counsel or an Internal Revenue Service ruling or determination letter holding gifts to such organization to be so deductible.

(f) No professional solicitor shall solicit in the name of or on behalf of any charitable organization unless such solicitor has:

(1) Written authorization of two officers of such organization, a copy of which shall be filed with the secretary. Such written authorization shall bear the signature of the solicitor and shall expressly state on its face the period for which it is valid, which shall not exceed one year from the date issued.

(2) Such authorization with him when making solicitations, which shall be exhibited on request to persons solicited, or law enforcement officers, or agents of the department.

(g) No charitable organization shall accept any contribution exceeding five dollars ($5.00) in cash or tangible property without providing on request of the donor a written receipt acknowledging such contribution and personally signed by the person accepting such contribution.

(h) No person, and no organization of which such person is an officer, professional fund-raising counsel or professional solicitor, shall solicit within the State if:

(1) Such person has been convicted in any jurisdiction of any felony unless his civil rights have been restored; or

(2) Such person has ever been enjoined by any court or otherwise prohibited from soliciting in any jurisdiction, unless the secretary shall first determine in writing that such person is entitled to solicit in such jurisdiction at the time of soliciting within this State.

(i) No person shall solicit within this State for the benefit of any other person located without the State, if such other person refuses to supply any information which the secretary deems necessary to assure himself that the provisions of this Part and the rules and regulations of the commission are complied with. A solicitation shall be deemed to be on behalf of every person who or which receives, directly or indirectly, more than ten percent (10%) of the gross amount collected.

"§ 108-75.21. *Refiling of denied or revoked license.*—(a) When a license has been denied, suspended or revoked, a charitable organization may file another license application for the purpose of soliciting contributions within the State of North Carolina for the next fiscal year, provided it submits to the secretary the following:

(1) Written assurance that the subject matter of the denial, suspension or revocation of the license and the reasons therefor have been submitted to governing board of the charitable organization and placed on the agenda for consideration at its next meeting;

(2) An extract of the minutes of such meeting covering this subject matter and a statement listing all corrective measures that shall be taken in order to ensure compliance with the order or decision of the secretary, which measures have been agreed to by the charitable organization's board; and

(3) A letter signed by the principal officer of the charitable organization transmitting the extract of the minutes cited in subdivision (2) of this subsection and indicating a willingness to attend a hearing for the purpose of providing any further information regarding the charitable organization's operations or programs.

(b) Any professional fund-raising counsel or professional solicitor whose application has been denied or whose license has been suspended or revoked may file another license application for the next fiscal year, provided he submits to the secretary the following:

(1) A written statement listing all corrective measures that shall be taken in order to ensure compliance with the order or decision of the secretary, and

(2) A letter signed by the professional fund-raising counsel or professional solicitor which states that he is willing to attend a hearing for the purpose of providing any further information regarding his operations or programs.

"§ 108-75.22. *Enforcement and penalties.*—(a) If any charitable organization, professional fund-raising counsel or professional solicitor fails to file an application for a license, a report, document, statement or any other information required to be filed with the department, or otherwise violates the provisions of this Part or the rules and regulations of the commission, the department shall notify the delinquent or violating charitable organization, professional fund-raising counsel or professional solicitor by mailing a notice by registered or certified mail, with return receipt requested, to its last known address. The General Assembly of North Carolina enacts:

Section 1. The provisions of G.S. 14-21, as rewritten by Section 2 of Chapter 1201 of the Session Laws of 1973, shall apply in all trials hereafter conducted for rapes committed after January 18, 1973, and prior to April 8, 1974, the effective date of Chapter 1201, Session Laws of 1973.

Sec. 2. (a) In cases in which the defendant has been convicted of a rape committed after January 18, 1973, and prior to April 8, 1974, and the verdict and sentence of death are or have been sustained on appeal, the defendant may apply once to the judge presiding at the rape trial resulting in the sentence of death, or, if said judge is unavailable, to a resident superior court judge of the judicial district in which said rape trial was held, to determine whether the defendant could have been punished by death had the rape been committed by him after the ratification of Chapter 1201, Session Laws of 1973.

(b) Said judge shall review a certified transcript of the evidence presented at trial (or if such transcript is not available, the record on appeal), make such independent investigation as he deems necessary to determine the age of the defendant or of the rape victim, and hear arguments or accept briefs in behalf of the defendant and the State.

(c) Thereupon, the judge shall determine the following question:

Is the evidence presented at the defendant's trial, plus additional evidence of the age of the defendant or the age of the rape victim, sufficient to submit the defendant's case to a jury on the charge of first degree rape as defined by G.S. 14-21(a), had the date of the rape been after April 8, 1974?

(d) If the question is answered in the affirmative, the defendant shall remain subject to the sentence of death. If the question is answered in the negative, the judge shall forthwith schedule a hearing for the presentation of evidence relative to resentencing the defendant; after the hearing, the sentence of death for rape previously imposed shall be vacated, and the defendant shall be resentenced as if he had been convicted of second degree rape for a rape committed after April 8, 1974.

(e) There shall be no right of appeal from the determination of the judge, but the Supreme Court of North Carolina may, upon petition for certiorari, allow review of said determination.

H. B. 509 CHAPTER 762

AN ACT TO REWRITE THE RULES OF CIVIL PROCEDURE GOVERNING DISCOVERY AND DEPOSITIONS.

The General Assembly of North Carolina enacts:

Section 1. G.S. 1A-1, Rule 5(a) is hereby rewritten as follows:

"Rule 5. Service and Filing of Pleadings and Other Papers.

(a) Service when required. Every order required by its terms to be served, every pleading subsequent to the original complaint unless the court otherwise orders because of numerous defendants, every paper relating to discovery required to be served upon a party unless the court otherwise orders, every written motion other than one which may be heard *ex parte*, and every written notice, appearance, demand, offer of judgment and similar paper shall be served upon each of the parties, but no service need be made on parties in default for

failure to appear except that pleadings asserting new or additional claims for relief against them shall be served upon them in the manner provided for service of summons in Rule 4."

Sec. 2. G.S. 1A-1, Rules 26 through 37, the same being Article 5 of G.S. 1A-1, is hereby rewritten as follows:

"Article 5.

"Depositions and Discovery.

"Rule 26. General Provisions Governing Discovery.

(a) Discovery methods. Parties may obtain discovery by one or more of the following methods: depositions upon oral examination or written questions; written interrogatories; production of documents or things or permission to enter upon land or other property, for inspection and other purposes; physical and mental examinations; and requests for admission. Unless the court orders otherwise under subdivision (c) of this rule, the frequency of use of these methods is not limited.

(b) Scope of discovery. Unless otherwise limited by order of the court in accordance with these rules, the scope of discovery is as follows:

(1) In general. Parties may obtain discovery regarding any matter, not privileged, which is relevant to the subject matter involved in the pending action, whether it relates to the claim or defense of the party seeking discovery or to the claim or defense of any other party, including the existence, description, nature, custody, condition and location of any books, documents, or other tangible things and the identity and location of persons having knowledge of any discoverable matter. It is not ground for objection that the information sought will be inadmissible at the trial if the information sought appears reasonably calculated to lead to the discovery of admissible evidence nor is it ground for objection that the examining party has knowledge of the information as to which discovery is sought.

(2) Insurance agreements. A party may obtain discovery of the existence and contents of any insurance agreement under which any person carrying on an insurance business may be liable to satisfy part or all of a judgment which may be entered in the action or to indemnify or reimburse for payments made to satisfy the judgment. Information concerning the insurance agreement is not by reason of disclosure admissible in evidence at trial. For purposes of this paragraph, an application for insurance shall not be treated as part of an insurance agreement.

(3) Trial preparation: materials. Subject to the provisions of subdivision (b)(4) of this rule, a party may obtain discovery of documents and tangible things otherwise discoverable under subdivision (b)(1) of this rule and prepared in anticipation of litigation or for trial by or for another party or by or for that other party's consultant, surety, indemnitor, insurer, or agent only upon a showing that the party seeking discovery has substantial need of the materials in the preparation of his case and that he is unable without undue hardship to obtain the substantial equivalent of the materials by other means. In ordering discovery of such materials when the required showing has been made, the court may not permit disclosure of the mental impressions, conclusions, opinions, or legal theories of an attorney or other

representative of a party concerning the litigation in which the material is sought or work product of the attorney or attorneys of record in the particular action.

A party may obtain without the required showing a statement concerning the action or its subject matter previously made by that party. Upon request, a person not a party may obtain without the required showing a statement concerning the action or its subject matter previously made by that person. If the request is refused, the person may move for a court order. The provisions of Rule 37(a)(4) apply to the award of expenses incurred in relation to the motion. For purposes of this paragraph, a statement previously made is (A) a written statement signed or otherwise adopted or approved by the person making it, or (B) a stenographic, mechanical, electrical, or other recording, or a transcription thereof, which is a substantially verbatim recital of an oral statement by the person making it and contemporaneously recorded.

(4) Trial preparation: experts. Discovery of facts known and opinions held by experts, otherwise discoverable under the provisions of subdivision (b)(1) of this rule and acquired or developed in anticipation of litigation or for trial, may be obtained only as follows:

(A) (i) A party may through interrogatories require any other party to identify each person whom the other party expects to call as an expert witness at trial, to state the subject matter on which the expert is expected to testify, and to state the substance of the facts and opinions to which the expert is expected to testify and a summary of the grounds for each opinion. (ii) Upon motion, the court may order further discovery by other means, subject to such restrictions as to scope and such provisions, pursuant to subdivision (b)(4)(C) of this rule, concerning fees and expenses as the court may deem appropriate.

(B) Unless manifest injustice would result, (i) the court shall require that the party seeking discovery pay the expert a reasonable fee for time spent in responding to discovery under subdivision (b)(4)(A)(ii) of this rule; and (ii) with respect to discovery obtained under subdivision (b)(4)(A)(ii) of this rule the court may require the party seeking discovery to pay the other party a fair portion of the fees and expenses reasonably incurred by the latter party in obtaining facts and opinions from the expert.

(c) Protective orders. Upon motion by a party or by the person from whom discovery is sought, and for good cause shown, the judge of the court in which the action is pending may make any order which justice requires to protect a party or person from unreasonable annoyance, embarrassment, oppression, or undue burden or expense, including one or more of the following: (1) that the discovery not be had; (2) that the discovery may be had only on specified terms and conditions, including a designation of the time or place; (3) that the discovery may be had only by a method of discovery other than that selected by the party seeking discovery; (4) that certain matters not be inquired into, or that the scope of the discovery be limited to certain matters; (5) that discovery be conducted with no one present except persons designated by the court; (6) that a deposition after being sealed be opened only by order of the court; (7)

that a trade secret or other confidential research, development, or commercial information not be disclosed or be disclosed only in a designated way; (8) that the parties simultaneously file specified documents or information enclosed in sealed envelopes to be opened as directed by the court.

If the motion for a protective order is denied in whole or in part, the court may, on such terms and conditions as are just, order that any party or person provide or permit discovery. The provisions of Rule 37(a)(4) apply to the award of expenses incurred in relation to the motion.

(d) Sequence and timing of discovery. Unless the court upon motion, for the convenience of parties and witnesses and in the interests of justice, orders otherwise, methods of discovery may be used in any sequence and the fact that a party is conducting discovery, whether by deposition or otherwise, shall not operate to delay any other party's discovery. Any order or rule of court setting the time within which discovery must be completed shall be construed to fix the date after which the pendency of discovery will not be allowed to delay trial or any other proceeding before the court, but shall not be construed to prevent any party from utilizing any procedures afforded under Rules 26 through 36, so long as trial or any hearing before the court is not thereby delayed.

(e) Supplementation of responses. A party who has responded to a request for discovery with a response that was complete when made is under no duty to supplement his response to include information thereafter acquired, except as follows:

(1) A party is under a duty seasonably to supplement his response with respect to any question directly addressed to (A) the identity and location of persons having knowledge of discoverable matters, and (B) the identity of each person expected to be called as an expert witness at trial, the subject matter on which he is expected to testify, and the substance of his testimony.

(2) A party is under a duty seasonably to amend a prior response if he obtains information upon the basis of which (A) he knows that the response was incorrect when made, or (B) he knows that the response though correct when made is no longer true and the circumstances are such that a failure to amend the response is in substance a knowing concealment.

(3) A duty to supplement responses may be imposed by order of the court, agreement of the parties, or at any time prior to trial through new requests for supplementation of prior responses.

"Rule 27. Depositions Before Action or Pending Appeal.

(a) Before action.

(1) Petition. A person who desires to perpetuate his own testimony or that of another person regarding any matter may file a verified petition in the appropriate court in a county where any expected adverse party resides. The petition shall be entitled in the name of the petitioner and shall show: (A) that the petitioner expects that he, or his personal representative, heirs, legatees or devisees will be a party to an action cognizable in any court, but that he is presently unable to bring it or cause it to be brought, (B) the subject matter of the expected action and his reasons for desiring to perpetuate it, (C) the facts which he desires to establish by the proposed testimony and his reasons for desiring to perpetuate it, (D) the names or a description of the persons he expects

will be adverse parties and their addresses so far as known, and (E) the names and addresses of the persons to be examined and the substance of the testimony which he expects to elicit from each, and shall ask for an order authorizing the petitioner to take the depositions of the persons to be examined named in the petition, for the purpose of perpetuating their testimony.

(2) Notice and Service. The petitioner shall thereafter serve a notice upon each person named in the petition as an expected adverse party, together with a copy of the petition, stating that the petitioner will apply to the court, at a time and place named therein, for the order described in the petition. At least 20 days before the date of hearing (or within such time as the court may direct) the notice shall be served in the manner provided in Rule 4(j)(1) or (2) for service of summons; but if such service cannot with due diligence be made upon any expected adverse party named in the petition, the court may make such order as is just for service by publication or otherwise, and shall appoint, for persons not served in the manner provided in Rule 4(j)(1) or (2), an attorney who shall represent them, in case they are not otherwise represented. If any expected adverse party is a minor or incompetent the provisions of Rule 17(c) apply.

(3) Order and Examination. If the court is satisfied that the perpetuation of the testimony may prevent a failure or delay of justice, it shall make an order designating or describing the persons whose depositions may be taken and specifying the subject matter of the examination and whether the depositions shall be taken upon oral examination or written questions. The depositions may then be taken in accordance with these rules; and the court may make orders of the character provided for by Rules 34 and 35. For the purpose of applying these rules to depositions for perpetuating testimony, each reference therein to the court in which the action is pending shall be deemed to refer to the court in which the petition for such deposition was filed.

(4) Use of Deposition. If a deposition to perpetuate testimony is taken under these rules or if, although not so taken, it would be admissible in evidence in the courts of the United States or the state in which it is taken, it may be used in any action involving the same subject matter subsequently brought in a court of this State in accordance with the provisions of Rule 32(a), or in any other court under whose rules it is admissible.

(b) Pending appeal. If an appeal has been taken from the determination of any court or if petition for review or certiorari has been served and filed, or before the taking of an appeal or the filing of a petition for review or certiorari if the time therefor has not expired, the court in which the determination was made may allow the taking of the depositions of witnesses to perpetuate their testimony for use in the event of further proceedings in the trial court. In such case the party who desires to perpetuate the testimony may make a motion in the trial court for leave to take the depositions, upon the same notice and service thereof as if the action was pending in the trial court. The motion shall show (1) the names and addresses of the persons to be examined and the substance of the testimony which he expects to elicit from each; (2) the reasons for perpetuating their testimony. If the court finds that the perpetuation of the testimony is

proper to avoid a failure or delay of justice, it may make an order allowing the depositions to be taken and may make orders of the character provided for by Rules 34 and 35, and thereupon the depositions may be taken and used in the same manner and under the same conditions as are prescribed in these rules for depositions taken in actions pending in the trial court.

(c) Perpetuation by action. This rule does not limit the power of a court to entertain an action to perpetuate testimony.

"Rule 28. Persons Before Whom Depositions May be Taken.

(a) Within the United States. Within the United States or within a territory or insular possession subject to the dominion of the United States, depositions shall be taken before a person authorized to administer oaths by the laws of this State, of the United States or of the place where the examination is held, or before a person appointed by the court in which the action is pending. A person so appointed has power to administer oaths and take testimony.

(b) In foreign countries. In a foreign country, depositions may be taken (1) on notice before a person authorized to administer oaths in the place in which the examination is held, either by the law thereof or by the law of the United States, or (2) before a person commissioned by the court, and a person so commissioned shall have the power by virtue of his commission to administer any necessary oath and take testimony, or (3) pursuant to a letter rogatory. A commission or a letter rogatory shall be issued on application and notice and on terms that are just and appropriate. It is not requisite to the issuance of a commission or a letter rogatory that the taking of the deposition in any other manner is impracticable or inconvenient; and both a commission and a letter rogatory may be issued in proper cases. A notice or commission may designate the person before whom the deposition is to be taken either by name or descriptive title. A letter rogatory may be addressed "To the Appropriate Authority in (here name the country)." Evidence obtained in response to a letter rogatory need not be excluded merely for the reason that it is not a verbatim transcript or that the testimony was not taken under oath or for any similar departure from the requirements for depositions taken within the United States under these rules.

(c) Disqualification for interest. No deposition shall be taken before a person who is a relative or employee or attorney or counsel of any of the parties, or is a relative or employee of such attorney or counsel, or is financially interested in the action unless the parties agree otherwise by stipulation as provided in Rule 29.

(d) Depositions to be used outside this State.

(1) A person desiring to take depositions in this State to be used in proceedings pending in the courts of any other state or country may present to a judge of the superior or district court a commission, order, notice, consent, or other authority under which the deposition is to be taken, whereupon it shall be the duty of the judge to issue the necessary subpoenas pursuant to Rule 45. Orders of the character provided in Rules 30 (b), 30(d), and 45(b) may be made upon proper application therefor by the person to whom such subpoena is directed. Failure by any person without adequate excuse to obey a subpoena served upon him pursuant to this rule may be deemed a contempt of the court from which the subpoena issued.

(2) The commissioner herein provided for shall not proceed to act under and by virtue of his appointment until the party seeking to obtain such

deposition has deposited with him a sufficient sum of money to cover all costs and charges incident to the taking of the deposition, including such witness fees as are allowed to witnesses in this State for attendance upon the superior court. From such deposit the commissioner shall retain whatever amount may be due him for services, pay the witness fees and other costs that may have been incurred by reason of taking such deposition, and if any balance remains in his hands, he shall pay the same to the party by whom it was advanced.

"Rule 29. Stipulations Regarding Discovery Procedure.

Unless the court orders otherwise, the parties may by written stipulation (1) provide that depositions may be taken before any person, at any time or place, upon any notice, and in any manner and when so taken may be used like other depositions, and (2) modify the procedures provided by these rules for other methods of discovery.

"Rule 30. Depositions Upon Oral Examination.

(a) When depositions may be taken. After commencement of the action, any party may take the testimony of any person, including a party, by deposition upon oral examination. Leave of court, granted with or without notice, must be obtained only if the plaintiff seeks to take a deposition prior to the expiration of 30 days after service of the summons and complaint upon any defendant or service made under Rule 4(e), except that leave is not required (1) if a defendant has served a notice of taking deposition or otherwise sought discovery, or (2) if special notice is given as provided in subdivision (b)(2) of this rule. The attendance of witnesses may be compelled by subpoena as provided in Rule 45, provided that no subpoena need be served on a deponent who is a party or an officer, director or managing agent of a party, provided the party has been served with notice pursuant to subdivision (b)(1) of this rule. The deposition of a person confined in prison or of a patient receiving in-patient care in or confined to an institution or hospital for the mentally ill or mentally handicapped may be taken only by leave of court on such terms as the court prescribes.

(b) Notice of examination: General requirements; place of examination; special notice; non-stenographic recording; production of documents and things; deposition of organization.

(1) A party desiring to take the deposition of any person upon oral examination shall give notice in writing to every other party to the action. The notice shall state the time and place for taking the deposition and the name and address of each person to be examined, if known, and, if the name is not known, a general description sufficient to identify him or the particular class or group to which he belongs. If a subpoena duces tecum is to be served on the person to be examined, the designation of the materials to be produced as set forth in the subpoena shall be attached to or included in the notice. The notice shall be served on all parties at least 15 days prior to the taking of the deposition when any party required to be served resides without the State and shall be served on all parties at least 10 days prior to the taking of the deposition when all of the parties required to be served reside within the State. Depositions of parties, officers, directors or managing agents of parties or of other persons designated pursuant to subdivision (b)(6) hereof to testify on behalf of a party may be taken only at the following places:

A resident of the State may be required to attend for examination by

deposition only in the county wherein he resides or is employed or transacts his business in person. A nonresident of the State may be required to attend for such examination only in the county wherein he resides or within 50 miles of the place of service except that a judge, as defined by subdivision (h) of this rule, may, upon motion showing good cause, require that a party who selected the county where the action is pending as the forum for the action or an officer, director or managing agent of such a party, or a person designated pursuant to subdivision (b)(6) hereof to testify on behalf of such a party present himself for the taking of his deposition in the county where the action is pending. The judge upon granting the motion may make any other orders allowed by Rule 26(c) with respect thereto, including orders with respect to the expenses of the deponent.

(2) Leave of court is not required for the taking of a deposition by plaintiff if the notice (A) states that the person to be examined is about to go out of the county where the action is pending and more than 100 miles from the place of trial, or is about to go out of the United States, or is bound on a voyage to sea, and will be unavailable for examination unless his deposition is taken before expiration of the 30-day period, and (B) sets forth facts to support the statement. The plaintiff's attorney shall sign the notice, and his signature constitutes a certification by him that to the best of his knowledge, information, and belief the statement and supporting facts are true. The sanctions provided by Rule 11 are applicable to the certification.

If a party shows that when he was served with notice under this subdivision (b)(2) he was unable through the exercise of diligence to obtain counsel to represent him at the taking of the deposition, the deposition may not be used against him.

(3) The court may for cause shown enlarge or shorten the time for taking the deposition.

(4) The court may upon motion order that the testimony at a deposition be recorded by other than stenographic means, in which event the order shall designate the manner of recording, preserving, and filing the deposition, and may include other provisions to assure that the recorded testimony will be accurate and trustworthy. If the order is made, a party may nevertheless arrange to have a stenographic transcription made at his own expense.

(5) A party deponent, deponents who are officers, directors or managing agents of parties and other persons designated pursuant to subdivisions (b)(6) hereof to testify on behalf of a party may not be served with a subpoena duces tecum, but the notice to a party for the deposition of such a deponent may be accompanied by a request made in compliance with Rule 34 for the production of documents and tangible things at the taking of the deposition. The procedure of Rule 34, except as to time for response, shall apply to the request. When a notice to take such a deposition is accompanied by a request made in compliance with Rule 34 the notice and the request must be served at least 15 days earlier than would otherwise be required by Rule 30(b)(1), and any objections to

such a request must be served at least seven days prior to the taking of the deposition.

(6) A party may in his notice and in a subpoena name as the deponent a public or private corporation or a partnership or association or governmental agency and describe with reasonable particularity the matters on which examination is requested. In that event, the organization so named shall designate one or more officers, directors, or managing agents, or other persons who consent to testify on its behalf, and may set forth, for each person designated, the matters on which he will testify. A subpoena shall advise a non-party organization of its duty to make such a designation. It shall not be necessary to serve a subpoena on an organization which is a party, but the notice, served on a party without an accompanying subpoena shall clearly advise such of its duty to make the required designation. The persons so designated shall testify as to matters known or reasonably available to the organization. This subdivision (b)(6) does not preclude taking a deposition by any other procedure authorized in these rules.

(c) Examination and cross-examination; record of examination; oath; objections.

Examination and cross-examination of witnesses may proceed as permitted at the trial under the provisions of Rule 43(b). The person before whom the deposition is to be taken shall put the deponent on oath and shall personally, or by someone acting under his direction and in his presence, record the testimony of the deponent. The testimony shall be taken stenographically or recorded by any other means ordered in accordance with subdivision (b)(4) of this rule. If requested by one of the parties, the testimony shall be transcribed.

All objections made at the time of the examination to the qualifications of the person before whom the deposition is taken, or to the manner of taking it, or to the evidence presented, or to the conduct of any party, and any other objection to the proceedings, shall be noted upon the deposition by the person before whom the deposition is taken. Subject to any limitations imposed by orders entered pursuant to Rule 26(c) or 30(d), evidence objected to shall be taken subject to the objections. In lieu of participating in the oral examination, parties may serve written questions in a sealed envelope on the party who served the notice of taking the deposition, and he shall transmit them to the person before whom the deposition is to be taken who shall open them at the deposition, propound them to the witness and record the answers verbatim.

(d) Motion to terminate or limit examination.

At any time during the taking of the deposition, on motion of a party or of the deponent and upon a showing that the examination is being conducted in bad faith or in such manner as unreasonably to annoy, embarrass, or oppress the deponent or party, a judge of the court in which the action is pending or any judge in the county where the deposition is being taken may order the person before whom the examination is being taken to cease forthwith from taking the deposition, or may limit the scope and manner of the taking of the deposition as provided in Rule 26(c). If the order made terminates the examination, it shall be resumed thereafter only upon the order of a judge of the court in which the action is pending. Upon demand of the objecting party or deponent, the taking of the deposition shall be suspended for the time necessary to make a motion for an

order. The provisions of Rule 37(a)(4) apply to the award of expenses incurred in relation to the motion.

(e) Submission to deponent; changes; signing. When the testimony is fully transcribed the deposition shall be submitted to the deponent for examination and shall be read to or by him, unless such examination and reading are waived by the deponent and by the parties. Any changes in form or substance which the deponent desires to make shall be entered upon the deposition by the person before whom the deposition was taken with a statement of the reasons given by the deponent for making them. The deposition shall then be signed by the deponent, unless the parties by stipulation waive the signing or the deponent is ill or cannot be found or refuses to sign. If the deposition is not signed by the deponent within 30 days of its submission to him, the person before whom the deposition was taken shall sign the original thereof or, if the deponent refuses to return the original, a copy thereof and state on the record the fact of the waiver or of the illness or absence of the deponent or the fact of the refusal or failure to sign together with the reason, if any, given therefor; and the deposition may then be used as fully as though signed unless on a motion to suppress under Rule 32(d)(4) the court holds that the reasons given for the refusal to sign require rejection of the deposition in whole or in part.

(f) Certification and filing by officer; exhibits; copies; notice of filing.

(1) The officer shall certify on the deposition that the deponent was duly sworn by him and that the deposition is a true record of the testimony given by the deponent. He shall then securely seal the deposition in an envelope indorsed with the title of the action and marked 'Deposition of (here insert name of witness)' and shall promptly file it with the court in which the action is pending or send it by registered or certified mail to the clerk thereof for filing.

Documents and things produced for inspection during the examination of the deponent, shall, upon the request of a party, be marked for identification and annexed to and returned with the deposition, and may be inspected and copied by any party, except that (A) the person producing the materials may substitute copies to be marked for identification, if he affords to all parties fair opportunity to verify the copies by comparison with the originals, and (B) if the person producing the materials requests their return, the person before whom the deposition is taken shall mark them, give each party an opportunity to inspect and copy them, and return them to the person producing them, and the materials may then be used in the same manner as if annexed to and returned with the deposition. Any party may move for an order that the original be annexed to and returned with the deposition to the court, pending final disposition of the case.

(2) Upon payment of reasonable charges therefor, the officer shall furnish a copy of the deposition to any party or to the deponent.

(3) The clerk shall give prompt notice of the filing of a deposition to all parties.

(g) Failure to attend or to serve subpoena; expenses.

(1) If the party giving the notice of the taking of a deposition fails to attend and proceed therewith and another party attends in person or by attorney pursuant to the notice, the judge may order the party giving

the notice to pay to such other party the reasonable expenses incurred by him and his attorney in attending, including reasonable attorney's fees.

(2) If the party giving the notice of the taking of a deposition of a witness fails to serve a subpoena upon him and the witness because of such failure does not attend, and if another party attends in person or by attorney because he expects the deposition of that witness to be taken, the judge may order the party giving the notice to pay to such other party the reasonable expenses incurred by him and his attorney in attending, including reasonable attorney's fees.

(h) Judge; definition.

(1) In respect to actions in the superior court, a judge of the court in which the action is pending shall, for the purposes of this rule, and Rule 26, Rule 31, Rule 33, Rule 34, Rule 35, Rule 36 and Rule 37, be either a resident judge of the judicial district or a judge regularly presiding over the courts of the district or any special superior court judge holding court within the judicial district or residing therein.

(2) In respect to actions in the district court, a judge of the court in which the action is pending shall, for the purposes of this rule, Rule 26, Rule 31, Rule 33, Rule 34, Rule 35, Rule 36 and Rule 37, be the chief district judge or any judge designated by him pursuant to G.S. 7A-192.

(3) In respect to actions in either the superior court or the district court, a judge of the court in the county where the deposition is being taken shall, for the purposes of this rule, be either a resident judge of the judicial district or a judge regularly presiding over the courts, or any special superior court judge holding court within the judicial district or residing therein, or the chief judge of the district court or any judge designated by him pursuant to G.S. 7A-192.

"Rule 31. Depositions Upon Written Questions.

(a) Serving questions; notice. After commencement of the action, any party may take the testimony of any person, including a party, by deposition upon written questions. The attendance of witnesses may be compelled by the use of subpoena as provided in Rule 45 provided that no subpoena need be served on a deponent who is a party or an officer, director or managing agent of a party, provided the party has been served with notice pursuant to this rule. Such a deposition shall be taken in the county where the witness resides or is employed or transacts his business in person unless the witness agrees that it may be taken elsewhere. The deposition of a person confined in prison or of a patient receiving in-patient care in or confined to an institution or hospital for the mentally ill or mentally handicapped may be taken only by leave of court on such terms as the court prescribes.

A party desiring to take a deposition upon written questions shall serve them upon every other party with a notice stating (1) the name and address of the person who is to answer them, if known, and if the name is not known, a general description sufficient to identify him or the particular class or group to which he belongs, and (2) the name or descriptive title and address of the officer before whom the deposition is to be taken. A deposition upon written questions may be taken of a public or private corporation or a partnership or association or governmental agency in accordance with the provisions of Rule 30(b)(6).

Within 30 days after the notice and written questions are served, a party may serve cross questions upon all other parties. Within 10 days after being served

with cross questions, a party may serve redirect questions upon all other parties. Within 10 days after being served with redirect questions, a party may serve recross questions upon all other parties. The court may for cause shown enlarge or shorten the time.

(b) Person to take responses and prepare record. A copy of the notice and copies of all questions served shall be delivered by the party taking the deposition to the person designated in the notice to take the deposition, who shall proceed promptly, in the manner provided by Rule 30(c), (e), and (f), to take the testimony of the deponent in response to the questions and to prepare, certify, and file or mail the deposition, attaching thereto the copy of the notice and the questions received by him.

(c) Notice of filing. When the deposition is filed the clerk shall promptly give notice thereof to all parties.

"Rule 32. Use of Depositions in Court Proceedings.

(a) Use of depositions. At the trial or upon the hearing of a motion or an interlocutory proceeding or upon a hearing before a referee, any part or all of a deposition, so far as admissible under the rules of evidence applied as though the witness were then present and testifying, may be used against any party who was present or represented at the taking of the deposition or who had reasonable notice thereof, in accordance with any of the following provisions:

(1) Any deposition may be used by any party for the purpose of contradicting or impeaching the testimony of deponent as a witness.

(2) The deposition of a person called as a witness may also be used as substantive evidence by any party adverse to the party who called the deponent as a witness and it may be used by the party calling deponent as a witness as substantive evidence of such facts stated in the deposition as are in conflict with or inconsistent with the testimony of deponent as a witness.

(3) The deposition of a party or of any one who at the time of taking the deposition was an officer, director, or managing agent, or a person designated under Rule 30(b)(6) or 31(a) to testify on behalf of a public or private corporation, partnership or association or governmental agency which is a party may be used by an adverse party for any purpose, whether or not the deponent testifies at the trial or hearing.

(4) The deposition of a witness, whether or not a party, may be used by any party for any purpose if the court finds: (A) that the witness is dead; or (B) that the witness is at a greater distance than 100 miles from the place of trial or hearing, or is out of the United States, unless it appears that the absence of the witness was procured by the party offering the deposition; or (C) that the witness is unable to attend or testify because of age, illness, infirmity, or imprisonment; or (D) that the party offering the deposition has been unable to procure the attendance of the witness by subpoena; or (E) upon application and notice, that such exceptional circumstances exist as to make it desirable, in the interest of justice and with due regard to the importance of presenting the testimony of witnesses orally in open court, to allow the deposition to be used.

(5) If only part of a deposition is offered in evidence by a party, an adverse party may require him to introduce any other part which is relevant to the part introduced, and any party may introduce any other parts.

Substitution of parties pursuant to Rule 25 does not affect the right to

use depositions previously taken; and, when an action in any court of the United States or of any state has been dismissed and another action involving the same subject matter is afterward brought between the same parties or their representatives or successors in interest, all depositions lawfully taken and duly filed in the former action may be used in the latter as if originally taken therefor.

(b) Objections to admissibility. Subject to the provisions of Rules 28(b) and subdivision (d)(3) of this rule, objection may be made at the trial or hearing to receiving in evidence any deposition or part thereof for any reason which would require the exclusion of the evidence if the witness were then present and testifying.

(c) Effect of taking or using depositions. A party does not make a person his own witness for any purpose by taking his deposition. The introduction in evidence of the deposition or any part thereof for any purpose other than that of contradicting or impeaching the deponent makes the deponent the witness of the party introducing the deposition, but this shall not apply to the use by an adverse party of a deposition under subdivision (a)(2) of this rule. At the trial or hearing any party may rebut any relevant evidence contained in a deposition whether introduced by him or by any other party.

(d) Effect of errors and irregularities in depositions.

(1) As to Notice. All errors and irregularities in the notice for taking a deposition are waived unless written objection is promptly served upon the party giving the notice.

(2) As to Disqualification of Person before Whom Taken. Objection to taking a deposition because of disqualification of the person before whom it is to be taken is waived unless made before the taking of the deposition begins or as soon thereafter as the disqualification becomes known or could be discovered with reasonable diligence.

(3) As to Taking of Deposition.

(A) Objections to the competency of a witness or to the competency, relevancy, or materiality of testimony are not waived by failure to make them before or during the taking of the deposition, unless the ground of the objection is one which might have been obviated or removed if presented at that time.

(B) Errors and irregularities occurring at the oral examination in the manner of taking the deposition, in the form of the questions or answers, in the oath or affirmation, or in the conduct of parties, and errors of any kind which might be obviated, removed, or cured if promptly presented, are waived unless seasonable objection thereto is made at the taking of the deposition.

(C) Objections to the form of written questions submitted under Rule 31 are waived unless served in writing upon the party propounding them within the time allowed for serving the succeeding cross or other questions and within five days after service of the last questions authorized.

(4) As to Completion and Return of Deposition. Errors and irregularities in the manner in which the testimony is transcribed or the deposition is prepared, signed, certified, sealed, indorsed, transmitted, filed, or otherwise dealt with by the person taking the deposition under Rules 30 and 31 are waived unless a motion to suppress the deposition or some

part thereof is made with reasonable promptness after such defect is, or with due diligence might have been, ascertained.

"Rule 33. Interrogatories to Parties.

(a) Availability; procedures for use. Any party may serve upon any other party written interrogatories to be answered by the party served or, if the party served is a public or private corporation or a partnership or association or governmental agency, by any officer or agent, who shall furnish such information as is available to the party. Interrogatories may, without leave of court, be served upon the plaintiff after commencement of the action and upon any other party with or after service of the summons and complaint upon that party.

Each interrogatory shall be answered separately and fully in writing under oath, unless it is objected to, in which event the reasons for objection shall be stated in lieu of an answer. The answers are to be signed by the person making them, and the objections signed by the attorney making them. The party upon whom the interrogatories have been served shall serve a copy of the answers, and objections if any, within 30 days after the service of the interrogatories, except that a defendant may serve answers or objections within 45 days after service of the summons and complaint upon that defendant. The court may allow a shorter or longer time. The party submitting the interrogatories may move for an order under Rule 37(a) with respect to any objection to or other failure to answer an interrogatory.

(b) Scope; use at trial. Interrogatories may relate to any matters which can be inquired into under Rule 26(b), and the answers may be used to the extent permitted by the rules of evidence.

An interrogatory otherwise proper is not necessarily objectionable merely because an answer to the interrogatory involves an opinion or contention that relates to fact or the application of law to fact, but the court may order that such an interrogatory need not be answered until after designated discovery has been completed or until a pretrial conference or other later time.

(c) Option to produce business records. Where the answer to an interrogatory may be derived or ascertained from the business records of the party upon whom the interrogatory has been served or from an examination, audit or inspection of such business records, or from a compilation, abstract or summary based thereon, and the burden of deriving or ascertaining the answer is substantially the same for the party serving the interrogatory as for the party served, it is a sufficient answer to such interrogatory to specify the records from which the answer may be derived or ascertained and to afford to the party serving the interrogatory reasonable opportunity to examine, audit or inspect such records and to make copies, compilations, abstracts or summaries.

"Rule 34. Production of Documents and Things and Entry Upon Land for Inspection and Other Purposes.

(a) Scope. Any party may serve on any other party a request (1) to produce and permit the party making the request, or someone acting on his behalf, to inspect and copy, any designated documents (including writings, drawings, graphs, charts, photographs, phono-records, and other data compilations from which information can be obtained, translated, if necessary, by the respondent through detection devices into reasonably usable form), or to inspect and copy, test, or sample any tangible things which constitute or contain matters within the scope of Rule 26(b) and which are in the possession, custody or control of the

party upon whom the request is served; or (2) to permit entry upon designated land or other property in the possession or control of the party upon whom the request is served for the purpose of inspection and measuring, surveying, photographing, testing, or sampling the property or any designated object or operation thereon, within the scope of Rule 26(b).

(b) Procedure. The request may, without leave of court, be served upon the plaintiff after commencement of the action and upon any other party with or after service of the summons and complaint upon that party. The request shall set forth the items to be inspected either by individual item or by category, and describe each item and category with reasonable particularity. The request shall specify a reasonable time, place, and manner of making the inspection and performing the related acts.

The party upon whom the request is served shall serve a written response within 30 days after the service of the request, except that a defendant may serve a response within 45 days after service of the summons and complaint upon that defendant. The court may allow a shorter or longer time. The response shall state, with respect to each item or category, that inspection and related activities will be permitted as requested, unless the request is objected to, in which event the reasons for objection shall be stated. If objection is made to part of an item or category, the part shall be specified. The party submitting the request may move for an order under Rule 37(a) with respect to any objection to or other failure to respond to the request or any part thereof, or any failure to permit inspection as requested.

(c) Persons not parties. This rule does not preclude an independent action against a person not a party for production of documents and things and permission to enter upon land.

"Rule 35. Physical and Mental Examination of Persons.

(a) Order for examination. When the mental or physical condition (including the blood group) of a party, or of an agent or a person in the custody or under the legal control of a party, is in controversy, a judge of the court in which the action is pending as defined by Rule 30(h) may order the party to submit to a physical or mental examination by a physician or to produce for examination his agent or the person in his custody or legal control. The order may be made only on motion for good cause shown and upon notice to the person to be examined and to all parties and shall specify the time, place, manner, conditions, and scope of the examination and the person or persons by whom it is to be made.

(b) Report of examining physician.

(1) If requested by the party against whom an order is made under Rule 35(a) or the person examined, the party causing the examination to be made shall deliver to him a copy of a detailed written report of the examining physician setting out his findings, including results of all tests made, diagnoses and conclusions, together with like reports of all earlier examinations of the same condition. After such request and delivery the party causing the examination shall be entitled upon request to receive from the party against whom the order is made a like report of any examination, previously or thereafter made, of the same condition, unless, in the case of a report of examination of a person not a party, the party shows that he is unable to obtain it. The court on motion may make an order against a party requiring delivery of a report on such

terms as are just, and if a physician fails or refuses to make a report the court may exclude his testimony if offered at the trial.

(2) By requesting and obtaining a report of the examination so ordered or by taking the deposition of the examiner, the party examined waives any privilege he may have in that action or any other involving the same controversy, regarding the testimony of every other person who has examined or may thereafter examine him in respect of the same mental or physical condition.

(3) This subdivision applies to examinations made by agreement of the parties, unless the agreement expressly provides otherwise. This subdivision does not preclude discovery of a report of an examining physician or the taking of a deposition of the physician in accordance with the provisions of any other rule.

"Rule 36. Requests for Admission.

(a) Request for admission. A party may serve upon any other party a written request for the admission, for purposes of the pending action only, of the truth of any matters within the scope of Rule 26(b) set forth in the request that relate to statements or opinions of fact or of the application of law to fact, including the genuineness of any documents described in the request. Copies of documents shall be served with the request unless they have been or are otherwise furnished or made available for inspection and copying. The request may, without leave of court, be served upon the plaintiff after commencement of the action and upon any other party with or after service of the summons and complaint upon that party.

Each matter of which an admission is requested shall be separately set forth. The matter is admitted unless, within 30 days after service of the request, or within such shorter or longer time as the court may allow, the party to whom the request is directed serves upon the party requesting the admission a written answer or objection addressed to the matter, signed by the party or by his attorney, but, unless the court shortens the time, a defendant shall not be required to serve answers or objections before the expiration of 45 days after service of the summons and complaint upon him. If objection is made, the reasons therefor shall be stated. The answer shall specifically deny the matter or set forth in detail the reasons why the answering party cannot truthfully admit or deny the matter. A denial shall fairly meet the substance of the requested admission, and when good faith requires that a party qualify his answer or deny only a part of the matter of which an admission is requested, he shall specify so much of it as is true and qualify or deny the remainder. An answering party may not give lack of information or knowledge as a reason for failure to admit or deny unless he states that he has made reasonable inquiry and that the information known or readily obtainable by him is insufficient to enable him to admit or deny. A party who considers that a matter of which an admission has been requested presents a genuine issue for trial may not, on that ground alone, object to the request; he may, subject to the provisions of Rule 37(c), deny the matter or set forth reasons why he cannot admit or deny it.

The party who has requested the admissions may move to determine the sufficiency of the answers or objections. Unless the court determines that an objection is justified, it shall order that an answer be served. If the court determines that an answer does not comply with the requirements of this rule, it may order either that the matter is admitted or that an amended answer be

served. The court may, in lieu of these orders, determine that final disposition of the request be made at a pre-trial conference or at a designated time prior to trial. The provisions of Rule 37(a)(4) apply to the award of expenses incurred in relation to the motion.

(b) Effect of admission. Any matter admitted under this rule is conclusively established unless the court on motion permits withdrawal or amendment of the admission. Subject to the provisions of Rule 16 governing amendment of a pre-trial order, the court may permit withdrawal or amendment when the presentation of the merits of the action will be subserved thereby and the party who obtained the admission fails to satisfy the court that withdrawal or amendment will prejudice him in maintaining his action or defense on the merits. Any admission made by a party under this rule is for the purpose of the pending action only and is not an admission by him for any other purpose nor may it be used against him in any other proceeding.

"Rule 37. Failure to Make Discovery: Sanctions.

(a) Motion for order compelling discovery. A party, upon reasonable notice to other parties and all persons affected thereby, may apply for an order compelling discovery as follows:

(1) Appropriate Court. An application for an order to a party or a deponent who is not a party may be made to a judge of the court in which the action is pending, or, on matters relating to a deposition where the deposition is being taken in this State, to a judge of the court in the county where the deposition is being taken, as defined by Rule 30(h).

(2) Motion. If a deponent fails to answer a question propounded or submitted under Rules 30 or 31, or a corporation or other entity fails to make a designation under Rule 30(b)(6) or 31(a), or a party fails to answer an interrogatory submitted under Rule 33, or if a party, in response to a request for inspection submitted under Rule 34, fails to respond that inspection will be permitted as requested or fails to permit inspection as requested, the discovering party may move for an order compelling an answer, or a designation, or an order compelling inspection in accordance with the request. When taking a deposition on oral examination, the proponent of the question shall complete the examination on all other matters before he adjourns the examination in order to apply for an order.

If the court denies the motion in whole or in part, it may make such protective order as it would have been empowered to make on a motion made pursuant to Rule 26(c).

(3) Evasive or Incomplete Answer. For purposes of this subdivision an evasive or incomplete answer is to be treated as a failure to answer.

(4) Award of Expenses of Motion. If the motion is granted, the court shall, after opportunity for hearing, require the party or deponent whose conduct necessitated the motion or the party advising such conduct or both of them to pay to the moving party the reasonable expenses incurred in obtaining the order, including attorney's fees, unless the court finds that the opposition to the motion was substantially justified or that other circumstances make an award of expenses unjust.

If the motion is denied, the court shall after opportunity for hearing, require the moving party to pay to the party or deponent who opposed the motion the reasonable expenses incurred in opposing

the motion, including attorney's fees, unless the court finds that the making of the motion was substantially justified or that other circumstances make an award of expenses unjust.

If the motion is granted in part and denied in part, the court may apportion the reasonable expenses incurred in relation to the motion among the parties and persons in a just manner.

(b) Failure to comply with order.

(1) Sanctions by Court in County Where Deposition is Taken. If a deponent fails to be sworn or to answer a question after being directed to do so by a judge of the court in the county in which the deposition is being taken, the failure may be considered a contempt of that court.

(2) Sanctions by Court in Which Action is Pending. If a party or an officer, director, or managing agent of a party or a person designated under Rule 30(b)(6) or 31(a) to testify on behalf of a party fails to obey an order to provide or permit discovery, including an order made under subdivision (a) of this rule or Rule 35, a judge of the court in which the action is pending may make such orders in regard to the failure as are just, and among others the following:

(A) An order that the matters regarding which the order was made or any other designated facts shall be taken to be established for the purposes of the action in accordance with the claim of the party obtaining the order;

(B) An order refusing to allow the disobedient party to support or oppose designated claims or defenses, or prohibiting him from introducing designated matters in evidence;

(C) An order striking out pleadings or parts thereof, or staying further proceedings until the order is obeyed, or dismissing the action or proceeding or any part thereof, or rendering a judgment by default against the disobedient party;

(D) In lieu of any of the foregoing orders or in addition thereto, an order treating as a contempt of court the failure to obey any orders except an order to submit to a physical or mental examination;

(E) Where a party has failed to comply with an order under Rule 35(a) requiring him to produce another for examination, such orders as are listed in paragraphs (A), (B), and (C) of this subdivision, unless the party failing to comply shows that he is unable to produce such person for examination.

In lieu of any of the foregoing orders or in addition thereto, the court shall require the party failing to obey the order to pay the reasonable expenses, including attorney's fees, caused by the failure, unless the court finds that the failure was substantially justified or that other circumstances make an award of expenses unjust.

(c) Expenses on failure to admit. If a party fails to admit the genuineness of any document or the truth of any matter as requested under Rule 36, and if the party requesting the admissions thereafter proves the genuineness of the document or the truth of the matter, he may apply to the court for an order requiring the other party to pay him the reasonable expenses incurred in making that proof, including reasonable attorney's fees. The court shall make the order unless it finds that (1) the request was held objectionable pursuant to Rule 36(a), or (2) the admission sought was of no substantial importance, or (3) the

party failing to admit had reasonable ground to believe that he might prevail on the matter, or (4) there was other good reason for the failure to admit.

(d) Failure of party to attend at own deposition or serve answers to interrogatories or respond to request for inspection. If a party or an officer, director, or managing agent of a party or a person designated under Rule 30(b)(6) or 31(a) to testify on behalf of a party fails (1) to appear before the person who is to take his deposition, after being served with a proper notice, or (2) to serve answers or objections to interrogatories submitted under Rule 33, after proper service of the interrogatories, or (3) to serve a written response to a request for inspection submitted under Rule 34, after proper service of the request, the court in which the action is pending on motion may make such orders in regard to the failure as are just, and among others it may take any action authorized under paragraphs (A), (B), and (C) of subdivision (b)(2) of this rule. In lieu of any order or in addition thereto, the court shall require the party failing to act to pay the reasonable expenses, including attorney's fees, caused by the failure, unless the court finds that the failure was substantially justified or that other circumstances make an award of expenses unjust.

The failure to act described in this subdivision may not be excused on the ground that the discovery sought is objectionable unless the party failing to act has applied for a protective order as provided by Rule 26(c)."

Sec. 3. G.S. 1A-1, Rule 45(d)(2) is hereby repealed and Rule 41(d)(1) and (e) are hereby rewritten as follows:

"(d) Subpoena for taking depositions; place of examination.

(1) Proof of service of a notice to take a deposition as provided in Rules 30(a) and 31(a) constitutes a sufficient authorization for the issuance by the clerk of the superior court for the county in which the deposition is to be taken of subpoenas for the persons named or described therein. The subpoena may command the person to whom it is directed to produce designated records, books, papers, documents, or tangible things which constitute or contain evidence relating to any of the matters within the scope of the examination permitted by Rule 26(b), but in that event the subpoena will be subject to the provisions of section (c) of Rule 26 and section (c) of this rule.

The person to whom the subpoena is directed may, within 10 days after the service thereof or on or before the time specified in the subpoena for compliance if such time is less than 10 days after service, serve upon the attorney designated in the subpoena written objection to inspection or copying of any or all of the designated materials. If objection is made, the party serving the subpoena shall not be entitled to inspect and copy the materials except pursuant to an order of the court from which the subpoena was issued. The party serving the subpoena may, if objection has been made, move upon notice to the deponent for an order at any time before or during the taking of the deposition.

(e) Service. All subpoenas may be served by the sheriff, by his deputy, by a coroner or by any other person not less than 18 years of age, who is not a party. Service of a subpoena for the production of documentary evidence may be made only by the delivery of a copy to the person named therein or by registered or certified mail, return receipt requested. Service of a subpoena for the attendance of a witness may be made by telephone communication with the person named

therein only by a sheriff, his deputy, or a coroner, or by delivery of a copy to the person named therein or by registered or certified mail, return receipt requested, by any person authorized by this subdivision to serve subpoenas. Personal service shall be proved by return of a sheriff, his deputy, or a coroner making service and by return under oath of any other person making service. Service by telephone communication shall be proved by return of the process officer, noting the method of service. Service by registered or certified mail shall be proved by filing the return receipt with the return."

Sec. 4. G.S. 8-84 and 8-89.1 are hereby repealed.

Sec. 5. This act shall become effective on January 1, 1976, and shall apply to pending litigation where such application is feasible and would not work an injustice.

In the General Assembly read three times and ratified, this the 24th day of June, 1975.

S. B. 368 **CHAPTER 763**

AN ACT TO PERMIT THE GRANTING OF LIMITED DRIVING PRIVILEGES TO ONE CONVICTED FOR THE FIRST TIME OF A SPEEDING OFFENSE WHICH WOULD OTHERWISE REQUIRE THE MANDATORY SUSPENSION OF THE DRIVER'S LICENSE.

The General Assembly of North Carolina enacts:

Section 1. G.S. 20-16.1 is rewritten to read as follows:

"§ 20-16.1. *Mandatory suspension of driver's license upon conviction of excessive speeding; limited driving permits for first offenders.*—(a) Notwithstanding any other provisions of this Article, the department shall suspend for a period of 30 days the license of any operator or chauffeur without preliminary hearing on receiving a record of such operator's or chauffeur's conviction of exceeding by more than 15 miles per hour the speed limit, either within or outside the corporate limits of a municipality, if such person was also driving at a speed in excess of 55 miles per hour at the time of the offense.

(b)(1) Upon a first conviction only of violating subsection (a), the trial judge may when feasible allow a limited driving privilege or license to the person convicted for proper purposes reasonably connected with the health, education and welfare of the person convicted and his family. For purposes of determining whether conviction is a first conviction, no prior offense occurring more than 10 years before the date of the current offense shall be considered. The judge may impose upon such limited driving privilege any restrictions as in his discretion are deemed advisable including, but not limited to, conditions of days, hours, types of vehicles, routes, geographical boundaries and specific purposes for which limited driving privilege is allowed. Any such limited driving privilege allowed and restrictions imposed thereon shall be specifically recorded in a written judgment which shall be as near as practical to that hereinafter set forth and shall be signed by the trial judge and shall be affixed with the seal of the court and shall be made a part of the records of the said court. A copy of said judgment shall be transmitted to the Department of Motor Vehicles along with any operator's or chauffeur's license in the possession of the person convicted and a notice of the conviction. Such permit issued hereunder shall be valid for such length of time as shall be set forth in the judgment of the trial judge. Such permit shall constitute a valid license to operate motor vehicles upon the streets

and highways of this or any other state in accordance with the restrictions noted thereon and shall be subject to all provisions of law relating to operator's or chauffeur's license, not by their nature, rendered inapplicable.

(2) The judgment issued by the trial judge as herein permitted shall as near as practical be in form and content as follows:

STATE OF NORTH CAROLINA
COUNTY OF _____

IN THE GENERAL COURT OF JUSTICE
RESTRICTED DRIVING PRIVILEGES

Any such agreement of sale or lease may include provisions that:

(1) the public or non-profit agency shall, at its own expense, operate, repair and maintain the health care facilities sold or leased thereunder;

(2) the purchase price payments to be made under the agreement of sale or the rent payable under the agreement of lease shall in the aggregate be not less than an amount sufficient to pay all of the interest, principal and any redemption premium on the bonds or notes issued by the Commission to pay the cost of the health care facilities sold or leased thereunder;

(3) the public or non-profit agency shall pay all other costs incurred by the Commission in connection with the providing of the health care facilities so sold or leased, except such costs as may be paid out of the proceeds of bonds or notes or otherwise, including, but without limitation, insurance costs, the cost of administering the resolution authorizing the issuance of, or any trust agreement securing, such bonds or notes and the fees and expenses of trustees, paying agents, attorneys, consultants and others;

(4) the agreement of sale or lease shall terminate not earlier than the date on which all such bonds and all other obligations incurred by the Commission in connection with the health care facilities sold or leased thereunder shall be retired or provision for such retirement shall be made; and

(5) the obligation of the public or non-profit agency to make purchase price payments or to pay rent shall not be subject to cancellation, termination or abatement by the public or non-profit agency until the bonds have been retired or provision has been made for such retirement.

All obligations payable by a public agency under an agreement of sale or lease, including the obligation to make purchase price payments or to pay rent and to pay the costs of operating, repairing and maintaining health care facilities, shall be payable solely from the revenues of the health care facilities being purchased or leased or other health care facilities of the public agency and shall not be payable from or charged upon any funds of the public agency other than the revenues pledged to such payment; provided, however, that nothing herein shall restrict the power of any county, city, town or other political subdivision of the State or any hospital district created pursuant to Article 13C of Chapter 131 of the General Statutes to submit to its qualified voters a health care facility maintenance tax under Article 13B of said Chapter 131 for the purposes of financing the cost of operation, equipment and maintenance of any health care facility financed for any public agency under this Part and all health care facilities authorized to be financed under this Part and leased to public agencies are hereby declared to be included within the definition 'hospital facility' as used in said Article 13B.

Where the Commission has acquired a possessory or ownership interest in any health care facilities which it has undertaken on behalf of a public or non-profit agency it shall promptly convey, without the payment of any consideration, all its right, title and interest in such health care facilities to such public or non-profit agency upon the retirement or provision for the retirement of all bonds or notes issued and obligations incurred by the Commission in connection with such health care facilities.

"§ 143B-168.9. *Construction contracts.*—Contracts for the construction of any health care facilities on behalf of a public agency shall be awarded by the Commission in accordance with Article 8 of Chapter 143 of the General Statutes. If the Commission shall determine that the purposes of this Part will be more effectively served, the Commission in its discretion may award or cause to be awarded contracts for the construction of any health care facilities on behalf of a non-profit agency upon a negotiated basis as determined by the Commission. The Commission shall prescribe such bid security requirements and other procedures in connection with the award of such contracts as in its judgment shall protect the public interest. The Commission may by written contract engage the services of the public or non-profit agency in the construction of such health care facilities and may provide in such contract that

such public or non-profit agency, subject to such conditions and requirements consistent with the provisions of this Part as shall be prescribed in such contract, may act as an agent of, or an independent contractor for, the Commission for the performance of the functions described therein, including the acquisition of the site and other real property for such health care facilities, the preparation of plans, specifications and contract documents, the award of construction and other contracts upon a competitive or negotiated basis, the construction of such health care facilities directly by such public or non-profit agency, the inspection and supervision of construction, the employment of engineers, architects, builders and other contractors and the provision of money to pay the cost thereof pending reimbursement by the Commission. Any such contract may provide that the Commission may, out of proceeds of bonds or notes, make advances to or reimburse the public or non-profit agency for its costs incurred in the performance of such functions, and shall set forth the supporting documents required to be submitted to the Commission and the reviews, examinations and audits that shall be required in connection therewith to assure compliance with the provisions of this Part and such contract.

"§ 143B-168.10. *Credit of State not pledged.*—Bonds or notes issued under the provisions of this Part shall not be secured by a pledge of the faith and credit of the State or of any political subdivision thereof or be deemed to create an indebtedness of the State or of any such political subdivision thereof, requiring any voter approval, but shall be payable solely from the revenues and other funds provided therefor. Each bond or note issued under this Part shall contain on the face thereof a statement to the effect that the Commission shall not be obligated to pay the same nor the interest thereon except from the revenues and other funds pledged therefor and that neither the faith and credit nor the taxing power of the State or of any political subdivision thereof is pledged as security for the payment of the principal of or the interest on such bond or note.

Expenses incurred by the Commission in carrying out the provisions of this Part may be made payable from funds provided pursuant to, or made available for use under, this Part and no liability shall be incurred by the Commission hereunder beyond the extent to which moneys shall have been so provided.

"§ 143B-168.11. *Bonds and notes.*—The Commission is hereby authorized to provide for the issuance, at one time or from time to time, of bonds, or notes in anticipation of the issuance of bonds, of the Commission to carry out and effectuate its corporate purposes. The principal of and the interest on such bonds or notes shall be payable solely from funds provided under this Part for such payment. Any such notes may be made payable from the proceeds of bonds or renewal notes or, in the event bond or renewal note proceeds are not available, such notes may be paid from any available revenues or other funds provided therefor. The bonds or notes of each issue shall be dated and may be made redeemable before maturity at the option of the Commission at such price or prices and upon such terms and conditions as may be determined by the Commission. Any such bonds or notes shall bear interest at such rate or rates as may be determined by the Local Government Commission of North Carolina with the approval of the Commission. Notes shall mature at such time or times not exceeding 10 years from their date or dates and bonds shall mature at such time or times not exceeding 40 years from their date or dates, as may be determined by the Commission. The Commission shall determine the form and manner of execution of the bonds or notes, including any interest coupons to be

attached thereto, and shall fix the denomination or denominations and the place or places of payment of principal and interest, which may be any bank or turst company within or without the State. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or notes or coupons attached thereto shall cease to be such officer before the delivery thereof, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. The Commission may also provide for the authentication of the bonds or notes by a trustee or fiscal agent. The bonds or notes may be issued in coupon or in registered form, or both, as the Commission may determine, and provision may be made for the registration of any coupon bonds or notes as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds or notes of any bonds or notes registered as to both principal and interest, and for the interchange of registered and coupon bonds or notes. No bonds or notes may be issued by the Commission under this Article unless the issuance thereof is approved by the Local Government Commission of North Carolina.

The Commission shall file with the Secretary of the Local Government Commission an application requesting approval of the issuance of such bonds or notes which shall contain such information and have attached to it such documents concerning the proposed financing and prospective vendee or lessee as the Secretary may require.

In determining whether a proposed bond or note issue should be approved, the Local Government Commission may consider, in addition to the criteria and requirements mentioned in G.S. 143B-168.5 of this Part, the effect of the proposed financing upon any scheduled or proposed sale of tax-exempt obligations by the State or any of its agencies or departments or by any unit of local government in the State.

The Local Government Commission shall approve the issuance of such bonds or notes if, upon the information and evidence it receives, it finds and determines that the proposed financing will effectuate the purposes of this Part.

Upon the filing with the Local Government Commission of a resolution of the Commission requesting that its bonds or notes be sold, such bonds or notes may be sold in such manner, either at public or private sale, and for such price as the Local Government Commission shall determine to be for the best interests of the Commission and effectuate best the purposes of this Part, provided that such sale shall be approved by the Commission.

The proceeds of any bonds or notes shall be used solely for the purposes for which issued and shall be disbursed in such manner and under such restrictions, if any, as the Commission may provide in the resolution authorizing the issuance of, or any trust agreement securing, such bonds or notes.

Prior to the preparation of definitive bonds, the Commission may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds, when such bonds shall have been executed and are available for delivery. The Commission may also provide for the replacement of any bonds or notes which shall become mutilated or shall be destroyed or lost.

Bonds or notes may be issued under the provisions of this Part without obtaining, except as otherwise expressly provided in this Part, the consent of any department, division, commission, board, body, bureau or agency of the State, and without any other proceedings or the happening of any conditions or things

other than those proceedings, conditions or things which are specifically required by this Part and the provisions of the resolution authorizing the issuance of, or any trust agreement securing, such bonds or notes.

"§ 143B-168.12. *Trust agreement or resolution.*—In the discretion of the Commission any bonds or notes issued under the provisions of this Part may be secured by a trust agreement by and between the Commission and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the State. Such trust agreement or the resolution authorizing the issuance of such bonds or notes may pledge or assign all or any part of the revenues of the Commission received pursuant to this Part, including, without limitation, fees, purchase price payments, rents, charges, insurance proceeds, condemnation awards and any other revenues and funds received in connection with any health care facilities and may mortgage any health care facilities. Such trust agreement or resolution may contain such provisions for protecting and enforcing the rights and remedies of the holders of any such bonds or notes as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Commission in relation to the purposes to which bond or note proceeds may be applied, the disposition or pledging of the revenues of the Commission, the duties of the Commission with respect to the acquisition, construction, maintenance, repair and operation of any health care facilities, the fees, purchase price payments, rents and charges to be fixed and collected in connection therewith, the terms and conditions for the issuance of additional bonds or notes, and the custody, safeguarding and application of all moneys. All bonds issued under this Part shall be equally and ratably secured by a pledge, charge, and lien upon revenues provided for in such trust agreement or resolution, without priority by reason of number, or of dates of bonds, execution, or delivery, in accordance with the provisions of this Part and of such trust agreement or resolution; except that the Commission may provide in such trust agreement or resolution that bonds issued pursuant thereto shall to the extent and in the manner prescribed in such trust agreement or resolution be subordinated and junior in standing, with respect to the payment of principal and interest and the security thereof, to any other bonds. It shall be lawful for any bank or trust company incorporated under the laws of the State which may act as depositary of the proceeds of bonds or notes, revenues or other money hereunder to furnish such indemnifying bonds or to pledge such securities as may be required by the Commission. Any such trust agreement or resolution may set forth the rights and remedies, including foreclosure of any mortgage, of the holders of any bonds or notes and of the trustee, and may restrict the individual right of action by any such holders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the Commission may deem reasonable and proper for the security of the holders of any bonds or notes. Expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as a part of the cost of any health care facilities or paid from the revenues pledged or assigned to the payment of the principal of and the interest on bonds or notes or from any other funds available to the Commission.

"§ 143B-168.13. *Revenues; pledges of revenues.*—(a) The Commission is hereby authorized to fix and to collect fees, purchase price payments, rents and charges for the use of any health care facilities, and any part or section thereof, and to contract with any public or non-profit agency for the use thereof. The

Commission may require that the public or non-profit agency shall operate, repair or maintain such facilities and shall bear the cost thereof and other costs of the Commission in connection therewith, subject to the provisions of G.S. 143B-168.8 of this Part with respect to a public agency, as may be provided in the agreement of sale or lease or other contract with the Commission, in addition to other obligations imposed under such agreement or contract.

(b) The fees, purchase price payments, rents and charges shall be fixed so as to provide a fund sufficient, with such other funds as may be made available therefor, (1) to pay the costs of operating, repairing and maintaining the health care facilities, to the extent that adequate provision for the payment of such costs has not otherwise been provided for, (2) to pay the principal of and the interest on all bonds or notes as the same shall become due and payable and (3) to create and maintain any reserves provided for in the resolution authorizing the issuance of, or any trust agreement securing, such bonds; and such fees, purchase price payments, rents and charges may be applied or pledged to the payment of debt service on the bonds prior to the payment of the costs of operating, repairing and maintaining the health care facilities.

(c) All pledges of fees, purchase price payments, rents, charges and other revenues under the provisions of this Part shall be valid and binding from the time when such pledges are made. All such revenues so pledged and thereafter received by the Commission shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Commission, irrespective of whether such parties have notice thereof. The resolution or any trust agreement by which a pledge is created or any agreement of sale or lease need not be filed or recorded except in the records of the Commission.

(d) The State of North Carolina does pledge to and agree with the holders of any bonds or notes issued by the Commission that so long as any of such bonds or notes are outstanding and unpaid the State will not limit or alter the rights vested in the Commission at the time of issuance of the bonds or notes to fix, revise, charge, and collect or cause to be fixed, revised, charged and collected purchase price payments, rents, fees and charges for the use of or services rendered by any health care facilities, in connection with which the bonds or notes were issued, so as to provide a fund sufficient, with such other funds as may be made available therefor, to pay the costs of operating, repairing and maintaining the health care facilities, to pay the principal of and the interest on all bonds and notes as the same shall become due and payable and to create and maintain any reserves provided therefor and to fulfill the terms of any agreements made with the bondholders or noteholders, nor will the State in any way impair the rights and remedies of the bondholders or noteholders until the bonds or notes and all costs and expenses in connection with any action or proceedings by or on behalf of the bondholders or noteholders, are fully paid, met, and discharged.

"§ 143B-168.14. *Trust funds.*—Notwithstanding any other provisions of law to the contrary, all moneys received pursuant to the authority of this Part, including, without limitation, fees, purchase price payments, rents, charges, insurance proceeds, condemnation awards and any other revenues and funds received in connection with any health care facilities, shall be deemed to be trust funds to be held and applied solely as provided in this Part. The resolution

authorizing the issuance of, or any trust agreement securing, any bonds or notes may provide that any of such moneys may be temporarily invested pending the disbursement thereof and shall provide that any officer with whom, or any bank or trust company with which, such moneys shall be deposited shall act as trustee of such moneys and shall hold and apply the same for the purposes of this Part, subject to such regulations as this Part and such resolution or trust agreement may provide. Any such moneys may be invested as provided in G.S. 159-30, as it may be amended from time to time.

"§ 143B-168.15. *Remedies.*—Any holder of bonds or notes issued under the provisions of this Part or any coupons appertaining thereto, and the trustee under any trust agreement or resolution authorizing the issuance of such bonds or notes, except to the extent the rights herein given may be restricted by such trust agreement or resolution, may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights under the laws of the State or granted hereunder or under such trust agreement or resolution, or under any other contract executed by the Commission pursuant to this Part, and may enforce and compel the performance of all duties required by this Part or by such trust agreement or resolution to be performed by the Commission or by any officer thereof.

"§ 143B-168.16. *Negotiable instruments.*—All bonds and interest coupons appertaining thereto issued under this Part are hereby made investment securities within the meaning of and for all the purposes of Article 8 of the Uniform Commercial Code as enacted in this State, whether or not they are of such form and character as to be investment securities under said Article 8, subject only to the provisions of the bonds pertaining to registration.

"§ 143B-168.17. *Bonds or notes eligible for investment.*—Bonds or notes issued under the provisions of this Part are hereby made securities in which all public officers and public bodies of the State and its political subdivisions, all insurance companies, trust companies, banking associations, investment companies, executors, adminstrators, trustees and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such bonds or notes are hereby made securities which may properly and legally be deposited with and received by any State or municipal officer or any agency or political subdivision of the State for any purpose for which the deposit of bonds, notes or obligations of the State is now or may hereafter be authorized by law.

"§ 143B-168.18. *Refunding bonds or notes.*—The Commission is hereby authorized to provide for the issuance of refunding bonds or notes for the purpose of refunding any bonds or notes then outstanding which shall have been issued under the provisions of this Part, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds or notes and, if deemed advisable by the Commission, for any corporate purpose of the Commission, including, without limitation:

(1) constructing improvements, additions, extensions or enlargements of the health care facilities in connection with which the bonds or notes to be refunded shall have been issued, and

(2) paying all or any part of the cost of any additional health care facilities.

The issuance of such bonds or notes, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties and obligations of the

Commission in respect of the same shall be governed by the provisions of this Part which relate to the issuance of bonds or notes, insofar as such provisions may be appropriate therefor.

Refunding bonds or notes may be sold or exchanged for outstanding bonds or notes issued under this Part and, if sold, the proceeds thereof may be applied, in addition to any other authorized purposes, to the purchase, redemption or payment of such refunding bonds or notes, with any other available funds, to the payment of the principal, accrued interest and any redemption premium on the bonds or notes being refunded, and, if so provided or permitted in the resolution authorizing the issuance of, or in the trust agreement securing, such bonds or notes, to the payment of any interest on such refunding bonds or notes and any expenses in connection with such refunding, such proceeds may be invested in direct obligations of, or obligations the principal of and the interest on which are unconditionally guaranteed by, the United States of America which shall mature or which shall be subject to redemption by the holders thereof, at the option of such holders, not later than the respective dates when the proceeds, together with the interest accruing thereon, will be required for the purposes intended.

"§ 143B-168.19. *Annual report.*—The Commission shall, promptly following the close of each fiscal year, submit an annual report of its activities under this Part for the preceding year to the Governor, the State Auditor, the Secretary of Human Resources, the General Assembly, the Advisory Budget Commission and the Local Government Commission. The Commission shall cause an audit of its books and accounts relating to its activities under this Part to be made at least once in each year by an independent certified public accountant and the cost thereof may be paid from any available moneys of the Commission.

"§ 143B-168.20. *Officers not liable.*—No member or officer of the Commission shall be subject to any personal liability or accountability by reason of his execution of any bonds or notes or the issuance thereof.

"§ 143B-168.21. *Tax exemption.*—The exercise of the powers granted by this Part will be in all respects for the benefit of the people of the State and will promote their health and welfare, and no tax or assessment shall be levied upon any health care facilities undertaken by the Commission prior to the retirement or provision for the retirement of all bonds or notes issued and obligations incurred by the Commission in connection with such health care facilities.

Any bonds or notes issued by the Commission under the provisions of this Part, their transfer and the income therefrom (including any profit made on the sale thereof), shall at all times be free from taxation by the State or any local unit or political subdivision or other instrumentality of the State, excepting inheritance or gift taxes.

"§ 143B-168.22. *Conflict of interest.*—If any member, officer or employee of the Commission shall be interested either directly or indirectly, or shall be an officer or employee of or have an ownership interest in any firm or corporation interested directly or indirectly in any contract with the Commission, such interest shall be disclosed to the Commission and shall be set forth in the minutes of the Commission, and the member, officer or employee having such interest therein shall not participate on behalf of the Commission in the authorization of any such contract.

"§ 143B-168.23. *Additional method.*—The foregoing sections of this Part shall be deemed to provide an additional and alternative method for the doing of

the things authorized thereby and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of any powers now existing; provided, however, that the issuance of bonds or notes under the provisions of this Part need not comply with the requirements of any other law applicable to the issuance of bonds or notes.

"§ 143B-168.24. *Liberal construction.*—This Part, being necessary for the health and welfare of the people of the State, shall be liberally construed to effect the purposes thereof.

Any appeals from the commission's decision shall be to the court having jurisdiction of the applicant, or in the event of an out-of-state applicant, then to the court having jurisdiction of the commission.

(7) If the commission intends to grant the authority, it shall give written notice that the authority to organize the business applied for has been granted and that a license to operate will be issued upon presentment to the commission of a statement of employment between the applicant and the cemetery or cemeteries to be serviced thereby.

(8) Any person or any cemetery sales organization or any cemetery management organization or any cemetery broker violating the provisions of this section is guilty of a misdemeanor, punishable as provided in Section 14-3 and shall be subject to revocation of the license to operate.

"§ 65-24. *Licenses for persons selling pre-need grave space.*—(1) No person shall offer to sell pre-need grave spaces, mausoleum crypts, niches, memorials, vaults or any other pre-need cemetery merchandise or services under any plan authorized for any cemetery, cemetery sales group, or cemetery management group, before obtaining a license from the commission.

(2) Persons wishing to obtain a license shall file a written application with the commission on forms provided by the commission. The commission may require such information and documents as it deems necessary to protect the public interest.

(3) The application shall be accompanied by a filing fee of fifteen dollars ($15.00) to cover the expenses of processing and investigation. After processing and investigation the commission shall grant, or refuse to grant, the license applied for. The annual license fee shall be sent by the commission but shall not exceed ten dollars ($10.00).

(4) If the commission refuses to grant the license applied for, it shall give written notice to the applicant. The notice shall state a time and a place for hearing before the commission, and a summary statement of the reasons for the refusal to grant the license. The notice shall be mailed by registered mail or certified mail to the applicant at the address stated in the application at least 30 days prior to the scheduled hearing date.

(5) If the commission intends to grant the license, it shall give written notice that the license will be issued upon presentment to the commission of a duly executed statement of employment between the applicant and the cemetery or cemeteries to be serviced thereby.

(6) The provisions of Article 4 of Chapter 150A of the General Statutes of North Carolina relating to 'Judicial Review' shall apply to appeals or petitions for judicial review by any person or persons aggrieved by an order or decision of the commission.

(7) The provisions of this Article 7 shall not apply to persons holding a certificate under G.S. 65-36.1 through G.S. 65-36.8.

"§ 65-25. *Application for change of control; filing fee.*—In any case where a person, a group of persons, or a corporation proposes to purchase or acquire control of an existing cemetery company either by purchasing the outstanding capital stock of any cemetery company, or the interest of the owner or owners, and thereby to change the control of said cemetery company, such person shall

first make application on form supplied by the commission for a certificate of approval of such proposed change of control of said cemetery company. The application shall contain the name and address of the proposed new owners and the said commission shall issue said certificate of approval only after it has become satisfied that the proposed new owners are qualified by character, experience and financial responsibility to control and operate the said cemetery in a legal and proper manner, and that the interest of the public generally will not be jeopardized by the proposed change in ownership and management. Such application for a purchase or change of control must be completed and accompanied by an initial filing fee of one hundred dollars ($100.00) to cover examination provided in G.S. 65-21.4(b) if required, and if records are in order, certificate of approval shall be issued.

"§ 65-26. *Records.*—A record shall be kept of every burial in the cemetery of a cemetery company, showing the date of burial, name of the person buried, together with lot, plot, and space in which such burial was made therein. All sales, trust funds, accounting records, and all other records of the licensee shall be available at the licensee's principal place of business in this State and shall be readily available at all reasonable times for examination by an authorized representative of the commission.

"§ 65-27. *Required trust fund for care and maintenance; remedy of commission for noncompliance.*—No cemetery company shall be permitted to establish, or operate if already established, a cemetery without providing for the future care and maintenance of such cemetery, for which a trust fund shall be established to be known as 'the care and maintenance trust fund of ___ (here use name of licensee)'. If any cemetery company refuses or otherwise fails to provide or maintain an adequate care and maintenance trust fund in accordance with the provisions of this act, the commission, after reasonable notice, shall proceed to enforce compliance under the powers vested in it under this act; provided any nonprofit cemetery corporation, incorporated and engaged in the cemetery business continuously since and prior to 1915 and whose current trust assets exceed seven hundred fifty thousand dollars ($750,000) shall not be required to designate a corporate trustee. The trust fund agreement shall contain and include the following: name, location, and address of both the licensee and the trustee showing the date of agreement together with the amounts required deposited as stated in this Article. No person shall withdraw or transfer any portion of the corpus of the care and maintenance trust fund without first obtaining written consent from the commission.

"§ 65-27.1. *Individual contracts for care and maintenance.*—At the time of making a sale or receiving the initial deposit hereunder, the cemetery company shall deliver to the person to whom such sale is made, or who makes such deposit, an instrument in writing which shall specifically state that the net income of the care and maintenance trust fund shall be used solely for the care and maintenance of the cemetery, for reasonable costs of administering such care and maintenance and for reasonable costs of administering the trust fund.

"§ 65-27.2. *Requirements for advertising of perpetual care fund.*—No such cemetery shall hereafter cause or permit advertising of perpetual care fund in connection with the sale or offer for sale of its property unless the amount deposited in said funds shall be equal to not less than twenty dollars ($20.00) per grave space and niche and forty dollars ($40.00) per mausoleum crypt sold, said

sum to be deposited in perpetual care fund as provided in G.S. 65-27 except as provided in G.S. 65-27.3.

"§ 65-27.3. *Disposition of deposits when perpetual care fund amounts to $150,000.*—When the amount deposited in the perpetual care fund required by this Article of any cemetery heretofore or hereafter established shall amount to one hundred fifty thousand dollars ($150,000), anything in this Article to the contrary notwithstanding, the cemetery may make all deposits thereafter either into the original Perpetual Care Trust Fund or into a separate fund which shall be an irrevocable trust and designated as Perpetual Care Trust Fund 'A' and invested by trustee as directed by the cemetery, but may not be invested in another cemetery, and said deposits shall be not less than twenty dollars ($20.00) per grave space.

For special endowments for a specific lot, grave, or a family mausoleum, memorial, marker, or monument, the cemetery may set aside the full amounts received for this individual special care in a separate trust or by a deposit to a savings account in a bank or savings and loan association located within and authorized to do business in the State, provided, however, if the licensee does not set up a separate trust or savings account for the special endowment the full amount thereof shall be deposited in Perpetual Care Trust Fund 'A'.

Deposits to the care and maintenance trust fund must be made by the cemetery company holding title to the subject cemetery lands not later than 10 days following the close of the calendar month in which payments were received as provided herein; however, the entire amount required to be deposited into the fund shall be paid within four years from the date of any contract requiring such payment regardless of whether all amounts have been received by the cemetery company. The care and maintenance trust fund shall be invested and reinvested by the trustee in the same manner as provided by law for the investment of other trust funds by the clerk of the superior court. The fees and other expenses of the trust fund shall be paid by the trustee from the net income thereof and may not be paid from the corpus. To the extent that the said net income is not sufficient to pay such fees and other expenses, the same shall be paid by the cemetery company.

When a municipal, church-owned or fraternal cemetery converts to a private cemetery as defined in Section 65-20, North Carolina General Statutes, then said cemetery shall establish and maintain a care and maintenance trust fund pursuant to this section; provided, however, the initial deposit for establishment of this trust fund shall be an amount equal to ten dollars ($10.00) per space for all spaces either previously sold or contracted for sale in said cemetery at the time of conversion or twenty-five thousand dollars ($25,000), whichever sum is greater.

Each cemetery hereinafter established shall create a care and maintenance trust fund depositing therein an initial deposit of not less than fifteen thousand dollars ($15,000) and submit proof thereof to the commission prior to offering for sale any burial rights in grave spaces, niches or crypts.

In each sales contract, reservation or agreement wherein burial rights are priced separately, the purchase price of said burial rights shall be the only item subject to care and maintenance trust fund deposits; but if the burial rights are not priced separately therein, the full amount of the contract, reservations or agreement shall be subject to care and maintenance trust fund deposits as

provided herein, unless the purchase price of said burial rights can be determined from the accounting records of the cemetery company.

"§ 65-27.4. *Trust fund; financial reports.*—Within 60 days after the end of the calendar or fiscal year of the cemetery company, the trustee shall furnish adequate financial reports with respect to the care fund on forms provided by the commission. However, the commission may require the trustee to make such additional financial reports as it may deem advisable.

"§ 65-28. *Receipts from sale of personal property or services; trust fund; penalties.*—(1) It shall be deemed contrary to public policy if any person or legal entity receives, holds, controls or manages funds or proceeds received from the sale of, or from a contract to sell, personal property or services which may be used in a cemetery in connection with the burial of or the commemoration of the memory of a deceased human being; where payments for the same are made either outright or on an installment basis prior to the demise of the person or persons so purchasing them, or for whom they are so purchased, unless such person or legal entity holds, controls or manages said funds, subject to the limitations and regulations prescribed in this section. This section shall apply to all cemetery companies or other legal entities licensed under this Chapter that offer for sale or sell personal property or services which may be used in a cemetery in connection with the burial of, or the commemoration of the memory of, a deceased human being, but shall exclude persons holding a certificate under Sections 65-36.1 through 65-36.8, North Carolina General Statutes.

(2) Any cemetery company or other entity entering into a contract for the sale of personal property or services, to be used in a cemetery in connection with disposing of, or commemorating the memory of, a deceased human being wherein the use of the personal property or the furnishing of the services is not immediately requested or required, shall deposit proceeds received on the contract as follows:

(a) Into a trust fund administered by a corporate trustee in accordance with a written trust instrument.

(b) Seventy-five percent (75%) of all proceeds received on such contracts shall be deposited until the amount deposited equals seventy-five percent (75%) of the actual sale price of the property or services so sold.

(c) The deposit herein required shall be made into the trust fund so established on or before the tenth day of the month following receipt by the cemetery company or other entity from the purchaser.

(d) Each deposit into any such trust fund shall be identified by the cemetery company or other entity by furnishing the trustee with the name of the purchaser, the amount of the actual sales price and the amount of money required to be deposited, and with the initial deposit a statement of or a copy of the contract for the personal property and services to be furnished by the cemetery company thereunder. Nothing herein contained shall prohibit the trustee from commingling the deposits in any such trust fund for purposes of the management thereof and the investment of funds therein.

(e) The trust shall be operated in conformity with Chapter 36, North Carolina General Statutes, with respect to the nature and character of the trustee.

(f) In lieu of the deposits required herein, the cemetery company or other

entity may post with the commission a good and sufficient performance bond by surety company licensed to do business in North Carolina and in an amount sufficient to cover all payments made by purchasers who have not received the purchased property and services.

(3) (a) The funds shall be held in trust both as to principal and income earned thereon and shall remain intact, except that the cost of the operation of the trust may be deducted from the income earned thereon, until delivery of the property is made or the services are performed by the cemetery company or other entity. Upon delivery of the property or performance of the services, the cemetery company or other entity and the purchaser shall certify same to the trustee. Upon such certification, the amount of money on deposit to the credit of that particular contract, including principal and income earned thereon, shall be forthwith paid to the cemetery company or other entity. The trustee may rely upon all such certifications herein required to be made and shall not be liable to anyone for such reliance.

(b) If for any reason a cemetery company or other entity who has entered into a contract for the sale of personal property or services cannot or does not provide the personal property or perform the services called for by the contract after request in writing to do so, the purchaser or his heirs or assigns or duly authorized representative shall be entitled to receive the entire amount paid on the contract and any income, if any, earned thereon by the trust fund.

(4) At any time prior to delivery of personal property or performance of services, a purchaser may make written demand for a refund of the amount deposited in trust to the credit of such purchaser, and within 30 days of receipt of such written demand the trustee shall refund to such purchaser the amount on deposit to his credit together with all interest, dividends, increases or accretions earned on such fund.

(5) Every year after the effective date of this act the trustee shall, within 75 days after the end of the calendar year, file a financial report of the merchandise trust fund with the commission, setting forth the principal thereof, the investments and payments made, and the income earned and disbursed; provided, however, that the commission may require the trustee to make such additional financial reports as it may deem advisable.

(6) The commission shall have the power and is required from time to time as it may deem necessary to examine the business of any cemetery company or other entity writing contracts for the sale of the property or services as herein contemplated. The written report of such examination shall be filed in the office of the commission. Any persons or entities being examined shall produce the records of the company needed for such examination.

(7) Any provision of any contract for the sale of the personal property or the performance of services herein contemplated under which the purchaser or beneficiary waives any of the provisions of this section shall be void.

(8) Any cemetery company or other entity, as defined in this section, failing to make required contributions to the trust fund shall be guilty of a misdemeanor punishable as provided in G.S. 14-3, and each violation of this section shall constitute a separate offense.

(9) Nothing in G.S. 65-28 and subsections thereunder shall apply to persons or legal entities holding licenses or certificates under G.S. 65-36.1 and G.S. 65-36.8 when performing services or selling items authorized by said sections.

(10) If any report is not received within the time stipulated herein, the commission may levy and collect a penalty of twenty-five dollars ($25.00) per day for each day of delinquency.

"§ 65-29. *Applications for license.*—Applications for renewal license must be submitted on or before July 1 each and every year in the case of an existing cemetery company. Before any sale of cemetery property in the case of a new cemetery company or a change of ownership or control as indicated in G.S. 65-25, an application for license must be submitted and license issued.

"§ 65-29.1. *License not assignable or transferable.*—No license issued under G.S. 65-29 shall be transferable or assignable and no licensee shall develop or operate any cemetery authorized by this act under any name or at any location other than that contained in the application for such license.

"§ 65-30. *Minimum acreage; sale or disposition of cemetery lands.*—(1) Each licensee shall set aside a minimum of 30 acres of land for use by said licensee as a cemetery, and shall not sell, mortgage, lease or encumber the same.

(2) The fee simple title, or lesser estate, in any lands owned by licensee and dedicated for use by it as a cemetery, which are contiguous, adjoining, or adjacent to the minimum of 30 acres described in subsection (1), may be sold, conveyed, or disposed of, or any part thereof, by the licensee, for use by the new owner for other purposes than as a cemetery; provided that no bodies have been previously interred therein; and provided further, that any and all titles, interests, or burial rights which may have been sold or contracted to be sold in such lands which are the subject of such sale shall be conveyed to and revested in the licensee prior to consummation of any such sale, conveyance or disposition.

(3) Any licensee may convey and transfer to a municipality or county its real and personal property together with moneys deposited with the trustee; provided said municipality or county will accept responsibility for maintenance thereof and prior written approval of the commission is first obtained.

(4) The provisions of subsections (1) and (2) relating to a requirement for minimum acreage shall not apply to those cemeteries licensed by the commission on or before July 1, 1967, which own or control a total of less than 30 acres of land; provided that such cemeteries shall not dispose of any of such lands.

"§ 65-31. *Construction of mausoleums and belowground crypts; trust fund for receipts from sale of preconstruction crypts; compliance requirement.*—(1) A cemetery company shall be required to start construction of that section of a mausoleum or bank of belowground crypts in which sales, contracts for sale, reservations for sales or agreements for sales are being made, within 48 months after the date of the first such sale. The construction of such mausoleum section or bank of belowgound crypts shall be completed within five years after the date of the first sale made; provided, however, extensions for completion, not to exceed one year, may be granted by the commission for good reasons shown if a section of a mausoleum or a bank of belowground crypts shall contain more than 500 crypts.

(2) A cemetery company which plans to offer for sale space in a section of a mausoleum or bank of underground crypts prior to its construction shall establish a preconstruction trust fund by written instrument and administered

by a corporate trustee and operated in conformity with G.S. 65-28. This preconstruction fund shall be exclusive of the merchandise trust fund provided for in G.S. 65-28 of this Chapter or such other trust funds that may be required by law. The personal representative of any purchaser of such space who dies before completion of construction shall be entitled to a refund of all monies paid for such space including any income earned thereon.

(3) Before a sale, contract for sale, reservation for sale or agreement for sale in the first mausoleum section or bank of underground crypts in each cemetery may be made the funds (one hundred twenty percent (120%) of construction cost) to be deposited to the preconstruction trust fund shall be computed as to said section or bank of crypts and such fund payments must be made within 30 days of receipt by the cemetery company or its agent of each payment. The fund portion of each such payment shall be computed by dividing the cost of the project plus twenty percent (20%) of said cost, as computed by a licensed contractor, engineer or architect by the number of crypts in the section or bank of crypts to ascertain the cost per unit. The unit cost shall be divided by the contract sales price of each unit to obtain a percentage which shall be multiplied by the amount of each payment. The formula shall be computed as follows:

Cost plus 20 percent / Number of crypts	= Cost per unit
Cost per unit / Contract sales price	= Percentage
Percentage x payment received	= Deposit required to preconstruction fund.

(4) Upon completion of the mausoleum section or bank of underground crypts the cemetery company shall certify same to the trustee and shall be entitled to withdraw all funds deposited to the account thereof.

(5) If said mausoleum section or bank of underground crypts is not completed within the time limits set out in this section the trustee shall contract for and cause said project to be completed and paid therefor from the trust funds deposited to the project's account paying any balance, less cost and expenses, to the cemetery company.

(6) In lieu of the payments outlined hereunder to the preconstruction fund the cemetery company may deliver to the commission a good and sufficient completion or performance bond in an amount and by surety companies acceptable to the commission.

"§ 65-32. *Penalties.*—(1) A person violating any provisions of this Article, or order or rule promulgated under the provisions thereof, or of any license issued by the commission, shall be guilty of a misdemeanor and fined and imprisoned, or both, in the discretion of the court.

(2) The officers and directors or persons occupying similar status or performing similar functions of any cemetery company, cemetery sales organization, cemetery management organization or cemetery broker, as defined in this Chapter, failing to make required contributions to the care and maintenance trust fund and any other trust fund or escrow account provided herein, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished in the manner prescribed by law.

"§ 65-33. *Burial without regard to race or color.*—(1) It shall be the public policy of the State that all cemetery companies or other legal entities conducting or maintaining public or private cemeteries shall sell to all

applicants and bury all deceased human beings on equal terms without regard to race or color. Anything contrary hereto is void and of no legal effect. Bylaws, rules and regulations, contracts, deeds, etc., may permit designation of parts of cemeteries or burial grounds for the specific use of persons whose religious code required isolation. Any program offering free burial rights to veterans or any other person or group of persons shall not be conditioned by any requirement to purchase additional burial rights or merchandise.

(2) Any cemetery company or other legal entity violating the provisions of this section shall be guilty of a misdemeanor, punishable as provided in G.S. 14-3, and each violation of this section shall constitute a separate offense."

AN ACT TO PERMIT INDIVIDUAL TAXPAYERS TO DESIGNATE ON THEIR INCOME TAX RETURNS THE SUM OF ONE DOLLAR ($1.00) TO BE PAID TO THE POLITICAL PARTY OF THEIR CHOICE.

The General Assembly of North Carolina enacts:

Section 1. Article 4 of Chapter 105 of the General Statutes is hereby amended by adding thereto a new section, G.S. 105-155.2, to read as follows:

"§ 105-155.2. *Designation of tax by individual to political party.*—(a) Every individual whose income tax liability for the taxable year is one dollar ($1.00) or more may designate on his income tax return that one dollar ($1.00) of the amount of tax paid by him to the Department of Revenue which shall thereafter be paid by the Secretary of Revenue, in the manner hereinafter prescribed, to the State Treasurer for the use of the political party designated by the taxpayer. Where any taxpayer elects to so designate but does not specify a particular political party, such funds shall thereafter be distributed, in the same manner as all other funds authorized by this section, to all political parties as defined herein upon a pro rata basis according to their respective party voter registrations. For purposes of this section, political party shall mean a political party which at the last preceding general State election received at least ten percent (10%) of the entire vote cast in the State for Governor, or for presidential electors, or a group of voters who by July 1 of the preceding calendar year, by virtue of a Petition as a New Political Party, had duly qualified as a new political party within the meaning of Chapter 163 of the General Statutes of North Carolina.

(b) For each quarterly period beginning January 1, 1976, and for each quarterly period thereafter, on or before the last day of the month following the close of each quarterly period, the Secretary of Revenue shall remit all funds so designated above collected during the preceding quarter to the State Treasurer who shall thereafter deposit them in an account to be known as the North Carolina Election Campaign Fund. Any interest earned on funds so deposited shall be credited to the political party for which said funds were designated. A report to the State Treasurer, Secretary of State, and each State party chairman shall accompany each such remittance, and shall detail the amount of funds forwarded, the cumulative total of funds forwarded to date for the year, and an estimate of the probable total amount to be collected and forwarded for that calendar year.

(c) Notwithstanding the total amount of money actually collectively designated by taxpayers to be forwarded to the State Treasurer on behalf of any one particular political party, for any taxable year, any designated sums to one particular party in excess of two hundred thousand dollars ($200,000) shall not be remitted to the State Treasurer, but shall instead be placed in the General Fund of the State.

(d) The Secretary of Revenue shall amend the income tax return in order that all taxpayers desiring to make the political contributions authorized herein shall do so by designating same on the front face of the tax return immediately above the signature line. The line of authorization for such designation shall be color contrasted with the color scheme of the remainder of the income tax return. Such return, or accompanying explanatory instruction, shall readily

indicate that any such designations neither increase nor decrease an individual's tax liability."

Sec. 2. Chapter 163 of the General Statutes of North Carolina is hereby amended by adding thereto a new Article 22 to be entitled "Appropriations from the North Carolina Election Campaign Fund" and to read as follows:

"ARTICLE 22B.

"Appropriations from the North Carolina Election Campaign Fund.

"§ 163-278.36. *Appropriations in general election and off election years.*—(a) In a general election year, not later than 60 days nor earlier than 120 days before the general election, each chairman of a State political committee of a political party on behalf of which funds have been deposited in the North Carolina Election Campaign Fund, may apply to the State Treasurer for such funds. Upon receipt of such application, the State Treasurer shall forthwith, and every 30 days thereafter, pay over to said chairman all funds currently held by him on behalf of said chairman's political party, but provided that all such payments shall cease five days after the Secretary of State has certified the election returns of that general election. Any remaining funds of the political party in the hands of the State Treasurer shall thereafter be held by him until the next general election year at which time application therefor may again be made in the same manner and according to the same rules of distribution as hereinabove provided.

(b) In an off election year, each chairman of a State political committee of a political party on behalf of which funds have been deposited in the North Carolina Election Campaign Fund, may, on or between August 1 and September 1 thereof, apply to the State Treasurer for payment of an amount not to exceed fifty percent (50%) of the then available funds credited to his party's account. The remainder of said funds shall be held by the State Treasurer until the next general election year at which time application therefor may be made as prescribed in subsection (a) herein.

"§ 163-278.37. *Distribution of campaign funds, legitimate campaign expenses permitted.*—(a) Every State political committee chairman shall distribute all funds received from the North Carolina Campaign Election Fund as directed by his party, but only those party candidates with opposition for Governor, Lieutenant Governor, United States Senate, United States House of Representatives, North Carolina Supreme Court and Court of Appeals, and Council of State, shall be eligible therefor, and no such funds may be expended for or on behalf of primary election expenses, or for expenses relating to the selection of a candidate at a political convention or at a party's executive committee. No candidate who is opposed in the general election for the office of United States Senator and House of Representatives, Supreme Court, Court of Appeals and Council of State, shall receive more funds authorized herein than are distributed to any other opposed same party candidate for that particular category of public office. Provided, however, that any such candidate may elect to decline in whole or in part any funds he would be otherwise entitled to receive hereunder. No funds shall be distributed to any candidate or political committee unless it is to the actual political treasurer thereof within the meaning of Article 22A of Chapter 163 of the General Statutes.

(5) Party headquarter operations directly related to upcoming elections, including the establishment and updating thereof of computer file systems of voter registration lists, and the organizing of voter registration, fund raising, and get-out-the-vote programs at the county level when conducted by State party personnel.

"§ 163-278.38. *Report each year to Secretary of State and Executive Secretary of State Board of Elections, suspension of disbursements, willful violations a misdemeanor.*—(a) The chairman of each State political party receiving any funds from the North Carolina Campaign Election Fund shall maintain a full and complete record of their receipts, as well as of any subsequent disbursement thereof, and such shall be substantiated by any records, receipts, and information that the Executive Secretary of the State Board of Elections shall require. Such record shall be centrally located and shall be readily available at reasonable hours for public inspection. State political committees shall maintain all such funds in a separate account, and shall not allow same to be commingled with any funds from any other source.

(b) By December 31 each year, the chairman of every State political committee receiving funds from the North Carolina Campaign Election Fund shall verify to the Executive Secretary of the State Board of Elections and to the Secretary of State, in such manner and on such forms that the Executive Secretary shall require, that all such funds received were expended for legitimate campaign expenses as prescribed within this Article. If the executive secretary determines and finds as a fact that any such funds have been used for any noncampaign purposes, he shall order that State political party to reimburse the amount thereof to the General Fund of the State, and such political party shall not receive further disbursements from the North Carolina Campaign Election Fund until such reimbursement has been accomplished in full. A copy of any such order shall be forwarded to the State Treasurer, which shall constitute notice to him to suspend further disbursements from the campaign fund.

(c) Any individual, candidate, political committee, treasurer, or person who willfully and intentionally violates any of the provisions of this Article, shall be guilty of a misdemeanor and shall be fined not more than one thousand dollars ($1,000) if an individual, and not more than five thousand dollars ($5,000) if a person other than an individual, or imprisoned for not more than one year, or be both fined and imprisoned."

AN ACT TO ESTABLISH AN EXPANSION POLICY FOR ELECTRIC UTILITY PLANTS IN NORTH CAROLINA, TO PROMOTE GREATER EFFICIENCY IN THE USE OF ALL EXISTING PLANTS, AND TO REDUCE ELECTRICITY COSTS BY REQUIRING GREATER CONSERVATION OF ELECTRICITY.

The General Assembly of North Carolina enacts:

Section 1. G.S. 62-110.1 is hereby amended by adding the following new subsections:

"(c) The commission shall develop, publicize, and keep current an analysis of the long-range needs for expansion of facilities for the generation of electricity in North Carolina, including its estimate of the probable future growth of the use of electricity, the probable needed generating reserves, the extent, size, mix and general location of generating plants and arrangements for pooling power to the extent not regulated by the Federal Power Commission and other arrangements with other utilities and energy suppliers to achieve maximum efficiencies for the benefit of the people of North Carolina, and shall consider such analysis in acting upon any petition by any utility for construction. In developing such analysis, the commission shall confer and consult with the public utilities in North Carolina, the utilities commissions or comparable agencies of neighboring states, the Federal Power Commission, the Southern Growth Policies Board, and other agencies having relevant information and may participate as it deems useful in any joint boards investigating generating plant sites or the probable need for future generating facilities. In addition to such reports as public utilities may be required by statute or rule of the commission to file with the commission, any such utility in North Carolina may submit to the commission its proposals as to the future needs for electricity to serve the people of the State or the area served by such utility, and insofar as practicable, each such utility and the Attorney General may attend or be represented at any formal conference conducted by the commission in developing a plan for the future requirements of electricity for North Carolina or this region. In the course of making the analysis and developing the plan, the commission shall conduct one or more public hearings. Each year, the commission shall submit to the Governor and to the appropriate committees of the General Assembly a report of its analysis and plan, the progress to date in carrying out such plan, and the program of the commission for the ensuing year in connection with such plan.

(d) In acting upon any petition for the construction of any facility for the generation of electricity, the commission shall take into account the applicant's arrangements with other electric utilities for interchange of power, pooling of plant, purchase of power and other methods for providing reliable, efficient and economical electric service.

(e) As a condition for receiving such certificate the applicant shall file an estimate of construction costs in such detail as the commission may require. The commission shall hold a public hearing on each such application and no certificate shall be granted unless the commission has approved the estimated construction costs and made a finding that such construction will be consistent with the commission's plan for expansion of electric generating capacity.

(f) The commission shall maintain an on-going review of such construction as it proceeds and the applicant shall submit each year during construction a progress report and any revisions in the cost estimates for the construction."

Sec. 2. Article 7 of Chapter 62 of the General Statutes is hereby amended by adding the following new sections:

"§ 62-155. *Electric power rates to promote conservation.*—(a) It is the policy of the State to conserve energy through efficient utilization of all resources.

(b) If the Utilities Commission after study determines that conservation of electricity and economy of operation for the public utility will be furthered thereby, it shall direct each electric public utility to notify its customers by the most economical means available of the anticipated periods in the near future when its generating capacity is likely to be near peak demand and urge its customers to refrain from using electricity at these peak times of the day. In addition, each public utility shall, insofar as practicable, investigate, develop, and put into service, with approval of the commission, procedures and devices that will temporarily curtail or cut off certain types of appliances or equipment for short periods of time whenever an unusual peak demand threatens to overload its system.

(c) The commission itself shall inform the general public as to the necessity for controlling demands for electricity at peak periods and shall require the several electric public utilities to carry out its program of information and education in any reasonable manner.

(d) The commission shall study the feasibility of and, if found to be practicable, just and reasonable, make plans for the public utilities to bill customers by a system of non-discriminatory peak pricing, with incentive rates for off-peak use of electricity charging more for peak periods than for off-peak periods to reflect the higher cost of providing electric service during periods of peak demand on the utility system. No order regarding such rates shall be issued by the commission without a prior public hearing, whether in a single electric utility company rate case or in general orders relating to two or more or all electric utilities.

(e) No Class A electric public utility shall apply for any rate change unless it files at the time of the application a report of the probable effect of the proposed rates on peak demand on it and its estimate of the kilowatt hours of electricity that will be used by its customers during the ensuing one year and five years from the time such rates are proposed to become effective."

If the county police department is created and established, any municipality in the county is authorized to enter into an agreement with the board of county commissioners for the county to provide police protection in the municipality. The terms of the agreement shall be such as the parties mutually agree.

Sec. 6. The Scotland County Police Department may be established only by approval of the voters of the county in a referendum called for such purpose by the board of county commissioners after public hearing and prior to June 30, 1976.

"§ 108-91. *Short title.*—This Article may be cited as the Protection of the Abused, Neglected, or Exploited Disabled Adult Act.

"§ 108-92. *Legislative intent and purpose.*—Determined to protect the increasing number of disabled adults in North Carolina who are abused, neglected, or exploited, the General Assembly enacts this Article to provide protective services for such persons.

"§ 108-95. *Duty of director upon receiving report.*—(a) Any director receiving a report that a disabled adult is in need of protective services shall make a prompt and thorough evaluation to determine whether the disabled adult is in need of protective services and what services are needed. (2) an emergency exists; and

(3) no other person authorized by law or order to give consent for the person is available and willing to arrange for emergency services.

(b) The court shall order only such emergency services as are necessary to remove the conditions creating the emergency. In the event that such services will be needed for more than 14 days, the director shall petition the court in accordance with G.S. 108-97.

Such notice shall be given at least 24 hours prior to the hearing of the petition for emergency intervention; provided, however, that the court may issue immediate emergency order ex parte upon finding as fact (1) that the conditions specified in G.S. 108-98(a) exist; (2) that there is likelihood that the disabled adult may suffer irreparable injury or death if such order be delayed; and (3) that reasonable attempts have been made to locate interested parties and secure from them such services or their consent to petitioner's provision of such service; and such order shall contain a show-cause notice to each person upon whom served directing such person to appear immediately or at any time within 20 days thereafter and show cause, if any exist, for the dissolution or modification of the said order, otherwise same to remain in effect; and copies of the said order together with such other appropriate notices as the court may direct shall be issued and served upon all of the interested parties designated in the first sentence of this subsection.

shall have the right to bring a motion in the cause for review of any order issued pursuant to this Article.

"§ 108-100. *Payment for essential services.*—At the time the director, in accordance with the provisions of G.S. 108-95, makes an evaluation of the case reported, then it shall be determined, according to regulations set by the Social Services Commission, whether the individual is financially capable of paying for the essential services. If he is, he shall make reimbursement for the costs of providing the needed essential services. (1) When an insurance company as a result of having paid a total loss claim acquires title to a vehicle, and obtains possession or control of a vehicle, for any cause other than theft; or

(2) When an insurance company has acquired title to and obtains possession of a vehicle in settlement of a theft loss claim, and upon recovery of the vehicle it is determined that the vehicle has been damaged to the extent that it would be considered a total loss under the provisions of comprehensive and collision insurance.

If the salvage vehicle was registered in North Carolina, or if the loss or damages occurred in North Carolina, or if the sale of the salvage vehicle takes place in North Carolina then the insurance company or their authorized agent shall within ten days after payment of a total loss claim forward to the Department of Motor Vehicles the certificate of title or the comparable ownership document issued by the jurisdiction wherein the vehicle was last registered. H. B. 1034 CHAPTER 800

AN ACT AUTHORIZING THE CREATION IN COUNTIES OF INDUSTRIAL AND POLLUTION CONTROL FACILITIES FINANCING AUTHORITIES AND THE ISSUANCE THEREBY OF REVENUE BONDS TO FINANCE INDUSTRIAL AND POLLUTION CONTROL PROJECTS FOR INDUSTRY AND POLLUTION CONTROL PROJECTS FOR PUBLIC UTILITIES.

The General Assembly of North Carolina enacts:

Section 1. The General Statutes of North Carolina are hereby amended by inserting therein a new Chapter to be designated Chapter 159A and to read as follows:

"CHAPTER 159A.

"Industrial and Pollution Control Facilities Financing Act.

"§ 159A-1. *Short title.*—This Chapter may be referred to as the 'Industrial and Pollution Control Facilities Financing Act'.

"§ 159A-2. *Legislative findings and purposes.*—(a) The General Assembly finds and determines that there exists in the State a critical condition of unemployment and a scarcity of employment opportunities; that the economic insecurity which results from such unemployment and scarcity of employment opportunities constitutes a serious menace to the safety, morals and general welfare of the entire State; that such unemployment and scarcity of employment opportunities have caused many workers and their families, including young adults upon whom future economic prosperity is dependent, to migrate elsewhere to find employment and establish homes; that such emigration has resulted in a reduced rate of growth in the tax base of the counties and other local governmental units of the State which impairs the financial ability of such counties and other local governmental units to support education and other local governmental services; that such unemployment results in obligations to grant public assistance and to pay unemployment compensation; that the aforesaid conditions can best be remedied by the attraction, stimulation, expansion and rehabilitation and revitalization of

industrial and manufacturing facilities for industry in the State; and that there is a need to stimulate a larger flow of private investment funds into industrial building programs into the State.

(b) The General Assembly further finds and determines that the development and expansion of industry within the State, and the generation of electric power and the supply of other services by public utilities, which are essential to the economic growth of the State and to the full employment and prosperity of its people, are accompanied by the increased production and discharge of gaseous, liquid, and solid pollution and wastes which threaten and endanger the health, welfare and safety of the inhabitants of the State by polluting the air, land and waters of the State; that in order to reduce, control, and prevent such environmental pollution, it is imperative that action be taken at various levels of government to require the provision of devices, equipment and facilities for the collection, reduction, treatment, and disposal of such pollution and wastes; that the assistance provided in this Chapter, especially with respect to financing, is therefore in the public interest and serves a public purpose of the State in promoting the health, welfare and safety of the inhabitants of the State not only physically by collecting, reducing, treating and preventing environmental pollution but also economically by securing and retaining private industry thereby maintaining a higher level of employment and economic activity and stability.

(c) It is therefore declared to be the policy of the State to promote the right to gainful employment opportunity, private industry, the prevention and control of the pollution of the air, land and waters of the State, and the safety, morals and health of the people of the State, and thereby promote general welfare of the people of the State, by authorizing counties to create county authorities which shall be political subdivisions and bodies corporate and politic of the State. These bodies are to be formed (1) to aid in the financing of industrial and manufacturing facilities for the purpose of alleviating unemployment or raising below average manufacturing wages by financing industrial and manufacturing facilities which provide job opportunities or pay better wages than those prevalent in the area and (2) to aid in financing pollution control facilities for industry in connection with manufacturing and industrial facilities and for public utilities; provided, however, that it is the policy of the State to finance only those facilities where there is a direct or indirect favorable impact on employment or an improvement in the degree of prevention or control of pollution commensurate with the size and cost of the facilities.

"§ 159A-3. *Definitions.*—The following terms, whenever used or referred to in this Chapter, shall have the following respective meanings, unless a different meaning clearly appears from the context:

(1) 'Agency' shall include any agency, bureau, commission, department or instrumentality.

(2) 'Air pollution control facility' shall mean any structure, equipment or other facility for, including any increment in the cost of any structure, equipment or facility attributable to, the purpose of treating, neutralizing or reducing gaseous industrial waste and other air pollutants, including recovery, treatment, neutralizing or stabilizing plants and equipment and their appurtenances, which shall have been certified by the agency having jurisdiction to be in furtherance of the purpose of abating or controlling atmospheric pollutants or contaminants.

(3) 'Bonds' shall mean revenue bonds of an authority issued under the provisions of this Chapter.

(4) 'Cost' as applied to any project shall embrace all capital costs thereof, including the cost of construction, the cost of acquisition of all property, including rights in land and other property, both real and personal and improved and unimproved, the cost of demolishing, removing or relocating any buildings or structures on lands so acquired, including the cost of acquiring any lands to which such buildings or structures may be moved or relocated, the cost of all machinery and equipment, installation, start-up expenses, financing charges, interest prior to, during and for a period not exceeding one year after completion of construction, the cost of engineering and architectural surveys, plans and specifications, the cost of consultants' and legal services, other expenses necessary or incident to determining the feasibility or practicability of such project, administrative and other expenses necessary or incident to the acquisition or construction of such project and the financing of the acquisition and construction thereof.

(5) 'Governing body' shall mean the board, commission, council or other body in which the general legislative powers of any county or other political subdivision are vested.

(6) 'Lease agreement' shall mean a written instrument establishing the rights and responsibilities of the authority and the operator with respect to a project financed by the issue of bonds. A lease agreement may be in the nature of a lease, a lease and leaseback, a sale and leaseback, or a lease purchase and may involve property in addition to the property financed by the bonds.

(7) 'Obligor' shall mean collectively the operator and any others who shall be obligated under a lease agreement or guaranty agreement or other contract or agreement to make payments to, or for the benefit of, the holders of bonds of the authority. (9) 'Pollution' and 'pollutants' shall mean any noxious or deleterious substances in any air or waters of or adjacent to the State of North Carolina or affecting the physical, chemical or biological properties of any air or waters of or adjacent to the State of North Carolina in a manner and to an extent which renders or is likely to render such air or waters harmful or inimical to the public health, safety or welfare, or to animal, bird or aquatic life, or to the use of such air or waters for domestic, industrial or agricultural purposes or recreation.

(10) 'Political subdivision' shall mean any county, city, town, other unit of local government or any other governmental corporation, agency, authority or instrumentality of the State now or hereafter existing.

(11) 'Project' shall mean any land, equipment or any one or more buildings or other structures, whether or not on the same site or sites, and any rehabilitation, improvement, renovation or enlargement of, or any addition to, any building or structure for use as or in connection with (a) any industrial project for industry which project may be any industrial or manufacturing factory, mill, assembly plant or fabricating plant, or (b) any pollution control project for industry or for public utilities which project may be any air pollution control facility, water pollution control facility, or solid waste disposal facility in connection with any factory, mill or plant described in clause (a) of this paragraph or in connection

with a public utility plant, or (c) any combination of projects mentioned in clauses (a) and (b) of this paragraph. Any project may include all appurtenances and incidental facilities such as land, headquarters or office facilities, warehouses, distribution centers, access roads, sidewalks, utilities, railway sidings, trucking and similar facilities, parking facilities, landing strips and other facilities for aircraft, waterways, docks, wharves and other improvements necessary or convenient for the construction, maintenance and operation of any building or structure, or addition thereto.

(12) 'Revenues' shall mean, with respect to any project, the rents, fees, charges, payments, proceeds and other income or profit derived therefrom or from the lease agreement or security document in connection therewith.

(13) 'Security document' shall mean a written instrument or instruments establishing the rights and responsibilities of the authority and the holders of bonds issued to finance a project, and may provide for, or be in the form of an agreement with, a trustee for the benefit of such bondholders. A security document may contain an assignment, pledge, mortgage or other encumbrance of all or part of the authority's interest in, or right to receive revenues with respect to, a project and any other property provided by the operator or other obligor under a lease agreement and may bear any appropriate title. A lease agreement and a security document may be combined as one instrument.

(14) 'Solid waste' shall mean solid waste materials resulting from any industrial or manufacturing activities or from any pollution control facility.

(15) 'Solid waste disposal facility' shall mean a facility for the purpose of treating, burning, compacting, composting, storing or disposing of solid waste.

(16) 'Water pollution control facility' shall mean any structure, equipment or other facility for, including any increment in the cost of any structure, equipment or facility attributable to, the purpose of treating, neutralizing or reducing liquid industrial waste and other water pollution, including collecting, treating, neutralizing, stabilizing, cooling, segregating, holding, recycling, or disposing of liquid industrial waste and other water pollution, including necessary collector, interceptor, and outfall lines and pumping stations, which shall have been certified by the agency exercising jurisdiction to be in furtherance of the purpose of abating or controlling water pollution.

"§ 159A-4. Creation of authorities.—(a) The governing body of any county is hereby authorized to create by resolution a political subdivision and body corporate and politic of the State known as 'The _____ (the blank space to be filled in with the name of the county) County Industrial Facilities and Pollution Control Financing Authority', which shall consist of a board of seven commissioners, to be appointed by the governing body of such county in the resolution creating such authority, or by subsequent resolution. At least 30 days prior to the adoption of such resolution, the governing body of such county shall file with the Department of Natural and Economic Resources and the Local Government Commission of the State notice of its intention to adopt a resolution creating an authority. At the time of the appointment of the first board of commissioners the governing body of the county shall appoint two commissioners for initial terms of two years each, two commissioners for initial terms of four years each and three commissioners for initial terms of six years each and thereafter the terms of all commissioners shall be six years, except appointments to fill vacancies which shall be for the unexpired terms. Each

appointed commissioner before entering upon his duties shall take and subscribe to an oath before some person authorized by law to administer oaths to execute the duties of his office faithfully and impartially, and a record of each such oath shall be filed with the governing body of the county and entered in its minutes. All authority commissioners will serve at the pleasure of the governing body of the county. If at the end of any term of office of any commissioner a successor thereto shall not have been appointed, then the commissioner whose term of office shall have expired shall continue to hold office until his successor shall be so appointed and qualified.

(b) Each commissioner of an authority shall be a qualified elector and resident of the county for which the authority is created, and no commissioner shall be an officer or employee of the State or any political subdivision or any agency of either of them. Any commissioner of an authority may be removed, with or without cause, by the governing body of the county.

(c) The board of commissioners of the authority shall annually elect from its membership a chairman and a vice-chairman and another person or persons, who may but need not be commissioners, as treasurer, secretary and, if desired, assistant secretary. The position of secretary and treasurer or assistant secretary and treasurer may be held by the same person. The secretary of the authority shall keep a record of the proceedings of the authority and shall be the custodian of all books, documents and papers filed with the authority, the minute book or journal of the authority and its official seal. Either the secretary or the assistant secretary of the authority may cause copies to be made of all minutes and other records and documents of the authority and may give certificates under the official seal of the authority to the effect that such copies are true copies, and all persons dealing with the authority may rely upon such certificates.

(d) A majority of the commissioners of an authority then in office shall constitute a quorum. The affirmative vote of a majority of the commissioners of an authority then in office shall be necessary for any action taken by the authority. A vacancy in the board of commissioners of the authority shall not impair the right of a quorum to exercise all the rights and perform all the duties of the authority. Any action taken by the authority under the provisions of this Chapter may be authorized by resolution at any regular or special meeting, and each resolution shall take effect immediately and need not be published or posted. No bonds shall be issued under the provisions of this Chapter unless the issuance thereof shall have been approved by the governing body of the county.

(e) No commissioner of an authority shall receive any compensation for the performance of his duties under this Chapter; provided, however, that each commissioner shall be reimbursed for his necessary expenses incurred while engaged in the performance of duties but only from moneys provided by obligors.

(f) Within 30 days of the date of creation of the authority, the authority shall advise the Department of Natural and Economic Resources and the Local Government Commission that an authority has been formed. The authority shall also furnish such department and such commission with (1) a list of its commissioners and its officers and (2) a description of any projects that are under consideration by the authority. The authority shall, from time to time, notify the Department of Natural and Economic Resources and the Local Government Commission of changes in commissioners and officers and of new projects under consideration by the authority.

"§ 159A-5. *General powers.*—Each authority shall have all of the powers necessary or convenient to carry out and effectuate the purposes and provisions of this Chapter, including, but without limiting the generality of the foregoing, the powers:

(1) To adopt bylaws for the regulation of its affairs and the conduct of its business and to prescribe rules, regulations and policies in connection with the performance of its functions and duties;

(2) To adopt an official seal and alter the same at pleasure;

(3) To maintain an office at such place or places within the boundaries of the county for which it was created as it may determine;

(4) To sue and be sued in its own name, plead and be impleaded;

(5) To receive, administer and comply with the conditions and requirements respecting any gift, grant or donation of any property or money;

(6) To make and execute lease agreements, security documents and other contracts and instruments necessary or convenient in the exercise of the powers and functions of the authority under this Chapter;

(7) To acquire by purchase, lease, gift or otherwise, but not by eminent domain, or to obtain options for the acquisition of, any property, real or personal, improved or unimproved, and interests in land less than the fee thereof, for the construction, operation or maintenance of any project;

(8) To sell, lease, exchange, transfer or otherwise dispose of, or to grant options for any such purposes with respect to, any real or personal property or interest therein;

(9) To pledge or assign revenues of the authority;

(10) To construct, acquire, own, repair, maintain, extend, improve, rehabilitate, renovate, furnish and equip one or more projects and to pay all or any part of the costs thereof from the proceeds of bonds of the authority or from any contribution, gift or donation or other funds made available to the authority for such purpose;

(11) To fix, charge and collect revenues with respect to any project;

(12) To employ consulting engineers, architects, attorneys, real estate counselors, appraisers and such other consultants and employees as may be required in the judgment of the authority and to fix and pay their compensation from funds available to the authority therefor; and

(13) To do all acts and things necessary, convenient or desirable to carry out the purposes, and to exercise the powers herein granted.

"§ 159A-6. *Bonds.*—(a) Each authority is hereby authorized to provide for the issuance, at one time or from time to time, of bonds of the authority for the purpose of paying all or any part of the cost of any project. The principal of, the interest on and any premium payable upon the redemption of such bonds shall be payable solely from the funds herein authorized for such payment. The bonds of each issue shall bear interest as may be determined by the Local Government Commission of North Carolina with the approval of the authority and the obligor irrespective of the limitations of G.S. 24-1.1, as amended, and successor provisions. The bonds of each issue shall be dated, shall mature at such time or times not exceeding 30 years from the date of their issuance, and may be made redeemable before maturity at such price or prices and under such terms and conditions, as may be fixed by the authority prior to the issuance of the bonds. The authority shall determine the form and the manner of execution of the bonds, including any interest coupons to be attached thereto, and shall fix the

denomination or denominations of the bonds and the place or places of payment of principal and interest. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. The authority may also provide for the authentication of the bonds by a trustee or fiscal agent. The bonds may be issued in coupon or in fully registered form, or both, as the authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest, and for the interchange of registered and coupon bonds.

The proceeds of the bonds of each issue shall be used solely for the payment of the cost of the project or projects, or a portion thereof, for which such bonds shall have been issued, and shall be disbursed in such manner and under such restrictions, if any, as the authority may provide in the lease agreement and the security document. If the proceeds of the bonds of any issue, by reason of increased construction costs or error in estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficiency. The authority may issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds have been executed and are available for delivery. The authority may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost.

Bonds may be issued under the provisions of this Chapter without obtaining, except as otherwise expressly provided in this Chapter, the consent of the State or of any political subdivision or of any agency of either thereof, and without any other proceedings or the happening of any conditions or things other than those proceedings, conditions or things which are specifically required by this Chapter and the provisions of the lease agreement and security document authorizing the issuance of such bonds and securing the same.

"§ 159A-7. *Approval of project.*—No bonds may be issued by an authority unless the project for which the issuance thereof is proposed is first approved by the Secretary of the Department of Natural and Economic Resources. The authority shall file an application for approval of its proposed project with the Secretary of the Department of Natural and Economic Resources, and shall notify the Local Government Commission of such filing.

The secretary shall not approve any proposed project unless he shall make all of the following, applicable findings:

(1) In the case of a proposed industrial project,

(a) that the operator of the proposed project pays, or has agreed to pay thereafter, an average manufacturing wage which is above the average manufacturing wage paid in the county, and

(b) that the proposed project will not have a materially adverse effect on the environment;

(2) In the case of a proposed pollution control project, that such project will have a materially favorable impact on the environment or will prevent or diminish materially the impact of pollution which would otherwise occur; and

(3) In any case (whether the proposed project is an industrial or a pollution control project), except a pollution control project for a public utility,

(a) that the jobs to be generated or saved, directly or indirectly, by the proposed project will be large enough in number to have a measurable impact on the area immediately surrounding the proposed project and will be commensurate with the size and cost of the proposed project,

(b) that the proposed operator of the proposed project has demonstrated or can demonstrate the capability to operate such project, and

(c) that the financing of such project by the authority will not cause or result in the abandonment of an existing industrial or manufacturing facility of the proposed operator or an affiliate elsewhere within the State unless the facility is to be abandoned because of obsolescence, lack of available labor in the area, or site limitations.

In any case where the secretary shall make all of the required findings respecting a proposed industrial project except that prescribed in subparagraph (1)(a) of this section, the secretary may, in his discretion, approve the proposed project if he shall have received (i) a resolution of the governing body of the county requesting that the proposed project be approved notwithstanding that the operator will not pay an average manufacturing wage above the average manufacturing wage in the county and (ii) a letter from an appropriate State official, selected by the secretary, to the effect that unemployment in the county is especially severe.

To facilitate his review of each proposed project, the secretary may require the authority to obtain and submit such data and information about such project as the secretary may prescribe. In addition, the secretary may, in his discretion, request the authority to hold a public hearing on the proposed project for the purpose of providing the secretary directly with the views of the community to be affected. The secretary may also prescribe such forms and such rules and regulations as he shall deem reasonably necessary to implement the provisions of this section.

If the secretary approves the proposed project, he shall prepare a Certificate of Approval evidencing such approval and setting forth his findings and shall cause said Certificate of Approval to be published in a newspaper of general circulation within the county. Any such approval shall be reviewable as provided in Article 4 of Chapter 150A of the General Statutes of North Carolina only by an action filed, within 30 days after notice of such findings and approval shall have been so published, in the Superior Court of Wake County. Such superior court is hereby vested with jurisdiction to hear such action, but if no such action is filed within the 30 days herein prescribed, the validity of such approval shall be conclusively presumed, and no court shall have authority to inquire into such approval. Copies of the Certificate of Approval of the proposed project will be given to the authority, the governing body of the county and the secretary of the local government commission.

Such Certificate of Approval shall become effective immediately following the expiration of such 30-day period or the expiration of any appeal period after a final determination by any court of any action timely filed pursuant to this section. Such certificate shall expire one year after its date unless extended by the secretary who shall not extend such certificate unless he shall again approve the proposed project as provided in this section.

"§ 159A-8. *Approval of bonds.*—No bonds may be issued by an authority unless the issuance thereof is first approved by the Local Government Commission.

The authority shall file an application for approval of its proposed bond issue with the secretary of the Local Government Commission, and shall notify the Secretary of the Department of Natural and Economic Resources of such filing.

In determining whether a proposed bond issue should be approved, the Local Government Commission may consider, without limitation, the following:

(1) Whether the proposed operator and obligor have demonstrated or can demonstrate the financial responsibility and capability to fulfill their obligations with respect to the lease agreement. In making such determination, the commission may consider the operator's experience and the obligor's ratio of current assets to current liabilities, net worth, earnings trends and coverage of fixed charges, the nature of the industry or business involved and its stability and any additional security such as insurance, guaranties or property to be pledged to secure such bonds.

(2) Whether the political subdivisions in or near which the proposed project is to be located have the ability to cope satisfactorily with the impact of such project and to provide, or cause to be provided, the public facilities and services, including utilities, that will be necessary for such project and on account of any increase in population which are expected to result therefrom.

(3) Whether the proposed date and manner of sale will have an adverse effect upon any scheduled or anticipated sale of obligations by the State or any political subdivision or any agency of either of them.

To facilitate the review of the proposed bond issue by the commission, the secretary may require the authority to obtain and submit such financial data and information about the proposed bond issue and the security therefor, including the proposed prospectus or offering circular, the proposed lease agreement and security document and annual and other financial reports and statements of the obligor, as the secretary may prescribe. The secretary may also prescribe such forms and such rules and regulations as he shall deem reasonably necessary to implement the provisions of this section.

"§ 159A-9. *Sale of bonds.*—Bonds may be sold in such manner, either at public or private sale, and for such price as the Local Government Commission shall determine to be for the best interests of the authority and effectuate best the purposes of this Chapter irrespective of the interest limitations set forth in G.S. 24-1.1, as amended, and successor provisions, provided that such sale shall be approved by the authority and the obligor.

"§ 159A-10. *Location of projects.*—Any project or projects of an authority shall be located within the boundaries of the county for which the authority was created.

"§ 159A-11. *Lease agreements.*—Every lease agreement shall provide that:

(1) The authority shall not operate the project.

(2) The amounts payable under the lease agreement shall be sufficient to pay all of the principal of and interest and redemption premium, if any, on the bonds that shall be issued by the authority to pay the cost of the project as the same shall respectively become due;

(3) The obligor shall pay all costs incurred by the authority in connection with the financing and administration of the project, except as may be paid out of the proceeds of bonds or otherwise, including, but without limitation,

insurance costs, the cost of administering the lease agreement and the security document and the fees and expenses of the fiscal agent or trustee, paying agents, attorneys, consultants and others;

(4) The obligor shall pay all the costs and expenses of operation, maintenance and upkeep of the project; and

(5) The obligor's obligation to provide for the payment of the bonds in full shall not be subject to cancellation, termination or abatement until such payment of the bonds or provision therefor shall be made.

The lease agreement shall either provide that the obligor shall have an option to purchase, or require that the obligor purchase, the project upon the expiration or termination of the lease agreement subject to the condition that payment in full of the principal of, and the interest and any redemption premium on, the bonds, or provision therefor, shall have been made.

The lease agreement may provide the authority with rights and remedies in the event of a default by the obligor thereunder including, without limitation, any one or more of the following:

(I) Acceleration of all amounts payable under the lease agreement;

(II) Re-entry and repossession of the project;

(III) Termination of the lease agreement;

(IV) Leasing the project to others; and

(V) Taking whatever actions at law or in equity may appear necessary or desirable to collect the amounts payable under, and to enforce covenants made in, the lease agreement.

The authority may assign all or any of its rights and remedies under the lease agreement to the trustee or bondholders under the security document.

Any such lease agreement may contain such additional provisions as in the determination of the authority are necessary or convenient to effectuate the purposes of this Chapter.

"§ 159A-12. *Security documents.*—Bonds issued under the provisions of this Chapter may be secured by a security document which may be a trust instrument between the authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the State. Such security document may pledge and assign the revenues provided for the security of the bonds, including proceeds from the sale of any project, or part thereof, insurance proceeds and condemnation awards, and may convey or mortgage the project and other property to secure a bond issue.

The revenues and other funds derived from the project, except such part thereof as may be necessary to provide reserves therefor, if any, shall be set aside at such regular intervals as may be provided in such security document in a sinking fund which may be thereby pledged to, and charged with, the payment of the principal of and the interest on such bonds as the same shall become due and the redemption price or the purchase price of bonds retired by call or purchase as therein provided. Such pledge shall be valid and binding from the time when the pledge is made. The revenues so pledged and thereafter received by the authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the authority, irrespective of whether such parties have notice thereof. The use and disposition of money to the credit of such sinking fund shall be subject to the provisions of the security document. Such

security document may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including, without limitation, any one or more of the following:

(1) Acceleration of all amounts payable under the security document;

(2) Appointment of a receiver to manage the project and any other property mortgaged or assigned as security for the bonds;

(3) Foreclosure and sale of the project and any other property mortgaged or assigned as security for the bonds; and

(4) Rights to bring and maintain such other actions at law or in equity as may appear necessary or desirable to collect the amounts payable under, or to enforce the covenants made in, the security document.

It shall be lawful for any bank or trust company incorporated under the laws of this State which may act as depositary of the proceeds of bonds, revenues or other funds provided under this Chapter to furnish such indemnifying bonds or to pledge such securities as may be required by the authority. All expenses incurred in carrying out the provisions of such security document may be treated as a part of the cost of the project in connection with which bonds are issued or as an expense of administration of such project.

"§ 159A-13. *Trust funds.*—Notwithstanding any other provisions of law to the contrary, all money received pursuant to the authority of this Chapter, whether as proceeds from the sale of bonds or as revenues, shall be deemed to be trust funds to be held and applied solely as provided in this Chapter. The security document may provide that any of such moneys may be temporarily invested and reinvested pending the disbursement thereof in such securities and other investments as shall be provided in such security document, and shall provide that any officer with whom, or any bank or trust company with which, such moneys shall be deposited shall act as trustee of such moneys and shall hold and apply the same for the purpose hereof, subject to such regulations as this Chapter and such security document may provide.

"§ 159A-14. *Tax exemption.*—The authority shall not be required to pay any taxes on any project or any other property owned by the authority under the provisions of this Chapter or upon the income therefrom, and the bonds issued under the provisions of this Chapter and the income therefrom shall at all times be free from taxation by the State or political subdivision or any agency of either thereof.

Every capital project financed through this Chapter shall be subject to taxation paid by the operator of the project. Taxes shall be assessed and paid as though no public body had any interest therein.

"§ 159A-15. *Construction contracts.*—Contracts for the construction of the project may be awarded by the authority in such manner as in its judgment will best promote free and open competition, including advertisement for competitive bids in a newspaper of general circulation in the county in which the project is to be located; provided, however, that if the authority shall determine that the purposes of the Chapter will thereby be more effectively served, the authority in its discretion may award contracts for the construction of any project, or any part thereof, upon a negotiated basis as determined by the authority. The authority shall prescribe such bid security requirements and other procedures in connection with the award of such contracts as in its judgment shall protect the public interest.

The authority may in the lease agreement engage the services of the prospective operator of any project in the construction of such project and may provide in such contract that such operator shall act as an independent contractor for and agent of the authority for the performance of the functions described therein, subject to such conditions and requirements, consistent with the provisions of this Chapter as shall be prescribed in such document. Contracts for the construction of the project may be awarded on a competitive or negotiated basis as may be provided in the lease document with the approval of the authority. Any such contract may provide that the authority may, out of proceeds of bonds, make advances to or reimburse the operator for its costs incurred in the performance of such functions.

"§ 159A-16. *Conflict of interest.*—No officer, member, agent or employee of the authority or the State or any political subdivision or any agency of either the State or any political subdivision shall be interested either directly or indirectly in any contract with an authority; provided, however, that this section shall not apply to the ownership of less than one per centum of the stock of any operator or obligor.

"§ 159A-17. *Credit of State not pledged.*—Bonds issued under the provisions of this Chapter shall not be deemed to constitute a debt of the State or any political subdivision or any agency thereof or a pledge of the faith and credit of the State or any political subdivision or any such agency, but shall be payable solely from the revenues and other funds provided therefor. Each bond issued under this Chapter shall contain on the face thereof a statement to the effect that the authority shall not be obligated to pay the same or the interest thereon except from the revenues and other funds pledged therefor and that neither the faith and credit nor the taxing power of the State or any political subdivision or any agency thereof is pledged to the payment of the principal of or the interest on such bonds.

"§ 159A-18. *Bonds eligible for investment.*—Bonds issued by an authority under the provisions of this Chapter are hereby made securities in which all public officers and agencies of the State and all political subdivisions, all insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them.

"§ 159A-19. *Revenue refunding bonds.*—(a) Each authority is hereby authorized to provide by resolution for the issuance of refunding bonds of the authority for the purpose of refunding any bonds then outstanding which shall have been issued under the provisions of this Chapter, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and, if deemed advisable by the authority, for either or both of the following additional purposes:

(1) Constructing improvements, additions, extensions or enlargements of the project or projects in connection with which the bonds to be refunded shall have been issued, and

(2) Paying all or any part of the cost of any additional project or projects.

The issuance of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties and obligations of the authority in respect to the same shall be governed by the provisions of this

Chapter which relate to the issuance of bonds, insofar as such provisions may be appropriate therefor.

The approvals required by Section 159A-7 and Section 159A-8 shall be obtained prior to the issuance of any refunding bonds; provided, however, that in the case where the refunding bonds of all or a portion of an issue are to be issued solely for the purpose of refunding outstanding bonds issued under this Chapter, the approval required by Section 159A-7 shall not be required as to the project financed with the bonds to be refunded.

(b) Refunding bonds issued under this section may be sold or exchanged for outstanding bonds issued under this Chapter and, if sold, the proceeds thereof may be applied, in addition to any other authorized purposes, to the purchase, redemption or payment of such outstanding bonds. Refunding bonds may be issued, in the determination of the authority, at any time not more than five years prior to the date of maturity or maturities or the date selected for the redemption of the bonds being refunded thereby. Pending the application of the proceeds of such refunding bonds, with any other available funds, to the payment of the principal of and accrued interest and any redemption premium on the bonds being refunded, and, if so provided or permitted in the security document securing the same, to the payment of any interest on such refunding bonds and any expenses in connection with such refunding, such proceeds may be invested in direct obligations of, or obligations the principal of and the interest on which are unconditionally guaranteed by, the United States of America which shall mature or which shall be subject to redemption by the holder thereof, at the option of such holder, not later than the respective dates when the proceeds, together with the interest accruing thereon, will be required for the purposes intended.

"§ 159A-20. *No power of eminent domain.*—No authority shall have any right or power to acquire any property through the exercise of eminent domain or any proceedings in the nature of eminent domain.

"§ 159A-21. *Dissolution of authorities.*—Whenever the board of commissioners of an authority and the governing body of the county for which such authority was created shall by joint resolution determine that the purposes for which the authority was formed have been substantially fulfilled and that all bonds theretofore issued and all other obligations theretofore incurred by the authority have been fully paid or satisfied, such board of commissioners and governing body may declare the authority to be dissolved. On the effective date of such joint resolution, the title to all funds and other property owned by the authority at the time of such dissolution shall vest in the county or in such other political subdivisions as the county shall direct, and possession of such funds and other property shall forthwith be delivered to the county or to such other political subdivisions in accordance with the direction of the county.

"§ 159A-22. *Annual reports.*—Each authority shall, promptly following the close of each calendar year, submit an annual report of its activities for the preceding year to the governing body of the county for which the authority was created. Each such report shall set forth a complete operating and financial statement covering the operations of the authority during such year. The authority shall cause an audit of its books and accounts to be made at least once in each year by certified public accountants and the cost thereof may be treated as a part of the cost of construction of a project, to the extent such audit covers

the construction of the project, or otherwise as part of the expense of administration of the project covered by such audit.

"§ 159A-23. *Officers not liable.*—No commissioner of any authority shall be subject to any personal liability or accountability by reason of his execution of any bonds or the issuance thereof.

"§ 159A-24. *Additional method.*—The foregoing sections of this Chapter shall be deemed to provide an additional and alternative method for the doing of the things authorized thereby and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of any powers now existing; provided, however, that the issuance of bonds or refunding bonds under the provisions of this Chapter need not comply with the requirements of any other law applicable to the issuance of bonds."

Sec. 2. Liberal construction. This Chapter, being necessary for the prosperity and welfare of the State and its inhabitants, shall be liberally construed to effect the purposes hereof.

Sec. 3. Inconsistent laws inapplicable. Insofar as the provisions of this Chapter are inconsistent with the provisions of any general, special or local laws, or parts thereof, the provisions of this Chapter shall be controlling.

Sec. 4. Severability. If any clause or other portion of this Chapter shall be held invalid, that decision shall not affect the validity of the remaining portions of this Chapter. It is hereby declared that all such remaining portions are severable and that the General Assembly would have enacted such remaining portions if the portions that may be so held to be invalid had not been included in this Chapter.

Sec. 5. This Chapter shall become effective upon the certification by the State Board of Elections that an amendment to the North Carolina Constitution authorizing the enactment of general laws dealing with the transactions of the type contemplated by this Chapter has been approved by the people of the State.

CHAPTER 810

AN ACT WHEREBY THE STATE ENTERS INTO A PEST CONTROL COMPACT.

The General Assembly of North Carolina enacts:

Section 1. The Pest Control Compact is hereby enacted into law and entered into with all other jurisdictions legally joining therein in the form substantially as follows:

PEST CONTROL COMPACT.

ARTICLE I.

Findings.

The party states find that:

(a) In the absence of the higher degree of cooperation among them possible under this compact, the annual loss of approximately ten billion dollars ($10,000,000,000) from the depredations of pests is virtually certain to continue, if not to increase.

(b) Because of varying climatic, geographic and economic factors, each state may be affected differently by particular species of pests; but all states share the inability to protect themselves fully against those pests which present serious dangers to them.

(c) The migratory character of pest infestations makes it necessary for states both adjacent to and distant from one another, to complement each other's activities when faced with conditions of infestation and reinfestation.

(d) While every state is seriously affected by a substantial number of pests, and every state is susceptible of infestation by many species of pests not now causing damage to its crop and plant life and products, the fact that relatively few species of pests present equal danger to or are of interest to all states makes the establishment and operation of an insurance fund, from which individual states may obtain financial support for pest control programs of benefit to them in other states and to which they may contribute in accordance with their relative interests, the most equitable means of financing cooperative pest eradication and control programs.

ARTICLE II.

Definitions.

As used in this compact, unless the context clearly requires a different construction:

(a) "State" means a state, territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

(b) "Requesting state" means a state which invokes the procedures of the compact to secure the undertaking or intensification of measures to control or eradicate one or more pests within one or more other states.

(c) "Responding state" means a state requested to undertake or intensify the measures referred to in subdivision (b) of this Article.

(d) "Pest" means any invertebrate animal, pathogen, parasitic plant or similar or allied organism which can cause disease or damage in any crops, trees, shrubs, grasses or other plants of substantial value.

(e) "Insurance Fund" means the Pest Control Insurance Fund established pursuant to this compact.

(f) "Governing Board" means the administrators of this compact representing all of the party states when such administrators are acting as a body in pursuance of authority vested in them by this compact.

(g) "Executive Committee" means the committee established pursuant to Article V(e) of this compact.

ARTICLE III.

The Insurance Fund.

There is hereby established the Pest Control Insurance Fund for the purpose of financing other than normal pest control operations which states may be called upon to engage in pursuant to this compact. The insurance fund shall contain moneys appropriated to it by the party states and any donations and grants accepted by it. All appropriations, except as conditioned by the rights and obligations of party states expressly set forth in this compact, shall be unconditional and may not be restricted by the appropriating state to use in the control of any specified pest or pests. Donations and grants may be conditional or unconditional, provided that the insurance fund shall not accept any donation or grant whose terms are inconsistent with any provision of this compact.

ARTICLE IV.

The Insurance Fund, Internal Operations and Management.

(a) The insurance fund shall be administered by a governing board and executive committee as hereinafter provided. The actions of the governing board and executive committee pursuant to this compact shall be deemed the actions of the insurance fund.

(b) The members of the governing board shall be entitled to one vote each on such board. No action of the governing board shall be binding unless taken at a meeting at which a majority of the total number of votes on the governing board are cast in favor thereof. Action of the governing board shall be only at a meeting at which a majority of the members are present.

(c) The insurance fund shall have a seal which may be employed as an official symbol and which may be affixed to documents and otherwise used as the governing board may provide.

(d) The governing board shall elect annually, from among its members, a chairman, a vice-chairman, a secretary and a treasurer. The chairman may not succeed himself. The governing board may appoint an executive director and fix his duties and his compensation, if any. Such executive director shall serve at the pleasure of the governing board. The governing board shall make provision for the bonding of such of the officers and employees of the insurance fund as may be appropriate.

(e) Irrespective of the civil service, personnel or other merit system laws of any of the party states, the executive director, or if there be no executive director, the chairman, in accordance with such procedures as the bylaws may provide, shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the insurance fund and shall fix the duties and compensation of such personnel. The governing board in its bylaws shall provide for the personnel policies and programs of the insurance fund.

(f) The insurance fund may borrow, accept or contract for the services of personnel from any state, the United States, or any other governmental agency, or from any person, firm, association or corporation.

(g) The insurance fund may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies,

materials and services, conditional or otherwise, from any state, the United States, or any other governmental agency, or from any person, firm, association or corporation, and may receive, utilize and dispose of the same. Any donation, gift or grant accepted by the governing board pursuant to this paragraph or services borrowed pursuant to paragraph (f) of this Article shall be reported in the annual report of the insurance fund. Such report shall include the nature, amount and conditions, if any, of the donation gift, grant or services borrowed and the identity of the donor or lender.

(h) The governing board shall adopt bylaws for the conduct of the business of the insurance fund and shall have the power to amend and rescind these bylaws. The insurance fund shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto with the appropriate agency or officer in each of the party states.

(i) The insurance fund annually shall make to the Governor and legislature of each party state a report covering its activities for the preceding year. The insurance fund may make such additional reports as it may deem desirable.

(j) In addition to the powers and duties specifically authorized and imposed, the insurance fund may do such other things as are necessary and incidental to the conduct of its affairs pursuant to this compact.

ARTICLE V.

Compact and Insurance Fund Administration.

(a) In each party state there shall be a compact administrator, who shall be selected and serve in such manner as the laws of his state may provide, and who shall:

1. Assist in the coordination of activities pursuant to the compact in his state; and
2. Represent his state on the governing board of the insurance fund.

(b) If the laws of the United States specifically so provide, or if administrative provision is made therefor within the federal government, the United States may be represented on the governing board of the insurance fund by not to exceed three representatives. Any such representative or representatives of the United States shall be appointed and serve in such manner as may be provided by or pursuant to federal law, but no such representative shall have a vote on the governing board or on the executive committee thereof.

(c) The governing board shall meet at least once each year for the purpose of determining policies and procedures in the administration of the insurance fund and, consistent with the provisions of the compact, supervising and giving direction to the expenditure of moneys from the insurance fund. Additional meetings of the governing board shall be held on call of the chairman, the executive committee, or a majority of the membership of the governing board.

(d) At such times as it may be meeting, the governing board shall pass upon applications for assistance from the insurance fund and authorize disbursements therefrom. When the governing board is not in session, the executive committee thereof shall act as agent of the governing board, with full authority to act for it in passing upon such applications.

(e) The executive committee shall be composed of the chairman of the governing board and four additional members of the governing board chosen by it so that there shall be one member representing each of four geographic groupings of party states. The governing board shall make such geographic groupings. If there is representation of the United States on the governing board,

one such representative may meet with the executive committee. The chairman of the governing board shall be chairman of the executive committee. No action of the executive Committee shall be binding unless taken at a meeting at which at least four members of such committee are present and vote in favor thereof. Necessary expenses of each of the five members of the executive committee incurred in attending meetings of such committee, when not held at the same time and place as a meeting of the governing board, shall be charges against the insurance fund.

ARTICLE VI.

Assistance and Reimbursement.

(a) Each party state pledges to each other party state that it will employ its best efforts to eradicate, or control within the strictest practicable limits, any and all pests. It is recognized that performance of this responsibility involves:

1. The maintenance of pest control and eradication activities of interstate significance by a party state at a level that would be reasonable for its own protection in the absence of this compact.
2. The meeting of emergency outbreaks or infestations of interstate significance to no less an extent than would have been done in the absence of this compact.

(b) Whenever a party state is threatened by a pest not present within its borders but present within another party state, or whenever a party state is undertaking or engaged in activities for the control or eradication of a pest or pests, and finds that such activities are or would be impracticable or substantially more difficult of success by reason of failure of another party state to cope with infestation or threatened infestation, that state may request the governing board to authorize expenditures from the insurance fund for eradication or control measures to be taken by one or more of such other party states at a level sufficient to prevent, or to reduce to the greatest practicable extent, infestation or reinfestation of the requesting state. Upon such authorization the responding state or states shall take or increase such eradication or control measures as may be warranted. A responding state shall use moneys made available from the insurance fund expeditiously and efficiently to assist in affording the protection requested.

(c) In order to apply for expenditures from the insurance fund, a requesting state shall submit the following in writing:

1. A detailed statement of the circumstances which occasion the request for the invoking of the compact.
2. Evidence that the pest on account of whose eradication or control assistance is requested constitutes a danger to an agricultural or forest crop, product, tree, shrub, grass or other plant having a substantial value to the requesting state.
3. A statement of the extent of the present and projected program of the requesting state and its subdivisions, including full information as to the legal authority for the conduct of such program or programs and the expenditures being made or budgeted therefor, in connection with the eradication, control, or prevention of introduction of the pest concerned.
4. Proof that the expenditures being made or budgeted as detailed in item 3 do not constitute a reduction of the effort for the control or eradication of the pest concerned or, if there is a reduction, the reasons why the level

of program detailed in item 3 constitutes a normal level of pest control activity.

5. A declaration as to whether, to the best of its knowledge and belief, the conditions which in its view occasion the invoking of the compact in the particular instance can be abated by a program undertaken with the aid of moneys from the insurance fund in one year or less, or whether the request is for an installment in a program which is likely to continue for a longer period of time.

(6) Such other information as the governing board may require consistent with the provisions of this compact.

(d) The governing board or executive committee shall give due notice of any meeting at which an application for assistance from the insurance fund is to be considered. Such notice shall be given to the compact administrator of each party state and to such other officers and agencies as may be designated by the laws of the party states. The requesting state and any other party state shall be entitled to be represented and present evidence and argument at such meeting.

(e) Upon the submission as required by paragraph (c) of this Article and such other information as it may have or acquire, and upon determining that an expenditure of funds is within the purposes of this compact and justified thereby, the governing board or executive committee shall authorize support of the program. The governing board of the executive committee may meet at any time or place for the purpose of receiving and considering an application. Any and all determinations of the governing board or executive committee, with respect to an application, together with the reasons therefor shall be recorded and subscribed in such manner as to show and preserve the votes of the individual members thereof.

(f) A requesting state which is dissatisfied with a determination of the executive committee shall, upon notice in writing given within 20 days of the determination with which it is dissatisfied, be entitled to receive a review thereof at the next meeting of the governing board. Determinations of the executive committee shall be reviewable only by the governing board at one of its regular meetings, or at a special meeting held in such manner as the governing board may authorize.

(g) Responding states required to undertake or increase measures pursuant to this compact may receive moneys from the insurance fund, either at the time or times when such state incurs expenditures on account of such measures, or as reimbursement for expenses incurred and chargeable to the insurance fund. The governing board shall adopt and, from time to time, may amend or revise procedures for submission of claims upon it and for payment thereof.

(h) Before authorizing the expenditure of moneys from the insurance fund pursuant to an application of a requesting state, the insurance fund shall ascertain the extent and nature of any timely assistance or participation which may be available from the federal government and shall request the appropriate agency or agencies of the federal government for such assistance and participation.

(i) The insurance fund may negotiate and execute a memorandum of understanding or other appropriate instrument defining the extent and degree of assistance or participation between and among the insurance fund, cooperating federal agencies, states and any other entities concerned.

ARTICLE VII.

Advisory and Technical Committees.

The governing board may establish advisory and technical committees composed of state, local, and federal officials, and private persons to advise it with respect to any one or more of its functions. Any such advisory or technical committee, or any member or members thereof may meet with and participate in its deliberations. Upon request of the governing board or executive committee an advisory or technical committee may furnish information and recommendations with respect to any application for assistance from the insurance fund being considered by such board or committee and the board or committee may receive and consider the same: provided that any participant in a meeting of the governing board or executive committee held pursuant to Article VI(d) of the compact shall be entitled to know the substance of any such information and recommendations, at the time of the meeting if made prior thereto or as a part thereof or, if made thereafter, no later than the time at which the governing board or executive committee makes its disposition of the application.

ARTICLE VIII.

Relations with Nonparty Jurisdictions.

(a) A party state may make application for assistance from the insurance fund in respect of a pest in a nonparty state. Such application shall be considered and disposed of by the governing board or executive committee in the same manner as an application with respect to a pest within a party state, except as provided in this Article.

(b) At or in connection with any meeting of the governing board or executive committee held pursuant to Article VI(d) of this compact a nonparty state shall be entitled to appear, participate, and receive information only to such extent as the governing board or executive committee may provide. A nonparty state shall not be entitled to review of any determination made by the executive committee.

(c) The governing board or executive committee shall authorize expenditures from the insurance fund to be made in a nonparty state only after determining that the conditions in such state and the value of such expenditures to the party states as a whole justify them. The governing board or executive committee may set any conditions which it deems appropriate with respect to the expenditure of moneys from the insurance fund in a nonparty state and may enter into such agreement or agreements with nonparty states and other jurisdictions or entities as it may deem necessary or appropriate to protect the interests of the insurance fund with respect to expenditures and activities outside of party states.

ARTICLE IX.

Finance.

(a) The insurance fund shall submit to the executive head or designated officer or officers of each party state a budget for the insurance fund for such period as may be required by the laws of that party state for presentation to the legislature thereof.

(b) Each of the budgets shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states. The requests for appropriations shall be apportioned among the party states as follows: one-tenth of the total budget in equal shares and the remainder in proportion to the value of agricultural and forest crops and products, excluding animals and animal products, produced in each party state. In determining the value of such crops

and products the insurance fund may employ such source or sources of information as in its judgment present the most equitable and accurate comparisons among the party states. Each of the budgets and requests for appropriations shall indicate the source or sources used in obtaining information concerning value of products.

(c) The financial assets of the insurance fund shall be maintained in two accounts to be designated respectively as the "operating account" and the "claims account". The operating account shall consist only of those assets necessary for the administration of the insurance fund during the next ensuing two-year period. The claims account shall contain all moneys not included in the operating account and shall not exceed the amount reasonably estimated to be sufficient to pay all legitimate claims on the insurance fund for a period of three years. At any time when the claims account has reached its maximum limit or would reach its maximum limit by the addition of moneys requested for appropriation by the party states, the governing board shall reduce its budget requests on a pro rata basis in such manner as to keep the claims account within such maximum limit. Any moneys in the claims account by virtue of conditional donations, grants or gifts shall be included in calculations made pursuant to this paragraph only to the extent that such moneys are available to meet demands arising out of claims.

(d) The insurance fund shall not pledge the credit of any party state. The insurance fund may meet any of its obligations in whole or in part with moneys available to it under Article IV(g) of this compact, provided that the governing board takes specific action setting aside such moneys prior to incurring any obligation to be met in whole or in part in such manner. Except where the insurance fund makes use of moneys available to it under Article IV(g) hereof, the insurance fund shall not incur any obligation prior to the allotment of moneys by the party states adequate to meet the same.

(e) The insurance fund shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the insurance fund shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the insurance fund shall be audited yearly by a certified or licensed public accountant and a report of the audit shall be included in and become part of the annual report of the insurance fund.

(f) The accounts of the insurance fund shall be open at any reasonable time for inspection by duly authorized officers of the party states and by any persons authorized by the insurance fund.

ARTICLE X.

Entry Into Force and Withdrawal.

(a) This compact shall enter into force when enacted into law by any five or more states. Thereafter, this compact shall become effective as to any other state upon its enactment thereof.

(b) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until two years after the executive head of the withdrawing state has given notice in writing of the withdrawal to the executive heads of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

ARTICLE XI.

Construction and Severability.

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating herein, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the state affected as to all severable matters.

Sec. 2. Consistent with law and within available appropriations, the departments, agencies and officers of this State may cooperate with the insurance fund established by the Pest Control Compact.

Sec. 3. Pursuant to Article IV(h) of the compact, copies of bylaws and amendments thereto shall be filed with the Department of Agriculture.

Sec. 4. The compact administrator for this State shall be the Commissioner of Agriculture or his designated representative. The duties of the compact administrator shall be deemed a regular part of the duties of his office.

Sec. 5. Within the meaning of Article VI(b) or Article VIII(a), a request or application for assistance from the insurance fund may be made by the Commissioner of Agriculture or his designee whenever in his judgment the conditions qualifying this State for such assistance exist and it would be in the best interest of this State to make such request.

Sec. 6. The department, agency, or officer expending or becoming liable for an expenditure on account of a control or eradication program undertaken or intensified pursuant to the compact shall have credited to his account in the State Treasury the amount or amounts of any payments made to this State to defray the cost of such program, or any part thereof, or as reimbursement thereof.

Sec. 7. As used in the compact, with reference to this State, the term "executive head" shall mean the Governor.

Sec. 8. This act shall become effective July 1, 1975.

In the General Assembly read three times and ratified, this the 24th day of June, 1975.

H. B. 1105 CHAPTER 827

AN ACT TO REVISE THE GENERAL STATUTES TO PROVIDE THAT DEPENDENT CHILDREN ARE AFFORDED SUPPORT BY THE RESPONSIBLE PARENT.

The General Assembly of North Carolina enacts:

Section 1. There is hereby added a new Chapter of the General Statutes of North Carolina immediately following Chapter 110, to be designated Chapter 110A, and to read as follows:

"CHAPTER 110A.

"Child Support.

"§ 110A-1. *Purposes.*—The purposes of this Chapter are to provide for the financial support of dependent children; to provide that public assistance paid to needy children is a supplement to the support provided by the responsible parent; to provide that the payment of public assistance creates a debt to the State; to provide that the acceptance of public assistance operates as an assignment of the right to child support; to provide for the location of absent parents; to provide for a determination that a responsible parent is able to support his children; and to provide for enforcement of the responsible parent's obligation to furnish support.

"§ 110A-2. *Definitions.*—As used in this Chapter:

(a) 'Court order' means any judgment or order of the courts of this State or of another state.

(b) 'Dependent child' means any person under the age of 18 who is not otherwise emancipated, married or a member of the Armed Forces of the United States.

(c) 'Responsible parent' means the natural or adoptive parent of a dependent child who has the legal duty to support said child and includes the father of an illegitimate child if paternity has been established in a judicial proceeding or if he has acknowledged paternity in open court or by verified written statement.

"§ 110A-3. *Action by the designated representatives of the county commissioners.*—Any county interested in the paternity and/or support of a dependent child may, if the mother, custodian, or guardian of the child neglects to bring such action, institute civil proceedings against the responsible parent of the child and may take up and pursue any action commenced by the mother, custodian or guardian for the maintenance of the child, including any ancillary action to establish paternity, if she fails to prosecute to final judgment. Such action shall be undertaken by the designated representative of the county commissioners in the county where the mother of the child resides or is found, in the county where the father resides or is found, or in the county where the child resides or is found. Any legal proceeding instituted under this section may be based upon information or belief. The parent of the child may be subpoenaed for testimony at the trial of the action to establish the paternity of and/or to obtain support for the child either instituted or taken up by the designated representative of the county commissioners. The husband-wife privilege shall not be grounds for excusing the mother or father from testifying at the trial nor shall said privilege be grounds for the exclusion of confidential communications between husband and wife. If a parent called for examination declines to answer upon the grounds that his testimony may tend to incriminate him, the court may require him to answer in which event he shall not thereafter be prosecuted for any criminal act involved in the conception of the child whose paternity is in issue and/or for whom support is sought, except for perjury committed in this testimony.

"§ 110A-4. *Compelling disclosure of information respecting the non-supporting responsible parent of a child receiving public assistance.*—(a) If a parent of any dependent child receiving public assistance fails or refuses to cooperate with the county in locating and securing support from a non-supporting responsible parent, this parent may be cited to appear before any judge of the district court and compelled to disclose such information under oath and/or may be declared ineligible for public assistance by the county department of social services for as long as he fails to cooperate.

(b) Any parent who, having been cited to appear before a judge of the district court pursuant to subsection (a), fails or refuses to appear or fails or refuses to provide the information requested may be found to be in contempt of said court and may be fined not more than one hundred dollars ($100.00) or imprisoned not more than six months or both.

(c) Any parent who is declared ineligible for public assistance by the county department of social services shall have his needs excluded from consideration in determining the amount of the grant, and the needs of the remaining family members shall be met in the form of a protective payment in accordance with G.S. 108-50.

"§ 110A-5. *Acknowledgment of paternity and agreement to support.*—(a) In lieu of or in conclusion of any legal proceeding instituted to establish paternity, the written acknowledgment of paternity executed by the putative father of the dependent child when accompanied by a written affirmation of paternity executed and sworn to by the mother of the dependent child and filed with and

approved by a judge of the district court in the county where the mother of the child resides or is found, or in the county where the putative father resides or is found, or in the county where the child resides or is found shall have the same force and effect as a judgment of that court; and a written agreement to support said child by periodic payments, which may include provision for reimbursement for medical expenses incident to the pregnancy and the birth of the child, accrued maintenance and reasonable expense of prosecution of the paternity action, when acknowledged before a clerk or assistant clerk of superior court and filed with, and approved by a judge of the district court, at any time, shall have the same force and effect, retroactively or prospectively, in accordance with the terms of said agreement, as an order of support entered by that court, and shall be enforceable and subject to modification in the same manner as is provided by law for orders of the court in such cases. Payments under such agreement shall be made through the clerk of superior court and in those cases of dependent children receiving public assistance shall be directed to the North Carolina Department of Human Resources. Such written affirmations, acknowledgments and agreements to support shall be sworn to, and shall be binding on the person executing the same whether he is an adult or a minor. Such mother shall not be excused from making such affirmation on the grounds that it may tend to disgrace or incriminate her; nor shall she thereafter be prosecuted for any criminal act involved in the conception of the child as to whose paternity she makes affirmation.

(b) At any time after the filing with the district court of an acknowledgment of paternity, upon the application of any interested party, the court or any judge thereof shall cause a summons signed by him or by the clerk or assistant clerk of superior court, to be issued, requiring the putative father to appear in court at a time and place named therein, to show cause, if any he has, why the court should not enter an order for the support of the child by periodic payments, which order may include provision for reimbursement for medical expenses incident to the pregnancy and the birth of the child, accrued maintenance and reasonable expense of the action under this subsection on the acknowledgment of paternity previously filed with said court. Provided that, in the case of a child, who upon reaching the age of 18 years is mentally or physically incapable of self-support, the putative father shall not be relieved of the duty of support unless said child is a long-term patient in a facility owned or operated by the North Carolina Division of Mental Health. The prior judgment as to paternity shall be res judicata as to that issue and shall not be reconsidered by the court. All such payments shall be made through the clerk of superior court and in those cases of dependent children receiving public assistance shall be directed to the North Carolina Department of Human Resources.

"§ 110A-6. *Agreements of support.*—In lieu of or in conclusion of any legal proceeding instituted to obtain support for a dependent child from the responsible parent, a written agreement to support said child by periodic payments executed by the responsible parent when acknowledged before a clerk or assistant clerk of superior court and filed with and approved by a judge of the district court in the county where the mother of the child resides or is found, or in the county where the father resides or is found, or in the county where the child resides or is found shall have the same force and effect, retroactively and prospectively, in accordance with the terms of said agreement, as an order of support entered by the court, and shall be enforceable and subject to

modification in the same manner as is provided by law for orders of the court in such cases. Payments under such agreement shall be made through the clerk of superior court and in those cases of dependent children receiving public assistance shall be directed to the North Carolina Department of Human Resources.

"§ 110A-7. *Filing of agreements; disclosure.*—All agreements entered into under the provisions of G.S. 110A-5 and G.S. 110A-6 shall be filed by the clerk of superior court in the county in which they are entered, any filing fees to be taxed to the responsible parent, and no information concerning any such agreement, the parties thereto or the contents thereof may be disclosed other than to the North Carolina Department of Human Resources, the county department of social services, the designated representative of the county commissioners, or the State Registrar of Vital Statistics except on order of a judge of this State.

"§ 110A-8. *Debt to State created.*—Payment of public assistance to or on behalf of a dependent child creates a debt due and owing the State by the responsible parent or parents of the child. Provided, however, that where a court has ordered child support incident to a final divorce decree or other final order for child support, the debt shall be limited to the amount specified in the decree or order. This liability shall attach only with respect to the period of time during which public assistance is granted and only if the responsible parent or parents were financially able to furnish support during this period.

The United States, the State of North Carolina, and any county within the State which has provided public assistance to or on behalf of a dependent child shall be entitled to share in any sum collected under this section, and their proportionate parts of such sum shall be determined in accordance with the matching formulas in use during the period for which assistance was paid.

No action to collect such debt shall be commenced after the expiration of five years subsequent to the receipt of the last grant of public assistance. The county attorney shall represent the State in all proceedings brought under this section.

"§ 110A-9. *Garnishment for enforcement of child support obligation.*—(a) Notwithstanding any other provision of the law, in any case in which a responsible parent is under a court order or has entered into a written agreement pursuant to G.S. 110A-5 or G.S. 110A-6 to provide child support, a judge of the district court in the county where the mother of the child resides or is found, or in the county where the father resides or is found, or in the county where the child resides or is found may enter an order of garnishment whereby no more than twenty percent (20%) of the responsible parent's monthly disposable earnings shall be garnished for the support of his minor child. For purposes of this section, 'disposable earnings' is defined as that part of the compensation paid or payable to the responsible parent for personal services, whether denominated as wages, salary, commission, bonus, or otherwise (including periodic payments pursuant to a pension or retirement program) which remains after the deduction of any amounts required by law to be withheld. The garnishee is the person, firm, association, or corporation by whom the responsible parent is employed.

(b) The mother, father, custodian, or guardian of the child or any county interested in the support of a dependent child may petition the court for an order of garnishment. The petition shall be verified and shall state that the responsible parent is under court order or has entered into a written agreement

pursuant to G.S. 110A-5 or G.S. 110A-6 to provide child support, that said parent is delinquent in such child support or has been erratic in making child support payments, the name and address of the employer of the responsible parent, the responsible parent's monthly disposable earnings from said employer (which may be based upon information and belief), and the amount sought to be garnished, not to exceed twenty percent (20%) of the responsible parent's monthly disposable earnings. The petition shall be served on both the responsible parent and his alleged employer in accordance with the provisions for service of process set forth in G.S. 1A-1, Rule 4. The responsible parent and his alleged employer shall have 20 days from the date of service or 30 days from the date stated in the notice of service of process by publication to respond to the petition for garnishment.

(c) A hearing on the petition shall be held within 10 days after the time for response has elapsed or within 10 days after the responses of both the responsible parent and the garnishee have actually been filed. Following the hearing the court may enter an order of garnishment not to exceed twenty percent (20%) of the responsible parent's monthly disposable earnings. If an order of garnishment is entered, a copy of same shall be served on the responsible parent and the garnishee either personally or by registered mail, return receipt requested. The order shall set forth sufficient findings of fact to support the action by the court and the amount to be garnished for each pay period. The order shall be subject to review for modification and dissolution upon the filing of a motion in the cause.

(d) Upon receipt of an order of garnishment, the garnishee shall transmit without delay to the clerk of superior court the amount ordered by the court to be garnished. These funds shall be disbursed to the party designated by the court which in those cases of dependent children receiving public assistance shall be the North Carolina Department of Human Resources.

(e) Any garnishee violating the terms of an order of garnishment shall be subject to punishment as for contempt.

"§ 110A-10. *Acceptance of public assistance constitutes assignment of support rights to the county.*—By accepting public assistance for or on behalf of a dependent child or children, the recipient shall be deemed to have made an assignment to the county from which such assistance was received of the right to any child support owed for the child or children up to the amount of public assistance paid. The county shall be subrogated to the right of the child or children or the person having custody to initiate a support action under this Chapter and to recover any payments ordered by the court of this or any other state.

"§ 110A-11. *Duty of county to obtain support.*—Whenever a county department of social services receives an application for public assistance on behalf of a dependent child, and it shall appear to the satisfaction of the county department that the child has been abandoned by one or both responsible parents, or that the responsible parent(s) has failed to provide support for the child, the county department shall notify the designated representative of the county commissioners who shall take appropriate action under this Chapter to provide that the parent(s) responsible supports the child.

"§ 110A-12. *Location of absent parents.*—The Department of Human Resources shall attempt to locate absent parents for the purpose of establishing paternity of and/or securing support for dependent children. The department is

to serve as a registry for the receipt of information which directly relates to the identity or location of absent parents, to assist any governmental agency or department in locating an absent parent, to answer interstate inquiries concerning deserting parents, and to develop guidelines for coordinating activities with any governmental department, board, commission, bureau or agency in providing information necessary for the location of absent parents.

In order to carry out the responsibilities imposed under this Chapter, the department may request from any governmental department, board, commission, bureau or agency information and assistance. All State, county and city agencies, officers and employees shall cooperate with the department in the location of parents who have abandoned and deserted children with all pertinent information relative to the location, income and property of such parents, notwithstanding any provision of law making such information confidential. All records maintained by the department pertaining to child support enforcement shall be confidential, and only duly authorized representatives of social service agencies, public officials with child support enforcement and related duties, and members of legislative committees shall have access to these records.

"§ 110A-13. *Conformity with federal requirements.*—Nothing in this Chapter is intended to conflict with any provision of federal law or to result in the loss of federal funds.

"§ 110A-14. *Effectuation of intent of Chapter.*—The North Carolina Department of Human Resources shall supervise the administration of this program in accordance with federal law and shall cause the provisions of this Chapter to be effectuated and to secure child support from absent, deserting, abandoning and non-supporting parents. The Department of Human Resources and a county may negotiate alternative arrangements to the procedure as outlined in G.S. 110A-3 for designating a local agency to administer the provisions of this act in said county."

Sec. 2. In the event any section, subsection, sentence, clause or phrase of this Chapter shall be declared or adjudged invalid or unconstitutional, such adjudication shall in no manner affect the other sections, subsections, sentences, clauses or phrases of this Chapter, which shall remain in full force and effect, as if the section, subsection, sentence, clause or phrase so declared or adjudged invalid or unconstitutional were not originally a part thereof.

The person receiving the highest number of votes shall be deemed elected to the commission and shall serve for the remainder of the unexpired term to which such person was elected. In case of a tie vote, the winner shall be selected by lot and shall serve for the remainder of the unexpired term to which such person was elected.

(4) A vacancy occurring in the commission after December 31, 1976, because of the resignation, death or removal for cause of a member of the commission (other than the commission member appointed by the Governor as hereinafter provided) shall be filled within 90 days of the date of the occurrence of the vacancy in accordance with such rules and regulations as shall be determined by the North Carolina Burial Association, Incorporated, and as approved by the North Carolina Mutual Burial Association Commission, provided that each burial association operator in the State who is or would be eligible to join the North Carolina Burial Association, Incorporated, shall be entitled to vote and further provided that no burial association operator shall be entitled to more than one ballot.

(c) In the event that the North Carolina Burial Association, Incorporated, shall fail to select, within the time provided herein, a person to fill a vacancy on the commission, whether the said vacancy shall have occurred by reason of expiration of term, resignation, death or otherwise, the Burial Association Administrator may declare the seat vacant and appoint any eligible person or persons to serve the term of the vacant seat.

The member appointed by the Governor shall be a citizen of the State of North Carolina. In the event that this position on the commission should become vacant by resignation, death or otherwise, a successor to serve for the unexpired term shall be appointed by the Governor within 90 days of the date of the vacancy.

"§ 58-224.2. *Duties of commission; meetings; burial administrator; secretary.*—It shall be the duty of the North Carolina Mutual Burial Association Commission to supervise, pursuant to this Article, all burial associations authorized by this Article to operate in North Carolina, to determine that such associations are operated in conformity with this Article and the rules and regulations adopted pursuant to this Article; to assist the Burial Association Administrator with prosecution of violations of this Article or rules and regulations adopted pursuant thereto; to counsel with and advise the Burial Association Administrator in the performance of his duties and to protect the interest of members of mutual burial associations.

The North Carolina Mutual Burial Association Commission, after a public hearing, may promulgate reasonable rules and regulations for the enforcement of this Article and in order to carry out the intent thereof. The commission is authorized and directed to adopt specific rules and regulations to provide for the orderly transfer of a member's benefits in cash or merchandise and services from the funeral director sponsoring the member's association to the funeral establishment which furnishes a funeral service, or merchandise, or both, for the burial of the member, provided that any funeral establishment to which the member's benefits are transferred in accordance with such rules and regulations shall, if located in North Carolina, be a funeral establishment registered under

the provisions of G.S. 90-210.17 or shall, if located in any other state, territory or foreign country, be a funeral establishment recognized by and operating in conformity with the laws of such other state, territory or foreign country. One or more burial associations operating in North Carolina may merge into another burial association operating in North Carolina and two or more burial associations operating in North Carolina may consolidate into a new burial association provided that any such plan of merger or plan of consolidation shall be adopted and carried out in accordance with rules and regulations adopted by the commission pursuant to this Article.

All rules and regulations heretofore adopted by the Burial Association Administrator in accordance with prior law and which have not been amended, rescinded, revoked or otherwise changed, or which have not been nullified or made inoperative or unenforceable because of any statute enacted after the adoption of any such rule, shall remain in full force and effect until amended, rescinded, revoked or otherwise changed by action of the Burial Association Commission as set out above, or until nullified or made inoperative or unenforceable because of statutory enactment or court decision.

The commission shall elect its own chairman, who shall vote only when the commission is evenly divided.

The commission shall hold regular meetings at least twice each year, and more often if called by the chairman in Raleigh, or such place in North Carolina as the chairman may direct. Special meetings of the commission may also be called in Raleigh or such other place in North Carolina as they may direct, by a majority of the commission.

The Burial Association Administrator shall serve as secretary of the commission and shall keep minutes of all regular and special meetings.

All regular or special meetings of the commission, unless a majority of the members of the commission vote otherwise, shall be open to the public. All regular meetings shall be advertised in at least three newspapers having intercounty circulation in North Carolina.

Members of the commission shall receive, when attending such regular or special meetings such per diem, expense allowance and travel allowance as are allowed other commissions and boards of the State. The legal adviser to the commission shall be entitled to actual expenses when attending regular or special meetings of the commission held other than in Raleigh. All expenses of the commission shall be paid from funds coming to the administrator pursuant to this Article.

"§ 58-225. *Requirements as to rules and bylaws.*—All burial associations now operating within the State of North Carolina, and all burial associations hereafter organized and operating within the State of North Carolina shall have and maintain rules and bylaws embodying the following:

Article 1. The name of this association shall be _____,
which shall indicate that said association is a mutual burial association.

Article 2. The objects and purposes for which this association is formed and the purposes for which it has been organized, and the methods and plan of operation of this association shall be to provide a plan for each member of this association for the payment of one funeral benefit for each member, which benefit shall consist of a funeral in cash or merchandise and service, with no free embalming or free ambulance service included in such benefits. No other free service or any other thing free shall be held out, promised or furnished, in any

case. Such funeral benefit shall be in the amount of one hundred dollars ($100.00) of cash or merchandise and service, without free embalming or free ambulance service, for persons of the age of 10 years and over, or in the amount of fifty dollars ($50.00) for persons under the age of 10 years; provided, however, that any member of this association of the age of 10 years or more may purchase a double benefit (for a total benefit of two hundred dollars ($200.00)), and provided further, however, that any member of this association under the age of 10 years may purchase a double benefit (for a total benefit of one hundred dollars ($100.00)) or a quadruple benefit (for a total benefit of two hundred dollars ($200.00)); however, any additional benefit (as set out herein) shall be based on the assessment rate, as provided in Article 6 of this section, at the attained age of applicant at the time the additional benefit takes effect. The purchase of an additional benefit shall not be available to any member who cannot fulfill the requirements as set forth in Article 3 of this section.

Article 3. Any person who has passed his or her first birthday, and who has not passed his or her sixty-fifth birthday, and who is in good health and not under treatment of any physician, nor confined in any institution for the treatment of mental or other disease, may become a member of this burial association by the payment by such person, or for such person, of a membership fee in accordance with the provisions of this Article and the first assessment due on the membership issued for such member in accordance with the provisions of Article 6 herein. The membership fee for any person joining prior to July 1, 1975, is twenty-five cents (25¢). The membership fee of any person joining after July 1, 1975, is twenty-five cents (25¢) for each one hundred dollars ($100.00) of benefits provided in such membership, with a minimum membership fee of twenty-five cents (25¢). The payment of the membership fee, without the payment of the first quarterly assessment due on the membership, shall not authorize the issuance of a certificate of membership in this burial association, and a certificate of membership for such person shall not be issued until the first such assessment is paid. Any member of this association joining after July 1, 1975, and who shall thereafter purchase an increased benefit shall pay an additional membership fee in accordance with this Article so that the total membership fee paid by such person shall equal twenty-five (25¢) for each one hundred dollars ($100.00) of benefits in such member's membership; provided, that any member with a fifty-dollar ($50.00) benefit who increases his benefit from fifty dollars ($50.00) to one hundred dollars ($100.00) shall not be required to pay any additional membership fee. The payment of any additional membership fee, without the payment of the first additional assessment due for the increased benefit, shall not make such member eligible for any additional benefit, and such member shall not be eligible for any additional benefit until the first such additional assessment due for such additional benefit is paid. Notwithstanding the foregoing, the provisions of the last paragraph of Article 6, hereinafter set out, shall control the increase of benefits from fifty dollars ($50.00) to one hundred dollars ($100.00) for any member of this association joining under the age of 10 whose benefits in force upon such member attaining his or her tenth birthday are in the amount of fifty dollars ($50.00).

Applicant's birthday must be written in the application and subject to verification by any record the Burial Association Administrator may deem necessary to prove or establish a true date of the birth of any applicant.

Article 4. The annual meeting of the association shall be held at _____ (Here insert the place, date and hour); each member shall have one vote at said annual meeting and 15 members of the association shall constititute a quorum. There shall be elected at the annual meeting of said association a board of directors of seven members, each of whom shall serve for a period of from one to five years as the membership may determine and until his or her successor shall have been elected and qualified. Any member of the board of directors who shall fail to maintain his or her membership, as provided in the rules and bylaws of said association, shall cease to be a member of the board of directors and a director shall be appointed by the president of said association for the unexpired term of such disqualified member. There shall be at least an annual meeting of the board of directors, and such meeting shall be held immediately following the annual meeting of the membership of the association. The directors of the association may, by a majority vote, hold other meetings of which notice shall be given to each member by mailing such notice five days before the meeting to be held. At the annual meetings of the directors of the association, the board of directors shall elect a president, a vice-president, and a secretary-treasurer. The president and vice-president shall be elected from among the directors, but the secretary-treasurer may be selected from the director membership or from the membership of the association, it being provided that it is not necessary that the secretary-treasurer shall be a member of the board of directors. Among other duties that the secretary-treasurer may perform, he shall be chargeable with keeping an accurate and faithful roll of the membership of this association at all times and he shall be chargeable with the duty of faithfully preserving and faithfully applying all moneys coming into his hands by virtue of his said office. The president, vice-president and secretary-treasurer shall constitute a board of control who shall direct the affairs of the association in accordance with these Articles and bylaws of the association, and subject to such modification as may be made or authorized by an act of the General Assembly. The secretary-treasurer shall keep a record of all assessments made, dues collected and benefits paid. The books of the association, together with all records and bank accounts shall be at all times open to the inspection of the Burial Association Administrator or his duly constituted auditors or representatives. It shall be the duty of the secretary or secretary-treasurer of each association to keep the books of the association posted up-to-date so that the financial standing of the association may be readily ascertained by the Burial Association Administrator or any auditor or representative employed by him. Upon the failure of any secretary or secretary-treasurer to comply with this provision, it shall be the duty of the Burial Association Administrator to take charge of the books of the association and do whatever work is necessary to bring the books up-to-date. The actual costs of said work may be charged the burial association and shall be paid from the thirty percent (30%) allowed by law for the operation of the burial association.

Whenever in the opinion of the Burial Association Administrator, it is necessary to audit the books of any burial association more than three times in any calendar year, the Burial Association Commission shall have authority to assess such burial association the actual cost of any audit in excess of three per calendar year, provided that no more than three audits may be deemed necessary unless a discrepancy exists at the last regular audit. Such cost shall be

paid from the thirty percent (30%) allowed by law for the operation of the burial association.

Every burial association shall file with the North Carolina Mutual Burial Association Commission an annual report of its financial condition on a form furnished to it by the North Carolina Burial Association Administrator. Such report shall be filed on or before February 15 of each calendar year and shall cover the complete financial condition of the burial association for the immediate preceding calendar year. The Burial Association Commission shall levy and collect a penalty of twenty-five dollars ($25.00) for each day after February 15 that the report called for herein is not filed. The commission may, in its discretion, grant any reasonable extension of the above filing date without the penalty provided in this section. Such penalty shall be paid from the thirty percent (30%) allowed by law for the operation of the burial association. Any secretary or secretary-treasurer who fails to file such financial report on or before February 15 of each calendar year or on or before the last day of any period of extension for the filing of such report granted by the commission to the burial association of such secretary or secretary-treasurer shall be guilty of a misdemeanor and shall be punished by a fine of not in excess of one hundred dollars ($100.00) and imprisoned for not in excess of 30 days, or both fined and imprisoned. Each day after February 15, or the last day of any period of extension for the filing of the report granted by the commission to the burial association of such secretary or secretary-treasurer, that said report is not filed by the secretary or secretary-treasurer of a burial association, shall constitute a separate offense.

Article 5. Upon the death of any officer, his successor shall be elected by the board of directors for the unexpired term. The president, vice-president and secretary-treasurer shall be elected for a term of from one to five years, and shall hold office until his successor is elected and qualified, subject to the power of the board of directors to remove any officer for good cause shown; Provided, that any officer removed by the board of directors shall have the right of appeal to the membership of the association, such appeal to be heard at the next ensuing annual meeting of said membership.

Article 6. Each member shall be assessed according to the following schedule for the benefit indicated (or in multiples thereof for additional benefit) at the age of entry of the member.

Assessment Rate For Age Groups:

First to tenth birthday ($50.00) benefit	five cents (5¢)
Tenth to thirtieth birthday ($100.00) benefit	ten cents (10¢)
Thirtieth to fiftieth birthday ($100.00) benefit	twenty cents (20¢)
Fiftieth to sixty-fifth birthday ($100.00) benefit	thirty cents (30¢)

(Ages shall be defined as having passed a certain birthday instead of nearest birthday.) Assessment shall always be made on the entire membership in good standing.

Any member joining under the age of 10 shall, upon attaining his or her 10th birthday, pay thereafter the assessment for a member age 10 as set out above.

Any member joining under the age of 10 whose benefits in force upon such member attaining his or her 10th birthday are in the amount of fifty dollars ($50.00) shall, if such member is in good standing upon attaining his or her 10th birthday, thereafter have benefits in force in the amount of one hundred dollars ($100.00) without the necessity of making application for such increased benefit. Assessments made thereafter for such member shall be the same as an assessment for a member age 10 as set out above. Such one hundred-dollar ($100.00) benefit shall be in full force and effect for any such member in good standing immediately upon such member attaining his or her 10th birthday even though the increased assessment provided for herein shall not yet be due and payable, it being the intent of this Article that, notwithstanding any other provisions in these Articles, any member in good standing with a fifty-dollar ($50.00) benefit shall immediately upon attainment of his or her 10th birthday have a one hundred-dollar ($100.00) benefit in force whether or not the increased assessment is then due and payable by such member in accordance with the assessment period of this association.

Article 7. No benefit will be paid for natural death occurring within 30 days from the date of the certificate of membership, which certificate shall express the true date such person becomes a member of this association, and the certificate issued shall be in acknowledgment of membership in this association. Benefits will be paid for death caused by accidental means occurring any time after date of membership certificate. No benefits will be paid in case of suicidal death of any member within one year from the date of the membership certificate. No agent or other person shall have authority to issue membership certificates in the field, but such membership certificates shall be issued at the home office of the association by duly authorized officers: the president, vice-president or secretary, and a record thereof duly made.

Article 8. Any member failing to pay any assessment within 30 days after notice shall be in bad standing, and unless and until restored, shall not be entitled to benefits. Notice shall be presumed duly given when mailed, postage paid, to the last known address of such members: Provided, moreover, that notice to the head of a family shall be construed as notice to the entire membership of such family in said association. Any member or head of a family changing his or her address shall give notice to the secretary-treasurer in writing of such change, giving the old address as well as the new, and the head of a family notifying the secretary-treasurer of change in address shall list with the secretary in such notice all the members of his or her family having membership in said association. Any member in bad standing may, within 90 days after the date of an assessment notice, be reinstated to good standing by the payment of all delinquent dues and assessments: Provided such person shall at the same time submit to the secretary-treasurer satisfactory evidence of good health, in writing, and no benefit will be paid for natural death occurring within 30 days after reinstatement. In case of death caused by accidental means, benefit will be in force immediately after reinstatement. Any person desiring to discontinue his membership for any reason shall communicate such desire to the secretary-treasurer immediately and surrender his or her certificate of membership. Any adult member who is the head of a family and who, with his family, has become in bad standing, shall furnish to the secretary-treasurer satisfactory evidence of the good health of each member desired to be reinstated in writing.

Article 9. The benefits herein provided are for the purpose of furnishing a funeral and burial benefit, in cash or merchandise and service, for a deceased member. The funeral and burial benefit, if furnished in merchandise and service, shall be in keeping with and similar to the merchandise and service sold and furnished at the same price by reputable funeral directors of this or other like communities.

Article 10. It is understood and stipulated that the benefits provided for shall be payable only to a funeral establishment which provides a funeral service for a deceased member and which, if located in North Carolina, is a funeral establishment registered under the provisions of G.S. 90-210.17 or which, if located in any other state, territory or foreign country, is a funeral establishment recognized by and operating in conformity with the laws of such other state, territory or foreign country. Upon the death of any member it shall be the duty of the person or persons making the funeral arrangements for such deceased member to notify the secretary of the member's burial association of the death of such member before funeral arrangements are made. Provided, however, that if the person or persons making the funeral arrangements for such deceased member have no knowledge of the deceased person's membership in such burial association, then the person or persons making the funeral arrangements for such deceased member shall have 30 days from the date of the death of such member in which to make demand upon the burial association for the funeral benefits to which such member is entitled.

The benefits provided for are to be paid by the burial association to the funeral director providing such funeral and burial service either in cash or in merchandise and service as elected by the person or persons making the funeral arrangements for such deceased member. If the burial association shall fail, on demand, to provide the benefits to which the deceased member was entitled to the funeral establishment which provided the funeral service for the deceased member, then the benefits shall be paid in cash to the representative of the deceased member qualified under law to receive such benefits.

Article 11. Assessments shall be made as provided in G.S. 58-237.1. Whenever possible, assessments will be made at definitely stated intervals so as to reduce the cost of collection and to prevent lapse.

Article 12. In the event the proceeds of the annual assessments imposed on the entire membership for one year, as provided in G.S. 58-237.1, do not prove sufficient at any time to yield the benefit provided for in these bylaws, then the secretary-treasurer shall notify the North Carolina Burial Association Administrator who shall be authorized, unless the membership is increased to that point where such assessments are sufficient, to cause liquidation of said association, and may transfer all members in good standing to a like organization or association.

Article 13(a). All legitimate operating expenses of the association shall be paid out of the assessments, but in no case shall the entire expenses exceed thirty percent (30%) of the total of the assessments collected and the investment income of the burial association in one calendar year.

(b) Each burial association shall establish and maintain a reserve account for the payment of member's benefits. On the 31st day of December following July 1, 1975, each burial association shall transfer to such burial association's reserve account established in accordance with this Article all funds which such burial association is maintaining on that date in an account designated by such burial

association as either a surplus account or a reserve account. Thereafter, beginning on January 1, 1976, each burial association shall place in such reserve account five percent (5%) of the assessments collected from and after that date and five percent (5%) of the investment income of the association earned from and after that date plus any amount of the thirty percent (30%) allowed from and after that date for operating expenses as set forth in paragraph (a) above and not actually expended in the year allowed. These sums shall continue to be placed in the association's reserve account until the association's reserve account shall equal twenty-one dollars ($21.00) per member. Thereafter if the reserve account shall fall below twenty-one dollars ($21.00) per member, such sums shall again be deposited in the account until such time as the reserve account shall again be equal to twenty-one dollars ($21.00) per member. If the reserve account shall at any time exceed twenty-one dollars ($21.00) per member, amounts in excess of twenty-one dollars ($21.00) per member may be withdrawn from the reserve account.

Article 14. Special meetings of the association membership may be called by the secretary-treasurer when by him deemed necessary or advisable, and he shall call a meeting when petitioned to do so by sixty-six and two-thirds percent (66 2/3%) of the members of said association who are in good standing.

Article 15. The secretary-treasurer shall, upon satisfactory evidence that membership was granted to any person not qualified at the time of entry as provided under Article 3 of these bylaws, refund any amounts paid as assessment, and shall remove the name from the membership roll.

Article 16. Any member may pay any number of assessments in advance, in which case such member will not be further assessed until a like number of assessments shall have been levied against the remaining membership.

Article 17. No person may maintain active membership in two or more separate burial associations. Any person who is found to have membership in two or more separate burial associations shall forfeit all benefits and fees paid in all associations of which he is a member except in the association which he first joined and of which he is still then a member. A person is not a member of an association for purposes of this Article if he has discontinued his membership in such association or if such association has been placed in liquidation.

Article 18. Each year, before the annual meeting of the membership of this association, the association shall cause to be published in a newspaper of general circulation in the county in which such association has its principal place of business, or shall cause to be mailed to each member in good standing a statement showing total income collected, expenses paid and burial benefits provided for by such association during the next preceding year.

Article 19. These rules and bylaws shall not be modified, canceled or abridged by any association or other authority except by act of the General Assembly of North Carolina.

"§ 58-226. *Limitation of soliciting agents; licensing and qualifications; officers exempt from license; issuance of membership certificates.*—Each burial association shall have for each funeral home sponsoring the said burial association not more than five agents or representatives soliciting members other than the secretary-treasurer and president, and before any agent or representative shall or may represent any burial association in North Carolina, he or she shall first apply to the Burial Association Administrator of North Carolina for a license, and the Burial Association Administrator shall have full

power and authority to issue such license upon proof satisfactory to such administrator that such person is capable of soliciting burial association memberships, is of good moral character and recommended by the association in behalf of which such membership solicitations are to be made. The Burial Association Administrator may reject the application of any person who does not meet the requirements as to capacity and moral fitness. The Burial Association Administrator may, upon proof satisfactory to him that said licensed agent has violated any section of this law, revoke said license. Upon the issuing of a license to solicit membership in any burial association, such person shall be required to pay in cash, at the time of issuing license to such applicant, to the Burial Association Administrator, the sum of five dollars ($5.00); moneys derived from this fee or charge, are to be and remain in the department or office of such Burial Association Administrator, for supervision of burial associations in this State, subject to withdrawal for expenses of supervision by authority of the Burial Association Administrator. It shall not be necessary that the president or secretary-treasurer of any burial association obtain a license for soliciting membership in the association of which such person is president or secretary-treasurer. Membership certificates shall not be issued by a solicitor in the field, but shall be reported to the office of the association and there issued and a record made of such issuance at the time such certificate is so issued.

"§ 58-227. *Assessments against association for expenses of Burial Association Administrator.*—In order to meet the expenses of the supervision of the burial associations, the North Carolina Mutual Burial Association Commission shall prepare an annual budget for the office of the Burial Association Administrator. This budget shall be submitted to and shall be subject to approval by the Advisory Budget Commission. Thereafter, the Burial Association Administrator shall prorate the amount of this budget, over and above any other funds made available to him for this purpose, and assess each association on a pro rata basis in accordance with the number of members of each association. Each burial association shall remit to the Burial Association Administrator its pro rata part of the total assessment, which expense shall be included in the thirty per centum (30%) expense allowance as provided in Article 13 of G.S. 58-226. This assessment shall be made on the first day of July of each and every year and said assessment shall be paid within 30 days thereafter. If any association shall fail or refuse to pay such assessment within 30 days, the Burial Association Administrator is authorized to transfer all memberships and assets of every kind and description to the nearest association that is found by the Burial Association Administrator to be in good sound financial condition.

"§ 58-228. *Unlawful to operate without written authority of commission.*—It shall be unlawful for any person, firm or corporation, association or organization to organize, operate, or in any way solicit members for a burial association, or for participation in any plan, scheme, or device similar to burial associations, without the written authority of the North Carolina Mutual Burial Association Commission, and any person, firm or corporation violating the provisions of this section shall be guilty of a misdemeanor and upon conviction thereof shall be fined not less than two hundred fifty dollars ($250.00) or imprisoned not less than 12 months, or both, in the discretion of the court; provided, however, the Burial Association Commission shall not withhold authority for the organization or operation of a bona fide burial association, meeting the requirements of this Article, unless it shall be found and established to the

satisfaction of the Burial Association Commission that the person or persons applying for authority to organize and operate such bona fide burial association is disqualified or does not meet the requirements of this Article.

"§ 58-228.1. *Revocation of license.*—In the event it is proven to the satisfaction of the Burial Association Administrator that any burial association is being operated not in conformity with any provision of this Article, then it shall become the duty of the Burial Association Administrator upon hearing to revoke the license of said burial association and transfer said burial association, its membership and all its assets of every kind and description to another burial association that is found by the Burial Association Administrator to be in good sound financial condition; provided, that if said burial association gives notice of appeal as provided for in G.S. 58-236, then said burial association may continue to operate as before the revocation and until final adjudication.

"§ 58-228.2. *Deposit or investment of funds of mutual burial associations.*—Funds belonging to each mutual burial association over and above the amount determined by the Burial Association Administrator to be necessary for operating capital shall be invested in:

(1) Deposits in any bank or trust company in this State.

(2) Obligations of the United States of America.

(1) "Secretary" shall mean the Secretary of the North Carolina Department of Administration.

(2) "State Treasurer" shall mean the Treasurer of the State of North Carolina.

(3) "Project" shall mean any facility or facilities within the boundaries of the State government complex to be operated by or on behalf of the Department of Administration for the parking and/or storage of vehicles and, without limitation, shall include all real and personal property, driveways, roads, approaches, structures, garages, meters, mechanical equipment and all appurtenances and facilities, either at, above, or below ground level, which are used or usable in connection with such parking and/or storage of such vehicles.

(4) "Cost" shall mean and include: all costs related to the design; construction with reasonable contingency; acquisition of all property, demolition or relocation of any on-site structures; fixed and movable equipment; finance charges; interest prior to and during construction, and, if deemed advisable by the secretary, for a period not exceeding one year after completion of such construction; reserves for debt service; administrative expenses for the sale of bonds; and, such other expenses as may be necessary or incident to the construction of the project and the financing of such construction, including the reimbursement of any monies advanced by the State for the payment of any of the above mentioned project costs.

(5) "Revenues" shall mean and include all or any part of the fees, rents, charges and other income derived from and/or in connection with the operation and/or ownership of this project or any other State parking facility within the State government complex.

Sec. 4. General grant of powers. The Secretary of the Department of Administration is authorized, subject to the requirements of this act:

(1) to acquire property for and construct the project within the limitation of authorization herein defined and to operate the project or enter into contracts for the management, lease, use, or operation of the project or any portion thereof;

(2) to issue revenue bonds and bond anticipation notes as herein provided to pay the cost of the project in whole or in part, and to fund or refund the same;

(3) to fix, revise, charge, and collect fees, rents and charges for the use of and for the services and facilities furnished by the project any portion thereof;

(4) to establish and enforce rules and regulations for the use of and for the services and facilities furnished by the project or any portion thereof;

(5) to acquire, hold, lease and dispose of real and personal property in the exercise of his powers and the performance of his duties hereunder and to lease the project or any portion thereof for such period or periods of years, not exceeding 40 years in total, upon such terms and conditions as the Council of State may determine;

(6) to employ consulting engineers, attorneys, accountants, construction and financial experts, superintendents, managers and such other employees and agents as may be necessary in his judgment in connection with the financing, construction and operation of the project; and to fix their compensation where required;

(7) to make and enter into all contracts and agreements necessary or incidental to the performance of his duties and the execution of his powers under this act;

(8) to receive and accept from any federal, state, or other public agency or agencies or from any private agency or agencies, donations, loans, grants, or contributions of property, labor or other things of value, to be held, used and applied only for such aspects of the project for which such donations, loans, grants, or contributions may be made;

(9) to carry insurance on the project from the North Carolina State Property Fire Insurance Fund in such amounts and covering such risks as the Commissioner of Insurance may deem advisable;

(10) to do all acts and things necessary or convenient to carry out the powers expressly granted by this act.

Sec. 5. Issuance of revenue bonds. It is the intent of this General Assembly that the total self-liquidating portion of said project not exceed two million dollars ($2,000,000). If upon receipt of bids, the level of authorization is insufficient to award contracts, the Advisory Budget Commission may authorize an increase in scope of the project, in no case to exceed two million three hundred thousand dollars ($2,300,000), if in its opinion, sufficient reasonable attempts to award the contracts through negotiation have been made.

Revenue bonds authorized by this act are to be designated "State of North Carolina Parking Facilities Revenue Bonds" (with appropriate series designation). Said bonds may be issued, at one time or from time to time, not to exceed two million three hundred thousand dollars ($2,300,000) for the purpose of paying all or any part of the cost of the project in excess of any direct appropriation or appropriation by the North Carolina General Assembly. The bonds of each issue shall be dated, shall bear interest at such rate or rates, shall mature at such time or times not exceeding 40 years from their date or dates of issuance and may be made redeemable before maturity, at such price or prices and under such terms and conditions, all as may be fixed by the State Treasurer with the approval of the secretary, subject to review by the Council of State.

The bonds shall be signed on behalf of the State of North Carolina by the Governor or shall bear his facsimile signature; shall be signed by the State Treasurer, or shall bear his facsimile signature, shall bear the Great Seal of the State or a facsimile thereof impressed or imprinted thereon; and shall carry interest coupons which shall bear a facsimile of the signature of the State

Treasurer. In the event that the bonds shall bear the facsimile signature of the State Treasurer, the bonds shall also be signed by an assistant treasurer or a deputy treasurer, as the State Treasurer shall determine. Should any officer whose signature or facsimile signature appears on any bonds or coupons cease to be such officer before the delivery of the bonds, such signature or facsimile shall nevertheless have the same validity for all purposes as if the officer had remained in office until delivery. The form and denomination of the bonds shall be as the State Treasurer may determine in conformity with this act, and the bonds shall be subject to registration as is now or hereafter may be provided by law for State bonds, and provision may also be made for the reconversion into coupon bonds of any bonds registered as to both principal and interest.

Subject to determination by the secretary as to the manner in which the bonds shall be offered for sale, whether by publishing notices in certain newspapers and financial journals or by mailing notices or by inviting bids by correspondence or otherwise, the State Treasurer is authorized to sell the bonds, at either public or private sale, at one time or from time to time at the best price obtainable.

The proceeds of the bonds shall be disbursed in such manner and under such restrictions, if any, as the State Treasurer shall determine, with the approval of the secretary, subject to review by the Council of State.

The order providing for the issuance of the bonds, and any trust agreement securing such bonds, may also contain such limitations upon the issuance of additional revenue bonds as the State Treasurer may deem proper, with the approval of the secretary and the Council of State.

Bonds or bond anticipation notes may be issued under this act and other powers vested in the State Treasurer or the Secretary of the Department of Administration or the Council of State under this act may be exercised without any other proceedings or the happening of any other conditions or things other than those proceedings, conditions, or things which are specifically required by this act.

Sec. 6. Trust agreement. In the discretion of the secretary, subject to approval by the Council of State, any revenue bonds issued under this act may be secured by a trust agreement by and between the secretary, representing the State, and a corporate trustee which may be any trust company or bank having the powers of a trust company within or without the State. Such trust agreement or the order of the secretary providing for the issuance of such bonds may pledge or assign the revenues to be received from or in connection with the operation of the project, but shall convey or mortgage the project or any part thereof. Such trust agreement or order may contain such provisions for protecting and enforcing the rights and remedies of the holders of such bonds as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the secretary in relation to the acquisition, construction, improvement, maintenance, repair and operation of the project, the fees, rents and charges to be fixed and collected, and the custody, safeguarding and application of all monies. It shall be lawful for any bank or trust company incorporated under the laws of the State which may act as depositary of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the secretary. Any such trust agreement or order may set forth the rights and remedies of the holders of the bonds and of the trustee, and may restrict the individual right of action by

such holders. In addition to the foregoing, any such trust agreement or order may contain such other provisions as the secretary or State treasurer may deem reasonable and proper for the security of such holders. Expenses incurred in carrying out the provisions of such trust agreements or order may be treated as a part of the cost of the project for which such bonds are issued or as an expense of operation of the project.

Sec. 7. Revenues. The secretary is hereby authorized to fix, revise, charge, and collect fees, rents, and charges for the use of and for the services and facilities furnished by the project or any portion thereof, on any time basis he deems appropriate and to contract with any person, partnership, association or corporation desiring the use of any part or all thereof, and to fix the terms, conditions, fees, rents, and charges for such use. Such fees, rents, and charges shall be so fixed and adjusted, with relation to other revenues or funds available therefor, as to provide funds at least sufficient, with such other revenues or funds, if any, (1) to pay the cost of maintaining, repairing, and operating the project, (2) to pay the principal of and the interest on such bonds as the same shall become due and payable and (3) to create and maintain reserves for such purposes. Such fees, rents, and charges shall not be subject to supervision or regulation by any municipal corporation, political subdivision, or commission, board, bureau, or agency of the State. A sufficient amount of revenues, except such part thereof as may be necessary to pay such cost of maintenance, repair and operation and to provide such reserves therefor and for renewals, replacements, extensions, enlargements and improvements as may be provided for in the order authorizing the issuance of such bonds or in the trust agreement securing the same, shall be set aside at such regular intervals as may be provided in such order or such trust agreement in a sinking fund which is hereby pledged to, and charged with, the payment of the principal of and the interest on such bonds as the same shall become due and the redemption price or the purchase price of bonds retired by call or purchase as therein provided. Such pledge shall be valid and binding from the time when the pledge is made; the fees, rents, charges, and other revenues so pledged and thereafter received, on behalf of the secretary shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the secretary, irrespective of whether such parties have notice thereof. Neither the order nor any trust agreement by which a pledge is created need be filed or recorded except in the records of the Secretary and the Council of State. The use and disposition of monies to the credit of such sinking fund shall be subject to the provisions of the order authorizing the issuance of such bonds or of such trust agreement.

Sec. 8. Trust funds. All monies received pursuant to the authority of this act, whether as proceeds from the sale of bonds or bond anticipation notes or as revenues, shall be deemed to be trust funds to be held and applied solely as provided in this act. The order authorizing the issuance of, or any trust agreement securing, any bonds or bond anticipation notes may provide that any of such monies may be temporarily invested pending the disbursement thereof and shall provide that any officer with whom, or any bank or trust company with which, such monies shall be deposited shall act as trustee of such monies and shall hold and apply the same for the purposes hereof, subject to such requirements as this act and such order or trust agreement may provide. Any

such monies may be deposited or invested as provided in such resolution or trust agreement in permissible deposits or investments under G.S. 147-69.1.

Sec. 9. Remedies. Any holder of bonds or bond anticipation notes issued under this act or of any coupons appertaining thereto and the trustee or trustees under any trust agreement or resolution authorizing the issuance of such bonds, except to the extent the rights herein given may be restricted by such trust agreement or resolution, may, either at law or in equity, by suit, action, mandamus or other proceedings, protect and enforce any and all rights under the laws of the State or granted hereunder or under such trust agreement or order, and may enforce and compel the performance of all duties required by this act or by such trust agreement or order to be performed by the secretary, including the fixing, charging and collecting of fees, rents and charges.

Sec. 10. Bond anticipation notes. With the approval of the secretary, subject to approval by the Council of State, the State Treasurer shall have the power, at any time and from time to time after the issuance of bonds hereunder shall have been authorized by the secretary, to borrow money for the purpose for which such bonds are to be issued in anticipation of the receipt of the proceeds of the sale of such bonds and within the authorized maximum amount of such bond issue. Bond anticipation notes shall be issued for monies borrowed under the provisions of this section, which notes shall be payable solely from the proceeds of the sale of such bonds or revenues derived from the project. Such notes may be renewed from time to time and such notes, including any renewal notes, shall mature not later than five years after the date on which the issuance of such bonds shall have been authorized. Such notes shall be authorized, shall be in such denomination or denominations, shall bear interest at such rate or rates, shall be in such form and shall be executed in such manner, all as may be fixed by the State Treasurer with the approval of the secretary and subject to approval by the Council of State.

Subject to determination by the secretary as to the manner in which the notes shall be offered for sale, whether by publishing notices in certain newspapers and financial journals or by mailing notices or by inviting bids by correspondence or otherwise, the State Treasurer is authorized to sell the notes, at either public or private sale, at one time or from time to time at the best price obtainable.

Sec. 11. Credit of State not pledged. Revenue bonds and bond anticipation notes issued under this act shall not be deemed to constitute a debt or liability of the State or a pledge of the faith and credit of the State, but shall be payable solely from the funds herein provided therefor. All such revenue bonds and notes shall contain on the face thereof a statement to the effect that neither the State, the Council of State, nor the secretary shall be obligated to pay the same or the interest thereon except from revenues as herein defined or, in the case of notes, from the proceeds of bonds, and that neither the faith and credit nor the taxing power of the State is pledged to the payment of the principal of or the interest on such bonds and notes. The issuance of revenue bonds or notes shall not directly or indirectly or contingently obligate the State to levy or to pledge any taxes whatsoever therefor.

Sec. 12. Construction contracts. Contracts for the construction of the project will be subject to the provisions of Article 8 of Chapter 143 of the North Carolina General Statutes.

Sec. 13. Negotiable instruments. Notwithstanding any of the foregoing provisions of this act or any recitals in any bonds or bond anticipation notes issued under the provisions of this act, all such bonds or notes and interest coupons appertaining thereto shall be and are hereby made negotiable instruments under the laws of this State, subject only to any applicable provisions for registration.

Sec. 14. Coupons as payment. The coupons appertaining to any bonds or bond anticipation notes after maturity shall be receivable in payment of all taxes, debts, dues, licenses, fines, and demands of any kind whatever due the State.

Sec. 15. Tax exemptions. All of the bonds, bond anticipation notes and coupons authorized by this act and their transfer shall be exempt from all State, county, and municipal taxation or assessment, direct or indirect, general or special, whether imposed for the purpose of general revenue or otherwise, and the interest on the bonds and the notes shall not be subject to taxation as to income, nor shall the bonds, notes, or coupons be subject to taxation when constituting a part of the surplus of any bank, trust company or other corporation.

Sec. 16. Investment legality. It shall be lawful for all executors, administrators, guardians, and fiduciaries generally, and all sinking fund commissions, to invest any monies in their hands in bonds and bond anticipation notes authorized by this act.

Sec. 17. Conflicting laws. This act is in addition to, not in derogation of, any other powers and authorities heretofore granted.

Sec. 18. Effective date. This act shall become effective upon its ratification.

In the General Assembly read three times and ratified, this the 25th day of June, 1975.

S. B. 901 **CHAPTER 861**

AN ACT TO DIRECT THE PROFESSIONAL LIABILITY INSURANCE STUDY COMMISSION TO STUDY: SHORTENING MALPRACTICE SUIT TIME, REQUIRING INFORMED CONSENT BY PERSONS TO BE TREATED BY HEALTH CARE PROVIDERS, AND CHANGING THE HEALTH CARE MALPRACTICE STANDARD.

The General Assembly of North Carolina enacts:

Section 1. The North Carolina Professional Liability Insurance Study Commission created by 1975 North Carolina Session Laws Chapter 623 is directed to study, and to make recommendations for such consideration as it deems necessary, the matters contained in this act. In addition to dealing with the issues specified in Section 1 of its createing act, the Liability Insurance Study Commission shall report to the session of the General Assembly held in the 1976 calendar year on its study and recommendations on the following:

(1) Shortening malpractice suit time (SB901/HB1240) as follows:

(a) The desirability of amending G.S. 1-15(b) by providing that the subsection shall not apply to an action arising out of the furnishing or failure to furnish medical, dental, or other care by a provider of health care, and that such an action shall be deemed to accrue at the time of the occurrence of or the failure to provide such care, except as otherwise provided by statute.

(b) The desirability of amending G.S. 1-17 by providing that an action on behalf of a minor arising out of the medical, dental, or other care by a provider of health care shall not be instituted after the expiration of five years after the cause of action accrued or after such minor becomes seven years of age, whichever is later.

(2) Requiring informed consent by persons to be treated by health care providers (SB902/HB1239) by enacting legislation as follows:

(a) No recovery shall be allowed in any court in this State against a physician, dentist, or other provider of health care for examining, treating, or operating upon a patient without the patient's informed consent where:

1. The action of the physician, dentist, or other provider of health care in obtaining the consent of the patient or of another person authorized to give consent for the patient was in accordance with an accepted standard of medical or dental practice among members of the medical or dental profession with

similar training and experience in the same or similar medical or dental community; and

2. A reasonable individual from the information provided by the physician, dentist, or other provider of health care under the circumstances would have a general understanding of the procedures or treatment and of the medically or dentally acceptable alternative procedures or treatment and of the substantial risks and hazards inherent in the proposed procedures or treatment which are recognized by other physicians, dentists, or similar providers of health care in the same or similar community who performs similar treatments or procedures; or

3. The patient would reasonably, under all the surrounding circumstances, have undergone such treatment or procedure of which he complains had he been advised by the physician, dentist, or other provider of health care involved, in accordance with the provisions of paragraphs (a) and (b) of this section.

(b) A consent which is evidenced in writing and which meets the foregoing standards, and which is signed by the patient or another authorized person, shall be presumed to be a valid consent. This presumption, however, may be subject to rebuttal only upon proof that such signature and consent was obtained by fraud, deception or misrepresentation of a material fact.

(3) Changing the health care malpractice standard (SB903/HB1241) by enacting legislation providing that in any action for damages for personal injury or death arising out of the furnishing or the failure to furnish medical, dental, or other health care, the defendant or defendants shall not be liable for the payment of damages unless the trier of the facts is satisfied by the greater weight of the evidence that the care of such provider or providers of health care was not in accordance with the practices and procedures which were approved and accepted by the providers of such care in the community in which the action arose or in similar communities at the time such action arose.

Sec. 2. This act shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 26th day of June, 1975.

S. B. 666 CHAPTER 862

AN ACT TO AMEND CHAPTER 25 OF THE GENERAL STATUTES, UNIFORM COMMERCIAL CODE, IN ORDER TO CONFORM SAID CHAPTER AND PARTICULARLY ARTICLE 9 THEREOF TO THE 1972 OFFICIAL TEXT OF THE UNIFORM COMMERCIAL CODE.

The General Assembly of North Carolina enacts:

Section 1. G.S. 25-1-105 is amended to read as follows:

"§ 25-1-105. *Territorial application of the act; parties' power to choose applicable law.*—(1) Except as provided hereafter in this section, when a transaction bears a reasonable relation to this State and also to another state or nation the parties may agree that the law either of this State or of such other state or nation shall govern their rights and duties. Failing such agreement this act applies to transactions bearing an appropriate relation to this State.

(2) Where one of the following provisions of this act specifies the applicable law, that provision governs and a contrary agreement is effective only to the extent permitted by the law (including the conflict of laws rules) so specified:

Rights of creditors against sold goods. (G.S. 25-2-402).

Applicability of the Article on Bank Deposits and Collections. (G.S. 25-4-102).

Bulk transfers subject to the Article on Bulk Transfers. (G.S. 25-6-102).

Applicability of the Article on Investment Securities. (G.S. 25-8-106).

Perfection provisions of the Article on Secured Transactions. (G.S. 25-9-103)."

Sec. 2. G.S. 25-1-201(9) is amended to read as follows:

"(9) 'Buyer in ordinary course of business' means a person who in good faith and without knowledge that the sale to him is in violation of the ownership rights or security interest of a third party in the goods buys in ordinary course from a person in the business of selling goods of that kind but does not include a pawnbroker. All persons who sell minerals or the like (including oil and gas) at wellhead or minehead shall be deemed to be persons in the business of selling goods of that kind. 'Buying' may be for cash or by exchange of other property or on secured or unsecured credit and includes receiving goods or documents of title under a pre-existing contract for sale but does not include a transfer in bulk or as security for or in total or partial satisfaction of a money debt."

Sec. 3. G.S. 25-1-201(37) is amended to read as follows:

"(37) 'Security interest' means an interest in personal property or fixtures which secures payment or performance of an obligation. The retention or reservation of title by a seller of goods notwithstanding shipment or delivery to the buyer (G.S. 25-2-401) is limited in effect to a reservation of a 'security interest'. The term also includes any interest of a buyer of accounts or chattel paper which is subject to Article 9. The special property interest of a buyer of goods on identification of such goods to a contract for sale under G.S. 25-2-401 is not a 'security interest', but a buyer may also acquire a 'security interest' by complying with Article 9. Unless a lease or consignment is intended as security, reservation of title thereunder is not a 'security interest' but a consignment is in any event subject to the provisions on consignment sales (G.S. 25-2-326). Whether a lease is intended as security is to be determined by the facts of each case; however, (a) the inclusion of an option to purchase does not of itself make the lease one intended for security, and (b) an agreement that upon compliance with the terms of the lease the lessee shall become or has the option to become the owner of the property for no additional consideration or for a nominal consideration does make the lease one intended for security."

Sec. 4. G.S. 25-2-107 is amended to read as follows:

"§ 25-2-107. *Goods to be severed from realty; recording.*—(1) A contract for the sale of minerals or the like (including oil and gas) or a structure or its materials to be removed from realty is a contract for the sale of goods within this Article if they are to be severed by the seller but until severance a purported present sale thereof which is not effective as a transfer of an interest in land is effective only as a contract to sell.

(2) A contract for the sale apart from the land of growing crops or other things attached to realty and capable of severance without material harm thereto but not described in subsection (1) or of timber to be cut is a contract for the sale of goods within this Article whether the subject matter is to be severed

by the buyer or by the seller even though it forms part of the realty at the time of contracting, and the parties can by identification effect a present sale before severance.

(3) The provisions of this section are subject to any third party rights provided by the law relating to realty records, and the contract for sale may be executed and recorded as a document transferring an interest in land and shall then constitute notice to third parties of the buyer's rights under the contract for sale."

Sec. 5. G.S. 25-5-116 is amended to read as follows:

"§ 25-5-116. *Transfer and assignment.*—(1) The right to draw under a credit can be transferred or assigned only when the credit is expressly designated as transferable or assignable.

(2) Even though the credit specifically states that it is nontransferable or nonassignable the beneficiary may before performance of the conditions of the credit assign his right to proceeds. Such an assignment is an assignment of an account under Article 9 on Secured Transactions and is governed by that Article except that

(a) the assignment is ineffective until the letter of credit or advice of credit is delivered to the assignee which delivery constitutes perfection of the security interest under Article 9; and

(b) the issuer may honor drafts or demands for payment drawn under the credit until it receives a notification of the assignment signed by the beneficiary which reasonably identifies the credit involved in the assignment and contains a request to pay the assignee; and

(c) after what reasonably appears to be such a notification has been received the issuer may without dishonor refuse to accept or pay even to a person otherwise entitled to honor until the letter of credit or advice of credit is exhibited to the issuer.

(3) Except where the beneficiary has effectively assigned his right to draw or his right to proceeds, nothing in this section limits his right to transfer or negotiate drafts or demands drawn under the credit."

Sec. 6. Article 9; Secured Transactions; Sales of Accounts, Contract Rights and Chattel Paper, of Chapter 25, Uniform Commercial Code; G.S. 25-9-101 through G.S. 25-9-607, inclusive, as the same appears in 1965 Replacement Volume ID of the General Statutes of North Carolina and the 1974 Cumulative Supplement, in its entirety, is repealed.

Sec. 7. Article 9; Secured Transactions; Sales of Accounts and Chattel Paper, of Chapter 25, Uniform Commercial Code, is hereby rewritten to read as follows:

"ARTICLE 9

"SECURED TRANSACTIONS; SALES OF

"ACCOUNTS AND CHATTEL PAPER

"PART I

"SHORT TITLE, APPLICABILITY AND DEFINITIONS

"§ 25-9-101. *Short title.*—This Article shall be known and may be cited as Uniform Commerical Code - Secured Transactions.

"§ 25-9-102. *Policy and subject matter of Article.*—(1) Except as otherwise provided in G.S. 25-9-104 on excluded transactions, this Article applies

(a) to any transaction (regardless of its form) which is intended to create a security interest in personal property or fixtures including goods,

documents, instruments, general intangibles, chattel paper or accounts; and also

(b) to any sale of accounts or chattel paper.

(2) This Article applies to security interests created by contract including pledge, assignment, chattel mortgage, chattel trust, trust deed, factor's lien, equipment trust, conditional sale, trust receipt, other lien or title retention contract and lease or consignment intended as security. This Article does not apply to statutory liens except as provided in G.S. 25-9-310.

(3) The application of this Article to a security interest in a secured obligation is not affected by the fact that the obligation is itself secured by a transaction or interest to which this Article does not apply.

"§ 25-9-103. *Perfection of security interests in multiple State transactions.*— (1) Documents, instruments and ordinary goods.

(a) This subsection applies to documents and instruments and to goods other than those covered by a certificate of title described in subsection (2), mobile goods described in subsection (3), and minerals described in subsection (5).

(b) Except as otherwise provided in this subsection, perfection and the effect of perfection or non-perfection of a security interest in collateral are governed by the law of the jurisdiction where the collateral is when the last event occurs on which is based the assertion that the security interest is perfected or unperfected.

(c) If the parties to a transaction creating a purchase money security interest in goods in one jurisdiction understand at the time that the security interest attaches that the goods will be kept in another jurisdiction, then the law of the other jurisdiction governs the perfection and the effect of perfection or non-perfection of the security interest from the time it attaches until 30 days after the debtor receives possession of the goods and thereafter if the goods are taken to the other jurisdiction before the end of the thirty-day period.

(d) When collateral is brought into and kept in this State while subject to a security interest perfected under the law of the jurisdiction from which the collateral was removed, the security interest remains perfected, but if action is required by Part 3 of this Article to perfect the security interest,

(i) if the action is not taken before the expiration of the period of perfection in the other jurisdiction or the end of four months after the collateral is brought into this State, whichever period first expires, the security interest becomes unperfected at the end of that period and is thereafter deemed to have been unperfected as against a person who became a purchaser after removal;

(ii) if the action is taken before the expiration of the period specified in subparagraph (i), the security interest continues perfected thereafter;

(iii)for the purpose of priority over a buyer of consumer goods (subsection (2) of G.S. 25-9-307), the period of the effectiveness of a filing in the jurisdiction from which the collateral is removed is governed by the rules with respect to perfection in subparagraphs (i) and (ii).

(2) Certificate of title.

(a) This subsection applies to goods covered by a certificate of title issued under a statute of this State or of another jurisdiction under the law of which indication of a security interest on the certificate is required as a condition of perfection.

(b) Except as otherwise provided in this subsection, perfection and the effect of perfection or non-perfection of the security interest are governed by the law (including the conflict of laws rules) of the jurisdiction issuing the certificate until four months after the goods are removed from that jurisdiction and thereafter until the goods are registered in another jurisdiction, but in any event not beyond surrender of the certificate. After the expiration of that period, the goods are not covered by the certificate of title within the meaning of this section.

(c) Except with respect to the rights of a buyer described in the next paragraph, a security interest, perfected in another jurisdiction otherwise than by notation on a certificate of title, in goods brought into this State and thereafter covered by a certificate of title issued by this State is subject to the rules stated in paragraph (d) of subsection (1).

(d) If goods are brought into this State while a security interest therein is perfected in any manner under the law of the jurisdiction from which the goods are removed and a certificate of title is issued by this State and the certificate does not show that the goods are subject to the security interest or that they may be subject to security interests not shown on the certificate, the security interest is subordinate to the rights of a buyer of the goods who is not in the business of selling goods of that kind to the extent that he gives value and receives delivery of the goods after issuance of the certificate and without knowledge of the security interest.

(3) Accounts, general intangibles and mobile goods.

(a) This subsection applies to accounts (other than an account described in subsection (5) on minerals) and general intangibles and to goods which are mobile and which are of a type normally used in more than one jurisdiction, such as motor vehicles, trailers, rolling stock, airplanes, shipping containers, road building and construction machinery and commercial harvesting machinery and the like, if the goods are equipment or are inventory leased or held for lease by the debtor to others, and are not covered by a certificate of title described in subsection (2).

(b) The law (including the conflict of laws rules) of the jurisdiction in which the debtor is located governs the perfection and the effect of perfection or non-perfection of the security interest.

(c) If, however, the debtor is located in a jurisdiction which is not a part of the United States, and which does not provide for perfection of the security interest by filing or recording in that jurisdiction, the law of the jurisdiction in the United States in which the debtor has its major executive office in the United States governs the perfection and the effect of perfection or non-perfection of the security interest through filing. In the alternative, if the debtor is located in a jurisdiction which is not a part of the United States or Canada and the collateral is accounts or general intangibles for money due or to become due, the security

interest may be perfected by notification to the account debtor. As used in this paragraph, 'United States' includes its territories and possessions and the Commonwealth of Puerto Rico.

(d) A debtor shall be deemed located at his place of business if he has one, at his chief executive office if he has more than one place of business, otherwise at his residence. If, however, the debtor is a foreign air carrier under the Federal Aviation Act of 1958, as amended, it shall be deemed located at the designated office of the agent upon whom service of process may be made on behalf of the foreign air carrier.

(e) A security interest perfected under the law of the jurisdiction of the location of the debtor is perfected until the expiration of four months after a change of the debtor's location to another jurisdiction, or until perfection would have ceased by the law of the first jurisdiction, whichever period first expires. Unless perfected in the new jurisdiction before the end of that period, it becomes unperfected thereafter and is deemed to have been unperfected as against a person who became a purchaser after the change.

(4) Chattel paper. The rules stated for goods in subsection (1) apply to a possessory security interest in chattel paper. The rules stated for accounts in subsection (3) apply to a non-possessory security interest in chattel paper, but the security interest may not be perfected by notification to the account debtor.

(5) Minerals. Perfection and the effect of perfection or non-perfection of a security interest which is created by a debtor who has an interest in minerals or the like (including oil and gas) before extraction and which attaches thereto as extracted, or which attaches to an account resulting from the sale thereof at the wellhead or minehead are governed by the law (including the conflict of laws rules) of the jurisdiction wherein the wellhead or minehead is located.

"§ 25-9-104. *Transactions excluded from Article.*—This Article does not apply

(a) to a security interest subject to any statute of the United States to the extent that such statute governs the rights of parties to and third parties affected by transactions in particular types of property; or

(b) to a landlord's lien; or

(c) to a lien given by statute or other rule of law for services or materials except as provided in G.S. 25-9-310 on priority of such liens; or

(d) to a transfer of a claim for wages, salary or other compensation of an employee; or

(e) to a transfer by a government or governmental subdivision or agency; or

(f) to a sale of accounts or chattel paper as part of a sale of the business out of which they arose, or an assignment of accounts or chattel paper which is for the purpose of collection only, or a transfer of a right to payment under a contract to any assignee who is also to do the performance under the contract or a transfer of a single account to an assignee in whole or partial satisfaction of a preexisting indebtedness; or

(g) to a transfer of an interest in or claim in or under any policy of insurance, except as provided with respect to proceeds (G.S. 25-9-306) and priorities in proceeds (G.S. 25-9-312); or

(h) to a right represented by a judgment (other than a judgment taken on a right to payment which was collateral); or

(i) to any right of set-off; or

(j) except to the extent that provision is made for fixtures in G.S. 25-9-313, to the creation or transfer of an interest in or lien on real estate, including a lease or rents thereunder; or

(k) to a transfer in whole or in part of any claim arising out of tort; or

(l) to a transfer of an interest in any deposit account (subsection (1) of G.S. 25-9-105), except as provided with respect to proceeds (G.S. 25-9-306) and priorities in proceeds (G.S. 25-9-312).

"§ 25-9-105. *Definitions and index of definitions.*—(1) In this Article unless the context otherwise requires:

(a) 'Account debtor' means the person who is obligated on an account, chattel paper or general intangible;

(b) 'Chattel paper' means a writing or writings which evidence both a monetary obligation and a security interest in or a lease of specific goods, but a charter or other contract involving the use or hire of a vessel is not chattel paper. When a transaction is evidenced both by such a security agreement or a lease and by an instrument or a series of instruments, the group of writings taken together constitutes chattel paper;

(c) 'Collateral' means the property subject to a security interest, and includes accounts and chattel paper which have been sold;

(d) 'Debtor' means the person who owes payment or other performance of the obligation secured, whether or not he owns or has rights in the collateral, and includes the seller of accounts or chattel paper. Where the debtor and the owner of the collateral are not the same person, the term 'debtor' means the owner of the collateral in any provision of the Article dealing with the collateral, the obligor in any provision dealing with the obligation, and may include both where the context so requires;

(e) 'Deposit account' means a demand, time, savings, passbook or like account maintained with a bank, savings and loan association, credit union or like organization, other than an account evidenced by a certificate of deposit;

(f) 'Document' means document of title as defined in the general definitions of Article 1 (G.S. 25-1-201), and a receipt of the kind described in subsection (2) of G.S. 25-7-201;

(g) 'Encumbrance' includes real estate mortgages and other liens on real estate and all other rights in real estate that are not ownership interests;

(h) 'Goods' includes all things which are movable at the time the security interest attaches or which are fixtures (G.S. 25-9-313), but does not include money, documents, instruments, accounts, chattel paper, general intangibles, or minerals or the like (including oil and gas) before extraction. 'Goods' also includes standing timber which is to be cut and removed under a conveyance or contract for sale, the unborn young of animals, and growing crops;

(i) 'Instrument' means a negotiable instrument (defined in G.S. 25-3-104), or a security (defined in G.S. 25-8-102) or any other writing which evidences a right to the payment of money and is not itself a security agreement or lease and is of a type which is in ordinary course of

business transferred by delivery with any necessary indorsement or assignment;

(j) 'Mortgage' means a consensual interest created by a real estate mortgage, a trust deed on real estate, or the like;

(k) An advance is made 'pursuant to commitment' if the secured party has bound himself to make it, whether or not a subsequent event of default or other event not within his control has relieved or may relieve him from his obligation;

(l) 'Security agreement' means an agreement which creates or provides for a security interest;

(m) 'Secured party' means a lender, seller or other person in whose favor there is a security interest, including a person to whom accounts or chattel paper have been sold. When the holders of obligations issued under an indenture of trust, equipment trust agreement or the like are represented by a trustee or other person, the representative is the secured party.

"§ 25-9-106. *Definitions*: '*Account*'; '*General Intangibles*'.—'Account' means any right to payment for goods sold or leased or for services rendered which is not evidenced by an instrument or chattel paper, whether or not it has been earned by performance. 'General intangibles' means any personal property (including things in action) other than goods, accounts, chattel paper, documents, instruments, and money. All rights to payment earned or unearned under a charter or other contract involving the use or hire of a vessel and all rights incident to the charter or contract are accounts.

"§ 25-9-107. *Definitions*: '*Purchase money security interest*'.—A security interest is a 'purchase money security interest' to the extent that it is

(a) taken or retained by the seller of the collateral to secure all or part of its price; or

(b) taken by a person who by making advances or incurring an obligation gives value to enable the debtor to acquire rights in or the use of collateral if such value is in fact so used.

"§ 25-9-108. *When after-acquired collateral not security for antecedent debt.*—Where a secured party makes an advance, incurs an obligation, releases a perfected security interest, or otherwise gives new value which is to be secured in whole or in part by after-acquired property his security interest in the after-acquired collateral shall be deemed to be taken for new value and not as security for an antecedent debt if the debtor acquires his rights in such collateral either in the ordinary course of his business or under a contract of purchase made pursuant to the security agreement within a reasonable time after new value is given.

"§ 25-9-109. *Classification of goods*; '*consumer goods*'; '*equipment*'; '*farm products*'; '*inventory*'.—Goods are

(1) 'consumer goods' if they are used or bought for use primarily for personal, family or household purposes;

(2) 'equipment' if they are used or bought for use primarily in business (including farming or a profession) or by a debtor who is a non-profit organization or a governmental subdivision or agency or if the goods are not included in the definitions of inventory, farm products or consumer goods;

(3) 'farm products' if they are crops or livestock or supplies used or produced in farming operations or if they are products of crops or livestock in their unmanufactured states (such as ginned cotton, wool-clip, maple syrup, milk and eggs), and if they are in the possession of a debtor engaged in raising, fattening, grazing or other farming operations. If goods are farm products they are neither equipment nor inventory;

(4) 'inventory' if they are held by a person who holds them for sale or lease or to be furnished under contracts of service or if he has so furnished them, or if they are raw materials, work in process or materials used or consumed in a business. Inventory of a person is not to be classified as his equipment.

"§ 25-9-110. *Sufficiency of description.*—For the purposes of this Article any description of personal property or real estate is sufficient whether or not it is specific if it reasonably identifies what is described.

"§ 25-9-111. *Applicability of bulk transfer laws.*—The creation of a security interest is not a bulk transfer under Article 6 (see G.S. 25-6-103).

"§ 25-9-112. *Where collateral is not owned by debtor.*—Unless otherwise agreed, when a secured party knows that collateral is owned by a person who is not the debtor, the owner of the collateral is entitled to receive from the secured party any surplus under G.S. 25-9-502(2) or under G.S. 25-9-504(1), and is not liable for the debt or for any deficiency after resale, and he has the same right as the debtor

(a) to receive statements under G.S. 25-9-208;

(b) to receive notice of and to object to a secured party's proposal to retain the collateral in satisfaction of the indebtedness under G.S. 25-9-505;

(c) to redeem the collateral under G.S. 25-9-506;

(d) to obtain injunctive or other relief under G.S. 25-9-507(1); and

(e) to recover losses caused to him under G.S. 25-9-208(2).

"§ 25-9-113. *Security interests arising under Article on Sales.*—A security interest arising solely under the Article on Sales (Article 2) is subject to the provisions of this Article except that to the extent that and so long as the debtor does not have or does not lawfully obtain possession of the goods

(a) no security agreement is necessary to make the security interest enforceable; and

(b) no filing is required to perfect the security interest; and

(c) the rights of the secured party on default by the debtor are governed by the Article on Sales (Article 2).

"§ 25-9-114. *Consignment.*—(1) A person who delivers goods under a consignment which is not a security interest and who would be required to file under this Article by paragraph (3)(c) of G.S. 25-2-326 has priority over a secured party who is or becomes a creditor of the consignee and who would have a perfected security interest in the goods if they were the property of the consignee, and also has priority with respect to identifiable cash proceeds received on or before delivery of the goods to a buyer, if

(a) the consignor complies with the filing provision of the Article on Sales with respect to consignments (paragraph (3)(c) of G.S. 25-2-326) before the consignee receives possession of the goods; and

(b) the consignor gives notification in writing to the holder of the security interest if the holder has filed a financing statement covering the same types of goods before the date of the filing made by the consignor; and

(c) the holder of the security interest receives the notification within five years before the consignee receives possession of the goods; and

(d) the notification states that the consignor expects to deliver goods on consignment to the consignee, describing the goods by item or type.

(2) In the case of a consignment which is not a security interest and in which the requirements of the preceding subsection have not been met, a person who delivers goods to another is subordinate to a person who would have a perfected security interest in the goods if they were the property of the debtor."

"PART 2

"VALIDITY OF SECURITY AGREEMENT AND RIGHTS OF PARTIES THERETO

"§ 25-9-201. *General validity of security agreement.*—Except as otherwise provided by this Act a security agreement is effective according to its terms between the parties, against purchasers of the collateral and against creditors. Nothing in this Article validates any charge or practice illegal under any statute or regulation thereunder governing usury, small loans, retail installment sales, or the like, or extends the application of any such statute or regulation to any transaction not otherwise subject thereto.

"§ 25-9-202. *Title to collateral immaterial.*—Each provision of this Article with regard to rights, obligations and remedies applies whether title to collateral is in the secured party or in the debtor.

"§ 25-9-203. *Attachment and enforceability of security interest; proceeds; formal requisites.*—(1) Subject to the provisions of G.S. 25-4-208 on the security interest of a collecting bank and G.S. 25-9-113 on a security interest arising under the Article on Sales, a security interest is not enforceable against

the debtor or third parties with respect to the collateral and does not attach unless

(a) the collateral is in the possession of the secured party pursuant to agreement, or the debtor has signed a security agreement which contains a description of the collateral and in addition, when the security interest covers crops growing or to be grown or timber to be cut, a description of the land concerned; and

(b) value has been given; and

(c) the debtor has rights in the collateral.

(2) A security interest attaches when it becomes enforceable against the debtor with respect to the collateral. Attachment occurs as soon as all of the events specified in subsection (1) have taken place unless explicit agreement postpones the time of attaching.

(3) Unless otherwise agreed a security agreement gives the secured party the rights to proceeds provided by G.S. 25-9-306.

(4) A transaction, although subject to this Article, is also subject to the North Carolina Consumer Finance Act (being G.S. 53-164 through G.S. 53-191), G.S. 24-1 and G.S. 24-2, and G.S. 91-1 through G.S. 91-8, the Retail Installment Sales Act (being Chapter 25A of the North Carolina General Statutes), and in the case of conflict between the provisions of this Article and any such statute, the provisions of such statute control. Failure to comply with any applicable statute has only the effect which is specified therein.

"§ 25-9-204. *After-acquired property; future advances.*—(1) Except as provided in subsection (2), a security agreement may provide that any or all obligations covered by the security agreement are to be secured by after-acquired collateral.

(2) No security interest attaches under an after-acquired property clause to consumer goods other than accessions (G.S. 25-9-314) when given as additional security unless the debtor acquired rights in them within ten days after the secured party gives value.

(3) Obligations covered by a security agreement may include future advances or other value whether or not the advances or value are given pursuant to commitment (subsection (1) of G.S. 25-9-105).

"§ 25-9-205. *Use or disposition of collateral without accounting permissible.*—A security interest is not invalid or fraudulent against creditors by reason of liberty in the debtor to use, commingle or dispose of all or part of the collateral (including returned or repossessed goods) or to collect or compromise accounts or chattel paper, or to accept the return of goods or make repossessions, or to use, commingle or dispose of proceeds, or by reason of the failure of the secured party to require the debtor to account for proceeds or replace collateral. This section does not relax the requirements of possession where perfection of a security interest depends upon possession of the collateral by the secured party or by a bailee.

"§ 25-9-206. *Agreement not to assert defenses against assignee; modification of sales warranties where security agreement exists.*—(1) Subject to any statute or decision which establishes a different rule for buyers or lessees of consumer goods, an agreement by a buyer or lessee that he will not assert against an assignee any claim or defense which he may have against the seller or lessor is enforceable by an assignee who takes his assignment for value, in good faith and without notice of a claim or defense, except as to defenses of a type which may

be asserted against a holder in due course of a negotiable instrument under the Article on Commercial Paper (Article 3). A buyer who as part of one transaction signs both a negotiable instrument and a security agreement makes such an agreement.

(2) When a seller retains a purchase money security interest in goods the Article on Sales (Article 2) governs the sale and any disclaimer, limitation or modification of the seller's warranties.

"§ 25-9-207. *Rights and duties when collateral is in secured party' s possession.*—(1) A secured party must use reasonable care in the custody and preservation of collateral in his possession. In the case of an instrument or chattel paper reasonable care includes taking necessary steps to preserve rights against prior parties unless otherwise agreed.

(2) Unless otherwise agreed, when collateral is in the secured party's possession

(a) reasonable expenses (including the cost of any insurance and payment of taxes or other charges) incurred in the custody, preservation, use or operation of the collateral are chargeable to the debtor and are secured by the collateral;

(b) the risk of accidental loss or damage is on the debtor to the extent of any deficiency in any effective insurance coverage;

(c) the secured party may hold as additional security any increase or profits (except money) received from the collateral, but money so received, unless remitted to the debtor, shall be applied in reduction of the secured obligation;

(d) the secured party must keep the collateral identifiable but fungible collateral may be commingled;

(e) the secured party may repledge the collateral upon terms which do not impair the debtor's right to redeem it.

(3) A secured party is liable for any loss caused by his failure to meet any obligation imposed by the preceding subsections but does not lose his security interest.

(4) A secured party may use or operate the collateral for the purpose of preserving the collateral or its value or pursuant to the order of a court of appropriate jurisdiction or, except in the case of consumer goods, in the manner and to the extent provided in the security agreement.

"§ 25-9-208. *Request for statement of account or list of collateral.*—(1) A debtor may sign a statement indicating what he believes to be the aggregate amount of unpaid indebtedness as of a specified date and may send it to the secured party with a request that the statement be approved or corrected and returned to the debtor. When the security agreement or any other record kept by the secured party identifies the collateral a debtor may similarly request the secured party to approve or correct a list of the collateral.

(2) The secured party must comply with such a request within two weeks after receipt by sending a written correction or approval. If the secured party claims a security interest in all of a particular type of collateral owned by the debtor he may indicate that fact in his reply and need not approve or correct an itemized list of such collateral. If the secured party without reasonable excuse fails to comply he is liable for any loss caused to the debtor thereby; and if the debtor has properly included in his request a good faith statement of the obligation or a list of the collateral or both the secured party may claim a

security interest only as shown in the statement against persons misled by his failure to comply. If he no longer has an interest in the obligation or collateral at the time the request is received he must disclose the name and address of any successor in interest known to him and he is liable for any loss caused to the debtor as a result of failure to disclose. A successor in interest is not subject to this section until a request is received by him.

(3) A debtor is entitled to such a statement once every six months without charge. The secured party may require payment of a charge not exceeding ten dollars ($10.00) for each additional statement furnished.

"PART 3

"RIGHTS OF THIRD PARTIES; PERFECTED AND UNPERFECTED SECURITY INTERESTS; RULES OF PRIORITY.

"§ 25-9-301. *Persons who take priority over unperfected security interests; rights of 'lien creditor'.*—(1) Except as otherwise provided in subsection (2), an unperfected security interest is subordinate to the rights of

(a) persons entitled to priority under G.S. 25-9-312;

(b) a person who becomes a lien creditor before the security interest is perfected;

(c) in the case of goods, instruments, documents, and chattel paper, a person who is not a secured party and who is a transferee in bulk or other buyer not in ordinary course of business or is a buyer of farm products in ordinary course of business, to the extent that he gives value and receives delivery of the collateral without knowledge of the security interest and before it is perfected;

(d) in the case of accounts and general intangibles, a person who is not a secured party and who is a transferee to the extent that he gives value without knowledge of the security interest and before it is perfected.

(2) If the secured party files with respect to a purchase money security interest before or within ten days after the debtor receives possession of the collateral, he takes priority over the rights of a transferee in bulk or of a lien creditor which arise between the time the security interest attaches and the time of filing.

(3) A 'lien creditor' means a creditor who has acquired a lien on the property involved by attachment, levy or the like and includes an assignee for benefit of creditors from the time of assignment, and a trustee in bankruptcy from the date of the filing of the petition or a receiver in equity from the time of appointment.

(4) A person who becomes a lien creditor while a security interest is perfected takes subject to the security interest only to the extent that it secures advances made before he becomes a lien creditor or within 45 days thereafter or made without knowledge of the lien or pursuant to a commitment entered into without knowledge of the lien.

"§ 25-9-302. *When filing is required to perfect security interest; security interests to which filing provisions of this Article do not apply.*—(1) A financing statement must be filed to perfect all security interests except the following:

(a) a security interest in collateral in possession of the secured party under G.S. 25-9-305;

(b) a security interest temporarily perfected in instruments or documents

without delivery under G.S. 25-9-304 or in proceeds for a 10 day period under G.S. 25-9-306;

(c) a security interest created by an assignment of a beneficial interest in a trust or a decedent's estate;

(d) a purchase money security interest in consumer goods; but compliance with G.S. 20-58 et seq. is required for a motor vehicle required to be registered; and fixture filing is required for priority over conflicting interests in fixtures to the extent provided in G.S. 25-9-313;

(e) an assignment of accounts which does not alone or in conjunction with other assignments to the same assignee transfer a significant part of the outstanding accounts of the assignor;

(f) a security interest of a collecting bank (G.S. 25-4-208) or arising under the Article on Sales (see G.S. 25-9-113) or covered in subsection (3) of this section;

(g) an assignment for the benefit of all the creditors of the transferor, and subsequent transfers by the assignee thereunder.

(2) If a secured party assigns a perfected security interest, no filing under this Article is required in order to continue the perfected status of the security interest against creditors of and transferees from the original debtor.

(3) The filing of a financing statement otherwise required by this Article is not necessary or effective to perfect a security interest in property subject to

(a) a statute or treaty of the United States which provides for a national or international registration or a national or international certificate of title or which specifies a place of filing different from that specified in this Article for filing of the security interest; or

(b) the following statute of this State: G.S. 20-58 et seq. as to any personal property required to be registered pursuant to Chapter 20 of the General Statutes; but during any period in which collateral is inventory held for sale by a person who is in the business of selling goods of that kind, the filing provisions of this Article (Part 4) apply to a security interest in that collateral created by him as debtor; or

(c) a certificate of title statute of another jurisdiction under the law of which indication of a security interest on the certificate is required as a condition of perfection (subsection (2) of G.S. 25-9-103).

(4) Compliance with a statute or treaty described in subsection (3) is equivalent to the filing of a financing statement under this Article, and a security interest in property subject to the statute or treaty can be perfected only by compliance therewith except as provided in G.S. 25-9-103 on multiple state transactions. Duration and renewal of perfection of a security interest perfected by compliance with the statute or treaty are governed by the provisions of the statute or treaty; in other respects the security interest is subject to this Article.

(5) The filing provisions of this Article do not apply to a security interest in property of any description or any interest therein created by a deed of trust or mortgage made by a public utility as defined in G.S. 62-3(23) or by any electric or telephone membership domesticated or incorporated in North Carolina, but the deed of trust or mortgage shall be registered in the county or counties in which such deed of trust or mortgage is required by G.S. 47-20 to be registered.

(6) The filing provisions of this Article do not apply to any security interest created in connection with the issuance of any bond, note or other evidence of

indebtedness for borrowed money by this State or any political subdivision or agency thereof.

"§ 25-9-303. *When security interest is perfected; continuity of perfection.*—(1) A security interest is perfected when it has attached and when all of the applicable steps required for perfection have been taken. Such steps are specified in G.S. 25-9-302, 25-9-304, 25-9-305 and 25-9-306. If such steps are taken before the security interest attaches, it is perfected at the time it attaches.

(2) If a security interest is originally perfected in any way permitted under this Article and is subsequently perfected in some other way under this Article, without an intermediate period when it was unperfected, the security interest shall be deemed to be perfected continuously for the purposes of this Article.

"§ 25-9-304. *Perfection of security interest in instruments, documents, and goods covered by documents; perfection by permissive filing; temporary perfection without filing or transfer of possession.*—(1) A security interest in chattel paper or negotiable documents may be perfected by filing. A security interest in money or instruments (other than instruments which constitute part of chattel paper) can be perfected only by the secured party's taking possession, except as provided in subsections (4) and (5) of this section and subsections (2) and (3) of G.S. 25-9-306 on proceeds.

(2) During the period that goods are in the possession of the issuer of a negotiable document therefor, a security interest in the goods is perfected by perfecting a security interest in the document, and any security interest in the goods otherwise perfected during such period is subject thereto.

(3) A security interest in goods in the possession of a bailee other than one who has issued a negotiable document therefor is perfected by issuance of a document in the name of the secured party or by the bailee's receipt of notification of the secured party's interest or by filing as to the goods.

(4) A security interest in instruments or negotiable documents is perfected without filing or the taking of possession for a period of 21 days from the time it attaches to the extent that it arises for new value given under a written security agreement.

(5) A security interest remains perfected for a period of 21 days without filing where a secured party having a perfected security interest in an instrument, a negotiable document or goods in possession of a bailee other than one who has issued a negotiable document therefor

(a) makes available to the debtor the goods or documents representing the goods for the purpose of ultimate sale or exchange or for the purpose of loading, unloading, storing, shipping, transshipping, manufacturing, processing or otherwise dealing with them in a manner preliminary to their sale or exchange, but priority between conflicting security interests in the goods is subject to subsection (3) of G.S. 25-9-312; or

(b) delivers the instrument to the debtor for the purpose of ultimate sale or exchange or of presentation, collection, renewal or registration of transfer.

(6) After the 21 day period in subsections (4) and (5) perfection depends upon compliance with applicable provisions of this Article.

"§ 25-9-305. *When possession by secured party perfects security interest without filing.*—A security interest in letters of credit and advices of credit (subsection (2) (a) of G.S. 25-5-116), goods, instruments, money, negotiable documents or chattel paper may be perfected by the secured party's taking

possession of the collateral. If such collateral other than goods covered by a negotiable document is held by a bailee, the secured party is deemed to have possession from the time the bailee receives notification of the secured party's interest. A security interest is perfected by possession from the time possession is taken without relation back and continues only so long as possession is retained, unless otherwise specified in this Article. The security interest may be otherwise perfected as provided in this Article before or after the period of possession by the secured party.

"§ 25-9-306. '*Proceeds*'; *secured party's rights on disposition of collateral.*—(1) 'Proceeds' includes whatever is received upon the sale, exchange, collection or other disposition of collateral or proceeds. Insurance payable by reason of loss or damage to the collateral is proceeds, except to the extent that it is payable to a person other than a party to the security agreement. Money, checks, deposit accounts, and the like are 'cash proceeds'. All other proceeds are 'non-cash proceeds'.

(2) Except where this Article otherwise provides, a security interest continues in collateral notwithstanding sale, exchange or other disposition thereof unless the disposition was authorized by the secured party in the security agreement or otherwise, and also continues in any identifiable proceeds including collections received by the debtor.

(3) The security interest in proceeds is a continuously perfected security interest if the interest in the original collateral was perfected but it ceases to be a perfected security interest and becomes unperfected ten days after receipt of the proceeds by the debtor unless

(a) a filed financing statement covers the original collateral and the proceeds are collateral in which a security interest may be perfected by filing in the office or offices where the financing statement has been filed and, if the proceeds are acquired with cash proceeds, the description of collateral in the financing statement indicates the types of property constituting the proceeds; or

(b) a filed financing statement covers the original collateral and the proceeds are identifiable cash proceeds; or

(c) the security interest in the proceeds is perfected before the expiration of the 10 day period.

Except as provided in this section, a security interest in proceeds can be perfected only by the methods or under the circumstances permitted in this Article for original collateral of the same type.

(4) In the event of insolvency proceedings instituted by or against a debtor, a secured party with a perfected security interest in proceeds has a perfected security interest only in the following proceeds:

(a) in identifiable non-cash proceeds and in separate deposit accounts containing only proceeds;

(b) in identifiable cash proceeds in the form of money which is neither commingled with other money nor deposited in a deposit account prior to the insolvency proceedings;

(c) in identifiable cash proceeds in the form of checks and the like which are not deposited in a deposit account prior to the insolvency proceedings; and

(d) in all cash and deposit accounts of the debtor in which proceeds have

been commingled with other funds, but the perfected security interest under this paragraph(d) is

(i) subject to any right to set-off; and

(ii) limited to an amount not greater than the amount of any cash proceeds received by the debtor within ten days before the institution of the insolvency proceedings less the sum of (I) the payments to the secured party on account of cash proceeds received by the debtor during such periods and (II) the cash proceeds received by the debtor during such period to which the secured party is entitled under paragraphs (a) through (c) of this subsection (4).

(5) If a sale of goods results in an account or chattel paper which is transferred by the seller to a secured party, and if the goods are returned to or are repossessed by the seller or the secured party, the following rules determine priorities:

(a) If the goods were collateral at the time of sale, for an indebtedness of the seller which is still unpaid, the original security interest attaches again to the goods and continues as a perfected security interest if it was perfected at the time when the goods were sold. If the security interest was originally perfected by a filing which is still effective, nothing further is required to continue the perfected status; in any other case, the secured party must take possession of the returned or repossessed goods or must file.

(b) An unpaid transferee of the chattel paper has a security interest in the goods against the transferor. Such security interest is prior to a security interest asserted under paragraph (a) to the extent that the transferee of the chattel paper was entitled to priority under G.S. 25-9-308.

(c) An unpaid transferee of the account has a security interest in the goods against the transferor. Such security interest is subordinate to a security interest asserted under paragraph(a).

(d) A security interest of an unpaid transferee asserted under paragraph (b) or (c) must be perfected for protection against creditors of the transferor and purchasers of the returned or repossessed goods.

"§ 25-9-307. *Protection of buyers of goods.*—(1) A buyer in ordinary course of business (subsection (9) of G.S. 25-1-201) other than a person buying farm products from a person engaged in farming operations takes free of a security interest created by his seller even though the security interest is perfected and even though the buyer knows of its existence.

(2) In the case of consumer goods, a buyer takes free of a security interest even though perfected if he buys without knowledge of the security interest, for value and for his own personal, family or household purposes unless prior to the purchase the secured party has filed a financing statement covering such goods.

(3) A buyer other than a buyer in ordinary course of business (subsection (1) of this section) takes free of a security interest to the extent that it secures future advances made after the secured party acquires knowledge of the purchase, or more than 45 days after the purchase, which ever first occurs, unless made pursuant to a commitment entered into without knowledge of the purchase and before the expiration of the 45-day period.

"§ 25-9-308. *Purchase of chattel paper and instruments.*—A purchaser of chattel paper or an instrument who gives new value and takes possession of it in

the ordinary course of his business has priority over a security interest in the chattel paper or instrument

(a) which is perfected under G.S. 25-9-304 (permissive filing and temporary perfection) or under G.S. 25-9-306 (perfection as to proceeds) if he acts without knowledge that the specific paper or instrument is subject to a security interest; or

(b) which is claimed merely as proceeds of inventory subject to a security interest (G.S 25-9-306) even though he knows that the specific paper or instrument is subject to the security interest.

"§ 25-9-309. *Protection of purchasers of instruments and documents.*—Nothing in this Article limits the rights of a holder in due course of a negotiable instrument (G.S. 25-3-302) or a holder to whom a negotiable document of title has been duly negotiated (G.S. 25-7-501) or a bona fide purchaser of a security (G.S 25-8-301) and such holders or purchasers take priority over an earlier security interest even though perfected. Filing under this Article does not constitute notice of the security interest to such holders or purchasers.

"§ 25-9-310. *Priority of certain liens arising by operation of law.*—When a person in the ordinary course of his business furnishes services or materials with respect to goods subject to a security interest, a lien upon goods in the possession of such person given by statute or rule of law for such materials or services takes priority over a perfected security interest unless the lien is statutory and the statute expressly provides otherwise.

"§ 25-9-311. *Alienability of debtor's rights: judicial process.*—The debtor's rights in collateral may be voluntarily or involuntarily transferred (by way of sale, creation of a security interest, attachment, levy, garnishment or other judicial process) notwithstanding a provision in the security agreement prohibiting any transfer or making the transfer constitute a default.

"§ 25-9-312. *Priorities among conflicting security interests in the same collateral.*—(1) The rules of priority stated in other sections of this Part and in the following sections shall govern when applicable: G.S 25-4-208 with respect to the security interests of collecting banks in items being collected, accompanying documents and proceeds; G.S. 25-9-103 on security interests related to other jurisdictions; G.S. 25-9-114 on consignments.

(2) A perfected security interest in crops for new value given to enable the debtor to produce the crops during the production season and given not more than three months before the crops become growing crops by planting or otherwise takes priority over an earlier perfected security interest to the extent that such earlier interest secures obligations due more than six months before the crops become growing crops by planting or otherwise, even though the person giving new value had knowledge of the earlier security interest.

(3) A perfected purchase money security interest in inventory has priority over a conflicting security interest in the same inventory and also has priority in identifiable cash proceeds received on or before the delivery of the inventory to a buyer if

(a) the purchase money security interest is perfected at the time the debtor receives possession of the inventory; and

(b) the purchase money secured party gives notification in writing to the holder of the conflicting security interest if the holder had filed a financing statement covering the same types of inventory (i) before the date of the filing made by the purchase money secured party, or (ii)

before the beginning of the 21 day period where the purchase money security interest is temporarily perfected without filing or possession (subsection (5) of G.S. 25-9-304); and

(c) the holder of the conflicting security interest receives the notification within five years before the debtor receives possession of the inventory; and

(d) the notification states that the person giving the notice has or expects to acquire a purchase money security interest in inventory of the debtor, describing such inventory by item or type.

(4) A purchase money security interest in collateral other than inventory has priority over a conflicting security interest in the same collateral or its proceeds if the purchase money security interest is perfected at the time the debtor receives possession of the collateral or within ten days thereafter.

(5) In all cases not governed by other rules stated in this section (including cases of purchase money security interests which do not qualify for the special priorities set forth in subsections (3) and (4) of this section), priority between conflicting security interests in the same collateral shall be determined according to the following rules:

(a) Conflicting security interests rank according to priority in time of filing or perfection. Priority dates from the time a filing is first made covering the collateral or the time the security interest is first perfected, whichever is earlier, provided that there is no period thereafter when there is neither filing nor perfection.

(b) So long as conflicting security interests are unperfected, the first to attach has priority.

(6) For the purposes of subsection (5) a date of filing or perfection as to collateral is also a date of filing or perfection as to proceeds.

(7) If future advances are made while a security interest is perfected by filing or the taking of possession, the security interest has the same priority for the purposes of subsection (5) with respect to the future advances as it does with respect to the first advance. If a commitment is made before or while the security interest is so perfected, the security interest has the same priority with respect to advances made pursuant thereto. In other cases a perfected security interest has priority from the date the advance is made.

"§ 25-9-313. *Priority of security interests in fixtures.*—(1) In this section and in the provisions of Part 4 of this Article referring to fixture filing, unless the context otherwise requires

(a) goods are 'fixtures' when they become so related to particular real estate that an interest in them arises under real estate law

(b) a 'fixture filing' is the filing of a financing statement covering goods which are or are to become fixtures and conforming to the requirements of subsection (5) of G.S. 25-9-402 or of a mortgage or deed of trust conforming to the requirements of subsection (6) of G.S. 25-9-402.

(c) a mortgage is a 'construction mortgage' to the extent that it secures an obligation incurred for the construction of an improvement on land including the acquisition cost of the land, if the recorded writing so indicates.

(2) A security interest under this Article may be created in goods which are fixtures or may continue in goods which become fixtures, but no security

interest exists under this Article in ordinary building materials incorporated into an improvement on land.

(3) This Article does not prevent creation of an encumbrance upon fixtures pursuant to real estate law.

(4) A perfected security interest in fixtures has priority over the conflicting interest of an encumbrancer or owner of the real estate where

(a) the security interest is a purchase money security interest, the interest of the encumbrancer or owner arises before the goods become fixtures, the security interest is perfected by a fixture filing before the goods become fixtures or within ten days thereafter, and the debtor has an interest of record in the real estate or is in possession of the real estate; or

(b) the security interest is perfected by a fixture filing before the interest of the encumbrancer or owner is of record, the security interest has priority over any conflicting interest of a predecessor in title of the encumbrancer or owner, and the debtor has an interest of record in the real estate or is in possession of the real estate; or

(c) the fixtures are readily removable factory or office machines or readily removable replacements of domestic appliances which are consumer goods, and before the goods become fixtures the security interest is perfected by any method permitted by this Article; or

(d) the conflicting interest is a lien on the real estate obtained by legal or equitable proceedings after the security interest was perfected by any method permitted by this Article.

(5) A security interest in fixtures, whether or not perfected, has priority over the conflicting interest of an encumbrancer or owner of the real estate where

(a) the encumbrancer or owner has consented in writing to the security interest or has disclaimed an interest in the goods as fixtures; or

(b) the debtor has a right to remove the goods as against the encumbrancer or owner. If the debtor's right terminates, the priority of the security interest continues for a reasonable time.

(6) Notwithstanding paragraph (a) of subsection (4) but otherwise subject to subsections (4) and (5), a security interest in fixtures is subordinate to a construction mortgage recorded before the goods become fixtures if the goods become fixtures before the completion of the construction. To the extent that it is given to refinance a construction mortgage, a mortgage has this priority to the same extent as the construction mortgage.

(7) In cases not within the preceding subsections, a security interest in fixtures is subordinate to the conflicting interest of an encumbrancer or owner of the related real estate who is not the debtor.

(8) When the secured party has priority over all owners and encumbrancers of the real estate, he may, on default, subject to the provisions of Part 5, remove his collateral from the real estate but he must reimburse any encumbrancer or owner of the real estate who is not the debtor and who has not otherwise agreed for the cost of repair of any physical injury, but not for any diminution in value of the real estate caused by the absence of the goods removed or by any necessity of replacing them. A person entitled to reimbursement may refuse permission to remove until the secured party gives adequate security for the performance of this obligation.

"§ 25-9-314. *Accessions.*—(1) A security interest in goods which attaches before they are installed in or affixed to other goods takes priority as to the goods installed or affixed (called in this section 'accessions') over the claims of all persons to the whole except as stated in subsection (3) and subject to G.S. 25-9-315(1).

(2) A security interest which attaches to goods after they become part of a whole is valid against all persons subsequently acquiring interests in the whole except as stated in subsection (3) but is invalid against any person with an interest in the whole at the time the security interest attaches to the goods who has not in writing consented to the security interest or disclaimed an interest in the goods as part of the whole.

(3) The security interests described in subsections (1) and (2) do not take priority over

(a) a subsequent purchaser for value of any interest in the whole; or

(b) a creditor with a lien on the whole subsequently obtained by judicial proceedings; or

(c) a creditor with a prior perfected security interest in the whole to the extent that he makes subsequent advances

if the subsequent purchase is made, the lien by judicial proceedings obtained or the subsequent advance under the prior perfected security interest is made or contracted for without knowledge of the security interest and before it is perfected. A purchaser of the whole at a foreclosure sale other than the holder of a perfected security interest purchasing at his own foreclosure sale is a subsequent purchaser within this section.

(4) When under subsections (1) or (2) and (3) a secured party has an interest in accessions which has priority over the claims of all persons who have interests in the whole, he may on default subject to the provisions of Part 5 remove his collateral from the whole but he must reimburse any encumbrancer or owner of the whole who is not the debtor and who has not otherwise agreed for the cost of repair of any physical injury but not for any diminution in value of the whole caused by the absence of the goods removed or by any necessity for replacing them. A person entitled to reimbursement may refuse permission to remove until the secured party gives adequate security for the performance of this obligation.

"§ 25-9-315. *Priority when goods are commingled or processed.*—(1) If a security interest in goods was perfected and subsequently the goods or a part thereof have become part of a product or mass, the security interest continues in the product or mass if

(a) the goods are so manufactured, processed, assembled or commingled that their identity is lost in the product or mass; or

(b) a financing statement covering the original goods also covers the product into which the goods have been manufactured, processed or assembled.

In a case to which paragraph (b) applies, no separate security interest in that part of the original goods which has been manufactured, processed or assembled into the product may be claimed under G.S. 25-9-314.

(2) When under subsection (1) more than one security interest attaches to the product or mass, they rank equally according to the ratio that the cost of the goods to which each interest originally attached bears to the cost of the total product or mass.

"§ 25-9-316. *Priority subject to subordination.*—Nothing in this Article prevents subordination by agreement by any person entitled to priority.

"§ 25-9-317. *Secured party not obligated on contract of debtor.*—The mere existence of a security interest or authority given to the debtor to dispose of or use collateral does not impose contract or tort liability upon the secured party for the debtor's acts or omissions.

"§ 25-9-318.—*Defenses against assignee; modification of contract after notification of assignment; term prohibiting assignment ineffective; identification and proof of assignment.*—(1) Unless an account debtor has made an enforceable agreement not to assert defenses or claims arising out of a sale as provided in G.S. 25-9-206 the rights of an assignee are subject to

(a) all the terms of the contract between the account debtor and assignor and any defense or claim arising therefrom; and

(b) any other defense or claim of the account debtor against the assignor which accrues before the account debtor receives notification of the assignment.

(2) So far as the right to payment or a part thereof under an assigned contract has not been fully earned by performance, and notwithstanding notification of the assignment, any modification of or substitution for the contract made in good faith and in accordance with reasonable commercial standards is effective against an assignee unless the account debtor has otherwise agreed but the assignee acquires corresponding rights under the modified or substituted contract. The assignment may provide that such modification or substitution is a breach by the assignor.

(3) The account debtor is authorized to pay the assignor until the account debtor receives notification that the amount due or to become due has been assigned and that payment is to be made to the assignee. A notification which does not reasonably identify the rights assigned is ineffective. If requested by the account debtor, the assignee must seasonably furnish reasonable proof that the assignment has been made and unless he does so the account debtor may pay the assignor.

(4) A term in any contract between an account debtor and an assignor is ineffective if it prohibits assignment of an account or prohibits creation of a security interest in a general intangible for money due or to become due or requires the account debtor's consent to such assignment or security interest.

"PART 4

"FILING

"§ 25-9-401. *Place of filing; erroneous filing; removal of collateral.*—(1) The proper place to file in order to perfect a security interest is as follows:

(a) when the collateral is equipment used in farming operations, or farm products, or accounts or general intangibles arising from or relating to the sale of farm products by a farmer, or consumer goods, then in the office of the Register of Deeds in the county of the debtor's residence or if the debtor is not a resident of this State then in the office of the Register of Deeds in the county where the goods are kept, and in addition when the collateral is crops growing or to be grown in the office of the Register of Deeds in the county where the land is located;

(b) when the collateral is timber to be cut or is minerals or the like (including oil and gas) or accounts subject to subsection (5) of G.S. 25-9-103, or when the financing statement is filed as a fixture filing

(G.S. 25-9-313) and the collateral is goods which are or are to become fixtures, then in the office of the Register of Deeds in the county where the land is located;

(c) in all other cases, in the office of the Secretary of State and in addition, if the debtor has a place of business in only one county of this State, also in the office of the Register of Deeds of such county, or, if the debtor has no place of business in this State, but resides in the State, also in the office of the Register of Deeds of the county in which he resides.

(2) A filing which is made in good faith in an improper place or not in all of the places required by this section is nevertheless effective with regard to any collateral as to which the filing complied with the requirements of this Article and is also effective with regard to collateral covered by the financing statement against any person who has knowledge of the contents of such financing statement.

(3) A filing which is made in the proper place in this State continues effective even though the debtor's residence or place of business or the location of the collateral or its use, whichever controlled the original filing, is thereafter changed.

(4) The rules stated in G.S. 25-9-103 determine whether filing is necessary in this State.

(5) For the purposes of this section, the residence of an organization is its place of business if it has one or its chief executive office if it has more than one place of business.

"§ 25-9-402. *Formal requisites of financing statement; amendments; mortgage as financing statement.*—(1) A financing statement is sufficient if it gives the names of the debtor and the secured party, is signed by the debtor, gives an address of the secured party from which information concerning the security interest may be obtained, gives a mailing address of the debtor and contains a statement indicating the types, or describing the items, of collateral. A financing statement may be filed before a security agreement is made or a security interest otherwise attaches. When the financing statement covers crops growing or to be grown, the statement must indicate that the collateral is or includes crops and must contain a description of the real estate concerned. When the financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to subsection (5) of G.S. 25-9-103, or when the financing statement is filed as a fixture filing (G.S. 25-9-313) and the collateral is goods which are or are to become fixtures, the statement must also comply with subsection (5). A copy of the security agreement is sufficient as a financing statement if it contains the above information and is signed by the debtor. A carbon, photographic or other reproduction of a security agreement or a financing statement is sufficient as a financing statement if the security agreement so provides or if the original has been filed in this State.

(2) A financing statement which otherwise complies with subsection (1) is sufficient when it is signed by the secured party instead of the debtor if it is filed to perfect a security interest in

(a) collateral already subject to a security interest in another jurisdiction when it is brought into this State, or when the debtor's location is changed to this State. Such a financing statement must state that the

collateral was brought into this State or that the debtor's location was changed to this State under such circumstances; or

(b) proceeds under G.S. 25-9-306 if the security interest in the original collateral was perfected. Such a financing statement must describe the original collateral; or

(c) collateral as to which the filing has lapsed; or

(d) collateral acquired after a change of name, identity or corporate structure of the debtor (subsection (7)).

(3) A form substantially as follows is sufficient to comply with subsection (1):

Name of debtor (or assignor)_____

Address_____

Name of secured party (or assignee)_____

Address_____

1. This financing statement covers the following types (or items) of property:

(Describe)_____

2. (If collateral is crops) The above described crops are growing or are to be grown on:

(Describe Real Estate)_____

3. (If applicable) The above goods are to become fixtures on*

*Where appropriate substitute either 'The above timber is standing on___' or 'The above minerals or the like (including oil and gas) or accounts will be financed at the wellhead or minehead of the well or mine located on..'

(Describe Real Estate)_____

(If the debtor does not have an interest of record) The name of a record owner is____.

4. (If products of collateral are claimed) Products of the collateral are also covered.

(use whichever is applicable) _____

Signature of Debtor (or Assignor)

_____

Signature of Secured Party (or Assignee)

(4) A financing statement may be amended by filing a writing signed by both the debtor and the secured party. An amendment does not extend the period of effectiveness of a financing statement. If any amendment adds collateral, it is effective as to the added collateral only from the filing date of the amendment. In this Article, unless the context otherwise requires, the term 'financing statement' means the original financing statement and any amendments.

(5) A financing statement covering timber to be cut or covering minerals of the like (including oil and gas) or accounts subject to subsection (5) of G.S. 25-9-103, or a financing statement filed as a fixture filing (G.S. 25-9-313) must contain a description of the real estate. If the debtor does not have an interest of record in the real estate, the financing statement must show the name of a record owner. A financing statement filed as a fixture filing (G.S. 25-9-313) must bear the statement "Collateral is or includes fixtures" or its substantial equivalent or have checked the appropriate box identifying "FIXTURES". If a copy of a security agreement is filed as a financing statement, as authorized by G.S. 25-9-402, to perfect security interests in fixtures, the secured party or other

filer shall stamp or print conspicuously on the face of the first page of such copy the legend "Collateral is or includes fixtures".

(6) A mortgage or deed of trust is effective as a financing statement filed as a fixture filing from the date of its recording if

(a) the goods are described in the mortgage or deed of trust by item or type; and

(b) the goods are or are to become fixtures related to the real estate described in the mortgage or deed of trust; and

(c) the mortgage or deed of trust complies with the requirements for a financing statement in this section; and

(d) the mortgage or deed of trust is duly recorded in the real estate records. Such a mortgage or deed of trust shall not be indexed or filed in the Uniform Commercial Code files. No fee with reference to such a mortgage or deed of trust is required other than the regular recording and satisfaction fees with respect to the mortgage or deed of trust.

(7) A financing statement sufficiently shows the name of the debtor if it gives the individual, partnership or corporate name of the debtor, whether or not it adds other trade names or names of partners. Where the debtor so changes his name or in the case of an organization its name, identity or corporate structure that a filed financing statement becomes seriously misleading, the filing is not effective to perfect a security interest in collateral acquired by the debtor more than four months after the change, unless a new appropriate financing statement is filed before the expiration of that time. A filed financing statement remains effective with respect to collateral transferred by the debtor even though the secured party knows of or consents to the transfer.

(8) A financing statement substantially complying with the requirements of this section is effective even though it contains minor errors which are not seriously misleading.

(9) The Secretary of State shall have the authority to promulgate, issue and prescribe such financing statement forms and such other forms as he deems necessary to be used as standard forms for any filing contemplated by any section of this Article.

"§ 25-9-403. *What constitutes filing; duration of filing; effect of lapsed filing; duties of filing officer.*—(1) Presentation for filing of a financing statement and tender of the filing fee or acceptance of the statement by the filing officer constitutes filing under this Article.

(2) Except as provided in subsection (6), or in Article 12 of Chapter 44, a filed financing statement is effective for a period of five years from the date of filing. The effectiveness of a filed financing statement lapses on the expiration of the five year period unless a continuation statement is filed prior to the lapse. If a security interest perfected by filing exists at the time insolvency proceedings are commenced by or against the debtor, the security interest remains perfected until termination of the insolvency proceedings and thereafter for a period of sixty days or until expiration of the five year period, whichever occurs later. Upon lapse the security interest becomes unperfected, unless it is perfected without filing. If the security interest becomes unperfected upon lapse, it is deemed to have been unperfected as against a person who became a purchaser or lien creditor before lapse.

(3) A continuation statement may be filed by the secured party within six months prior to the expiration of the five year period specified in subsection (2).

Any such continuation statement must be signed by the secured party, identify the original statement by file number and state that the original statement is still effective. A continuation statement signed by a person other than the secured party of record must be accompanied by a separate written statement of assignment signed by the secured party of record and complying with subsection (2) of G.S. 25-9-405, including payment of the required fee. Upon timely filing of the continuation statement, the effectiveness of the original statement is continued for five years after the last date to which the filing was effective whereupon it lapses in the same manner as provided in subsection (2) unless another continuation statement is filed prior to such lapse. Succeeding continuation statements may be filed in the same manner to continue the effectiveness of the original statement. Unless a statute on disposition of public records provides otherwise, the filing officer may remove a lapsed statement from the files and destroy it immediately if he has retained a microfilm or other photographic record, or in other cases after one year after the lapse. The filing officer shall so arrange matters by physical annexation of financing statements to continuation statements or other related filings, or by other means, that if he physically destroys the financing statements of a period more than five years past, those which have been continued by a continuation statement or which are still effective under subsection (6) shall be retained.

(4) A filing officer shall mark each statement with a file number and with the date and hour of filing and shall hold the statement or a microfilm or other photographic copy thereof for public inspection. In addition the filing officer shall index the statement according to the name of the debtor and shall note in the index the file number and the address of the debtor given in the statement.

(5) The uniform fee for filing and indexing and for stamping a copy furnished by the secured party to show the date and place of filing for an original financing statement or for a continuation statement shall be four dollars ($4.00) for an approved statutory form statement as prescribed in G.S. 25-9-402 when printed on a standard-size form approved by the Secretary of State, and for all other statements, a five dollar ($5.00) minimum charge for up to and including three pages and one dollar ($1.00) per page for all over three pages. There shall be an additional fee of two dollars ($2.00) for each financing statement and continuation statement subject to subsection (5) of G.S. 25-9-402.

(6) A real estate mortgage which is effective as a fixture filing under subsection (6) of G.S. 25-9-402 remains effective as a fixture filing until the mortgage is redeemed or satisfied of record or its effectiveness otherwise terminates as to the real estate.

(7) When a financing statement covers minerals or the like (including oil and gas) or accounts subject to subsection (5) of G.S. 25-9-103, or is filed as a fixture filing, the filing officer, in addition to complying with subsection (4) of this section, shall

(a) index the statements in the Uniform Commercial Code index to financing statements so as to reflect the name of any record owner given in the statement. When the debtor is not the record owner, the filing officer shall enter the name of the record owner in the place designated for entry of the name of the debtor and shall stamp or print conspicuously beneath the surname of the record owner the legend "RECORD OWNER" and shall note therein the file number of the financing statement. When the debtor is also the record owner, the filing

officer shall make one index entry in the name of the debtor and shall stamp or print conspicuously beneath his surname the legend, "RECORD OWNER". The filing officer shall also:

(b) index the statements in the real estate indexes under the names of the debtor and any owner of record shown on the financing statement in the same fashion as if they were the mortgagors in a mortgage of the real estate described, and, to the extent that the law of this State provides for indexing of mortgages under the name of the mortgagee, under the name of the secured party as if he were the mortgagee thereunder, or where indexing is by description in the same fashion as if the financing statement were a mortgage of the real estate described.

"§ 25-9-404. *Termination statement.*—(1) If a financing statement covering consumer goods is filed on or after July 1, 1976, then within one month or within ten days following written demand by the debtor after there is no outstanding secured obligation and no commitment to make advances, incur obligations or otherwise give value, the secured party must file with each filing officer with whom the financing statement was filed, a termination statement to the effect that he no longer claims a security interest under the financing statement, which shall be identified by file number. In other cases whenever there is no outstanding secured obligation and no commitment to make advances, incur obligations or otherwise give value, the secured party must on written demand by the debtor send the debtor, for each filing officer with whom the financing statement was filed, a termination statement to the effect that he no longer claims a security interest under the financing statement, which shall be identified by file number. A termination statement signed by a person other than the secured party of record must be accompanied by a separate written statement of assignment signed by the secured party of record and complying with subsection (2) of G.S. 25-9-405, including payment of the required fee. If the affected secured party fails to file such a termination statement as required by this subsection, or to send such a termination statement within ten days after proper demand therefor, he shall be liable to the debtor for one hundred dollars ($100.00), and in addition for any loss caused to the debtor by such failure.

(2) On presentation to the filing officer of such a termination statement he must note it in the Uniform Commercial Code index and also, if the financing statement to be terminated is subject to subsection (5) of G.S. 25-9-402, in the real estate index. The termination statement shall then remain in the file for such period of time as the financing statement or a continuation statement would be effective under the five-year life provided in G.S. 25-9-403, and then may be destroyed. The filing officer shall remove from the files, mark "terminated" and send or deliver to the secured party the financing statement and any continuation statement, statement of assignment or statement of release pertaining thereto. If the filing officer has received the termination statement in duplicate, he shall return one copy of the termination statement to the secured party stamped to show the time of receipt thereof.

(3) There shall be no fee charged for termination statements.

"§ 25-9-405. *Assignment of security interest; duties of filing officer; fees.*—(1) A financing statement may disclose an assignment of a security interest in the collateral described in the financing statement by indication in the financing statement of the name and address of the assignee or by an assignment itself or a copy thereof on the face or back of the statement. On presentation to the filing

officer of such a financing statement the filing officer shall mark the same as provided in G.S. 25-9-403(4). The uniform fee for filing, indexing and furnishing filing data for a financing statement so indicating an assignment shall be four dollars ($4.00) when submitted on a standard-size form approved by the Secretary of State, and for all other statements a five dollar ($5.00) minimum charge for up to and including three pages and one dollar ($1.00) per page for all over three pages.

(2) A secured party may assign of record all or part of his rights under a financing statement by the filing in the place where the original financing statement was filed of a separate written statement of assignment signed by the secured party of record and setting forth the name of the secured party of record and the debtor, the file number and the date of filing of the financing statement and the name and address of the assignee and containing a description of the collateral assigned. A copy of the assignment is sufficient as a separate statement if it complies with the preceding sentence. On presentation to the filing officer of such a separate statement, the filing officer shall mark such separate statement with the date and hour of the filing. He shall note the assignment on the Uniform Commerical Code index of the financing statement, and in the case of a fixture filing, or a filing covering timber to be cut, or covering minerals or the like (including oil and gas) or accounts subject to subsection (5) of G.S. 25-9-103, he shall index in the real estate index the assignment under the name of the assignor as grantor and, to the extent that the law of this State provides for indexing the assignment of a mortgage under the name of the assignee, he shall index the assignment of the financing statement under the name of the assignee. The uniform fee for filing, indexing and furnishing filing data about such a separate statement of assignment shall be three dollars ($3.00) when submitted on a standard-size form approved by the Secretary of State, and for all other statements a four dollar ($4.00) minimum charge for up to and including three pages and one dollar ($1.00) per page for all over three pages. When the assignment is of a financing statement subject to subsection (5) of G.S. 25-9-402, there shall be an additional fee of two dollars ($2.00). Notwithstanding the provisions of this subsection, an assignment of record of a security interest in a fixture contained in a mortgage effective as a fixture filing (subsection (6) of G.S. 25-9-402) may be made only by an assignment of the mortgage in the manner provided by the law of the State other than this Act.

(3) After the disclosure or filing of an assignment under this section, the assignee is the secured party of record.

"§ 25-9-406. *Release of collateral; duties of filing officer; fees.*—A secured party of record may, by his signed statement, release all or a part of any collateral described in a filed financing statement. The statement of release is sufficient if it contains a description of the collateral being released, the name and address of the debtor, the name and address of the secured party, and the file number of the financing statement. A statement of release signed by a person other than the secured party of record must be accompanied by a separate written statement of assignment signed by the secured party of record and complying with subsection (2) of G.S. 25-9-405, including payment of the required fee. Upon presentation of such a statement of release to the filing officer he shall mark the statement with the hour and date of filing and shall note the same upon the margin of the index of the filing of the financing statement. The uniform fee for filing and noting such a statement of release

shall be three dollars ($3.00) when submitted on a standard-size form approved by the Secretary of State, and for all other statements a four dollar ($4.00) minimum charge for up to and including three pages and one dollar ($1.00) per page for all over three pages. There shall be an additional fee of two dollars ($2.00) when the statement of release affects a financing statement subject to subsection (5) of G.S. 25-9-402.

"§ 25-9-407. *Information from filing officer.*—(1) If the person filing any financing statement, termination statement, statement of assignment, or statement of release, furnishes the filing officer a copy thereof, the filing officer shall upon request note upon the copy the file number and date and hour of the filing of the original and deliver or send the copy to such person.

(2) Upon request of any person, the filing officer shall issue his certificate for which he shall not be liable showing whether there is on file on the date and hour stated therein, any presently effective financing statement naming a particular debtor and any statement of assignment thereof and if there is, giving the date and hour of filing of each such statement and the names and addresses of each secured party therein. The uniform fee for such a certificate shall be three dollars ($3.00) plus one dollar ($1.00) for each financing statement and for each statement of assignment reported therein. Upon request the filing officer shall furnish a copy of any filed financing statement or statement of assignment for a uniform fee of one dollar ($1.00) per page.

"§ 25-9-408. *Financing statements covering consigned or leased goods.*—A consignor or lessor of goods may file a financing statement using the terms 'consignor,' 'consignee,' 'lessor,' 'lessee' or the like instead of the terms specified in G.S. 25-9-402. The provisions of this Part shall apply as appropriate to such a financing statement but its filing shall not of itself be a factor in determining whether or not the consignment or lease is intended as security (G.S. 25-1-201 (37)). However, if it is determined for other reasons that the consignment or lease is so intended, a security interest of the consignor or lessor which attaches to the consigned or leased goods is perfected by such filing.

"Part 5

"DEFAULT

"§ 25-9-501. *Default; procedure when security agreement covers both real and personal property.*—(1) When a debtor is in default under a security agreement, a secured party has the rights and remedies provided in this Part and except as limited by subsection (3) those provided in the security agreement. He may reduce his claim to judgment, foreclose or otherwise enforce the security interest by any available judicial procedure. If the collateral is documents the secured party may proceed either as to the documents or as to the goods covered thereby. A secured party in possession has the rights, remedies and duties provided in G.S. 25-9-207. The rights and remedies referred to in this subsection are cumulative.

(2) After default, the debtor has the rights and remedies provided in this Part, those provided in the security agreement and those provided in G.S. 25-9-207.

(3) To the extent that they give rights to the debtor and impose duties on the secured party, the rules stated in the subsections referred to below may not be waived or varied except as provided with respect to compulsory disposition of collateral (subsection (3) of G.S. 25-9-504 and G.S. 25-9-505) and with respect to redemption of collateral (G.S. 25-9-506) but the parties may by agreement

determine the standards by which the fulfillment of these rights and duties is to be measured if such standards are not manifestly unreasonable:

(a) subsection (2) of G.S. 25-9-502 and subsection (2) of G.S. 25-9-504 insofar as they require accounting for surplus proceeds of collateral;

(b) subsection (3) of G.S. 25-9-504 and subsection (1) of G.S. 25-9-505 which deal with disposition of collateral;

(c) subsection (2) of G.S. 25-9-505 which deals with acceptance of collateral as discharge of obligation;

(d) G.S. 25-9-506 which deals with redemption of collateral; and

(e) subsection (1) of G.S. 25-9-507 which deals with the secured party's liability for failure to comply with this Part.

(4) If the security agreement covers both real and personal property, the secured party may proceed under this Part as to the personal property or he may proceed as to both the real and the personal property in accordance with his rights and remedies in respect of the real property in which case the provisions of this Part do not apply.

(5) When a secured party has reduced his claim to judgment the lien of any levy which may be made upon his collateral by virtue of any execution based upon the judgment shall relate back to the date of the perfection of the security interest in such collateral. A judicial sale, pursuant to such execution, is a foreclosure of the security interest by judicial procedure within the meaning of this section, and the secured party may purchase at the sale and thereafter hold the collateral free of any other requirements of this Article.

"§ 25-9-502. *Collection rights of secured party.*—(1) When so agreed and in any event on default the secured party is entitled to notify an account debtor or the obligor on an instrument to make payment to him whether or not the assignor was theretofore making collections on the collateral, and also to take control of any proceeds to which he is entitled under G.S. 25-9-306.

(2) A secured party who by agreement is entitled to charge back uncollected collateral or otherwise to full or limited recourse against the debtor and who undertakes to collect from the account debtors or obligors must proceed in a commercially reasonable manner and may deduct his reasonable expenses of realization from the collections. If the security agreement secures an indebtedness, the secu red party must account to the debtor for any surplus, and unless otherwise agreed, the debtor is liable for any deficiency. But, if the underlying transaction was a sale of accounts or chattel paper, the debtor is entitled to any surplus or is liable for any deficiency only if the security agreement so provides.

"§ 25-9-503. *Secured party's right to take possession after default.*—Unless otherwise agreed a secured party has on default the right to take possession of the collateral. In taking possession a secured party may proceed without judicial process if this can be done without breach of the peace or may proceed by action. If the security agreement so provides the secured party may require the debtor to assemble the collateral and make it available to the secured party at a place to be designated by the secured party which is reasonably convenient to both parties. Without removal a secured party may render equipment unusable, and may dispose of collateral on the debtor's premises under G.S. 25-9-504.

"§ 25-9-504. *Secured party's right to dispose of collateral after default; effect of disposition.*—(1) A secured party after default may sell, lease or otherwise dispose of any or all of the collateral in its then condition or following any

commercially reasonable preparation or processing. Any sale of goods is subject to the Article on Sales (Article 2). The proceeds of disposition shall be applied in the order following to

(a) the reasonable expenses of retaking, holding, preparing for sale or lease, selling, leasing and the like and, to the extent provided for in the agreement and not prohibited by law, the reasonable attorneys' fees and legal expenses incurred by the secured party;

(b) the satisfaction of indebtedness secured by the security interest under which the disposition is made;

(c) the satisfaction of indebtedness secured by any subordinate security interest in the collateral if written notification of demand therefor is received before distribution of the proceeds is completed. If requested by the secured party, the holder of a subordinate security interest must seasonably furnish reasonable proof of his interest, and unless he does so, the secured party need not comply with his demand.

(2) If the security interest secures an indebtedness, the secured party must account to the debtor for any surplus, and, unless otherwise agreed, the debtor is liable for any deficiency. But if the underlying transaction was a sale of accounts or chattel paper, the debtor is entitled to any surplus or is liable for any deficiency only if the security agreement so provides.

(3) Disposition of the collateral may be by public or private proceedings and may be made by way of one or more contracts. Sale or other disposition may be as a unit or in parcels and at any time and place and on any terms but every aspect of the disposition including the method, manner, time, place and terms must be commercially reasonable. Unless collateral is perishable or threatens to decline speedily in value or is of a type customarily sold on a recognized market, reasonable notification of the time and place of any public sale or reasonable notification of the time after which any private sale or other intended disposition is to be made shall be sent by the secured party to the debtor, if he has not signed after default a statement renouncing or modifying his right to notification of sale. In the case of consumer goods no other notification need be sent. In other cases notification shall be sent to any other secured party from whom the secured party has received (before sending his notification to the debtor or before the debtor's renunciation of his rights) written notice of a claim of an interest in the collateral. The secured party may buy at any public sale and if the collateral is of a type customarily sold in a recognized market or is of a type which is the subject of widely distributed standard price quotations he may buy at private sale.

(4) When collateral is disposed of by a secured party after default, the disposition transfers to a purchaser for value all of the debtor's rights therein, discharges the security interest under which it is made and any security interest or lien subordinate thereto. The purchaser takes free of all such rights and interests even though the secured party fails to comply with the requirements of this Part or of any judicial proceedings

(a) in the case of a public sale, if the purchaser has no knowledge of any defects in the sale and if he does not buy in collusion with the secured party, other bidders or the person conducting the sale; or

(b) in any other case, if the purchaser acts in good faith.

(5) A person who is liable to a secured party under a guaranty, endorsement, repurchase agreement or the like and who receives a transfer of collateral from

the secured party or is subrogated to his rights has thereafter the rights and duties of the secured party. Such a transfer of collateral is not a sale or disposition of the collateral under this Article.

"§ 25-9-504.1. *Payment of surplus to clerk.*—(1) Any surplus remaining after the application of the proceeds of the sale or other disposition as set out in G.S. 25-9-504 (1) and (2) shall be paid to the person or persons entitled thereto, if the party who made the sale knows who is entitled thereto. Otherwise, the surplus shall be paid to the clerk of the superior court of the county where the sale or other disposition was held, if the disposition took place in this State. If the sale or other disposition took place outside this State, then the secured party or person making the sale or other disposition shall pay said surplus money to the clerk of superior court of any county in this State in which the secured party or other party conducting the said sale or disposition does business. Said payment discharges the secured party from liability to the extent of the amount so paid. Said clerk of superior court shall accept such surplus from said secured party and shall execute a receipt therefor.

(2) Said clerk of superior court is liable on his official bond for the safekeeping of money so received until it is paid to the party or parties entitled thereto or until it is paid out under the order of a court of competent jurisdiction.

"§ 25-9-504.2. *Special proceedings to determine ownership of surplus.*—(1) A special proceeding may be instituted before the clerk of superior court by any person claiming any portion of the surplus paid into the clerk's office under G.S. 25-9-504.1, to determine who is entitled thereto.

(2) All other persons who have filed with the clerk notice of their claim to the aforesaid surplus or any part thereof, or who, as far as the petitioner(s) know, asserts any claim to said surplus or any part thereof, shall be made defendants in the proceeding.

(3) If any answer is filed raising issues of fact as to the ownership of the surplus (money), the proceeding shall be transferred to the civil issue docket of the district or superior court for trial.

(4) The court may, in its discretion, allow a reasonable attorney's fee for any attorney appearing in behalf of the party or parties who prevail, to be paid out of the funds in controversy, and shall tax all costs against the losing party or parties who have asserted a claim to the fund by petition or answer.

"§ 25-9-505. *Compulsory disposition of collateral; acceptance of the collateral as discharge of obligation.*—(1) If the debtor has paid sixty percent of the cash price in the case of a purchase money security interest in consumer goods or sixty percent of the loan in the case of another security interest in consumer goods, and has not signed after default a statement renouncing or modifying his rights under this Part a secured party who has taken possession of collateral must dispose of it under G.S. 25-9-504, and if he fails to do so within ninety days after he takes possession, the debtor at his option may recover in conversion or under G.S. 25-9-507(1) on secured party's liability.

(2) In any other case involving consumer goods or any other collateral a secured party in possession may, after default, propose to retain the collateral in satisfaction of the obligation. Written notice of such proposal shall be sent to the debtor if he has not signed after default a statement renouncing or modifying his rights under this subsection. In the case of consumer goods no other notice need be given. In other cases notice shall be sent to any other secured party from

whom the secured party has received (before sending his notice to the debtor or before the debtor's renunciation of his rights) written notice of a claim of an interest in the collateral. If the secured party receives objection in writing from a person entitled to receive notification within twenty-one days after the notice was sent, the secured party must dispose of the collateral under G.S. 25-9-504. In the absence of such written objection the secured party may retain the collateral in satisfaction of the debtor's obligation.

"§ 25-9-506. *Debtor's right to redeem collateral.*—At any time before the secured party has disposed of collateral or entered into a contract for its disposition under G.S. 25-9-504 or before the obligation has been discharged under G.S. 25-9-505(2) the debtor or any other secured party may unless otherwise agreed in writing after default redeem the collateral by tendering fulfillment of all obligations secured by the collateral as well as the expenses reasonably incurred by the secured party in retaking, holding and preparing the collateral for disposition, in arranging for the sale, and to the extent provided in the agreement and not prohibited by law, his reasonable attorneys' fees and legal expenses.

"§ 25-9-507. *Secured party's liability for failure to comply with this Part.*—(1) If it is established that the secured party is not proceeding in accordance with the provisions of this Part disposition may be ordered or restrained on appropriate terms and conditions. If the disposition has occurred the debtor or any person entitled to notification or whose security interest has been made known to the secured party prior to the disposition has a right to recover from the secured party any loss caused by a failure to comply with the provisions of this Part. If the collateral is consumer goods, the debtor has a right to recover in any event an amount not less than the credit service charge plus ten percent of the principal amount of the debt or the time price differential plus ten percent of the cash price.

(2) The fact that a better price could have been obtained by a sale at a different time or in a different method from that selected by the secured party is not of itself sufficient to establish that the sale was not made in a commercially reasonable manner. If the secured party either sells the collateral in the usual manner in any recognized market therefor or if he sells at the price current in such market at the time of his sale or if he has otherwise sold in conformity with reasonable commercial practices among dealers in the type of property sold he has sold in a commercially reasonable manner. The principles stated in the two preceding sentences with respect to sales also apply as may be appropriate to other types of disposition. A disposition which has been approved in any judicial proceeding or by any bona fide creditors' committee or representative of creditors shall conclusively be deemed to be commercially reasonable, but this sentence does not indicate that any such approval must be obtained in any case nor does it indicate that any disposition not so approved is not commercially reasonable.

"§ 25-9-508. *Application of statute of limitations to serial notes.*—When a series of notes maturing at different times is secured by a security agreement and the exercise of the power of sale or foreclosure for the satisfaction of one or more of the notes is barred by the statute of limitations, that fact does not bar the exercise of the power of sale or foreclosure for the satisfaction of indebtedness represented by other notes of the series not so barred.

"§ 25-9-509. *Power of sale barred when foreclosure barred.*—(1) Except as provided in subsection (2), no person shall exercise any power of sale contained in any security agreement, or provided by statute, when an action to foreclose the lien contained in said security agreement is barred by the statute of limitations.

(2) If a sale pursuant to a power of sale contained in a security agreement, or provided by statute, is commenced within the time allowed by the statute of limitations to foreclose the lien of such security agreement, the sale may be completed, although such completion is effected after the time when commencement of an action to foreclose would be barred by the statute. For the purpose of this section, a sale is commenced when the notice of public sale is first posted or published as provided in this Article.

"PART 6

"PUBLIC SALE PROCEDURES

"§ 25-9-601. *Disposition of collateral by public sale.*—Disposition of collateral by public proceedings as permitted by G.S. 25-9-504 may be made in accordance with the provisions of this Part. The provisions of this Part are not mandatory for disposition by public proceedings, but any disposition of the collateral by public sale wherein the secured party has substantially complied with the procedures provided in this Part shall conclusively be deemed to be commercially reasonable in all aspects.

"§ 25-9-602. *Contents of notice of sale.*—The notice of sale shall substantially:

(a) Refer to the security agreement pursuant to which the sale is held;

(b) Designate the date, hour and place of sale consistent with the provisions of the security agreement and the provisions found in Part 6 of Article 9 of Chapter 25 of the General Statutes;

(c) Describe personal property to be sold substantially as it is described in the security agreement pursuant to which the power of sale is being exercised, and may add such further description as will acquaint bidders with the nature of the property;

(d) State the terms of the sale provided by the security agreement pursuant to which the sale is held, including the amount of the cash deposit, if any, to be made by the highest bidder at the sale;

(e) Include any other provisions required by the security agreement to be included therein; and

(f) State that the property will be sold subject to taxes and special assessments if it is to be so sold.

"§ 25-9-603. *Posting and mailing notice of sale.*—(1) In each public sale conducted hereunder, the notice of sale shall be posted on a bulletin board provided for the posting of such legal notices, in the courthouse, in the county in which the sale is to be held, for at least five days immediately preceding the sale.

(2) In addition to the posting of notice required by subsection (1), the secured party or other party holding such public sale shall, at least five days before the date of sale, mail by registered or certified mail a copy of the notice of sale to each debtor obligated under the security agreement:

(a) At the actual address of the debtors, if known to the secured party, or

(b) At the address, if any, furnished the secured party, in writing, by the debtors, or otherwise at the last known address.

(3) In the case of consumer goods, no other notification need be sent. In other cases, in addition to mailing a copy of the notice of sale to each debtor, the secured party shall also mail a copy of said notice by registered or certified mail to any other secured party from whom the secured party has received (before sending the notice of sale to the debtor(s)) written notice of a claim of an interest in the collateral.

"§ 25-9-604. *Exception as to perishable property.*—If, in the opinion of a secured party about to conduct a public sale of personal property hereunder, the property is perishable because subject to rapid deterioration or threatens to decline speedily in value, he may report such fact, together with a description of the property to the clerk of the superior court of the county in which the property is to be sold, and apply for authority to sell the property at an earlier date than is provided in this Article. Upon the clerk's determination that the property is such perishable or speedily depreciating property, he shall order a sale thereof to be held at such time and place and upon such notice, if any, as he deems advisable.

"§ 25-9-605. *Postponement of public sale.*—(1) Any person exercising a power of sale or conducting a public sale hereunder may postpone the sale to a day certain not later than six days, exclusive of Sunday, after the original date for the sale:

(a) When there are no bidders, or

(b) When, in his judgment, the number of prospective bidders at the sale is substantially decreased by inclement weather or by any casualty, or

(c) When there are so many other sales advertised to be held at the same time and place as to make it inexpedient and impracticable in his judgment, to hold the sale on that day, or

(d) When he is unable to hold the sale because of illness or for other good reason, or

(e) When other good cause exists.

(2) Upon postponement of a public sale, the person exercising the power of sale shall personally, or through his agent or attorney:

(a) At the time and place advertised for the sale, publicly announce the postponement thereof, and

(b) On the same day, attach to or enter on the original notice of sale or a copy thereof, posted on the bulletin board provided therefor, as provided by G.S. 25-9-603, a notice of the postponement.

(3) The posted notice of postponement shall:

(a) State that the public sale is postponed,

(b) State the hour and date to which the public sale is postponed,

(c) Substantially state the reason for the postponement, and

(d) Be signed by the person authorized to hold the public sale, or by his agent or attorney.

(4) If a public sale is not held at the time fixed therefor and is not postponed as provided by this section, or if a postponed sale is not held at the time fixed therefor, the person authorized to hold the public sale may readvertise the property in the same manner as he was required to advertise the sale which was not held, and may hold a public sale at such later date as is fixed in the new notice of sale.

"§ 25-9-606. *Procedure upon dissolution of order restraining or enjoining sale.*—(1) When, before the date fixed for a sale, a judge dissolves an order

restraining or enjoining the sale, he may, if the required notice of sale has been given, as provided in G.S. 25-9-603, provide by order that the public sale shall be held without additional notice at the time and place originally fixed therefor; or he may, in his discretion, make an order with respect thereto as provided in subsection (2).

(2) When, after the date fixed for a public sale, a judge dissolves an order restraining or enjoining said sale, he shall, by order, fix the time and place for the sale to be held upon notice to be given and in such manner and for such length of time as he deems advisable.

"§ 25-9-607. *Disposition of proceeds of sale.*—The proceeds of any sale or other disposition of the collateral shall be applied by the person making the sale in the manner prescribed by G.S. 25-9-504 (1) and (2), G.S. 25-9-504.1 and G.S. 25-9-504.2."

Sec. 8. Article 11, Effective Date and Transition Provisions, is hereby added to Chapter 25 of the General Statutes of North Carolina, Uniform Commercial Code, immediately following Article 10, G.S. 25-10-101 through G.S. 25-10-106, thereof, and is hereby enacted to read as follows:

"§ 25-11-102. *Preservation of old transition provisions.*—The provisions of Article 10 of Chapter 25 of the General Statutes of North Carolina, Uniform Commercial Code, G.S. 25-10-101 through G.S. 25-10-106, thereof shall continue to apply to new Article 9, and for this purpose the old Article 9 and the new Article 9 shall be considered one continuous statute.

"§ 25-11-103. *Transition to new Article 9; general rule.*—(1) Transactions validly entered into after midnight on June 30, 1967, and before July 1, 1976, and which were subject to the provisions of old Article 9 and which would be subject to this act as amended if they had been entered into after the effective date of new Article 9 and the rights, duties and interests following from such transactions remain valid after the latter date and may be terminated, completed, consummated or enforced as required or permitted by the new Article 9.

(2) Security interests arising out of such transactions which are perfected when new Article 9 becomes effective shall remain perfected until they lapse as provided in new Article 9, and may be continued as permitted by new Article 9, except as stated in G.S. 25-11-105.

"§ 25-11-104. *Transition provisions on change of requirement of filing.*—A security interest for the perfection of which filing or the taking of possession was

required under old Article 9 and which attached prior to the effective date of new Article 9 but was not perfected shall be deemed perfected on the effective date of new Article 9 if new Article 9 permits perfection without filing or authorizes filing in the office or offices where prior ineffective filing was made.

"§ 25-11-105. *Transition provisions on change of place of filing.*—(1) A financing statement or continuation statement filed prior to July 1, 1976, which shall not have lapsed prior to July 1, 1976, shall remain effective for the period provided in the old Article 9, but not less than five years after the filing.

(2) With respect to any collateral acquired by the debtor subsequent to the effective date of new Article 9, any effective financing statement or continuation statement described in this section shall apply only if the filing or filings are in the office or offices that would be appropriate to perfect the security interests in the new collateral under new Article 9.

Sec. 6. When each project appropriated in Section 4 of this act, other than those projects under the Department of Community Colleges and the University of North Carolina Board of Governors, is placed under construction contract, direct appropriations therefor shall be encumbered to include all costs for construction, design, investigation, administration, movable equipment and a reasonable contingency. Surplus direct appropriations remaining in the project budget after encumbering costs described above shall be placed in a project reserve fund credited to the Department of Administration. Use of this project reserve fund shall be at the discretion of the director of the budget solely to

allow for award of contracts where bids exceed appropriated funds, on condition that such projects supplemented shall have been designed within the physical scope intended by the applicable appropriation or any authorized change therein, and all means to award contracts within the appropriation shall have been reasonably attempted in the opinion of the director of the budget. The project reserve fund shall not be used in connection with any projects under the University of North Carolina Board of Governors or the Department of Community Colleges. At the discretion of the Advisory Budget Commission, any balances in the project reserve fund shall revert to the original source.

Sec. 7. Upon the request of a department, agency, or institution for which a capital improvement appropriation is herein made, the Governor, with a majority vote of the membership of the Advisory Budget Commission, is authorized and empowered to postpone any capital improvement project as provided in this act upon finding that the project cannot be carried out as originally intended by the General Assembly.

Sec. 8. The Advisory Budget Commission may, when in its opinion it is in the best interest of the State to do so, and upon the request of a department, institution, or agency, authorize an increase or a decrease in size, scope, direct or self-liquidating appropriation, of any project or projects enumerated in this act within the funds available to that department, agency, or institution.

Sec. 9. The Advisory Budget Commission may, when in its opinion it is in the best interest of the State to do so, and upon the request of a department, agency, or institution, authorize the construction of a capital improvement project not specifically provided for or authorized by the General Assembly when funds become available by gifts, grants, federal receipts, patient receipts or receipts becoming a part of special funds by act of the General Assembly. No funds appropriated under this act for a specific capital improvement shall be used or expended for any capital improvement not specifically provided for or authorized by the General Assembly, nor shall any such funds be transferred from one department of government to another except through the project reserve.

Sec. 10. The director of the budget is authorized and empowered to advance from the land-purchase appropriations made in this act, funds necessary for purchase of recreational land for which there is either no specific appropriation or only a partial appropriation, when reimbursement of such advances will be later effected by assured gifts or grants.

Sec. 11. There is appropriated in Section 4 of this act a lump sum to the University of North Carolina Board of Governors. Expenditure of funds in this appropriation shall be in accordance with the provisions of Chapter 1244, 1971 Session Laws, and the provisions of this act, except where specifically excluded. Other lump sums appropriated in Sections 4 or 5 of this act shall be used for specific projects of capital improvements in accordance with the priority needs of the respective agencies and as approved by the Governor and the Advisory Budget Commission.

Sec. 12. There is appropriated under Section 4 of this act to the Department of Administration the sum of five hundred thousand dollars ($500,000) in 1975-76 and one million five hundred thousand dollars ($1,500,000) as reserves for capital improvements cost increases to supplement appropriated construction projects authorized by the General Assembly. This reserve may be used at the discretion of the director of the budget solely to allow

for award of contracts where bids exceed appropriated funds, on the condition that such supplemented projects shall have been designed within the physical scope intended by the applicable appropriation or any authorized changes therein and all other means to award contracts shall have been reasonably attempted in the opinion of the director of the budget.

Sec. 13. It is the intention of this act that it shall be the announced policy of the Department of Community Colleges that no construction contracts for capital improvements be let until it has been clearly established that funds are available for related movable equipment.

Sec. 14. Subject to any transfers and changes between appropriations as permitted in previous sections of this act, the appropriations for capital improvements made herein shall be expended only for specific projects set out. Construction of all capital improvement projects enumerated in this act shall be commenced or self-liquidating indebtedness with respect thereto shall be incurred within eighteen months following the first day of the fiscal year in which the funds are available. If construction on such project or projects has not been commenced or self-liquidating indebtedness has not been incurred within that period, the direct appropriation for such project or projects shall revert to the original source, and the self-liquidating appropriation shall lapse; except that direct appropriations may be placed in the project reserve fund; provided, however, that this deadline with respect to both direct and self-liquidating appropriations may be extended with the approval of the Governor and the Advisory Budget Commission when, in their discretion, existing circumstances and conditions warrant such extension.

Sec. 15. The several departments, institutions, and agencies of the State are authorized and empowered to make application to any agency of the United States of America for grants-in-aid for the construction of the several projects in this act, within the scope and intent of the projects enumerated in this act. The Advisory Budget Commission and the Department of Administration, in its pertinent divisions, shall be furnished with copies of all requests for federal funds and this information shall be kept current. Receipt of monies from said grant or trusts and gifts shall be deposited with the State Treasurer and expended in accordance with the terms of said grants which are not contrary to the laws of this State.

Sec. 16. Notwithstanding the provisions of G.S. 146-30 or any other pertinent statute, the net proceeds of any sale, lease, rental, transfer, or other disposition of the telephone, electric, water and sewer systems, facilities, properties, assets, plants, works, and instrumentalities (identified as enterprises or projects by Article 1 of General Statutes Chapter 116) in the jurisdiction of and operated by institutions of The University of North Carolina shall not, prior to July 1, 1976, be approved for use by the director of the budget or the Advisory Budget Commission.

Sec. 17. The Department of Human Resources is faced with the threat of losing revenues in the institutional programs because of physical facilities not meeting standards established by the Occupational Safety and Health Act, Medicaid, Medicare, and Life Safety Codes.

It is the intent of the General Assembly that the three million dollars ($3,000,000) appropriated for 1975-76 and the two million dollars ($2,000,000) appropriated for 1976-77 to the Department of Human Resources for this purpose be used by the Secretary to correct those deficiencies most necessary to

provide for the maximum safety and care of patients and to assure the standards required for the continued receipt of third party insurance payments for those patients.

The use of funds for the correction of these deficiencies may be restricted by the director of the budget and the Advisory Budget Commission, when in their opinion the expenditure would not aid in the receipt of third party insurance payments.

Sec. 18. Subject to legislative action to transfer the Division of Youth Development and the training schools of the Department of Correction to the Department of Human Resources, it is the intent of the General Assembly that all funds appropriated in this and previous acts for capital improvement projects in the Division of Youth Development and at the schools shall be transferred to the Department of Human Resources.

Sec. 19. The appropriation of six million dollars ($6,000,000) for the biennium to the Department of Correction in Section 4 of this act and the fifteen million dollars ($15,000,000) reserve appropriated to the Department of Correction in Chapter 1202 of the 1973 Session Laws are to be used to design and build prisons by contract or forced account and to alleviate present overcrowding of prison facilities through either operations or capital projects as may be approved by the Governor and the Advisory Budget Commission.

Sec. 20. It is the intent of this General Assembly that, of the appropriations enumerated above in this act, the item below is to be financed from the General Revenue Sharing Trust Fund of the State, and that all the provisions of this act which are applicable to the remaining items in this act are also applicable to those funded from the General Revenue Sharing Trust Fund of the State, to the end of providing maximum flexibility for the expenditure of the appropriation made herein consistent with federal regulations governing expenditure of general shared federal revenue.

S. B. 45 **CHAPTER 875**

The General Assembly of North Carolina enacts:

Section 1. The appropriations made herein are intended to be for maximum amounts necessary to provide the services and accomplish the purposes described in the budget. It is the intent of the General Assembly that savings shall be effected where the total amounts appropriated shall not be required to perform these services and accomplish these purposes, and that, except as allowed by the Executive Budget Act, or as hereinafter provided, such savings shall be reverted to the appropriate fund at the end of the biennium.

Transfers may be made by authorization of the director of the budget from Section 3, Title A 2.a. and b. to Title A 2.c(1), c(2)(a), c(2)(b), c(2)(c), c(3), c(4), A 2.d., and A 2.e. Transfers may be made by authorization of the director of the budget from Section 3, Title A 2.c(1), c(3), c(4), A 2.d. and A 2.e. to Title A 2.a. and A 2.b., provided that the original appropriation from which the transfer is made shall not be reduced by more than ten percent (10%), and provided further that transfers to Title A 2.a. and A 2.b. for the purpose of providing additional positions, shall be approved by the Advisory Budget Commission. Transfers of appropriations within subparagraphs A 2.c. (1), c(2), c(3), c(4), A 2.d., A 2.e., A 2.f(1), f(2), f(3), and A 2.g., shall be governed by the provisions of G.S. 136-44.2. Allocations may be made from the Reserve for Contingencies by authorization of the Governor and Council of State. In the event the revenue exceeds the Highway Fund appropriation made herein, the excess will be allocated to construction of the three highway systems in the same proportional amounts as appropriated.

In the event the revenue is less than the appropriations, State funded construction appropriations in the Primary, Secondary, and Urban systems shall be reduced up to the extent necessary to maintain a viable highway maintenance program.

The Controller of the Department of Transportation and Highway Safety is hereby directed to allocate at the beginning of each fiscal year from the various appropriations in Section 3 under Titles A 2.c., A 2.d., A 2.e., A 2.f., and A 2.g. herein made to the Office of Highways, sufficient funds to eliminate all overdrafts on State maintenance and construction projects, and such allocations may not be diverted to other purposes.

In the event the availability of federal funds or the rate of federal matching for any program under the federal aid construction program is changed during any part of the 1975-77 biennium, the director of the budget may authorize transfers in Section 3 between Title A 2.c., State construction, A 2.f., State maintenance, A 2.d., State funds to match federal aid highway planning survey and highway planning research, and A 2.e., State funds to match federal aid construction, or within the affected federal aid programs, of sufficient funds to provide adequate matching for federal aid construction funds; provided that no transfers shall be made from Title A 2.c.(2), secondary construction, or A 2.f.(2), secondary maintenance, for this purpose.

During each fiscal year, the director of the budget, upon recommendation of the Board of Transportation, may authorize establishment of a reserve for school and industrial access roads and emergencies as provided for by G.S. 136-44.2, and other required reserves.

Notwithstanding any other provisions of this act or any other provision of the law, no transfers shall be made from the appropriation for secondary road county construction, nor shall that appropriation be reduced by any amount, except by a reduction, uniformly applicable to all highway construction appropriations made necessary by reduction in revenues.

Sec. 4. General Statute 20-7(j) is hereby rewritten to read as follows: "The fees collected under this section and G.S. 20-14 shall be placed in the Highway Fund."

General Statute 20-85 is hereby amended by deleting the last sentence thereof.

General Statute 20-183.7 is hereby amended by rewriting the last sentence thereof as follows: "The Department of Motor Vehicles shall receive thirty-five

cents (35¢) for each inspection certificate, and these proceeds shall be placed in the Highway Fund."

Sec. 5. Of the three hundred seventy-five thousand dollars ($375,000) appropriated for the Occupational Safety and Health Act (OSHA) in the Department of Transportation, one hundred seventy-five thousand dollars ($175,000) shall be transferred to the Department of Labor to administer the OSHA program in the Department of Transportation.

Sec. 6. It is the intent of the General Assembly that funds appropriated herein for regional and divisional personnel offices and related expenses shall be used only for those personnel officers who function in a staff or subordinate role to the Assistant Chief Engineers or Division Engineers.

Sec. 7. Highway Fund appropriations shall not be transferred to the State Board of Education to supplement the annual vehicle registration tax collected under the provision of G.S. 20-88.1.

Sec. 8. In each year that an appropriation bill is considered by the General Assembly, the Department of Transportation shall make a report to the appropriations committee of each house on all services provided by the department to the public for which a fee is charged. The report shall include an analysis of the cost of each service and the fee charged for that service.

Sec. 9. Any balances remaining in the "Drivers License Fund", the "Safety Equipment Inspection Fund" and the "Lien Recording Fund" on July 1, 1975, shall be placed in the Highway Fund.

Funds appropriated by previous General Assemblies from the Highway Fund to the Governor's Highway Safety Program in the amount of one million nine hundred eighty thousand dollars ($1,980,000) which are not now obligated are hereby reverted and reapplied to meet Highway Fund appropriations authorized in this act.

Sec. 10. There is hereby appropriated out of funds available in the various Special Funds sufficient amounts to carry on required activities included under each fund's operations subject to provisions of the Executive Budget Act, Chapter 143, Article 1, General Statutes of North Carolina.

Sec. 14. Appropriations made herein for health programs not covered under Medicaid are intended to provide for the purchase of medical services for a full twelve-month period for eligible recipients under these programs. If during the fiscal year, expenditures in these programs indicate that the funds may be insufficient for a full twelve months, the Department of Human Resources shall adjust the eligibility requirements for participation in these programs to the end that the appropriations are sufficient.

Sec. 15. Appropriations made herein to the Division of Mental Health Services for community mental health programs, as authorized by G.S. 122-35.1, are intended to be for both out-patient and in-patient services.

Sec. 16. It is the intent of this General Assembly that non-State health and welfare agencies submit their appropriation requests for grants-in-aid through the Secretary of the Department of Human Resources for recommendations to the Governor and the Advisory Budget Commission and the General Assembly, and that agencies receiving these grants, at the request of the Secretary of the Department of Human Resources, provide a post-audit of their operations that has been done by a certified public accountant.

Sec. 17. The Department of Human Resources is authorized and directed to utilize any funds available to the department by reason of increased Social Security and/or Supplemental Security Income checks to General Assistance recipients, and consequent reduction in the amounts otherwise required as supplementary State funds, to provide increased payments for those General Assistance recipients receiving family care, rest home, and attendant care services.

Sec. 18. It is the intent and purpose of this act to establish a more adequate level of direct patient care in each of the mental health institutions.

Positions recommended for direct patient care in the budget shall not be reclassified and funds shall not be reallocated to non-direct patient-care activities.

Sec. 19. Appropriations made herein to the Department of Community Colleges for equipment and library books are made for each year of the biennium, and all unencumbered appropriations shall revert to the General Fund twelve months after the close of the fiscal year for which they were appropriated. Encumbered balances or unliquidated obligations outstanding at the end of this period shall be handled in accordance with existing State budget policies.

Sec. 20. Funds appropriated herein to the State Department of Public Education, Department of Community Colleges, as operating expenses for allocation to the institutions comprising the Community College System shall not be used to support recreation extension courses. The financing of such courses by any institution shall be on a self-supporting basis and contact hours produced from such activities shall not be counted when computing full-time equivalent students for use in budget-funding formulas at the State level.

Sec. 21. Each stipend recipient in the Department of Community Colleges Administrator Training Program shall serve public post-secondary education in North Carolina two months for every one month on stipend, or repay a pro rata share of the State funds received.

Sec. 22. For the purposes of determining the system-wide number of curriculum instructional unit positions each year, the total curriculum and extension full-time equivalent student enrollment shall be divided by 23.

Sec. 23. Funds appropriated in Section 2 for the Department of Community Colleges to increase support for supplies and materials shall be used to increase the formulas by which supplies and materials funds are allocated to the institutions and shall not be used to change any other allocation formulas. All other funds appropriated for operating costs of the community colleges and technical institutes are intended to support student enrollment at the per student rate provided by the formulas adopted by the State Board of Education for the preceding year and shall not be used to increase the formulas by which fund allocations will be determined.

Sec. 24. Funds appropriated herein to the Department of Community Colleges to provide financial assistance to hospital programs of nursing education leading to diplomas in nursing which are fully accredited by the North Carolina Board of Nursing and operated under the authority of a public or nonprofit hospital licensed by the North Carolina Medical Care Commission shall be distributed, upon application for financial assistance, on the basis of eight hundred fifty dollars ($850.00) for each student duly enrolled in the program as of December 1 of the preceding year and on condition that accreditation is maintained. The State Board of Education shall make such rules and regulations as are necessary to ensure that this financial assistance is used directly for faculty and instructional needs of diploma nursing programs.

Sec. 25. Funds appropriated to the State Department of Public Education for the purchase of elementary basic textbooks shall be permanent appropriations, and unexpended portions of these appropriations shall not revert to the General Fund at the end of the biennium.

Sec. 26. Funds appropriated in Section 2 to the State Department of Public Education for clerical assistance in the public schools and for

instructional personnel in psychological and guidance counseling, health and social services, reading, mathematics, and cultural arts shall be allocated to local administrative units according to formulas in effect on June 30, 1975. The State Board of Education shall require local administrative units to provide evidence that the expenditure of local funds for each such purpose is no less than the amount expended per pupil in average daily membership for each such purpose during the prior year. At the discretion of the State Board of Education, funds appropriated under this act may be withheld to ensure that supplanting of local funds does not occur. The State Board of Education is empowered to waive this requirement upon evidence provided by the local administrative units that compliance will result in inefficient use of funds and that the overall per pupil expenditure from local funds for instructional purposes is no less than the overall per pupil expenditure from local funds for such purposes in the preceding fiscal year.

Sec. 27. Funds appropriated in Section 2 of this act to the State Department of Public Education for the development of health, physical education, and athletic activities shall be allocated by the State Board of Education to local administrative units on the basis of average daily membership in kindergarten through grade six.

Sec. 28. Funds appropriated in Section 2 to the State Department of Public Education to replace lost federal receipts shall be utilized only for existing programs that experience a loss in federal funding and any amounts not so required shall revert to the General Fund.

Sec. 29. Funds appropriated herein to the Board of Governors of The University of North Carolina for continuation of financial assistance to the medical schools of Duke University and Wake Forest University shall be disbursed on certifications of the respective schools of medicine that show the number of North Carolina residents as first-, second-, third- and fourth-year students in the school as of November 1, 1975, and November 1, 1976. Disbursement to Wake Forest University shall be made in the amount of eight thousand dollars ($8,000) for each such student, one thousand dollars ($1,000) of which shall be placed by the school in a fund to be used to provide financial aid to needy North Carolina students who are enrolled in the school, provided that the maximum aid given to any student from this fund in a given year shall not exceed the amount of the difference in tuition and academic fees charged by the school and those charged at the School of Medicine at The University of North Carolina at Chapel Hill.

Disbursement to Duke University shall be made in the amount of five thousand dollars ($5,000) for each such student, five hundred dollars ($500.00) of which shall be placed by the school in a fund to be used to provide student financial aid to financially needy North Carolina students who are enrolled in the school, provided that no individual student shall be awarded assistance from this fund in excess of one thousand five hundred dollars ($1,500) each year. In addition to this basic disbursement for each year of the 1975-77 biennium, a disbursement of one thousand dollars ($1,000) shall be made for each such student in the first-year class to the extent that the enrollment of the first-year class exceeds 30 North Carolina students in the 1975-76 fiscal year. In the 1976-77 fiscal year, the additional disbursement of one thousand dollars ($1,000) shall be made for each such student in the first- and second-year class to the extent that enrollment of each class exceeds 30 North Carolina students.

The Board of Governors shall establish the criteria for determining the eligibility for financial aid of needy North Carolina students who are enrolled in the schools and shall review the grants or awards to said eligible students. The Board of Governors shall promulgate regulations for determining which students are residents of North Carolina for the purposes of these programs. The Board shall also make such regulations as it may deem desirable to insure that these funds are used directly for instruction in the medical programs of the schools and not for religious or other nonpublic purposes. The Board shall encourage the two schools to orient students towards personal health care in North Carolina giving special emphasis to family and community medicine.

Sec. 30. Funds appropriated in this act to the Board of Governors of The University of North Carolina for aid to private colleges shall be disbursed in accordance with the provisions of G.S. 116-19, G.S. 116-21, and G.S. 116-22. These funds are intended to provide up to two hundred dollars ($200.00) per full-time equivalent North Carolina undergraduate student enrolled at a private institution as of October 1 each year.

In addition to any funds appropriated pursuant to G.S. 116-19 and in addition to all other financial assistance made available to private educational institutions located within the State, or to students attending such institutions, there is hereby granted to each full-time North Carolina undergraduate student attending an approved institution, as defined in G.S. 116-22, the sum of two hundred dollars ($200.00) per academic year, which shall be distributed to the student as hereinafter provided.

The tuition grants provided for herein shall be administered by the State Education Assistance Authority pursuant to rules and regulations promulgated by the State Education Assistance Authority not inconsistent with this act. The State Education Assistance Authority shall not approve any grant until there has been received from an appropriate officer of the approved institution a certification that the student applying for said grant is an eligible student. Upon receipt of such certification, in proper form, the State Education Assistance Authority shall remit, at such times as it shall prescribe, said grant to the approved institution on behalf and to the credit of such student.

In the event a student on whose behalf a grant has been paid shall not be enrolled and carrying a minimum academic load as of the tenth classroom day following the beginning of the school term for which such grant was paid, the institution shall refund to the State Education Assistance Authority the amount of grant paid on behalf of such student for such term. Each approved institution shall be subject to examination by the State Auditor for the purpose of determining whether such institution has properly certified eligibility and enrollment of students and credited grants paid in the behalf of such students.

In the event there are not sufficient funds to provide each eligible student with a full grant, each eligible student shall receive a reduced but equal share of funds then available for the remainder of the academic year within the fiscal period covered by the current appropriation.

Expenditures made pursuant to this section shall be used for secular educational purposes only. If any provision of this section or the application thereof to any person or circumstances be held invalid, such invalidity shall not affect other provisions or applications of this section which can be given effect without the invalid provision or application, and to this end the provisions of this section are declared to be severable.

Sec. 31. Within the limits of the appropriations made in Section 2 to the Board of Governors of The University of North Carolina, community hospitals are to be awarded grants in the amount of fifteen thousand dollars ($15,000) per year for each certified residency that is established and filled and that represents an increase over the number of certified residencies at those hospitals as of June 30, 1974, in the fields of family practice, internal medicine, pediatrics, and obstetrics and gynecology.

Sec. 32. The Board of Governors is urged to utilize the funds appropriated in Section 2 for institutional programs to maintain accreditation of the North Carolina Central University Law School; to obtain accreditation of the East Carolina University School of Medicine; to provide for scheduled enrollment increases in the Division of Health Affairs at UNC-Chapel Hill, East Carolina University, and in other health-related programs on other campuses of the University; and to provide for the planned expansion of the Area Health Education Centers.

Sec. 33. The balance, as of June 30, 1975, of the seven million five hundred thousand dollars ($7,500,000) appropriated in Chapter 562 of the 1973 Session Laws to the Board of Governors of The University of North Carolina as a reserve to establish an additional degree-granting school of medicine within The University of North Carolina and carried forward by Chapter 1190 of the 1973 Session Laws, and the balance, as of June 30, 1975, of the seven million five hundred thousand dollars ($7,500,000) appropriated in Chapter 1190 of the 1973 Session Laws as a reserve for the purposes outlined in Section 46 of that act, are hereby carried forward as a non-reverting special fund to the Board of Governors of The University of North Carolina, which shall be available for current operation or capital improvement expenditures, or both, in support of the development of a degree-granting school of medicine within The University of North Carolina, heretofore authorized by the Board of Governors at East Carolina University. These funds may be used for, but are not limited to, expenditures for the planning and construction of clinical and other educational facilities to support the medical education program in buildings of the Pitt County Memorial Hospital.

If these funds are used for such purposes, any alterations or construction that is required for these purposes that is within or attached to the physical confines of the buildings of Pitt County Memorial Hospital according to construction contracts that have been previously entered into by the contracting parties for Pitt County Memorial Hospital, may be exempt from the requirements of G.S. 143-129 and G.S. 143-132 and accomplished by negotiated change orders to existing contracts.

This exemption does not apply to the construction of any free-standing addition or additions to the Pitt County Memorial Hospital for the accomplishment of the above purposes.

Sec. 34. Fifty percent (50%) of all indirect costs (overhead receipts) received in connection with contracts and grants in any fiscal year by any of the constituent institutions of The University of North Carolina shall be transferred to their general operating budget as reimbursement for operating costs.

Sec. 35. This act provides for withdrawing four million dollars ($4,000,000) from the balances of the overhead receipts funds at the constituent institutions of The University of North Carolina. This reduction shall be

apportioned among the constituent institutions in proportion to the May 31, 1975, balances in these funds at each institution.

Sec. 36. Of the amount appropriated in Section 2 to the Board of Governors for related educational programs, five hundred thousand dollars ($500,000) for 1975-76 and six hundred fifty thousand dollars ($650,000) for 1976-77 and any matching federal funds shall be used by the State Education Assistance Authority to establish a North Carolina incentive grants program for financial aid to needy North Carolina undergraduate students enrolled in post-secondary education institutions in North Carolina.

Sec. 37. Funds appropriated herein to the Board of Governors of The University of North Carolina for allocation to the constituent institutions shall be distributed fairly and equitably among the institutions in accordance with the provisions of G.S. 116-11(9).

Sec. 38. All funds provided as grants-in-aid to private nonprofit organizations in the areas of history, art, and culture are appropriated to the Department of Cultural Resources for allocation in accordance with law. Funds appropriated to the department for grants-in-aid to assist in the restoration of significant historic sites owned by private nonprofit organizations shall be expended only in accordance with Sections 121-11, 121-12 and 143-31.2 of the General Statutes.

It is the intent of the General Assembly that non-State organizations operating in the areas of history, art, and culture submit their requests for grant-in-aid appropriations through the Secretary of the Department of Cultural Resources for recommendations to the Governor, the Advisory Budget Commission and the General Assembly. The Secretary is empowered and directed to make regular and timely reviews, studies and recommendations concerning the operations and needs of these organizations for State funds. In discharging this responsibility, the Secretary may request from the grantees operating statements, audit reports and other information deemed appropriate.

Sec. 39. It is the intent of this act that expenditures of funds appropriated herein as reserves shall not be scheduled in amounts or in such manner as to create an increased annual obligation in the succeeding year, except as provided by statute.

Sec. 40. Subject to a recommendation of the director of the budget and with the approval of the Council of State, funds may be allotted out of the Contingency and Emergency Appropriation for use by the State Department of Agriculture, the North Carolina Agricultural Experiment Station, the United States Department of Agriculture, or any of them, for a witch weed control program or for payment of hog cholera indemnities, or both.

Sec. 41. Appropriations are provided in Section 2 of this act for required employer contributions to the Teachers' and State Employees' Retirement Fund, the Law Enforcement Officers' Benefit and Retirement Fund, the Judicial Department Retirement Fund, and the Social Security Agency, for employees whose salaries are paid from the General Fund; in Section 3 of this act, for required employer contributions for employees whose salaries are paid from the Highway Fund; and in Section 4 of this act, for required employer contributions for employees whose salaries are paid from Special Funds. For employees whose salaries are paid from department, office, institution, or agency receipts (other than gifts, including foundation funds), the employer requirement shall be paid from the same source as the source of the employee's

salary. In those instances in which an employee's salary is paid in part from the General Fund and in part from department, office, institution, or agency receipts (other than gifts, including foundation funds), required employer contributions shall be paid from the General Fund only to the extent of the proportionate part paid from the General Fund in support of the salary of such employee, and the remainder of the employer's requirement shall be paid from the same source which supplies the remainder of such employee's salary. The requirements of this section as to source of payment are also applicable to payments on behalf of employees of Hospital-Medical Insurance, Longevity, and Unemployment Insurance, except that where the employee's salary is paid in whole or in part from gifts, including foundations, the source of such gifts must bear its proportional share of the employer's requirement for these purposes.

Notwithstanding the restrictions in this section, the director of the budget is authorized and empowered to promulgate special rules and regulations to apply to employer requirements with respect to employees whose salaries are paid from inter-agency receipts, where payments for the services of such employees originate from State appropriations, to the end that the effective purchasing power of such appropriations shall not be materially reduced as a result of payment of the employer's requirement.

Any questions as to the applicability of the provisions of this section shall be resolved by the director of the budget and the Advisory Budget Commission.

Sec. 42. Subject to the rules and regulations promulgated by the Department of Administration and approved by the director of the budget, any State department, institution, or agency of the State is hereby authorized to expend, from appropriations made in this act, funds to pay reasonable expenses for transporting the household goods of an employee and members of his household when the transfer of the employee is considered by the director of the budget to be in the best interests of the State.

Sec. 43. The director of the budget with the approval of the Council of State is authorized to make transfers from the Contingency and Emergency Fund for any purpose authorized by law for which no specific appropriation has been made, or when, inadvertently, an insufficient appropriation has been made.

Sec. 44. The director of the budget, with the approval of the Advisory Budget Commission and upon the request of the Governor's Aviation Committee, is authorized and empowered to allocate grants from the appropriations for airport improvements made in Section 2 of this act.

Sec. 45. The Secretary of the Department of Human Resources is authorized to establish rules and regulations applicable to local human resource agencies for the purpose of program evaluation, fiscal audits, and collection of third-party payments.

Sec. 46. It is the intent of this General Assembly that, of the appropriations enumerated above in this act, the elements listed below are to be financed from the General Revenue Sharing Trust Fund of the State.

Sec. 49. Grant-in-aid funds appropriated to the Department of Cultural Resources, as a supplement to private funds for expenses incurred by the North Carolina Symphony Orchestra, shall be the responsibility of and administered by the North Carolina Symphony Society, Inc., subject to audit and recommendations by the State Auditor.

It is the intent of the appropriation made for administration of the North Carolina Symphony that the Department of Cultural Resources be responsible for the expenditure of funds for administration and have authority over the employment of administrative personnel, subject to the provisions of G.S. 126. The department may seek the advice and assistance of the North Carolina Symphony Society, Inc., in administrative personnel actions.

Sec. 50. There is appropriated in Section 2 of this act a reserve for merit salary increases to permanent college academic personnel and permanent community college personnel whose salaries are exempt from the State Personnel Act.

The director of the budget is authorized and empowered to transfer from that reserve to the appropriate departments an amount for merit salary increases. The total amount of funds are to be allocated to individuals according to rules and regulations established by the Board of Governors of The University of North Carolina and the State Board of Education.

The director of the budget is authorized and empowered to allocate, out of special operating funds, or from sources other than tax revenues under which personnel exempt from the State Personnel Act are employed, sufficient funds to conform with the provisions of this section, provided necessary funds are available or made available by sponsoring agents. The director of the budget is further authorized to promulgate special rules and regulations to apply to merit salary increases for employees whose salaries are paid from inter-agency receipts, where payments for the services of such employees originate from State appropriations, as long as the effective purchasing power of such appropriations is not materially reduced as a result of these merit increases. Any question as to the applicability of the provisions of this section shall be resolved by the director of the budget and the Advisory Budget Commission.

Salaries for positions which are paid partially from the General Fund and partially from sources other than the General Fund shall be increased from the General Fund appropriation only to the extent of the proportionate part of the salaries paid from the General Fund.

Sec. 51. The director of the budget is authorized and empowered to transfer to General Fund budget codes from the General Fund salary adjustment appropriation, and to Highway Fund budget codes from the Highway Fund salary adjustment appropriation, such amounts as may be required to support approved salary adjustments made necessary by difficulties in recruiting and holding qualified employees in State Government. These funds are intended to be transferred only when the use of salary reserve funds in individual operating budgets is not feasible.

Beginning July 1, 1975, funds budgeted for the existing Employee Disability Salary Continuation Program ($3.00 per month per employee) shall be used to pay the increased employee cost for hospitalization insurance ($3.50 per month per employee) which becomes effective October 1, 1975. S. B. 943 **CHAPTER 877**

AN ACT TO CREATE A NORTH CAROLINA ENERGY POLICY COUNCIL TO DEVELOP RECOMMENDATIONS FOR A COMPREHENSIVE, LONG-TERM STATE ENERGY POLICY AND TO ESTABLISH PROCEDURES FOR ENERGY CRISIS ADMINISTRATION UNDER THE DEPARTMENT OF MILITARY AND VETERANS AFFAIRS.

The General Assembly of North Carolina enacts:

Section 1. This act shall be known as the North Carolina Energy Policy Act of 1975.

Sec. 2. G.S. 62-2 is hereby amended by deleting the entire section and substituting therefor the following:

"§ 62-2. *Declaration of policy.*—Upon investigation, it has been determined that the rates, services and operations of public utilities as defined herein, are affected with the public interest and that the availability of an adequate and reliable supply of electric power and natural gas to the people, economy and government of North Carolina is a matter of public policy. It is hereby declared to be the policy of the State of North Carolina:

(1) to provide fair regulation of public utilities in the interest of the public;

(2) to promote the inherent advantage of regulated public utilities;

(3) to promote adequate, reliable and economical utility service to all of the citizens and residents of the State;

(4) to provide just and reasonable rates and charges for public utility services without unjust discrimination, undue preferences or advantages, or unfair or destructive competitive practices and consistent with long-term management and conservation of energy resources by avoiding wasteful, uneconomic and inefficient uses of energy;

(5) to encourage and promote harmony between public utilities, their users and the environment;

(6) to foster the continued service of public utilities on a well-planned and coordinated basis that is consistent with the level of energy needed for the protection of public health and safety and for the promotion of the general welfare as expressed in the State energy policy;

(7) to seek to adjust the rate of growth of regulated energy supply facilities serving the State to the policy requirements of statewide development; and

(8) to cooperate with other states and with the federal government in promoting and coordinating interstate and intrastate public utility service and reliability of public utility energy supply.

To these ends, therefore, authority shall be vested in the North Carolina Utilities Commission to regulate public utilities generally, their rates, services and operations, and their expansion in relation to long-term energy conservation and management policies and statewide development requirements, and in the

manner and in accordance with the policies set forth in this Chapter. Nothing in this Chapter shall be construed to imply any extension of Utilities Commission regulatory jurisdiction over any industry or enterprise that is not subject to the regulatory jurisdiction of said Commission."

Sec. 3. Legislative findings and purpose. Upon investigation the General Assembly hereby finds that:

(1) Energy is essential to the health, safety and welfare of the people of this State and to the workings of the State economy;

(2) Growth in the consumption of energy resources is in some part due to wasteful, uneconomic and inefficient uses of energy and a continuation of this trend will adversely affect the future social, economic and environmental development of North Carolina;

(3) It is the responsibility of State government to encourage a reliable and adequate supply of energy for North Carolina at a level consistent with such energy needs required for the protection of public health and safety, and for the promotion of the general welfare; and

(4) the State has not provided the basis for development of a long-range unified energy policy to encompass comprehensive energy resource planning and efficient management of the rate of consumption of existing energy resources in relation to economic growth, to effectively meet an energy crisis, to encourage development of alternative sources of energy, and to prudently conserve energy resources in a manner consistent with assuring a reliable and adequate supply of energy for North Carolina.

(5) It is the expressed intent of this act to provide for development of such a unified energy policy for the State of North Carolina.

Sec. 4. The General Statutes of North Carolina are hereby amended by adding a new Chapter 166A to read as follows:

"Chapter 166A. Energy Policy.

(c) Members of the Energy Policy Council shall be reimbursed for their services pursuant to the provisions of G.S. 138-5. Funds for said purpose shall be paid from the Contingency and Emergency Fund.

"§ 166A-4. *Organization of the council; adoption of rules of procedure therefor.*—(a) To facilitate the work of the Energy Policy Council and for administrative purposes, the Chairman of the Energy Policy Council, with the consent and approval of the members, may organize the work of the council so as to carry out the provisions of this Chapter and to insure the efficient operation of the council.

Members of advisory committees shall be appointed by the council for terms not to exceed the expiration date of terms of then present public members of the council.

"§ 166A-5. *General duties and responsibilities.*—The Energy Policy Council shall have the following general duties and responsibilities:

(1) To develop and recommend to the Governor a comprehensive long-range State energy policy to achieve maximum effective management and use of present and future sources of energy, such policy to include but not be limited to an energy conservation plan, an energy management plan, an emergency energy program, and an energy research and development program;

(b) The Energy Conservation Plan shall be designed to assure the public health and safety of the people of North Carolina and to encourage and promote conservation of energy through reducing wasteful, inefficient or uneconomical uses of energy resources.

(c) The Energy Conservation Plan shall include but not be limited to the following recommendations:

(1) Recommendations to the Building Code Council for lighting, insulation, climate control systems and other building design and construction standards which increase the efficient use of energy and are economically feasible to implement;

(2) Recommendations to the Building Code Council for per unit energy requirement allotments based upon square footage for various classes of buildings which would reduce energy consumption, yet are both technically and economically feasible and not injurious to public health and safety;

(3) Recommendations for minimum levels of operating efficiency for all appliances whose use requires a significant amount of energy based upon both technical and economic feasibility considerations;

(4) Recommendations for State government purchases of supplies, vehicles

and equipment and such operating practices as will make possible more efficient use of energy;

(6) Any other recommendations which the Energy Policy Council considers to be a significant part of a statewide conservation effort and which include provisions for sufficient incentives to further energy conservation;

(7) An economic and environmental impact analysis of the recommended plan.

(d) In addition to specific conservation recommendations, the Energy Conservation Plan shall contain proposals for implementation of such recommendations as can be carried out by Executive Order. Upon completion of a draft recommended plan, the council shall arrange for its distribution to interested parties and shall make such plan available to the public and the council further shall set a date for public hearing on said plan.

(e) Upon completion of the Energy Conservation Plan, the council shall transmit said plan, to be known as the State Energy Conservation Plan, to the Governor for approval or disapproval. Upon approval, the Governor shall assign administrative responsibility for such implementation as can be carried out by Executive Order to appropriate agencies of State government, and submit to the General Assembly such proposals which require legislative action for implementation.

(f) The Governor shall transmit the approved Energy Conservation Plan to the President of the Senate, to the Speaker of the House of Representatives, to the heads of all State agencies and shall further seek to publicize such plan and make it available to all units of local government and to the public at large.

(g) At least every two years and whenever such changes take place as would significantly affect energy supply or demand in North Carolina, the Energy Policy Council shall review and, if necessary, revise the Energy Conservation Plan, transmitting such revised plan to the Governor pursuant to the procedures contained in subsections (e) and (f) of this section.

"§ 166A-7. *Energy Management Plan; components.*—(a) The Energy Policy Council shall prepare a recommended Energy Management Plan for transmittal to the Governor, the initial plan to be completed by June 30, 1976.

(b) The Energy Management Plan shall be designed to encourage the most efficient use of all sources of energy available to meet the needs of the State and to avoid undue dependence upon relatively limited, unreliable or uneconomical sources of energy.

(c) The Energy Management Plan shall include but not be limited to the following:

(1) An analysis of the current pattern of consumption of energy throughout the State by category of energy user and by sources of energy supply;

(2) An assessment of the effect of demand and supply of different forms of energy upon the current pattern of consumption;

(3) An independent analysis, in five-, ten- and twenty-year forecasts, of future energy production, supplies and consumption for North Carolina

in relation to forecasts of statewide population growth and economic expansion;

(4) An analysis of the anticipated effects of recommended conservation measures upon the consumption of energy in the State;

(5) An assessment of the possible effects of national energy and economic policy and international economic and political conditions upon an adequate and reliable supply of different forms of energy for North Carolina;

(6) An assessment of the social, economic and environmental effects of alternative future consumption patterns on energy usage in North Carolina, including the potentially disruptive effects of supply limitations;

(7) Recommendations on the use of different future energy sources that seem most appropriate and feasible for North Carolina in meeting expected energy needs during the next five-, ten- and twenty-year periods, with consideration given to growth trends in North Carolina industry and possible adverse economic impact on such trends.

(d) In addition to the above, the Energy Management Plan shall contain proposals for the implementation of such recommendations as can be carried out by Executive Order. Upon completion of a draft recommended plan, the council shall arrange for its distribution to interested parties and shall make such plan available to the public and the council further shall set a date for public hearing on said plan.

(e) Upon completion of the Energy Management Plan, the council and the Governor shall follow the procedures as outlined in G.S. 166A-6(e) and (f).

(f) The council shall update such plan upon a finding by it that an update is justified and shall follow the procedures for adoption pursuant to G.S. 166A-6(e) and (f).

"§ 166A-8. *Emergency Energy Program; components.*—(a) The Energy Policy Council shall, in accordance with the provisions of this Article, develop contingency and emergency plans to deal with possible shortages of energy to protect public health, safety and welfare, such plans to be compiled into an Emergency Energy Program.

(b) Within four months of the effective date of this Article:

(1) Each electric utility and natural gas utility in the State shall prepare and submit to the Energy Policy Council a proposed emergency curtailment plan setting forth proposals for identifying priority loads or users in the event of the declaration of an energy crisis pursuant to G.S. 166A-20, and proposals for supply allocation to such priority loads or users.

(2) Each major oil producer doing business in this State as determined by the Energy Policy Council, shall prepare and submit to the Energy Policy Council an analysis of how any national supply curtailment pursuant to federal regulations shall effect the supply for North Carolina and how priority users will be determined and available supplies allocated to such users.

(c) The Energy Policy Council shall encourage the preparation of joint emergency curtailment plans and analyses. If such cooperative plans and analyses are developed between two or more utilities, major producers or by an association of such companies, the joint plans or analyses may be submitted to

the Energy Policy Council in lieu of information required pursuant to subsection (b) of this section.

(d) The Energy Policy Council shall collect from all relevant governmental agencies any existing contingency plans for dealing with sudden energy shortages or information related thereto.

(e) The Energy Policy Council shall hold one or more public hearings, investigate and review the plans submitted pursuant to this section, and, within nine months after the effective date of this Article, the Energy Policy Council shall approve and recommend to the Governor guidelines for emergency curtailment to be known as the Emergency Energy Program and to be implemented upon adoption by the Governor after the declaration of an energy crisis and pursuant to G.S. 166A-20 and G.S. 166A-23. Said program shall be based upon the plans presented to the Energy Policy Council, upon independent analysis and study by the council, and upon information provided at the hearing or hearings, provided, however, that they are consistent with such federal programs and regulations as are already in effect at that time.

(f) The Emergency Energy Program shall provide for the maintenance of essential services, the protection of public health, safety, and welfare, and the maintenance of a sound basic State economy. Provisions also shall be made in said program to differentiate curtailment of energy consumption by users on the basis of ability to accommodate such curtailments, and shall also include, but not be limited to, the following:

(1) A variety of strategies and staged conservation measures of increasing intensity and authority to reduce energy use during an energy crisis, as defined in G.S. 166A-20 and guidelines and criteria for allocation of energy sources to priority users. The program shall contain alternative conservation actions and allocation plans to reasonably meet various foreseeable shortage circumstances and to allow a choice of appropriate responses;

(2) Evidence that the program is consistent with requirements of federal emergency energy conservation and allocation laws and regulations;

(3) Proposals to assist such individuals, institutions, agriculture and businesses which have engaged in energy saving measures;

(4) Procedures for implementing the State's responsibility as delegated by the Federal Mandatory Allocation Program for Middle Distillate Fuels as set forth in Chapter XIII of Title 32A, Code of Federal Regulations, as well as any succeeding federal programs, laws, orders, rules or regulations relating to the allocation, conservation or consumption of energy resources, including the Emergency Petroleum Allocation Act of 1973 and all orders, rules and regulations pursuant thereto; and

(g) The Energy Policy Council shall carry out such investigations and studies as are necessary to determine if and when potentially serious shortages of energy are likely to affect North Carolina and the council shall make recommendations to the Governor concerning administrative and legislative actions required to avert such shortages, such recommendations to be included as a section of the Emergency Energy Program.

(h) In addition to the above information and recommendations, the program shall contain proposals for implementation of such recommendations which include procedures, rules and regulations and agency administrative responsibilities for implementation, and shall further contain procedures for fair

and equitable review of complaints and requests for special exemptions from emergency conservation measures or emergency allocations. Upon completion of a draft recommended plan, the council shall arrange for its distribution to interested parties and shall make such plan available to the public and the council further shall set a date for public hearing on said plan.

(i) Upon completion of the Emergency Energy Allocation Program, the council and the Governor shall follow the procedures as outlined in G.S. 166A-6 (e) and (f).

(j) The council shall update said program every three years and shall follow the procedures for adoption pursuant to G.S. 166A-6(e) and (f).

"§ 166A-9. *Energy Research and Development Program; information gathering; coordination of energy research and planning.*—(a) The Energy Policy Council shall encourage, through its activities, research studies and projects which are related to energy conservation and management and to the development of alternative energy technologies.

(b) The council shall develop and coordinate a statewide program of research and development in energy related matters and shall give priority in encouraging and supporting such efforts to those areas of energy research and development which are of particular importance to North Carolina.

"§ 166A-10. *Powers and authority.*—(a) The Energy Policy Council is authorized to secure directly from any officer, office, department, commission, board, bureau, institution and other agency of the State and its political subdivisions any information it deems necessary to carry out its functions; and all such officers and agencies shall cooperate with the council and, to the extent permitted by law, furnish such information to the council as it may request.

(b) To assure the adequate development of relevant energy information, as provided in G.S. 166A-9, the council may require all energy producers and major energy consumers, as determined by the council, to file such reports and forecasts and at such dates as the council may request; provided, however, that the council may request only specific energy-related information which it deems necessary to carry out its duties as defined in Articles 1 and 2 of this Chapter.

(c) The council shall have authority to apply for and utilize grants, contributions and appropriations in order to carry out its duties as defined in Articles 1 and 2 of this Chapter, provided, however, that all such applications and requests are made through and administered by the Department of Military and Veterans Affairs.

(d) The council shall have authority to request said Division to allocate and dispense any funds made available to the council for energy research and related

work efforts in such a manner as the council desires subject only to the stipulation that said funds be reasonably used in furtherance of the purposes of this Article.

(e) The Department of Military and Veterans Affairs shall structure an energy staff capability so as to provide sufficient permanent staffing for the Energy Policy Council to fully and effectively develop recommendations for a comprehensive State energy policy as contained in the provisions of this Article. The Department shall further designate one such staff person as staff coordinator for the council. The Utilities Commission is hereby authorized to make its staff available to the Council to assist in the development of a State Energy Policy.

"§ 166A-11. *Annual reports; contents.*—(a) Beginning January 1, 1977, and every year thereafter, the Energy Policy Council shall transmit to the Governor, the Speaker of the House of Representatives, the President of the Senate, the Chairman of the Utilities Commission and the appropriate chairmen of the House and Senate committees concerned with energy matters, a comprehensive report providing a general overview of energy conditions in the State. On January 1, 1976, the Energy Policy Council shall transmit a progress report to the public officials named above.

(b) The report shall include, but not be limited to, the following:

(1) An overview of statewide growth and development as they relate to future requirements for energy, including patterns of urban and metropolitan expansion, shifts in transportation modes, modifications in building types and design, and other trends and factors which, as determined by the council, will significantly affect energy needs;

"Article 2.

"Energy Crisis Administration.

"§ 166A-20. *Definition; declaration of energy crisis.*—(a) 'Energy Crisis' - An energy crisis exists when the health, welfare or safety of the citizens of North Carolina are threatened by reason of an actual or impending acute shortage in usable, necessary energy resources.

The exemption permits under this subsection shall be renewable automatically every year by the board without additional findings of fact unless it is brought to the board's attention by the commissioner or his duly designated officer or employee that there no longer exists the relationship of a contract feeder between the manufacturer of commercial feeds and an independent contractor. In the event the commissioner or his duly designated officer or employee notifies the board when the permit is to be automatically renewed or anytime the permit is in effect, that there no longer exists a contract feeder relationship for the permit holder, the board shall determine the veracity of the notification and revoke said permit if the facts are found to be true by the board.

AN ACT TO APPROPRIATE FUNDS TO NORTH CAROLINA STATE UNIVERSITY FOR RESEARCH AND DEVELOPMENT OF A SOLAR HEATING AND COOLING SYSTEM WORKING MODEL FOR NEW AND EXISTING HOMES, OFFICE BUILDINGS, SCHOOLS AND INDUSTRIAL PLANTS.

Whereas, there are no known fossil fuel deposits in North Carolina that can be commercially developed, but this State is a recognized leader in the development and dissemination of knowledge; and

Whereas, solar energy is the world's most abundant renewable energy resource; and

Whereas, the public welfare of this State would benefit from the development of an inexpensive solar house heating and cooling system that can be applied to existing houses or new houses under construction and designed in such a manner, size and cost to encourage its use by home owners and builders; and

Whereas, much of the basic research into solar energy systems has been accomplished and disseminated and there is a vital need for demonstrated applications of solar energy systems on average North Carolina homes, office buildings, schools and industrial plants; and

Whereas, the aim of such research and development should not be intellectual inquiry as an end in itself, but rather the widespread introduction of new systems for the utilization of solar energy for homes, office buildings, schools and industrial plants for heating purposes; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is hereby appropriated from the General Fund to the School of Engineering and the School of Design of North Carolina State University the sum total of twenty thousand dollars ($20,000) for the fiscal year 1975-1976, and the sum of ten thousand dollars ($10,000) for the fiscal year 1976-1977, for the purpose of research and development of a working solar house heating and cooling system of a kind and size that can be applied to existing houses, and new houses under construction, and to office buildings, schools and industrial plants; and such research and development is to be conducted in a manner consistent with the purposes set forth in the preamble to this act.

Sec. 2. North Carolina State University is hereby authorized to spend a portion of the funds herein appropriated to design, construct and display at the North Carolina State Fair a solar heating and cooling system model for the purpose of demonstrating and encouraging the use of solar energy for the heating and cooling of existing homes, new homes under construction, office buildings, schools and industrial plants in North Carolina.

Sec. 3. North Carolina State University is hereby authorized to apply for, obtain and spend any federal grants of funds available from the federal government for use in a manner consistent with the purposes herein designated.

Sec. 4. North Carolina State University is hereby authorized to apportion the funds herein appropriated, and any matching federal funds obtained as authorized herein, among the School of Engineering and its departments, the School of Design and its departments, and any joint projects

between those two schools, in any manner consistent with the purposes herein designated.

H. B. 386 CHAPTER 912

AN ACT TO PROVIDE FOR RESEARCH STUDIES ON GENETIC IMPROVEMENT, CULTURAL AND PEST CONTROL PRACTICES, MECHANIZATION AND QUALITY IMPROVEMENT IN CHRISTMAS TREE PRODUCTION SO AS TO INCREASE NORTH CAROLINA FARM INCOME FROM CHRISTMAS TREES.

Whereas, Christmas trees are an important and rapidly growing source of farm income in North Carolina, estimated cash income to producers having increased from $1,400,000 in 1970 to $3,000,000 in 1974; and

Whereas, there is a large market potential for natural Christmas trees in North Carolina and nearby market areas which is now being filled largely with inferior natural trees produced in the Northern States and Canada; and

Whereas, North Carolina produced Christmas trees are of superior quality and could capture a large share of this market, thereby increasing by many fold income to North Carolina producers, if production practices were improved and costs lowered so as to be more price competitive; and

Whereas, the Fraser fir Christmas tree is considered the finest Christmas tree grown, and North Carolina has almost all of the natural Fraser fir range, and therefore has the greatest potential of all the states for large-scale commercial production of these trees; and

Whereas, the mountain counties, in particular, will benefit greatly from a growing Christmas tree industry; and

Whereas, realization of this potential for an improved competitive position for North Carolina produced Christmas trees depends critically upon the development through research of Christmas trees genetically superior in quality, growth rate and pest resistance on the development, cultural and pest control practices which enhance quality and reduce production costs and on mechanization of pruning and other production operations so as to reduce labor requirements and reduce costs; and

Whereas, the resources needed for these specialized research studies exceed presently available resources in terms of manpower, equipment and operating funds of the North Carolina Agricultural Experiment Station; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is hereby appropriated from the General Fund of the State to the North Carolina Agricultural Experiment Station the sum of twenty-five thousand dollars ($25,000) for the 1976-1977 fiscal year for the general purposes set forth in the preamble to this act.

Sec. 2. The above-named agency of the State shall handle and coordinate the administration and expenditure of all funds appropriated by this act and all

expenditures made from funds appropriated by this act and for the purposes herein designated shall be accounted for and reported to the fiscal and financial system of the agency to which the appropriation is made as set forth herein.

The funds hereby appropriated shall be used for the purpose of purchasing land and building a facility to be known as the Southwestern North Carolina Farmers' Market, which will serve as a point of assembly of produce for grading, packing and shipping to other areas of the United States, and which will also serve as a livestock auction market.

Sec. 2. The sum appropriated by Section 1 is to represent approximately twenty percent (20%) of the needed funds. The remainder is to be provided by local county government in Cherokee and adjoining counties in addition to federal sources.

Sec. 3. The facility will be operated on a self-supporting basis governed by a board of directors aided by the chairman of the county commissioners. One

member will be from the North Carolina Department of Agriculture to serve in an advisory capacity.

Whereas, the continued existence of these skilled nursing homes is vital to the health and well-being of all of North Carolina's citizens both now and in the future; and

Whereas, the current pressure created by an inflationary economy jeopardizes the proper operation and maintenance of these skilled nursing homes; and

Whereas, the General Assembly of North Carolina believes that the protection and health care offered to citizens of North Carolina by these skilled nursing homes is desirable and in the public interest; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. The maximum allowable payment to skilled nursing homes is increased from twenty-five dollars ($25.00) a day to twenty-eight dollars ($28.00) a day. Whereas, the General Assembly of North Carolina, by Resolution 171 of the 1974 Session, requested the Board of Governors of the University of North Carolina "to give special attention to the need for training additional veterinary medical practitioners for North Carolina, and to report to the General Assembly of 1975, by not later than the 30th legislative day of the session, its findings and recommendations for administrative and legislative action with respect to the extent of the need for and the most effective and economical means of training additional veterinary medical practitioners for North Carolina"; and

Whereas, the General Assembly by G.S. 116-11(3) has authorized the Board of Governors of the University of North Carolina to "determine the functions, educational activities and academic programs of the constituent institutions" of the University of North Carolina; and

Whereas, pursuant to the request of the General Assembly, the Board of Governors has studied extensively the need for and most effective and economical means of training additional veterinarians for North Carolina; has found that there is a present need to create a school of veterinary medicine in

North Carolina; has established a school of veterinary medicine at North Carolina State University, conditional on the appropriation by the General Assembly of sufficient funds to initiate that school; and has filed with the General Assembly on the first day of its current session the report requested by the General Assembly in 1974; and

Whereas, the recommendations of the Governor and Advisory Budget Commission for appropriations for 1975-77 do not make provision for financing a school of veterinary medicine; and

Whereas, it is the conviction of the General Assembly that the State of North Carolina needs a school of veterinary medicine and needs it at the earliest feasible date; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is hereby appropriated to the Board of Governors of the University of North Carolina from the General Fund the sum of five hundred thousand dollars ($500,000) for the fiscal year 1976-77 for the purpose of planning and developing a school of veterinary medicine at North Carolina State University at Raleigh and such related activity at North Carolina Agricultural and Technical State University as the Board of Governors may deem appropriate and complementary to the school of veterinary medicine.

H. B. 409 CHAPTER 925

AN ACT TO APPROPRIATE FUNDS FOR THE ORTHOPEDIC HOSPITAL AND REHABILITATION CENTER, INC., AT ASHEVILLE, TO FINANCE THE CONSTRUCTION OF A NEW REGIONAL SCHOOL FOR HANDICAPPED CHILDREN.

Whereas, the Orthopedic Hospital was established in 1938 as a nonprofit organization for the treatment of crippled children; and

Whereas, without proper care and rehabilitation, children suffering from chronic infections, congenital problems and severe accidents are the most heart-breaking members of our society; and

Whereas, fifty to sixty percent of these children are from indigent homes, unable to pay for specialized care; and

Whereas, the school was established in 1940 upon recommendations of practicing orthopedic physicians as a necessary part of the total child development; and

Whereas, the hospital now provides educational facilities for children from a 21-county regional area; and

Whereas, the regional needs have increased until the daily enrollment has reached 115 handicapped children; and

Whereas, the physical school facilities are totally inadequate for present needs and future development; and

Whereas, numerous independent studies have recommended a new and modern school building without barriers; and

Whereas, the State and Buncombe County are providing teachers, books, and transportation for the students; and

Whereas, the Orthopedic Hospital School has, in the past four years, returned to the public school system a total of 115 children, who would otherwise have been without an education; and

Whereas, the Buncombe County Commissioners made a study of the need for a new school for handicapped children and have determined to allocate two hundred thousand dollars ($200,000) for such construction, requesting that the hospital find matching funds; and

Whereas, provisions for the expansion from a capacity of 115 to 165 children will require an additional three hundred twenty-five thousand dollars ($325,000); Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is hereby appropriated from the General Fund to the Department of Human Resources for a grant-in-aid to the Orthopedic Hospital and Rehabilitation Center, Inc., at Asheville, in addition to all other appropriations, the sum of two hundred thousand dollars ($200,000) for fiscal year 1975-1976 and one hundred twenty-five thousand dollars ($125,000) for fiscal year 1976-1977 for the construction of a new regional school for handicapped children. These funds shall not become part of the continuing grant-in-aid to the Orthopedic Hospital and Rehabilitation Center, Inc., at Asheville.

Sec. 2. This act shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 26th day of June, 1975.

H. B. 412 CHAPTER 926

AN ACT TO APPROPRIATE FUNDS TO ASSIST IN THE RESTORATION OF THE NEWBOLD-WHITE HOUSE IN PERQUIMANS COUNTY.

Whereas, the Perquimans County Restoration Association, Incorporated, has committed itself to the acquisition, restoration, and dedication to the public of the Newbold-White House in Perquimans County; and

Whereas, the Newbold-White House is situated on land granted to Joseph Scott in 1684 and is believed to be the oldest surviving dwelling house in North Carolina; and

Whereas, the General Assembly of North Carolina met at or near the site on several occasions between 1689 and 1697; and

Whereas, the house has been associated with personages of great importance in the early history of North Carolina; and

Whereas, the house is of architectural importance exhibiting the persistence of medieval building practices and architectural forms better than any other structure in the State; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is hereby appropriated from the General Fund to the Division of Archives and History, Department of Cultural Resources, for assistance in the restoration of the Newbold-White House in Perquimans County for the 1975-76 fiscal year the sum of twelve thousand five hundred dollars ($12,500), provided a like amount is raised by the Perquimans County Restoration Association, Incorporated after July 1, 1975; and for the 1976-77 fiscal year the sum of twelve thousand five hundred dollars ($12,500), provided a like amount is raised by the Perquimans County Restoration Association, Incorporated after July 1, 1976.

Sec. 2. Funds appropriated in this act shall be expended only in accordance with Sections 121-11 and 143-31.2 of the General Statutes.

Sec. 3. This act shall be in full force and effect on and after July 1, 1975.

In the General Assembly read three times and ratified, this the 26th day of June, 1975.

H. B. 422 CHAPTER 927

AN ACT TO APPROPRIATE FUNDS TO THE DEPARTMENT OF CULTURAL RESOURCES TO ESTABLISH THE WESTERN NORTH CAROLINA HERITAGE CENTER.

Whereas, the cultural heritage of the mountain region of North Carolina has made an immeasurable contribution to all the citizens of the State; and

Whereas, the folk art and crafts of Western North Carolina enjoy a unique position in our national culture; and

Whereas, there is a need to give special public recognition to the region's early inhabitants; and

Whereas, it is desirable to preserve and perpetuate the history and cultural heritage of the 22 counties in the mountain region of North Carolina; and

Whereas, the Western North Carolina Historical Association has obtained a long-term lease commitment from the Asheville-Buncombe Technical Institute for the premises known as the Smith McDowell House on Victoria Road in Buncombe County, North Carolina, which Smith McDowell House is a residence of significant historical importance to all of Western North Carolina; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is hereby appropriated from the General Fund to the Division of Archives and History, Department of Cultural Resources, for the 1976-77 fiscal year the sum of twenty-five thousand dollars ($25,000) provided a like amount is raised by the Western North Carolina Historical Association, Inc., after July 1, 1976, for the purpose of the restoration and maintenance of the Smith McDowell House. Funds appropriated in this act shall be expended only in accordance with G.S. 121-11 and G.S. 143-31.2.

Sec. 2. This act shall become effective on July 1, 1975.

In the General Assembly read three times and ratified, this the 26th day of June, 1975.

H. B. 446 CHAPTER 928

AN ACT TO APPROPRIATE SUPPLEMENTARY FUNDS TO THE NORTH CAROLINA AGRICULTURAL EXPERIMENT STATION FOR DEVELOPING TOMATO VARIETIES SUITABLE TO THE WESTERN NORTH CAROLINA AREA, AND OTHER RESEARCH STUDIES ON POSTHARVEST PHYSIOLOGY AND MARKETING TOMATOES.

Whereas, Western North Carolina has established itself as the leading area in tomato production and is recognized nationally for the quality tomatoes produced in this area; and

Whereas, the tomato industry has progressed from a noncommercial enterprise in 1958 to the present enterprise involving 1200 producers in the 18 western counties, bringing in an annual average income of over $4,000,000 to the people of Western North Carolina; and

Whereas, the majority of these 1200 growers produce less than one acre of tomatoes, which is providing their main source of income; and

Whereas, the revenue received from tomato production in the State of North Carolina has generated income totaling around ten million dollars annually in Western North Carolina; and

Whereas, since the varieties presently being used in Western North Carolina are varieties that have been developed in the State of Florida and at present the breeding program there is no longer functioning, the tomato industry in Western North Carolina is in jeopardy because varieties are not available for maintaining the viability and continued success of the industry; and

Whereas, climatic conditions in Western North Carolina are unique, and tomato varieties have not been specifically developed for these conditions, variety development in the area is needed to assure the continued success of this industry; and

Whereas, plant diseases are a limiting factor in tomato production in Western North Carolina, and Verticillium wilt is becoming increasingly important on the limited suitable land available for tomato production, and broad spectrum disease resistant varieties are needed for the area; and

Whereas, without a breeding program the tomato industry in Western North Carolina was faltering in 1971, but the introduction of Florida's last variety has re-stimulated increased interest in 1974-75; however, the weakness of this variety is its lack of resistance to certain diseases, and thus its use is limited to a decreasing number of fields, the future of the tomato industry in Western North Carolina is solely dependent on the development of varieties for this area; and

Whereas, other limiting factors in maintaining a viable tomato industry in Western North Carolina are the need to continually up-date knowledge and develop new technology to maintain the competitiveness nationally in marketing and distribution of the tomato crop; and

Whereas, the tomato research resources needed to meet these industry demands extend far beyond those presently available in terms of manpower,

technical assistance, equipment, and operating funds of the North Carolina Agricultural Experiment Station; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is hereby appropriated from the General Fund of the State to the North Carolina Agricultural Experiment Station the sum of seventy-two thousand dollars ($72,000) in each of the two fiscal years of the biennium beginning July 1, 1975, and ending June 30, 1977.

Sec. 2. This act shall become effective on July 1, 1975.

In the General Assembly read three times and ratified, this the 26th day of June, 1975.

H. B. 456 CHAPTER 929

AN ACT TO PROVIDE COMMUNITY-BASED ALTERNATIVES TO STATE TRAINING SCHOOLS.

The General Assembly of North Carolina enacts:

Section 1. Chapter 143B of the General Statutes is hereby amended to add Part 20 to Article 3 to read as follows:

"Part 20. Technical Advisory Committee on Delinquency Prevention and Youth Services.

"§ 143B-204. *Legislative intent.*—The General Assembly hereby declares its intent to reduce the number of children committed by the courts for delinquency to institutions operated by the Division of Youth Development, Department of Human Resources or other State agencies. The primary intent of this act is to provide a comprehensive plan for the development of community-based alternatives to training school commitment so that 'status offenders' (defined by this act to include 'those juveniles guilty of offenses which would not be violations of the law if committed by an adult) may be eliminated from the Youth Development institutions of this State. Additionally it is the intent of this legislation to provide noninstitutional disposition options in any case before the juvenile court where such disposition is deemed to be in the best interest of the child and the community.

The policy and intent of the General Assembly in delinquency prevention and community-based services can be summarized as follows:

(1) Such programs should be planned and organized at the community level within the State, and such planning efforts should include appropriate representation from local government, local agencies serving families and children (both public and private), local business leaders, citizens with an interest in youth problems, youth representatives, and others as may be appropriate in a particular community. The role of the State should be to provide technical assistance, access to funding, program information, and to assist local leadership in appropriate planning.

(2) When a child is adjudicated to be within the juvenile jurisdiction of the district court such child should be carefully evaluated through the available community-level resources (including mental health, social services, public health and other available medical services, public schools, and others as appropriate) prior to the juvenile hearing dealing with disposition so that the disposition of the court may be made with an understanding of the needs of the child and after consideration of the resources available to meet these needs.

(3) It is contrary to the policy of the State for a court to separate a child from his own family or commit a child to an institution or training school without a careful evaluation of the needs of the child.

(4) The General Assembly finds that State and local government should be responsive to the need for community-based services which would provide a viable alternative to commitment to an institution or training school. The General Assembly intends that State government should be responsive to this need through the Department of Human Resources by helping public and private local groups to plan, develop and fund community-based programs, both residential and nonresidential. It is recognized that such efforts will require the cooperation of several major State departments in addition to Human Resources, such as Public Instruction, Administrative Office of the Courts, and the Governor's Committee on Law and Order.

(5) It is the intent of the General Assembly that the Secretary of the Department of Human Resources in conjunction with the Technical Advisory Committee described in Section 143B-206 of this bill develop a funding mechanism that will provide State support for programs that meet the standards as developed under the provisions of this act.

"§ 143B-205. *Duties of Secretary of Human Resources.*—It shall be the duty of the Secretary of Human Resources to arrange for the appropriate unit or units of the Department of Human Resources to implement Part 20, Article 3, of this Chapter as follows:

(2) To provide staff services to the Technical Advisory Committee on Delinquency Prevention and Youth Services created by Part 20;

(3) To arrange appropriate coordination and planning within the child-serving agencies of the Department of Human Resources and promote interdepartmental coordination by regular interaction with the Technical Advisory Committee;

(4) To assist local governments and private service agencies in the development of community-based programs, and to provide information on the availability of potential funding sources and whatever assistance may be requested in making application for needed funding;

(5) To approve yearly program evaluations and to make recommendations to the General Assembly concerning continuation funding that might be supported by that evaluation;

(6) To approve program evaluation standards by which all programs developed under the provisions of this act may be objectively evaluated.

Such standards as may be developed for the purpose of program evaluation shall be in addition to any current standards as may be applicable under the existing authority of the Social Services Commission and the Department of Human Resources.

Minimum operating standards as well as program evaluation standards as may be needed for new program models designed to fulfill the intent of this act, may be developed at the discretion of the Secretary either by the Social Services Commission or the Technical Advisory Committee.

(7) To develop in coordination with the Technical Advisory Committee as described in Section 143B-206 of this act a formula for funding on a matching basis community-based services as provided for in this act. This formula shall be based upon the county's or counties' relative ability to fund community-based programs for juveniles.

Local governments receiving State matching funds for programs under the provisions of this act must maintain the same overall level of effort that existed at the time of the filing of the County Assessment of Youth Needs with the Department of Human Resources as provided in Section 143B-209 of this act.

"§ 143B-206. *Technical Advisory Committee on Delinquency Prevention and Youth Services.*—There is hereby created the Technical Advisory Committee on Delinquency Prevention and Youth Services to advise and assist the Secretary of Human Resources in the development of delinquency prevention programs and community-based services for youth, both residential and nonresidential, which shall have the following duties:

(1) To provide yearly program evaluation of the effectiveness of delinquency prevention programs and community-based services developed or supported under provisions of this act, and, based on the findings of that evaluation, to make recommendations to the Secretary of the Department of Human Resources on the yearly budget requests for continuation funding;

(2) To advise and assist the Secretary of Human Resources in the development of a program which would coordinate the resources of State government within the appropriate departments to provide technical assistance to local areas within the State to assist them in planning delinquency prevention programs and community-based services for youth, including but not limited to the following: study local youth needs; gather data on children within the juvenile jurisdiction of the district court; evaluate resources for providing services or care to these children; provide information about various program models which might be appropriate in relation to the needs of youth; help in planning for evaluation; and other assistance as may be appropriate;

(3) To develop and recommend to the Secretary of Human Resources the program evaluation standards for delinquency prevention programs and community-based programs, both residential and nonresidential;

(4) To advise and assist the Secretary of Human Resources in encouraging the development of delinquency prevention programs and community-based services by private groups so that such programs can be responsive to local needs, so that local leadership and private groups can be responsible for their programs, and so that programs which meet State standards can be assisted by State and federal funding and so that available private funds can be appropriately utilized along with available State and federal funds;

(5) To advise and assist the Secretary of Human Resources in development of programs which have a plan for evaluation from the beginning so that successful program models can be replicated as appropriate;

(6) To advise and assist the Secretary of Human Resources in the development of delinquency prevention programs and community-based services under public auspices where there is no local private leadership.

Any vacancy arising for any cause other than the expiration of the term shall be filled by the original appointing authority for the unexpired term. The Committee should include representation of racial minorities and women. The Committee shall elect its chairman and other officers as may be needed from among the membership of the Committee. Members of the Technical Advisory Committee may receive travel and per diem expenses as authorized for members of State committees under G.S. 138-5.

"§ 143B-208. *Purchase of care or services from programs meeting State standards.*—The Department of Human Resources and any other appropriate State or local agency are hereby authorized to purchase care or services from public or private agencies providing delinquency prevention programs or community-based services, provided the program meets the State standards as authorized by G.S. 143B-205. As institutional populations are reduced, the Department of Human Resources may divert State funds appropriated for institutional programs to purchase such services, pursuant to the provisions of the Executive Budget Act.

The Technical Advisory Committee shall prepare an annual report on the progress of the community-based programs of this State which shall include the most current institutional populations of children being served by the various departments of State government which shall include comparative costs of all child serving agencies. Such report shall be submitted to the Governor, the General Assembly and the various State departments providing services to children.

"§ 143B-209. *County assessment of youth needs.*—The board of county commissioners of each participating county shall conduct or arrange for a study of youth needs in the county, giving particular attention to the need for

delinquency prevention programs and community-based services (residential or nonresidential) which would provide an alternative to commitment to training school. The board of county commissioners may delegate the responsibility to any appropriate board or department of county government, or it may contract with an appropriate private agency or group for the study. Adjoining counties may cooperate in conducting such study on a regional basis, utilizing appropriate public or private resources.

The board of county commissioners of any county may request technical assistance from the Secretary of Human Resources in conducting such study. Each participating county shall develop a study plan for submission to the Secretary of Human Resources by January 1, 1976. Each participating county shall file a report of preliminary findings from such study to the Secretary of Human Resources by January 1, 1977, and its full report by January 1, 1978. Each participating county shall plan for a continuing assessment of youth needs in the county or region with annual reports to the Secretary of Human Resources.

"§ 143B-210. *Prevent the commitment of noncriminal juvenile offenders to juvenile institutions for delinquents.*—To fully implement the legislative intent and purpose of this act, G.S. 7A-278(2) is rewritten to omit the words 'or a child who has violated the conditions of his probation under this Article' so that it reads as follows:

(2) 'Delinquent child' includes any child who has committed any criminal offense under State law or under an ordinance of local government, including violations of the motor vehicle laws."

H. B. 520 **CHAPTER 931**

AN ACT APPROPRIATING FUNDS ON A MATCHING BASIS TO THE DEPARTMENT OF HUMAN RESOURCES TO ENABLE IT TO DEVELOP ONE OR MORE MODEL HOMES PROVIDING JUVENILE DETENTION SERVICES ON A REGIONAL BASIS.

Whereas, the 1974 Session of the 1973 General Assembly enacted legislation to make juvenile detention care available on a statewide basis including rural areas, which legislation is codified as Article 6 of Chapter 134 of the General Statutes; and

Whereas, this legislation makes the Department of Human Resources responsible for the development and administration of regional detention homes to serve rural areas and G.S. 134-39 authorizes said department to develop one or more pilot programs to demonstrate that quality juvenile detention care which meets State standards may be offered on a regional basis which would meet the needs of the cooperating counties in the region; and

Whereas, there is no existing regional juvenile detention home providing quality detention care so that it would be beneficial to the State to establish a model detention program to serve as a model for planning and operation of a quality program; and

Whereas, a large number of children continue to be confined in local jails in North Carolina, demonstrating the need for expansion of juvenile detention resources on a regional basis; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is hereby appropriated from the General Fund of the State of North Carolina to the North Carolina Department of Administration the sum of one hundred fifty thousand dollars ($150,000) for the fiscal year 1976-77 for the purpose of enabling the Department of Human Resources to plan and award contracts with one or more units of local governments for the construction of one or more model homes to provide regional juvenile detention care, and which juvenile detention centers are to serve as models for development of regional detention resources within the State.

Sec. 2. The capital funds appropriated herein are to be administered on a matching basis by the North Carolina Department of Human Resources according to the following criteria:

(1) The funds shall be invested in one or more model juvenile detention programs in a region or regions which lack a juvenile detention home, after evaluation of the need for such services in various parts of the State.

(2) To obtain an allocation of the funds appropriated in Section 1, the local unit of government shall match each dollar of State funds with a dollar of regional or local funds raised from public or private sources; provided, however, the value of land, services, equipment and buildings may be included in determining the amount of local amount of matching money, and shall be subject to the agreement of the Department of Administration.

(3) In locating the one or more model juvenile detention homes, the department shall consider the need of the region for detention services, the capacity of the counties to plan together to develop the detention home, the extent of regional interest in such a resource, and other variables that would bring the greatest return for the State funds invested.

(4) The Department of Human Resources shall consider any plans and proposed contracts between one or more counties within a region and the Department of Human Resources shall prepare recommendations of the plans and contract which shall be submitted to the Advisory Budget Commission for approval. No such contract shall provide for State expenditures beyond the appropriations made by the General Assembly.

Sec. 3. This act shall become effective July 1, 1975.

In the General Assembly read three times and ratified, this the 26th day of June, 1975.

Whereas, the early building date (1763) and first owners (William and Elizabeth King) of the house are definitely known, making the building uniquely important in dating and understanding of other eighteenth century houses throughout the State; and

AN ACT TO PROVIDE FOR THE EXPANSION OF THE ROY HAMPTON MUSEUM IN THE CITY OF BEAUFORT INTO A MARINER'S MUSEUM AND TO PROVIDE FOR ITS PRESERVATION AND DISPLAY.

Whereas, the Roy Hampton Museum in the City of Beaufort is without trained personnel who are qualified to properly develop, preserve, and display said Museum; and

Whereas, without a professional staff, the Roy Hampton Museum cannot adequately serve the schools and the people of the coastal area properly, or serve a valuable public relations function in displaying North Carolina's maritime heritage to out-of-state visitors; and

Whereas, with the proper staff, the Roy Hampton Museum could function properly as a branch of the North Carolina State Museum allowing the North Carolina State Museum to expand its educational and exhibits program to the coastal region; and

Whereas, the resources needed for the development of such a Museum exceed presently available resources in terms of manpower, equipment and operating funds of the North Carolina State Museum; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is hereby appropriated from the General Fund to the North Carolina Department of Agriculture the sum of twenty-five thousand dollars ($25,000) for the 1975-76 fiscal year and the sum of twenty-five thousand dollars ($25,000) for the 1976-77 fiscal year for the staffing and operation of the Roy Hampton Museum.

Sec. 2. The Department of Agriculture shall handle and coordinate the administration and expenditure of all funds appropriated by this act.

H. B. 778 CHAPTER 945

AN ACT TO ESTABLISH A PUBLIC HEALTH RESIDENCY PROGRAM WITHIN THE NORTH CAROLINA DEPARTMENT OF HUMAN RESOURCES.

Whereas, there is an extreme shortage of and a continuously decreasing number of practicing public health physicians and dentists in North Carolina; and

Whereas, the State of North Carolina urgently needs the services of physicians and dentists well trained in the field of public health for the continued upgrading of public health services to her citizens, and the promotion and protection of the public health; and

Whereas, the State of North Carolina is without a program providing residency training in the specialty of public health practices; and

Whereas, the physical facilities and manpower resources for such training are available through the North Carolina Department of Human Resources and the local health departments in the State; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. Chapter 130 of the General Statutes is hereby amended by adding the following section thereto:

"§ 130-9.1. *Residencies in public health.*—There shall be established within the North Carolina Department of Human Resources a residency program designed to attract physicians and dentists into the field of public health and to train them in the specialty of public health practice. The program shall include practical experience in public health principles and practices, such experience to be gained through exposure to specific work situations in the Department of Human Resources and local health departments in the State."

Sec. 2. There is hereby appropriated from the General Fund of the State to the North Carolina Department of Human Resources a sum of fifteen thousand dollars ($15,000) for fiscal year 1975-76 and a sum of twenty-five thousand dollars ($25,000) for fiscal year 1976-77 for the purpose of establishing a residency program in public health practice. These funds are in addition to all other funds appropriated to the department.

Sec. 3. This act shall become effective July 1, 1975.

In the General Assembly read three times and ratified, this the 26th day of June, 1975.

H. B. 779 CHAPTER 946

AN ACT TO APPROPRIATE FUNDS TO THE DEPARTMENT OF HUMAN RESOURCES TO SUPPLEMENT THE PREVENTIVE DENTAL HEALTH PROGRAM AND SUPPORTIVE SERVICES.

Whereas, dental disease is the most prevalent health problem among school children, affecting ninety-five percent (95%); and

Whereas, the average child will experience 15 decayed teeth during school years and sixty-five percent (65%) of the children do not receive professional dental care; and

Whereas, dental disease may present barriers to effective learning; and

Whereas, the 10-year plan for preventive dentistry was presented to the General Assembly during the 1973 Session and was funded and the additional staff provided by the appropriation have rendered dental services to 18 new counties during the 1973-75 biennium as follows: Dental inspections, 94,731; referred to private practitioners, 38,784; preventive services, 78,707; educational services, 166,243; rural school water systems fluoridated, 45; and

Whereas, the Dental Health Section, Division of Health Services, Department of Human Resources, is operating under the 10-year plan, which was approved by the North Carolina Dental Society in 1973; and

Whereas, if this plan is followed and funds appropriated as called for in the 10-year plan, the amount of dental disease will be significantly reduced by 1983; and

Whereas, the increased funds would help to keep the disease reducing plan on schedule; and

Whereas, the funds would permit employment of additional dental hygienists; and

Whereas, the funds would permit the employment of technical workers; and

Whereas, these added services accruing would involve dental inspections and referral of school children, community fluoridation, rural school water fluoridation, fluoride supplements such as fluoride mouth rinse programs for school children, and a strong preventive dental health education program in schools and communities; and

Whereas, the vigorous effort to combat dental caries and periodontal disease, which causes loss of teeth, will decrease the cost of dental care to government and to individuals; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is hereby appropriated from the General Fund of the State to the Department of Human Resources, in addition to all other appropriated funds, the sum of forty-five thousand dollars ($45,000) for the 1975-1976 fiscal year and one hundred forty-five thousand dollars ($145,000) to continue in the implementation of the 10-year plan of the Dental Health Section, Division of Health Services, Department of Human Resources.

Whereas, this area has the greatest potential for expansion of pork production of any area in North Carolina;

Whereas, the development of the feeder pig industry has contributed to the development of large specialized finishing units of this area;

Whereas, the feeder pig industry offers a great potential for increasing income on the small farms of the area;

Whereas, the marketing capability, essential for a growth industry such as producing pork for human consumption, is available in the area and continues to become more expanded and competitive;

Whereas, the topography and soil type are excellent for continued growth of the swine industry of this area;

Whereas, the fundamentals of clogging can help determine the physical development of the dancer through the requirements of accuracy, strength, control, balance, and awareness of the dancer's self; and

Whereas, the Carolina Cloggers of North Carolina have been touring inside and outside the boundaries of the State for some 15 years; and

Whereas, this group and its string band were the first and only group of its kind to receive an invitation to the International Folk Dance Festival in England two years ago; and

Whereas, a portion of the estate of David Caldwell, now located within the corporate limits of the city of Greensboro, has been purchased by the David Caldwell Log College Corporation, which with private funds has developed plans for a David Caldwell Park; and

Whereas, the City of Greensboro has allocated money to purchase adjacent property, also once the property of David Caldwell, which is to be included in the David Caldwell Park; and

Whereas, Nathaniel Macon was a nationally prominent senator and congressman from North Carolina, serving in the North Carolina State Senate for over five years (1781-1786) and in both houses of the United States Congress continuously for 37 years (1791-1828); and

Whereas, Nathaniel Macon became the recognized leader of North Carolina's Congressional delegation and of the Democratic Party; and

Whereas, he was Speaker of the House of Representatives for six years (1801-1807) and the only North Carolinian to enjoy that honor, and upon becoming a member of the United States Senate he served as President Pro Tempore of that body on three occasions; and

Whereas, Thomas Jefferson referred to Nathaniel Macon as "the last of the Romans"; and

Whereas, as a loyal public servant, Nathaniel Macon represented the interests of the people of North Carolina with honesty and with integrity; and

Whereas, the Warren County Bicentennial Committee has agreed to assist the Warren County Historical Society, Incorporated, in the raising of funds for the restoration of Nathaniel Macon's Home in Warren County, North Carolina, which is planned as the major focus of Warren County's Commemoration of the Bicentennial of the American Revolution and the formation of the county in 1779; and

Whereas, although contemplated by Chapter 597 (Sec. 2(c)), conversion of the third floor area into private family living quarters for the Governor and his family is not feasible at this time; and

Whereas, it has been determined that additional renovation is necessary to effectuate the purposes of the appropriation and Chapter 597 to render the mansion "a safe and comfortable structure in which the Governor may hold public and ceremonial functions and in which, at the same time, the Governor's family may have private areas which will allow ordinary family living without interference from the public" and that a supplemental appropriation is required to perform such additional renovation; Now, therefore,

However, the Commissioner shall pay for losses resulting from the destruction of cotton which was planted in such zones prior to promulgation of such notice.

Sec. 10. Authority to regulate pasturage, entry, and honeybee colonies in elimination zones and other areas. The Commissioner is authorized to promulgate regulations restricting the pasturage of livestock, entry by persons, and location of honeybee colonies in any premises in an elimination zone which have been or are to be treated with pesticides or otherwise treated to cause the

eradication of the boll weevil, or in any other area that may be affected by such treatments.

Sec. 11. Regulations, generally. The Commissioner shall have authority to adopt such other rules and regulations as he deems necessary to further effectuate the purposes of this act. Such cotton producer referendum must receive the favorable vote of two-thirds of the producers casting votes. All producers of commercial cotton in North Carolina shall be eligible to vote.

Sec. 14. Severability provision. If any provision of this act or the application thereof to any person or circumstances is held invalid, the validity of the remainder of this act and of the application of such provision to other persons and circumstances shall not be affected thereby.

"The term 'contract feeder' means a person who, as an independent contractor, feeds commercial feed to animals pursuant to a contract between that person and a manufacturer of commercial feeds whereby such commercial feed is supplied, furnished, or otherwise provided to such person by the said manufacturer and whereby such person's remuneration is determined all or in

"Manufacturers of commercial feeds may appear before the board, and after finding there exists a contract feeder relationship between a manufacturer of commercial feeds and an independent contractor, the board may issue annual numbered permits exempting that manufacturer of commercial feed from paying the inspection fee assessed by the provisions of this law for that feed delivered to the contract feeder. The manufacturer of ingredients who sells such ingredients to manufacturers of commercial feeds under this subsection shall have in his possession the exemption number of the permit referred to in G.S. 106-284.34(b) and/or the permit issued by the board under this subsection before the supplier may be relieved of the responsibility for payment of the inspection fee.

The holder of said permit may voluntarily return said permit to the commissioner for cancellation at which time said holder may not apply for or receive another exemption permit under this subsection for a period of 12 months. The exemption permits under this subsection shall be renewable automatically every year by the board without additional findings of fact unless it is brought to the board's attention by the commissioner or his duly designated officer or employee that there no longer exists the relationship of a contract feeder between the manufacturer of commercial feeds and an independent contractor. Whereas, the General Assembly of North Carolina has since 1943 financially supported the North Carolina Symphony with such support in recent years being approximately sixty percent (60%) of the total costs involved; and

Whereas, the State financial support has now fallen to forty-nine percent (49%) and this supplemental appropriation is necessary to return the State support to sixty percent (60%); and

Whereas, there are 642 schools or nearly 1/3 of the total number of schools in North Carolina that have no certified librarian; and

Whereas, it is essential that every school be provided with such services if other instructional programs are to be fully effective; and

AN ACT TO APPROPRIATE FUNDS TO THE NORTH CAROLINA DEPARTMENT OF HUMAN RESOURCES TO ENABLE THE WESTERN CAROLINA CENTER TO MEET INTERMEDIATE CARE FACILITY STANDARDS IN ORDER TO CONTINUE TO RECEIVE FEDERAL MEDICAID-MEDICARE FUNDS.

Whereas, the General Assembly finds and declares, as did the Mental Health Study Commission, that the Western Carolina Center, located in Morganton, North Carolina, is close to meeting federal Medicaid-Medicare standards; and

Whereas, if these standards are not completely met by March, 1977, federal funds of considerable magnitude will be withdrawn from the receipts of that facility; and

H. B. 1193 CHAPTER 970

AN ACT TO APPROPRIATE FUNDS TO BE MADE AVAILABLE FOR LOAN TO THE CHEROKEE HISTORICAL ASSOCIATION, INC., FOR DEVELOPING THE MUSEUM/CULTURAL CENTER OF THE CHEROKEE INDIANS.

Whereas, The Cherokee Historical Association, Inc., through the development of the outdoor drama, "Unto These Hills", the creation of the Living Village of the Cherokee Indians and other similar projects has, for more than 25 years, provided a major stimulus to the tourist industry of the State of North Carolina, thus greatly benefiting the general welfare of the State and contributing greatly to the economy of all tourist-related industries, being a principal force in the generation of some 9,000,000 visitors annually to the Great Smoky Mountains National Park, of which the Town of Cherokee is the eastern gateway, and of some 6,000,000 visitors annually to the Blue Ridge Parkway, of which Cherokee is the southern terminus, these visitors making the Great Smoky Mountains National Park the most heavily used park in the National Park Service system and bringing into the State millions of dollars in general expenditures and tax revenues; and

Whereas, The Cherokee Historical Association, Inc., in cooperation with the Eastern Band of the Cherokee Indians, the United States Economic Development Administration, the State of North Carolina, and various philanthropic and eleemosynary foundations is developing a Museum and Cultural Center of the Cherokee Indians for the benefit of the citizens of the State; and

Whereas, the existing museum at Cherokee is totally inadequate to serve the needs of the thousands of North Carolina public school students who visit it annually in connection with Indian studies, this condition being a major reason for developing the new museum; and

Whereas, the 1973 General Assembly, recognizing the value to the citizens of the State in establishing a center in which the history and culture of the Cherokee Indians would be preserved for the future benefit and advantage of all citizens, appropriated the sum of two hundred fifty thousand dollars ($250,000) for the project; and

Whereas, the Cherokee Historical Association, Inc., has obtained additional monies to support the venture, including one hundred sixty-five thousand dollars ($165,000) in Association funds, ten thousand dollars

($10,000) from the Hillsdale Fund, one hundred thousand dollars ($100,000) from the Z. Smith Reynolds Fund, fifteen thousand dollars ($15,000) from the Percy B. Ferebee Foundation, and eight hundred ten thousand dollars ($810,000) from the United States Economic Development Administration; and

Whereas, the provision of one hundred thousand dollars ($100,000) is essential to the completion of the project, and revenues from the Center will be sufficient to amortize such a loan over a five-year period, and this sum will be borrowed by the Cherokee Historical Association, Inc., from funds appropriated for this purpose; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. During the 1975-76 fiscal year, the sum of one hundred thousand dollars ($100,000) is appropriated from the General Fund to the Contingency and Emergency Fund for loan to the Cherokee Historical Association, Inc., subject to the approval of the Governor and Council of State, to provide for construction and equipment costs for the Museum/Cultural Center of the Cherokee Indians.

Sec. 2. The sum, if made available for such use by the Association prior to June 30, 1976, shall be loaned upon such terms of repayment, not to exceed five years, as may be agreed upon by the Governor and Council of State.

Sec. 3. In the event that such loan is made and the Department of Cultural Resources determines that contracts for construction and equipment of the Museum and Cultural Center of the Cherokee Indians have not been let by the Association by June 30, 1977, any funds which may have been allocated for this purpose under this act shall revert to the General Fund.

Sec. 4. All laws and clauses of laws in conflict with this act are hereby repealed.

Sec. 5. This act shall be in full force and effect from and after its ratification.

In the General Assembly read three times and ratified, this the 26th day of June, 1975.

H. B. 1192 CHAPTER 971

AN ACT TO APPROPRIATE FUNDS FOR THE PURCHASE OF ADDITIONAL LAND AT HOUSE IN THE HORSESHOE STATE HISTORIC SITE.

Whereas, the House in the Horseshoe was the scene of a two-hour battle on August 5, 1781, between Whigs and Tories in the American Revolution; and

Whereas, the House and 3,000-acre plantation later became the residence of Benjamin Williams, four times Governor of North Carolina, and one of the State's first large cotton plantations; and

Whereas, the Moore County Historical Association purchased the house and 4.2 acres of land in 1954 and sold the property to the State of North Carolina the following year under an agreement whereby the association would restore, maintain, and operate the site as a house museum; and

Whereas, the House in the Horseshoe on April 1, 1972, became a part of the system of State Historic Sites administered by the Department of Cultural Resources; and

Whereas, the department has need to acquire additional land to provide space for an outdoor drama to be presented by the Moore County Historical Association, room for parking at the drama, a buffer zone against modern encroachment into the site, and land for further interpretive development; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. There is hereby appropriated to the State Department of Cultural Resources, Division of Archives and History, from the General Fund the sum of twenty thousand dollars ($20,000) for the 1975-1976 fiscal year for the purchase of additional land at the House in the Horseshoe State Historic Site.

Sec. 2. All laws and clauses of laws in conflict with this act are hereby repealed.

Sec. 3. This act shall become effective upon its ratification.

In the General Assembly read three times and ratified, this the 26th day of June, 1975.

S. R. 20 RESOLUTION 2

A JOINT RESOLUTION EXTENDING THE REPORTING DEADLINE OF THE COMMISSION ON SENTENCING CRIMINAL PUNISHMENT AND REHABILITATION.

Whereas, the 1974 Session of the North Carolina General Assembly, recognizing the growing concern over prison overcrowding, authorized and directed the creation of a Commission on Sentencing, Criminal Punishment and Rehabilitation; and

Whereas, the seventeen-member Commission thus created began bi-weekly meetings on June 14, 1974; and

Whereas, the charge to that Commission included study and evaluation of North Carolina's systems of probation, pre-sentence investigation, sentencing, and all possible alternatives thereto, all forms of diversion, special programs and alternatives for first offenders; additionally to study and make recommendations concerning all sentencing statutes, rules and regulations relating to sentence time, credit for good conduct, time credit for special work fulfillment, time credit for injury sustained while confined and all other departmental practices and policies affecting length of sentence and sentence credits; and

Whereas, that Commission was also required to study statutes, rules and regulations pertaining to parole, conditional release and termination thereof, all Department of Corrections practices and policies of the Parole Board and those responsible for administering terminal programs relating to prisoner release and rehabilitation, all other policies and procedures affecting or tending to affect the number of inmates comprising North Carolina's prison population, and to study in addition the Adult Youthful Offender Program and all policies and procedures of North Carolina's Youth Development System; and

Whereas, that Commission was further charged with the responsibility to devise and recommend to the 1975 General Assembly; new policies, plans, practices and procedures including alternatives to existing practices and procedures which are designed to have the effect of reducing the prison population of the State of North Carolina and its heavy economic burden, consistent with the well-being and security of the general population, and consistent with the declared public policy of the State to provide adequate and appropriate facilities for the confinement of persons convicted of crime and programs for the education, rehabilitation and timely return of said persons to society; and

Whereas, the prison population has continued to rise and remains the highest per capita prison population in the country; and

Whereas, public concern over the heavy economic burden of our prison system promises to be an issue of major concern for the 1975 General Assembly; and

Whereas, the Department of Correction has requested in excess of 75 million dollars in capital construction for fiscal year 1975 to relieve the very serious overcrowding in North Carolina's system; and

Whereas, the Commission, its members and staff, have visited numerous correctional facilities for both juvenile and youthful offenders as well as minimum and maximum custody adult prisons; and

Whereas, the Commission has heard testimony at its public meetings from many state agencies and has met both publicly and privately with numerous State officials; and

Whereas, the Commission has through public testimony as well as personal correspondence and staff research, sought out the advice and counsel of experts from across the nation in the various aspects of the criminal justice field; and

Whereas, this continuing effort has resulted in the accumulation of a valuable store of research data on a variety of criminal justice programs which when translated into substantive legislation and if adopted by this General Assembly would substantially reduce the amount needed for new capital construction; and

Whereas, the reporting deadline for the Commission's final report is February 1, 1975; and

Whereas, an extension of this deadline is needed to adequately fulfill the nature and scope of this Commission's legislative charge;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. That the final reporting date of the Commission on Sentencing, Criminal Punishment and Rehabilitation be extended to May 30, 1975.

Sec. 2. That the Commission render interim report by February 1, 1975.

Sec. 3. That the Commission be authorized to continue its deliberations and functions and exercise the authority granted it by Resolution 184, Senate Joint Resolution 1268, 1973 Session of the General Assembly until the rendering of its final report.

S. R. 78 RESOLUTION 3

A JOINT RESOLUTION DESIGNATING FEBRUARY 7, 1975, AS JAYCEE DAY IN THE GENERAL ASSEMBLY.

Whereas, February 7, 1975, is hereby designated Jaycee Day in the General Assembly; and

Whereas, designated leaders of the North Carolina Jaycees, both past and present, including the State President, Gus Tulloss, and many other officers and members of the North Carolina Jaycees are visiting in the General Assembly; and

Whereas, there are currently about 12,000 members of the Jaycees in over 260 Chapters in North Carolina; and

Whereas, these Chapters have been honored in numerous ways in recent years including being in the top 10 of the Jaycee state organizations in the United States as evaulated by the United States Jaycees; and

Whereas, the North Carolina Jaycees have always attempted to make North Carolina a safe and beautiful place in which to live, work and visit; and

Whereas, the North Carolina Jaycees in the area of prison reform have formed 60 Jaycee Chapters in correctional units across North Carolina involving more than 1,200 inmates, this being more than any other state in the Nation; and

Whereas, last year our Jaycees raised more than $150,000 through the sale of jelly for the construction of a burn treatment center at North Carolina Memorial Hospital in Chapel Hill and are currently conducting another such sale with hopes of exceeding that amount this year; and

Whereas, as a result of these tremendous efforts, the Board of Trustees of North Carolina Memorial Hospital has voted to name the new burn center "The North Carolina Jaycees Burn Treatment Center";

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. That this General Assembly does hereby welcome our Jaycee guests today and proclaim this date as Jaycee Day in the General Assembly and is happy to congratulate the North Carolina Jaycees for all their many outstanding accomplishments.

Sec. 2. That this General Assembly wishes for the North Carolina Jaycees many more years of good and faithful service to the people of North Carolina through all their local Chapters.

Sec. 3. That a copy of this resolution be forwarded to the North Carolina Jaycees at their headquarters in Asheboro, North Carolina.

Sec. 4. This resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 10th day of February, 1975.

H. R. 17 RESOLUTION 4

A JOINT RESOLUTION HONORING NORTH CAROLINA CENTRAL UNIVERSITY FOR FIFTY YEARS OF SERVICE TO THE STATE AND THE PEOPLE OF NORTH CAROLINA AS A LIBERAL ARTS COLLEGE AND UNIVERSITY.

Whereas, an act of the General Assembly in 1925 created North Carolina College for Negroes as the first state-supported liberal arts college for Negroes in the United States; and

Whereas, the fiftieth anniversary of that creation will be observed during the calendar year 1975 by that institution, now North Carolina Central University; and

Whereas, North Carolina Central University, under the successive guidance of James E. Shepard, Alfonso Elder, Samuel P. Massie, and Albert N. Whiting as chief administrative officers, and the leadership of its Board of Trustees, has provided for generations of North Carolinians a superior education in the liberal arts; and

Whereas, the State of North Carolina and the nation have benefited from the leadership and service provided by the alumni of North Carolina Central University, alumni whose numbers include members of this Assembly and other state legislatures, the mayors of Raleigh, North Carolina, and Atlanta, Georgia, judges of the court systems of North Carolina and other states, many members of local governmental bodies, numerous leaders in business and industry, and a multitude of distinguished educators; and

Whereas, North Carolina Central University has been of great value to the State of North Carolina and to the nation by providing avenues of opportunity to those of North Carolina's citizens whose opportunities have been most restricted; and

Whereas, it is recognized that the coming years will require an expansion of the opportunities which have been provided to the citizens of this State through North Carolina Central University, that those years will demand more citizens who are imbued with the dedication to truth and service which has characterized North Carolina Central University, and that the attention to the physical world and the vast sweep of human endeavor which is the scope of liberal arts will be essential to future generations;

Sec. 4. That this resolution become effective upon ratification.

In the General Assembly read three times and ratified, this the 10th day of February, 1975.

H. R. 33 **RESOLUTION 5**

A JOINT RESOLUTION HONORING THE LIFE AND MEMORY OF HARVELEIGH MONTE RIVERA WHITE, DISTINGUISHED NORTH CAROLINIAN.

Whereas, Harveleigh Monte Rivera White, longtime resident of Raleigh and Wake County, North Carolina, died at the age of 51 on January 9, 1975, after a long and dedicated life of public service, it is fitting that the General Assembly of North Carolina should recognize with appreciation some of her contributions to the State of North Carolina;

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Section 1. That Harveleigh Monte Rivera White was born in Forsyth County, North Carolina, on April 19, 1923, and received her early education in Mount Olive and at Palmer Memorial Institute in Sedalia, North Carolina. She received her Bachelor of Science degree from Shaw University and her Master's Degree from North Carolina Central University, and studied further at New York University and Columbia University.

In 1952, Mrs. White joined the faculty of Shaw University where she served in a number of faculty positions including that of Chairperson of the Department of Home Economics (1958).

In 1961, Mrs. White was appointed postmistress of the Method Post Office in Wake County where she served with distinction until her untimely death.

In 1961, Mrs. White was honored as "Woman of the Year" by Zeta Phi Beta Sorority.

In 1973, she was chosen Mother of the Year by the North Carolina State Conference of NAACP branches.

Possessed of a superior intellect and ability and an abiding social consciousness, Mrs. White worked tirelessly in her community and in her State to promote racial harmony and understanding and to effect needed social change. By precept and example, her life was devoted to helping obtain equal opportunity, justice and dignity for all people.

In 1947, she married John Owen White, and two children were born of this marriage, Marion Ramona and John Owen, Jr. Mrs. White was a devoted wife, homemaker, mother and grandmother; she gave the full measure of herself in creating the bonds of love within her family and community.

Sec. 2. The General Assembly of North Carolina does hereby express its appreciation for the life, the service, and the example of Harveleigh Monte Rivera White.

Sec. 3. The General Assembly extends its sympathy to the family of Harveleigh Monte Rivera White and acknowledges the loss of this distinguished citizen.

Sec. 5. This resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 11th day of February, 1975.

S. R. 89 **RESOLUTION 6**

A JOINT RESOLUTION EXTENDING THE REPORTING DEADLINE OF THE COMMISSION ON PUBLIC AND PRIVATE SCHOOLS.

Whereas, the 1973 Session (Second Session 1974) directed the creation of a Commission on Public and Private Schools; and

Whereas, the eight-member commission thus created began meeting July 12, 1974; and

Whereas, the charge to that commission was to make a thorough study of the relationship between public and private schools, of the relationship of private schools to the office of the Superintendent of Public Instruction, and of the certification of teachers teaching in private schools; and

Whereas, the commission needs to give more consideration to the testimony presented at its public meetings by representatives of public and private schools; and

Whereas, the reporting deadline for the commission's final report was January 1, 1975; and

Whereas, an extension of this deadline is needed for the commission to complete its work;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. That the final reporting date of the Commission on Public and Private Schools be extended until April 1, 1975.

Sec. 2. This resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 14th day of February, 1975.

H. R. 66 **RESOLUTION 7**

A JOINT RESOLUTION URGING THE CONGRESS OF THE UNITED STATES AND THE UNITED STATES DEPARTMENT OF AGRICULTURE TO SIMPLIFY PROCEDURES FOR OBTAINING FOOD STAMP BENEFITS.

Whereas, the Speaker of the North Carolina House of Representatives and the President of the North Carolina Senate appointed a joint committee on the opening day of the 1975 Session of the General Assembly for the purpose of studying the economy of North Carolina; and

Whereas, a part of the committee's responsibility as outlined in the charge to the committee is examination of the conditions of groups of citizens hard hit by economic conditions and to provide recommendations for securing their relief; and

Whereas, the Food Stamp Program is one of the most important programs in North Carolina for the benefit of citizens suffering from economic distress; and

Whereas, large numbers of North Carolinians who are seeking food assistance are being delayed by unnecessarily complicated forms and procedures

which have been required by the federal government for certification and participation in the food stamp program; and

Whereas, these complex procedures are hampering North Carolina's ability to administer its food stamp program; and

Whereas, North Carolina has joined other states in requesting simplification of procedural entanglements which hamper the food stamp program, but all such requests have been denied; and

Whereas, after persons are certified for food stamp assistance, recertification is required within periods ranging from 15 days to one year with most recertification required within 90 days and such recertification is unnecessarily complicating and impairing North Carolina's capacity to provide food stamp assistance to needy people; and

Whereas, North Carolina has requested that certification periods be extended to 90 days without recertification and such request has been denied and instead a 30-day extension has been granted; and

Whereas, on November 15, 1974, North Carolina made six practical recommendations for alleviating procedural entanglements hampering qualification for food stamp programs and each suggestion was disapproved by the United States Department of Agriculture; and

Whereas, a short application form is available for applying for food stamp assistance in emergency situations and such short application would expedite certification for food stamp relief but economic recession is not considered by the United States Department of Agriculture to be a disaster, and the abbreviated form is not acceptable; and

Whereas, North Carolina shares the view that care must be exercised to assure that only qualified persons and families receive food stamp relief, but, in addition, North Carolina feels such assurance can be had without the proliferation of forms now required; and

Whereas, proliferation of bureaucratic red tape has reduced the ability of certification workers to handle case loads by fifty percent (50%) at a time when increased efficiency is needed; and

Whereas, long delays are being created in which needy people are suffering;

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Section 1. That the North Carolina General Assembly urge the United States Department of Agriculture to immediately fashion a more simplified procedure for certifying persons and families eligible for food stamp relief.

Sec. 2. That the North Carolina General Assembly urge the United States Department of Agriculture to extend the immediate initial certification period for eligible persons and families to 90 days.

Sec. 3. That the Congress of the United States be urged to immediately enact any legislation necessary to authorize the United States Department of Agriculture to promulgate and implement simplified certification procedures and extension of certification.

Sec. 4. That a copy of this resolution be transmitted to the North Carolina Congressional delegation and to the United States Department of Agriculture, Washington, D. C.

Sec. 5. This resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 14th day of February, 1975.

S. R. 88 RESOLUTION 8

A JOINT RESOLUTION EXTENDING THE REPORTING DEADLINE OF THE COMMISSION FOR THE STUDY OF SOLID WASTE RECYCLING.

Whereas, the 1973 Session of the General Assembly of North Carolina (Second Session, 1974) recognized the problems created by solid waste and litter and created the Commission for the Study of Solid Waste Recycling; and

Whereas, the Commission has held 10 meetings since August 30, 1974; and

Whereas, the charge to that Commission included study of solid waste recycling, resource recovery, and litter control and the feasibility of instituting such programs in North Carolina; and

Whereas, the Commission has heard from many experts in the field and interested organizations and individuals; and

Whereas, the Commission has accumulated a vast amount of information to be considered; and

Whereas, the reporting deadline for the Commission's final report was February 1, 1975; and

Whereas, the Commission needs more time to fulfill the charge of the General Assembly;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

S. R. 35 RESOLUTION 9

A JOINT RESOLUTION REQUESTING THE FEDERAL POWER COMMISSION TO GRANT EXTRAORDINARY RELIEF IN PROVIDING ADDITIONAL SUPPLIES OF NATURAL GAS FOR AGRICULTURAL USE IN THE STATE OF NORTH CAROLINA.

Whereas, the General Assembly of North Carolina would like to thank the Governor, Lieutenant Governor, Commissioner of Agriculture, Utilities Commission, and the State Energy Office for their efforts in trying to obtain the necessary natural gas supplies for the State of North Carolina; and

Whereas, natural gas is a necessity in the manufacture of nitrogen fertilizer; and

Whereas, nitrogen is not readily stored in the soil as other plant foods are, especially in eastern North Carolina, which is the State's prime farming area; and

Whereas, nitrogen fertilizers are used in substantial quantities in the production of corn, small grains, grain sorghums, cotton, tobacco, pastures, fruits, vegetables and are being increasingly used in starter fertilizers for alfalfa and soy beans; and

Whereas, this year farmers are being asked to increase production by planting more acreage, which will require more fertilizer, to prevent more food shortages and higher consumer prices; and

Whereas, recently we have seen drastic cuts in natural gas to North Carolina by Transcontinental Pipe Line, which will result in massive unemployment and agriculture being pushed completely off balance;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. There have been indications that there is no gas shortage, rather it has been contrived to bring higher prices.

Sec. 2. The North Carolina General Assembly urges the Congress to conduct a thorough investigation to determine if a shortage actually exists.

Sec. 3. The North Carolina General Assembly urges the Congress to take corrective action if such gas shortages are determined to be contrived.

Sec. 4. The Secretary of State is hereby directed to transmit certified copies of this resolution to the President of the United States, to all members of the Senate and the House of Representatives of the Congress of the United States, to the Federal Power Commission, to the United States Commissioner of Agriculture, to the Governor and Lieutenant Governor of North Carolina, to the Commissioner of Agriculture of North Carolina, to the North Carolina Utilities Commission, and to the State Energy Office.

Sec. 5. This resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 26th day of February, 1975.

S. R. 43 RESOLUTION 10

A JOINT RESOLUTION TO REQUEST DESIGNATION OF HONEYBEE AS SUBJECT OF COMMEMORATIVE STAMP AND TO REQUEST RALEIGH, NORTH CAROLINA, TO BE FIRST PLACE OF SALE.

Whereas, the honeybee was adopted as the official State insect of the State of North Carolina by the 1973 Session of the General Assembly of North Carolina; and

Whereas, in requesting such adoption Mr. Brady W. Mullinax and the North Carolina Beekeepers Association started a movement in which three states have now adopted the honeybee as their state insect; and

Whereas, the honeybee population is declining because of urbanization and the misuse of pesticides, with the resulting loss of honey and beeswax and reduced yield from inadequate pollination of fruits and vegetables and of flowers and shrubs; and

Whereas, concern for the honeybee which has been expressed by North Carolina and other states has created public awareness of the need to preserve and protect these valuable creatures; and

Whereas, the honeybee, which is mentioned 68 times in the Bible, is one of the finest examples of the handiwork of our Creator; and

Whereas, the honeybee is industrious, thrifty and devoted to a family structure, thus reflecting basic ideals which have been sources of our strength as a nation; and

Whereas, it would be in the best interest of this State and Nation for the honeybee to be made the subject of a commemorative stamp to be issued by the United States Postal Service;

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Section 1. That the General Assembly of North Carolina should and it does hereby request the Citizens Stamp Advisory Committee of the United States Postal Service, the Board of Governors of the United States Postal Service, and the Postmaster General of the United States to designate the honeybee as the subject of a commemorative stamp.

Sec. 2. That each of the foregoing agencies be, and they hereby are, requested to consider Raleigh, North Carolina, as a location for the stamp to be first placed on sale, in recognition of this State's leadership in honoring the honeybee as a State insect.

Sec. 3. That a copy of this resolution be transmitted by the Secretary of State to each of the foregoing agencies and to each member of this State's delegation to the United States Senate and House of Representatives.

Sec. 4. That this resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 26th day of February, 1975.

RESOLUTION 37

A JOINT RESOLUTION COMMEMORATING THE HALIFAX RESOLVES OF APRIL 12, 1776, WHICH AUTHORIZED NORTH CAROLINA DELEGATES IN THE CONTINENTAL CONGRESS TO VOTE FOR INDEPENDENCE.

Whereas, April 12, 1975, is the 199th anniversary of the occasion on which the Fourth North Carolina Provincial Congress adopted the famous Halifax Resolves; and

Whereas, the members of the Fourth Provincial Congress were already determined on the course of independence and knew other colonies were likewise so determined; and

Whereas, the said members forbore to take unilaterally an action which they conceived ought to be taken by all 13 colonies in unison; and

Whereas, by such forbearance they set the example for American unity in defense of American liberty; and

Whereas, such examples led ultimately to the winning of American independence and to the establishment of the oldest surviving constitutional republic in the world; and

Whereas, North Carolina was the first of the 13 original colonies to take such an official action for independence; and

Whereas, it was through this action that North Carolina forged the first link in a chain of events that led directly to the Declaration of Independence on July 4, 1776; and

Whereas, the year 1976 will be the bicentennial anniversary of the action by the Continental Congress for independence from the Mother Country; and

Whereas, the example set at Halifax on April 12, 1776, ought ever to be an inspiration and model for all North Carolinians and Americans; and

Whereas, April 12 of every year has been designated as Halifax Day; and

Whereas, Halifax Day is the occasion on which the State and the nation are annually reminded of the wisdom, courage, and foresight of the Fourth North Carolina Provincial Congress; and

Whereas, the General Assembly of North Carolina is desirous of making known its approbation and support of the purpose of Halifax Day;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Whereas, it is the sense of the General Assembly that this will be a period of increased awareness of the qualities of our State in the present, as well as in the past; and

Whereas, the great State of North Carolina has much to offer in the way of natural beauty from the mountains through the Piedmont to the seashore, and can be justifiably proud of its heritage; and

Whereas, the feeling of pride in our great State can be enhanced by a concerted effort aimed at further cleaning up and improving our natural environment, in order to exhibit our own awareness of the beauty of our State to the citizens of our sister states; and

Whereas, the potential cost of maintenance of freedom is and always will be the lives and fortunes of every citizen of this nation; and

Whereas, the Criminal Code Commission is finalizing trial stage and appellate procedure statute recommendations and has begun consideration of substantive criminal law for submission to and action by the 1977 Session of the General Assembly; and

Whereas, in his work with the public schools, Albert Coates has expanded his program to include studies of the public service activities of civic organizations of men and women as indispensable supports of local governmental units and of the State, and is now setting forth the results of these studies in a volume to be used to enlighten and inform these civic organizations and to be taught and studied in the senior high schools and community colleges as a supplement to his book on *Bridging the Gap Between Government in Books and Government in Action*; and

C., and highlighting the march with his "I Have a Dream" speech which echoed the Bible, the Constitution, and the National Anthem, which reassured the

multitudes that the prophecy of equality and freedom for Blacks would yet all come true; and

Whereas, Dr. Martin Luther King, Jr., taught this nation that wrongs can be made right through the faith and hope of nonviolent activities and his assassination on April 4, 1968, in Memphis, Tennessee, was a great loss to our nation and all of humanity; and

Whereas, Dr. Martin Luther King, Jr., the man, can accurately be assessed as "an indescribable capacity for empathy that is the touchstone of leadership".;

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Section 1. That the 15th day of January of each year shall be designated as the anniversary of the birth date of Dr. Martin Luther King, Jr., in honor of his life, service and memory.

Sec. 2. This resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 3rd day of June, 1975.

S. R. 225 RESOLUTION 81

A JOINT RESOLUTION IN OPPOSITION TO PENDING LEGISLATION IN THE UNITED STATES SENATE TO INCREASE THE FEDERAL TAX ON MOTOR FUEL.

Whereas, legislation is now being considered by the United States Senate to increase the federal tax on motor fuel; and

Whereas, any increase in the federal tax on motor fuel will drive the price of gasoline to the individual consumer to a prohibitive level; and

Whereas, the significant portion of our population who use their automobiles in their work or commute from great distances to their jobs and who are least able to pay for such gasoline increases will be effectively deprived of their livelihood should this tax take effect; and

Whereas, the farmers of this country who supply our food and form the very backbone for this nation's future sustenance and well-being will particularly feel the adverse effect of this proposed tax; and

Whereas, by reason of the general decline in the economy and the decrease in the collection of State motor fuel taxes, the State is now in great need of additional funds for the maintenance and improvements of its highways; and

Whereas, any substantial increase by the federal government in its motor fuel taxes would constitute a further diversion of the source of revenues upon which the State is dependent for its highway maintenance and construction;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. That the General Assembly of North Carolina urges that the Congress of the United States pass no legislation that would increase the federal tax on motor fuel in view of the certain terrible economic consequences that will result to all segments of the population of this country.

Sec. 2. That a copy of this resolution be transmitted to the Speaker of the United States House of Representatives, the President of the United States Senate and each member of the North Carolina Delegation to the United States Congress.

Sec. 3. This resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 4th day of June, 1975.

S. R. 657 RESOLUTION 82

A JOINT RESOLUTION DESIGNATING THE BRIDGE TO BE CONSTRUCTED TO SPAN THE YADKIN RIVER AT SILOAM, NORTH CAROLINA, THE ATKINSON-NEEDHAM MEMORIAL BRIDGE.

Whereas, Hugh and Ola Atkinson, natives of Surry County, North Carolina, and longtime residents of Surry County were killed during the accidental collapse of the Siloam Bridge on February 23, 1975; and

Whereas, Hugh and Ola Atkinson were leaders in both business and civic affairs in their community; and

Whereas, Hugh and Ola Atkinson have long been highly respected as pillars of their community and worked tirelessly in church affairs; and

Whereas, Judy Brown Needham and daughter, Andrea, natives and residents of Surry County, North Carolina, were killed during the accidental collapse of the Siloam Bridge on February 23, 1975; and

Whereas, the Needham family has been highly respected for their involvement in local community and church affairs; and

Whereas, the General Assembly of North Carolina desires to honor the life and memory of these fine North Carolinians;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. That the North Carolina Board of Transportation be urged to name the bridge to be constructed to replace the Siloam Bridge in Surry County the "Atkinson-Needham Memorial Bridge" to honor their memory.

Sec. 2. This resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 9th day of June, 1975.

S. R. 627 RESOLUTION 83

A JOINT RESOLUTION URGING THAT CONGRESS ENACT H.R. 1991 PROVIDING FOR A STUDY OF PROPOSED NATIONAL SCENIC BICYCLE TRAILS.

Whereas, bicycling is an energy-saving, non-polluting, healthy, and enjoyable means of transportation; and

Whereas, bicycling has become an increasingly popular sport in North Carolina and the United States as a whole; and

Whereas, national scenic bicycle trails would be a stimulus to wider use of bicycles both for recreation and as a substitute for other forms of transportation; and

Whereas, national scenic bicycle trails would create extensive opportunities for outdoor recreation and exercise; and

Whereas, national scenic bicycle trails would be desirable additions to the National Trails System; and

Whereas, national scenic bicycle trails could provide important links between local bicycle trails;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. The General Assembly of North Carolina urges the Congress of the United States to pass H.R. 1991, thereby authorizing a study of the feasibility of establishing national scenic bicycle trails as part of the National Trails System.

Sec. 2. Copies of this resolution shall be sent to the President of the United States, the Vice-President of the United States, the Speaker of the House of Representatives, the Congressional Delegation from North Carolina, the Governor of the State of North Carolina, and members of the House Committee on Interior and Insular Affairs.

Sec. 3. This resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 10th day of June, 1975.

S. R. 805 RESOLUTION 84

A JOINT RESOLUTION HONORING THE LIFE, SERVICE AND MEMORY OF THE MOST REVEREND VINCENT S. WATERS, D.D., BISHOP OF THE ROMAN CATHOLIC DIOCESE OF RALEIGH.

Whereas, Bishop Vincent Stanislaus Waters, D.D., of the Diocese of Raleigh, one of North Carolina's most distinguished citizens and renowned religious leaders, died December 3, 1974, the General Assembly, in recognition of his contributions to his own Church and his concern for the needs of all North Carolinians of whatever religious affiliation, spiritual condition and racial or ethnic origin, desires now to honor his life, service and memory; and

Whereas, Bishop Waters, born in Roanoke, Virginia, August 15, 1904, began his priestly studies at Belmont Abbey in Gaston County, North Carolina, attended the North American College in Rome, Italy, was ordained a priest for the Diocese of Richmond, Virginia, in Rome on December 8, 1931, was appointed Bishop of Raleigh on March 10, 1945, and was consecrated Bishop of Raleigh on May 15, 1945, exactly 30 years ago this day; and

Whereas, at the time of his appointment and consecration as Bishop of Raleigh said diocese comprised all of the State of North Carolina with the exception of Gaston County and later also included Gaston County, excepting the actual grounds of Belmont Abbey, until January 12, 1972, when the Diocese of Charlotte was established to include 46 western North Carolina counties; and

Whereas, when the Diocese of Raleigh included the entire State, the North Carolina Catholic Layman's Association, the *North Carolina Catholic*, the Catholic Historical Society of North Carolina, and numerous other means of serving his co-religionists and all residents of North Carolina were established by Bishop Waters; and

Whereas, under his guidance the North Carolina Catholic Layman's Association and the *North Carolina Catholic* were dedicated from their inception to the recognition and support of the dignity of all persons regardless of race, creed or color; and

Whereas, the *North Carolina Catholic* received in 1949 the top editorial award of the Catholic Press Association of the United States for an editorial

decrying racial discrimination entitled "Civil Wrongs" and the Diocese of Raleigh desegregated its parochial school system in 1953, the year before the United States Supreme Court decision with respect to racial segregation in public schools; and

Whereas, Bishop Waters, always an example of Christian living and leadership according to his convictions, became a legend in his own time and will be long remembered for his service in North Carolina;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. That the General Assembly honors the memory of the Most Reverend Vincent S. Waters, D.D., late Bishop of Raleigh, and expresses the gratitude and appreciation of the people of the State for his years of service to North Carolinians.

Sec. 2. That a certified copy of this resolution be transmitted by the Secretary of State to Bishop F. Joseph Gossman, D.D., successor to Bishop Waters as Bishop of Raleigh.

Sec. 3. That this resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 10th day of June, 1975.

S. R. 877 RESOLUTION 85

A JOINT RESOLUTION COMMEMORATING THE LATE ESTHER DELIA HUNT MOORE, EDUCATOR, COMMUNITY LEADER, AND DISTINGUISHED CITIZEN.

Whereas, Mrs. Esther Delia Hunt Moore, a distinguished educator, scholar and highly honored and recognized North Carolina citizen, died in Hickory, North Carolina, on the twentieth day of May, 1975; and

Whereas, Mrs. Esther Delia Hunt Moore began her teaching career in the Catawba County Schools in 1920 as a choral music teacher. She became the first special education teacher at Central High School in Newton, North Carolina, and retired from classroom teaching in 1966 to accept a position as counselor at Bennett College in Greensboro; and

Whereas, Mrs. Esther Delia Hunt Moore was active in community affairs and civic groups as evidenced by the fact that she organized the woman's auxiliary to the Eastern Star Lodge, the auxiliary to the Veterans of Foreign Wars Post 9881, and the Hickory Woman's Civic Club, and she served on the Board of Directors of Family Guidance Center; and

Whereas, Mrs. Esther Delia Hunt Moore was a leader of the black race in the field of political involvement as evidenced by the fact that in the early 1930's she became the first black to register to vote in Catawba County; and

Whereas, Mrs. Esther Delia Hunt Moore was recognized and honored on the State and national level by being chosen as the State and national Mother of the Year in 1972 on the basis of the success of her three children, her church work, her courage, cheerfulness, patience, affection, kindness, understanding and homemaking ability, her exemplification of the Golden Rule and her civic work; and

Whereas, Mrs. Esther Delia Hunt Moore received the very high national honor of being inducted into the Woman's Hall of Fame in 1973 for her outstanding contributions to American society;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. That in the death of Mrs. Esther Delia Hunt Moore the State has lost one of its most active and distinguished public servants and citizens.

Sec. 2. That the General Assembly of North Carolina does hereby express its appreciation and acknowledgement of the great service rendered to this State in the field of education and civic affairs by Esther Delia Hunt Moore.

Sec. 3. That the General Assembly extends its deepest sympathy to the family of Esther Delia Hunt Moore for the loss of its distinguished member.

Sec. 4. That this resolution shall become part of the public records of this session of the General Assembly and a copy shall be certified by the Secretary of State and transmitted to the family of Esther Delia Hunt Moore.

Sec. 5. That this resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 10th day of June, 1975.

S. R. 715 RESOLUTION 86

A JOINT RESOLUTION CONCERNING THE NEED FOR FEDERAL ASSISTANCE IN THE PAYMENT OF TUITION COSTS BY MILITARY PERSONNEL, THEIR SPOUSES AND DEPENDENTS, DESIRING TO ATTEND COMMUNITY COLLEGES, TECHNICAL INSTITUTES, INDUSTRIAL EDUCATION CENTERS, UNIVERSITIES AND OTHER INSTITUTIONS OF HIGHER EDUCATION WITHIN NORTH CAROLINA WHILE SUCH MILITARY PERSONNEL ARE ASSIGNED TO DUTY IN NORTH CAROLINA.

Whereas, substantial numbers of military personnel, with their dependents, are assigned to duty stations within North Carolina by the Department of Defense or other United States governmental departments and agencies; and

Whereas, many of these persons desire to attend institutions located within North Carolina for the further advancement of their education and hence their professionalism and their value to their federal employers, but are finding such pursuits increasingly difficult in the face of inexorably rising tuition costs at said institutions of higher education; and

Whereas, these members of the military community within North Carolina are often ineligible to qualify as residents of this State for various reasons, including their wish to maintain residency in their home states or the fact of not having lived in North Carolina for a sufficient period of time, and must therefore pay the higher out-of-state tuition costs in order to advance their education at a North Carolina institution of higher education; and

Whereas, the difference in cost between in-state and out-of-state tuitions at said North Carolina schools may cause the military service member or his dependent to forego immediate plans for educational advancement, to the ultimate disadvantage of these military services; and

Whereas, one branch of the military service that recognizes the immense value of continuing education of its members has embarked upon an ambitious

and expensive program entitled "Project Ahead", in which the army will pay up to seventy-five percent (75%) of the entire tuition costs for certain qualified inductees at the college or university of their choice, stating in its advertisements for this program, "Because while you're working toward a college degree, you'll be serving your country";

Now, therefore, be it resolved by the Senate of the State of North Carolina, the House of Representatives concurring, in respectful petition to the Congress of the United States of America:

Section 1. That the Congress of the United States of America take note of the numbers of military personnel and their dependents assigned to duty within the State of North Carolina who wish to continue their progress in higher education, of the substantial differential between in-state and out-of-state tuition costs at North Carolina's institutions of higher education and the impact such differentials may have on the personal decisions of service families to continue their education, and of the problems of many military families in qualifying for North Carolina's in-state tuition rates.

Sec. 2. That the Congress of the United States of America consider enacting legislation enabling the payment from general appropriations of a direct subsidy to certain military service personnel or their dependents who are actually attending institutions of higher education in North Carolina but are ineligible for in-state tuition rates, in the amount of the difference between the in-state and out-of-state tuition costs for said service family member at said educational institution.

Sec. 3. This resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 11th day of June, 1975.

S. R. 848 RESOLUTION 87

A JOINT RESOLUTION CALLING FOR A CONGRESSIONAL INVESTIGATION INTO ACTIVITIES OF PRIVATE INDUSTRY WITH RESPECT TO COAL.

Whereas, there has been, since 1962, a significant shift in the control of the coal industry, resulting in greatly increased concentration of ownership; and

Whereas, coal production has declined since 1970, and this decline does not appear due to any incapacity to produce more coal; and

Whereas, there have been phenomenal increases in coal prices and coal profits in the past five years; and

Whereas, prices being charged for coal are far in excess of any which could reasonably be attributed to increased costs of production or related natural causes; and

Whereas, America's electric utility companies, which buy approximately 65% of our domestic coal, have been severely burdened with increased costs of coal, resulting in higher electric rates for the people of North Carolina and the rest of the United States; and

Whereas, federal agencies have not yet conducted complete and comprehensive investigations into the coal industry;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. The North Carolina General Assembly urges the Committee on Rules of the United States House of Representatives to take swift and affirmative action on House Resolution 264, directing the Subcommittee on Oversight and Investigations of the Committee on Interstate and Foreign Commerce to conduct an inquiry into certain activities of private industry and the federal government with respect to coal.

Sec. 2. The North Carolina General Assembly urges Representative John Moss, the Honorable Chairman of the Subcommittee on Oversight and Investigations of the Committee on Interstate and Foreign Commerce in the United States House of Representatives, to expand the scope of that subcommittee's inquiries into fuel adjustment clauses so as to include a complete and comprehensive investigation into the coal industry.

Sec. 3. Upon ratification of this resolution, the Secretary of State is directed to send copies to the following members of Congress:

(a) Speaker of the House, Representative Carl Albert;

(b) House Majority Leader, Representative Thomas P. O'Neill, Jr.;

(c) House Minority Leader, Representative John J. Rhodes;

(d) Members of the Committee on Rules, including Representatives Ray J. Madden, Chairman, James J. Delaney, Richard Bolling, B. F. Sisk, John Young, Claude Pepper, Spark M. Matsunaga, Morgan F. Murphy, Gillis W. Long, Joseph Moakley, Andrew Young, James H. Quillen, John B. Anderson, Delbert L. Latta, Del Clawson, and Trent Lott;

(e) Representative Harley O. Staggers, Chairman of the House Committee on Interstate and Foreign Commerce;

(f) Members of the Subcommittee on Oversight and Investigations of the House Interstate and Foreign Commerce Committee, including Representatives John E. Moss, Chairman, Richard L. Ottinger, Robert Krueger, Anthony Moffet, James Santini, Williamson S. Stuckey, James H. Scheur, Henry A. Waxman, James M. Collins, Norman F. Lent, and Edward R. Madigan;

(g) The North Carolina Congressional delegation, including Senator Jesse Helms, Senator Robert Morgan, Representatives Walter B. Jones, L. H. Fountain, David N. Henderson, Ike F. Andrews, Stephen L. Neal, L. Richardson Preyer, Charles Rose, W. G. Hefner, James G. Martin, James T. Broyhill, and Roy A. Taylor; and

(h) Representative John Jenrette.

Sec. 4. This resolution shall become effective upon its ratification.

In the General Assembly read three times and ratified, this the 11th day of June, 1975.

S. R. 779 RESOLUTION 88

A JOINT RESOLUTION TO INSURE VEHICULAR ACCESS AND GUEST PRIVILEGES TO CURRITUCK COUNTY OUTER BANKS PROPERTY OWNERS AND LESSEES ACROSS BACK BAY WILDLIFE REFUGE UNTIL COMPLETION OF PERMANENT ACCESS FROM CURRITUCK COUNTY OUTER BANKS TO CURRITUCK COUNTY MAINLAND.

Whereas, the current rules plan of the United States Department of Interior as relates to vehicular access across the tidal beach area of the Back Bay Wildlife Refuge in Virginia Beach, Virginia, places an intolerable burden of extra travel, inconvenience and expense upon Currituck County Outer Banks property owners and lessees in traveling to their resort and retirement residences; and

Whereas, the United States Department of Interior has not provided a reasonable alternate access route of travel prior to implementation of the current rules plan; and

Whereas, Currituck County Outer Banks property owners and lessees have no reasonable access to their property; and

Whereas, property owners and lessees of the False Cape Park acquisition area in Virginia are permitted vehicular access across the Back Bay Wildlife Refuge by the current rules plan; and

Whereas, Currituck County Outer Banks property owners and lessees are not permitted vehicular access across the Back Bay Wildlife Refuge by the current rules plan; and

Whereas, the current United States Department of Interior rules plan discriminates between vehicular access for False Cape State Park acquisition area property owners and lessees, and vehicular access for Currituck County Outer Banks property owners and lessees; and

Whereas, the North Carolina Department of Transportation has adopted a set of priorities relating to Currituck County Outer Banks access; and

Whereas, the United States Department of Interior did allow vehicular access across Back Bay Wildlife Refuge for Currituck County Outer Banks property owners and lessees for two years under the terms of an injunction issued by United States District Judge John A. MacKenzie;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. That the North Carolina delegation to the Congress of the United States be and the same are hereby requested to investigate with the United States Department of Interior the possibility of extending vehicular access and guest privileges to Currituck County Outer Banks property owners and lessees which are afforded False Cape State Park acquisition area property owners and lessees under the regulations of the current rules plan. Such vehicular access and guest privileges are to be granted as a temporary condition terminating with completion of a permanent access facility from the Currituck County Outer Banks to the Currituck County mainland.

Sec. 2. That a copy of this resolution be transmitted to Secretary of the Interior evidencing the resolve of the General Assembly of the State of North Carolina.

Sec. 3. That a copy of this resolution be transmitted to each member of the North Carolina delegation to the Congress of the United States.

Sec. 4. This resolution shall become effective upon ratification.

H. R. 790 **RESOLUTION 89**

A JOINT RESOLUTION DIRECTING THE UNIVERSITY OF NORTH CAROLINA TO EXPLORE THE MEANS TO DEVELOP A STATEWIDE NONCOMMERCIAL FM RADIO SERVICE.

Whereas, the University of North Carolina now operates a superior educational television network which serves substantially all of the population of the State of North Carolina with noncommercial programming; and

Whereas, the University of North Carolina plans to place in operation in 1975 a publicly funded full-service FM radio station which will serve a portion of central North Carolina with noncommercial programming; and

Whereas, the University of North Carolina could extend the range of the new FM broadcasting signal to substantially all of the citizens of North Carolina by augmenting existing equipment;

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Section 1. That the University of North Carolina explore the means to develop a statewide noncommercial FM radio service.

Sec. 2. This resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 16th day of June, 1975.

H. R. 963 **RESOLUTION 90**

A JOINT RESOLUTION HONORING THE EMERGENCY ACTION TAKEN BY GARY PHILLIP RAMSEY.

Whereas, Gary Phillip Ramsey is a 16 year old young adult residing at Route 3, Leicester, North Carolina, and attending Erwin High School in Asheville, North Carolina; and

Whereas, Gary Ramsey is employed as a school bus driver after school; and

Whereas, Gary Ramsey was so employed on April 1, 1975; and

Whereas, on April 1, 1975, twin boys of approximate age 20 months had been rendered unconscious from inhaling carbon monoxide gases while riding in a motor vehicle; and

Whereas, Gary Ramsey was called upon to assist said unconscious boys by relatives and acquaintances of the two boys; and

Whereas, Gary Ramsey did give, without hesitation, such requested assistance by applying artifical respiration to each unconscious boy; and

Whereas, had it not been for the assistance of Gary Ramsey, the young boys in all likelihood would have suffered either death or serious injury as a result of their inhaling carbon monoxide gases; and

Whereas, the prompt and unselfish assistance rendered by Gary Ramsey represents a fine example of good citizenship to other young adults of North Carolina;

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Section 1. That the General Assembly recognizes and is proud of Gary Phillip Ramsey for his prompt rescue actions preventing the loss of life to twin boys on April 1, 1975.

Sec. 2. That a copy of this resolution shall be duly certified by the Secretary of the State and by him transmitted to Mr. Gary Ramsey, Route 3, Leicester, North Carolina.

Sec. 3. This resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 16th day of June, 1975.

S. R. 563 RESOLUTION 91

A JOINT RESOLUTION DIRECTING THE LEGISLATIVE RESEARCH COMMISSION TO STUDY THE ISSUE OF SPEEDY TRIALS.

Whereas, the General Assembly is concerned about improving the efficiency of the criminal justice system and in assuring swift and judicious handling of all cases coming before the criminal division of the General Court of Justice; and

Whereas, law enforcement authorities, including the Federal Bureau of Investigation, have for some time recognized that among the most effective deterents to crime are swiftness and certainty in the administration of justice; and

Whereas, the Constitution of the United States guarantees to the accused the right of a speedy and public trial; and

Whereas, there have been various speedy trial proposals introduced in the General Assembly over the past three years; and

Whereas, at least four such proposals have been introduced during the 1975 Session of the General Assembly; and

Whereas, the Crime Study Commission in 1974 recommended the implementation of a speedy trial bill for North Carolina; and

Whereas, the United States Congress and 22 states have now adopted some type of speedy trial legislation; and

Whereas, the Criminal Procedure Act has speedy trial provisions which shall become effective on September 1, 1975; and

Whereas, the effectiveness of those provisions should be evaluated;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. That the Legislative Research Commission is directed to:

(1) Study and develop appropriate guidelines for continuing of cases, especially at district court and superior court levels, and systematic sanctions for those who violate these guidelines.

(2) Recommend a mandatory period or periods in which an accused must be tried, preferably no longer than three months from the date of arrest. This would eliminate the lack of timely trials and provide certainty of immediate punishment.

(3) Study the possibility of developing a system similar to the PIN (Police Information Network) to be installed in each clerk of court office, whereby an up-to-date record of every accused be available, and his past record be a part of all future trials. The commission should include in its study the cost of such a network.

(4) Review the effectiveness of the Speedy Trials Act passed in 1974 by the United States Congress as well as the experience of other states which have adopted similar legislation.

(5) Study the possibility of the release of the accused due to technicality in cases where no miscarriage of justice has occurred.

(6) Monitor the implementation of Article 35 of Chapter 15A in reducing court delay in the processing of criminal cases, and to receive periodic input from the administrative office of the courts relating to this issue.

(7) Work with court personnel throughout the State in determining what additional resources might be needed to effectuate any speedy trial proposal the commission might wish to recommend.

(8) Study, review, and hear testimony on all other matters directly related to the development of a comprehensive proposal to promote speedy trials in North Carolina.

The Legislative Research Commission shall report its findings and recommendations to the next session of the General Assembly.

Sec. 2. This resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 17th day of June, 1975.

S. R. 918 RESOLUTION 92

A JOINT RESOLUTION HONORING THE MEMORY OF HAROLD K. COLLINS OF DURHAM.

Whereas, Harold K. Collins, a distinguished educator from Durham County, died May 15, 1975, while serving as President of Durham Technical Institute; and

Whereas, Harold K. Collins was born March 20, 1910, in Danville, Illinois; was reared in Maysville, Kentucky; was educated at East Kentucky State College, Richmond, Kentucky; Transylvania College, Lexington, Kentucky; Morehead State University, Morehead, Kentucky (B.S. 1937); and North Carolina State University, Raleigh, North Carolina (M.E. 1965); was married to Edna Pearson; was a Methodist, a Jaycee, and a Civitan Club Member; and

Whereas, after receiving his degree from Morehead State University, he came to Durham as a teacher of building trades at Durham High School, holding this position until 1942, when he was appointed Director of Vocational and Adult Education, and in 1961 became President of Durham Technical Institute, which is one of 56 units in the North Carolina Community College System. His experience as a teacher and administrator in Vocational and Technical Education covered over 30 years of continuous service, and his leadership resulted in a myriad of programs designed to equip his fellowman with saleable skills. In 1948, under his supervision, the first program for Practical Nurse Education in North Carolina was established. This program has been in continuous operation since its organization. During the past 20 years, he was also instrumental in the development of programs of training in: Nurses' Assistants, Dental Laboratory Technicians, Hospital Ward Clerks, Medical Secretaries, Psychiatric Nurses' Assistants, Ophthalmic Dispensers, Optical Technicians, Inhalation Therapists, Orderlies, and others. Further, he was instrumental also in developing short courses in the Health Auxiliary field and for several years served as a member of the North Carolina Advisory Committee for Practical Nurse Education, and as a consultant to the Committee for Dental Auxiliary Occupations; and

Whereas, he served in an executive capacity in local, State, and frequently in national occupational education organizations, including the American

Vocational Association, the North Carolina Vocational Association, the North Carolina Education Association, the American Technical Education Association, the National Council of Local Administrators, and the North Carolina Council of Local Administrators; and served as President of the National Council of Local Administrators in 1960;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. That by this resolution the General Assembly recognizes that with the death of Harold K. Collins the State of North Carolina as well as the County of Durham has lost a distinguished citizen, and therefore expresses to his family its sympathy in their loss.

Sec. 2. That a copy of this resolution shall be duly certified by the Secretary of State and shall be transmitted by him to the family of Harold K. Collins.

Sec. 3. That this resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 17th day of June, 1975.

H. R. 889 RESOLUTION 93

A JOINT RESOLUTION MEMORIALIZING THE CONGRESS OF THE UNITED STATES TO AMEND THE CLEAN AIR ACT OF 1970.

Whereas, The Clean Air Act of 1970 states that its primary purpose is "to protect and enhance the quality of the nation's air resources so as to promote the public health and welfare and the productive capacity of its population"; and

Whereas, in order to carry out this purpose of The Clean Air Act, the Environmental Protection Agency promulgated on April 30, 1971, national primary and secondary ambient air quality standards to be achieved by the states through State Implementation Plans; and

Whereas, the Implementation Plan for the State of North Carolina was approved by the EPA on May 31, 1972, and provides for the achievement and maintenance of primary and secondary ambient air quality standards by May 31, 1975, through the approval and implementation of control programs for the reduction of emissions; and

Whereas, the implementation of control programs by both governmental and private sources will require the expenditure of substantial capital funds in order to achieve compliance with the national ambient air quality standards in many states; and

Whereas, it is essential for both government and the private sector to be able to plan in these inflationary times for such expenditures with a reasonable degree of certainty as to both time and amount; and

Whereas, both the government and the private sector should, in the development of environmental compliance programs, be encouraged to carefully weigh and balance the impact of various alternatives on energy conservation, the economy and the environment; and

Whereas, this reasonable degree of certainty does not exist today due to many factors including court decisions, changing regulations, and advancing technology, thereby causing the expenditure of unproductive inflationary funds without regard to the cost of the benefits to be achieved nor to the precious energy consumed; and

Whereas, unreasonable uncertainties now and will in the future curtail expansion resulting in shortages of goods, services and employment to the detriment of the world economy; and

Whereas, provision is presently included in the Federal Water Pollution Control Act Amendments of 1972 to provide a reasonable basis for financial planning for waste water management thereby encouraging the cooperation of the government and the private sector;

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Section 1. That the General Assembly of North Carolina hereby memorializes the Congress of the United States to amend The Clean Air Act by adding new sections as follows:

"Sec. 120. Notwithstanding any other provision of this act, any existing stationary source which has implemented or which is implementing an approved control program under a State implementation plan upon the date of enactment of The Clean Air Act Amendments of 1975 shall not be subject to any more stringent standards than those contained in such control program during a 10-year period beginning on the date of completion of such control program or during the period of depreciation or amortization of such facility for the purposes of G.S. 167 or G.S. 169, or both, of the Internal Revenue Code of 1954, whichever period ends first.

Sec. 121. Notwithstanding any other provisions of this act, any new stationary source the construction of which was commenced before or after the date of enactment of The Clean Air Act Amendments of 1975 and which new source is so constructed as to meet all applicable standards of performance for new stationary sources shall not be subject to any more stringent standard of performance or other standard during a 10-year period beginning on the date of completion of such construction or during the period of depreciation or amortization of such facility for the purposes of G.S. 167 or G.S. 169, or both, of the Internal Revenue Code of 1954, whichever period ends first."

Sec. 2. That the Clerk of the House of Representatives is directed to send copies of this resolution to the Speaker of the United States House of Representatives, the President of the United States Senate and the members of the delegation to the Congress of the United States of this State in order that they may be apprised of the sense of the North Carolina General Assembly.

Sec. 3. This resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 23rd day of June, 1975.

H. R. 1030 **RESOLUTION 94**

A JOINT RESOLUTION CALLING UPON THE NORTH CAROLINA DEPARTMENT OF HUMAN RESOURCES TO PROVIDE EASIER ACCESS TO FOOD STAMP APPLICATIONS.

Whereas, the cost of living is continually rising; and

Whereas, the low-income citizens of North Carolina are finding it increasingly difficult to purchase enough food upon which to subsist; and

Whereas, the Food Stamp Program in North Carolina has been of invaluable assistance in alleviating some of the problems experienced by these low-income citizens in providing sufficient food to sustain themselves and their families; and

Whereas, many North Carolina citizens who qualify for food stamps are not currently receiving them; and

Whereas, the North Carolina General Assembly is committed to providing food stamps to all North Carolina citizens who qualify; and

Whereas, the low-income citizens of North Carolina would more fully participate in the Food Stamp Program if easier access to applications was provided; and

Whereas, Sunday night, February 23, 1975, was a night of tragedy, terror and heroism in the community of Siloam, Surry County, North Carolina; and

Whereas, the Siloam Bridge spanning Yadkin River and connecting Yadkin and Surry Counties fell into the river carrying one car with it as it fell; and

S. R. 549 RESOLUTION 100

A JOINT RESOLUTION TO ESTABLISH A UTILITY REVIEW COMMITTEE.

Whereas, the ultimate authority to regulate business and industry in North Carolina is vested in the General Assembly; and

Whereas, the people of North Carolina look to the General Assembly to exercise that authority wisely and for the greatest good of the greatest number; and

Whereas, in this period of rapid change in the economic climate, it is difficult for the members of the General Assembly to exercise responsible judgment unless adequately informed in such complex areas as the regulation of public utilities; and

Whereas, the establishment of utility rates and the maintenance of an equitable balance between the legitimate interest of the companies and the necessary protection of the consumers are ongoing problems which will face successive sessions of the General Assembly:

S. R. 576 RESOLUTION 102

A JOINT RESOLUTION DIRECTING THE LEGISLATIVE RESEARCH COMMISSION TO STUDY INTERGOVERNMENTAL RELATIONS.

Whereas, the complexity of modern society and the changing role of the federal and State governments necessitate broader responsibilities for local governments; and

Whereas, these broader responsibilities for local governments call for a reassessment of their respective roles and their relationships with each other and State and federal governments; and

Whereas, the present capacities of local government will be severely strained if their resources and operational frameworks are not more quickly modernized and expanded; and

Whereas, lead regional organizations have been in operation in North Carolina for five years and there is a need to thoroughly review the local experience of these organizations; and

Whereas, it is well recognized that continuing attention should be given to basic aspects of local government by an appropriate body if the system of State and local government is to remain vital and effective; and

Whereas, the Local Government Study Commission, established by resolution in 1967 and continued by resolution in 1969 and 1971, has expired and is no longer functioning;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. The Legislative Research Commission is directed to produce a study on Intergovernmental Relations, and:

(1) To examine the current distribution of jurisdictional responsibilities and service functions among governments in North Carolina relative to the increased needs of its citizens and to recommend improvements in the distribution of such responsibilities and service functions among governments;

(2) To review boundaries and powers of regional councils of government and to review COG legislation;

Sec. 2. The Cochairmen of the Legislative Research Commission are authorized to appoint additional members of the General Assembly to study committees to assist the regular members of the Research Commission in conducting this study, and they are authorized to appoint members of the public to advisory subcommittees. H. R. 1074 **RESOLUTION 103**

A JOINT RESOLUTION CREATING A COMMITTEE FOR THE STUDY OF THE PROPERTY TAX SYSTEM IN NORTH CAROLINA.

Whereas, the North Carolina General Assembly has demonstrated its concern over the problems of local governments with the administration and collection of ad valorem taxes, having conducted special interim studies in several previous sessions of the General Assembly which resulted in improvements in the property tax system; and

Whereas, problems remain with the efficient administration and collection of ad valorem taxes, particularly with regard to information on land titles, ownership of land, records of land transfers, collection of taxes on personal property, administration of exemptions for the elderly and disabled; and

Whereas, the Joint Legislative Committee on the Tax Structure of the Local Units of Government created by the 1973 General Assembly, Second Session, 1974 (House Joint Resolution 2066, ratified Resolution 185), has recommended the continued study of the property tax and the continuation of the study of the feasibility of computer-assisted mass appraisal; and

Whereas, G.S. 105-286 requires revaluation of the real property in each county at least once every eight years for ad valorem tax purposes; and

Whereas, in recent years it has become increasingly difficult to obtain the services of a reputable appraisal company, and once hired the appraisal companies have frequently been unable to retain enough qualified appraisers to fulfill their contractual commitments; and

Whereas, utilization of private appraisal firms is extremely expensive and time-consuming even when no unusual difficulties arise in the course of the revaluation; and

Whereas, octennial revaluation results in many inequities among taxpayers which can be cured only through more frequent adjustment of appraised values, an approach which has been required by judicial determination in some other jurisdictions; and

Whereas, more frequent revaluations would be prohibitively expensive if conducted by private appraisal companies, and the expanded load might be unmanageable at any cost by the decreasing number of financially stable companies; and

Whereas, computer-assisted mass appraisal techniques are currently being employed in other states which enable those jurisdictions to conduct revaluations as frequently as desired for a minimal cost per parcel after the initial cost of implementation; and

Whereas, a pilot project conducted in Wake County has demonstrated the feasibility of computer-assisted mass appraisal in North Carolina; and

Whereas, Mecklenburg County has employed computer assistance to conduct a revaluation four years before required by law at approximately one-tenth (1/10) the cost of a private company; and

Whereas, ad valorem property tax is primarily a function of the local units of government, and the long-term benefits to be derived from a computerized system of appraisal will be realized by the local units; and

Whereas, the continued study and improvement of the property tax has consistently been undertaken by the General Assembly of North Carolina;

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Section 1. There is created the Committee for the Study of the Property Tax to be composed of 14 members, seven to be appointed by the President of the Senate, and seven to be appointed by the Speaker of the House. All appointments shall be made in time for the committee to begin its work by September 1, 1975.

Sec. 2. It shall be the duty of the committee to make a comprehensive study of the efficiency, effectiveness, and fairness of the administration of the property tax in North Carolina. The committee in its study shall review the system of land records maintained by cities and counties to ascertain the need for modernization of such systems to utilize changing technology. The committee shall review current procedures for listing and collecting taxes on personal property and real property with regard to increasing the efficiency and equity of such procedures. The committee shall examine the octennial revaluation system and evaluate the feasibility of establishing a computer-assisted revaluation program. In its work, the committee shall consult with tax officials in State and local government and may employ such experts as are necessary.

Sec. 3. Upon its appointment, the committee shall organize by electing from its membership a chairman and a vice-chairman.

Sec. 4. The expenses of the committee shall be paid from funds collected by the Department of Revenue under Article 7, Chapter 105 of the General Statutes of North Carolina. The funds so expended shall be deducted as in G.S. 105-213(a) for the costs of administering the intangibles tax.

Sec. 4.1. The members of the Committee shall be reimbursed and compensated as follows:

(a) Legislator members at the rates set out in G.S. 120-3.1;

(b) Public members as set out in G.S. 138-5; and

(c) State employee or official members as set out in G.S. 138-6.

Sec. 5. The committee shall report its findings and recommendations to the 1977 General Assembly by January 15, 1977.

Sec. 6. This resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 23rd day of June, 1975.

Whereas, Pleas Monroe Sawyer attended Mars Hill College and Draughon's Business College; and

Whereas, Pleas Monroe Sawyer became a lawyer, certified public accountant and law tax consultant in Greensboro, North Carolina; and

Whereas, a dear friend, Mrs. Margaret S. Mahaffey, after standing in the Old Capitol Building where Pleas Monroe Sawyer sat as a legislator, composed the following verses in his memory:

"I stood in the Hollowed Halls of the Legislature,
In the Old Capitol Building,
A Feeling of Austerity Swept Over My Being,

I Thought of the Wisdom of the Men Who Sat Here,
Were They Not Men of Mortality Like Myself,
With Their Hopes and Dreams, Their Fears and
Flusterations, Their Disappointments and Successes?
Could These Men, Who Now Belong to the Ages, but
Speak to Me Today.
Oh, Yes, I Hear Them in Chorus, Saying,
'Light One Candle My Child, There is Still
Much Darkness in the Land.'
Lovingly,
A Friend"

Whereas, this State has lost a man whose brilliant and inquiring mind unraveled the mysteries of nature for the betterment of his fellowman; and

Whereas, Professor Franklin E. Correll was an outstanding university professor who had a love and concern for students and received their highest respect, admiration and affection; and

H. R. 1276 RESOLUTION 110

A JOINT RESOLUTION HONORING R. J. REYNOLDS INDUSTRIES, INC.

Whereas, tobacco each year accounts for a majority of the cash crops grown in North Carolina; and

Whereas, the R. J. Reynolds Tobacco Company, Subsidiary of R. J. Reynolds Industries, Inc., has been a leader in the expansion and growth of the tobacco industry in North Carolina; and

Whereas, 1975 is more than "just another year" for R. J. Reynolds Industries, Inc. It is a year of celebration. The celebration is for a hundred years of progress — from Richard Joshua Reynolds' "little red factory" in what was then known solely as Winston, North Carolina, to the present-day international manufacturing and marketing giant; and

Whereas, under Reynolds' astute management his company grew and prospered. By 1906, it was producing one-seventh of the nation's plug chewing tobacco, and by 1912 the share had grown to one-fourth. The company still makes plug tobacco, and although the market has dwindled, its Days Work has been foremost for many years. In 1907, Reynolds developed Prince Albert smoking tobacco, which is still the largest-selling brand in the country; and

Whereas, Camel was introduced as the company's first major cigarette brand in 1913 and is the most popular cigarette ever produced. Winston cigarettes, introduced in 1954, rank first in sales in the United States today, and Salem, introduced in 1956, is one of the nation's largest-selling menthol brands. Vantage has become the fastest-growing brand among the top 20 cigarette brands since its introduction in 1970; and

Whereas, diversification of Reynolds Tobacco Company began in the 1950's when the company's Archer Aluminum Division started making products for customers other than Reynolds Tobacco. During the 1960's, acquisitions were made of companies in foods, snacks and fruit beverages. Sea-Land Service, Inc., became part of the Reynolds organization in 1969, and arrangements were completed in 1970 for acquisition of American Independent Oil Company; and

Whereas, in June, 1970, the corporate structure was reorganized to provide for more efficient management of the company's increasingly diverse operations and their rapidly expanding international scope. R. J. Reynolds Industries, Inc., became the parent corporation of R. J. Reynolds Tobacco Co., still the nation's largest tobacco products company; Sea-Land Service, Inc., the world's largest containerized shipping company; American Independent Oil Company (Aminoil), an international petroleum products company; RJR Foods, Inc., which has a number of well-known lines of fruit punches and convenience foods (including Hawaiian Punch and Chun King), syrups and molasses, and other food products; and RJR Archer, Inc., a major producer of aluminum sheet and foil, packaging materials, consumer products, and film wrapping materials; and

Whereas, in 1974 the company acquired Macdonald Tobacco Inc., of Canada, further expanding the scope of international tobacco operations which market cigarettes in more than 140 countries; and

Whereas, as 1975 began, the company closed its books on 1974 sales and revenues of more than four billion dollars from tobacco products, containerized shipping, aluminum products, convenience foods, and petroleum;

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Section 1. That by this resolution the General Assembly of North Carolina honors the R. J. Reynolds Tobacco Company and its parent corporation, R. J. Reynolds Industries, Inc., for 100 years of progressive and productive service to our State and nation.

Sec. 2. That a copy of this resolution shall be duly certified by the Secretary of State and shall be transmitted by him to the Board of Directors of R. J. Reynolds Industries, Inc.

Sec. 3. This resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 24th day of June, 1975.

S. R. 932 RESOLUTION 111

A JOINT RESOLUTION HONORING THE NORTH CAROLINA DAUGHTERS OF THE AMERICAN REVOLUTION AND THE NATIONAL SOCIETY OF THE DAUGHTERS OF THE AMERICAN REVOLUTION.

Whereas, the National Society of the Daughters of the American Revolution has conducted a continuing program to promote public knowledge, understanding and appreciation of the Constitution of the United States; and

Whereas, the Daughters of the American Revolution of North Carolina have participated in this continuing program with great industry and dedication with the result that in 1974 the North Carolina Society's Constitution Week Program won the first place National Award; the First Place Exhibit Award; the Best Scrapbook Award; and awards for 100% Chapter Participation, Best Report in the Southeastern Division, and best original spot announcement in the Southeastern Division; and

Whereas, the National Society of the Daughters of the American Revolution presented its Continental Congress Award to the North Carolina Chairman of Constitution Week for the scrapbook which chronicled the efforts and results of the North Carolina effort; and

Whereas, this scrapbook is being considered for inclusion in the permanent exhibit of the Freedoms Foundation at Valley Forge, Pennsylvania; and

Whereas, the National Society and the North Carolina Society are currently engaged in a 1975 program to continue to make the United States Constitution more meaningful to all citizens;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

H. R. 338 RESOLUTION 112

A JOINT RESOLUTION REQUESTING THE DEPARTMENT OF ADMINISTRATION TO CONDUCT A STUDY OF THE FEASIBILITY OF ESTABLISHING STATE-OPERATED COMPUTER CENTERS TO SERVE COUNTY AND CITY GOVERNMENTS.

Whereas, the demand for services from the counties of North Carolina by its citizens continues to increase in scope and urgency; and

Whereas, the information reporting requirements being levied on the county governments by the departments of State government and the federal government continue to increase; and

Whereas, the counties and cities more and more are called upon to act as the official arm for delivering State and federal programs and services to the citizens of the State; and

Whereas, the responsiveness of the county and city governments is improved by the use of modern but increasingly expensive business technology; and

Whereas, the proper use of computers, telecommunications, and data processing techniques is basic to modern business technology; and

Whereas, it appears that many counties and cities are financially and technically unable to take full advantage of this technology; and

Whereas, it has been demonstrated in North Carolina general State

government and in the State's university system that the sharing of computing facilities and experienced personnel is both cost effective and more efficient;

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

Section 1. That the Department of Administration, Office of Management Systems, be requested to conduct an in-depth study to determine the feasibility of establishing an appropriate number of regional State-operated computer centers or private contracted data centers to serve the needs of the counties and cities, particularly in the areas of tax administration, payroll and personnel, and other financial information systems. Interrelationships and the need for improved technology of county and municipal operations are to be investigated and given proper consideration.

Sec. 2. That the department report in writing its findings and recommendations to the General Assembly at its next convening or as soon thereafter as practicable.

Sec. 3. That a Steering Committee be established to regularly review progress of and counsel with the department in the conduct of the study and that such committee shall be composed of the following members:

The Secretary of the Local Government Commission of the Department of the State Treasurer - Chairman.

Two members of city governments to be invited by the Chairman.

Two members of the private sector with recognized competency in the field of computing and data processing to be invited by the Chairman.

A member of the Systems Division of the Office of the State Auditor to be designated by the State Auditor.

The Director of the Office of Management Systems shall serve as secretary to the committee.

Sec. 4. That the department and the committee may freely call upon the knowledge and experience of any employees of State government, the higher education community, the county governments, and municipalities.

Sec. 5. That actual and necessary expenses of the department are authorized by the General Assembly from funds which may be available from within the Department of Administration, from receipts from non-State sources, or from the Contingency and Emergency Fund pursuant to G.S. 143-12.

Sec. 6. That members of the Steering Committee who are not full-time State employees shall be paid a per diem in accordance with G.S. 138-5 for days actually on official business of the committee and travel expenses at a rate the same as allowed similar boards and committees.

Sec. 7. This resolution shall become effective upon ratification.

S. R. 624 **RESOLUTION 113**

A JOINT RESOLUTION DIRECTING THE LEGISLATIVE RESEARCH COMMISSION TO STUDY LOCAL MASS TRANSIT.

Whereas, it is the sense of the General Assembly that we are rapidly approaching the point in time where the forces of increasing population and decreasing energy supplies will make past transportation practices impractical and costly, it is hereby declared to be the public policy of the State of North Carolina that programs be developed which will provide safe, economical, and efficient modes of mass transportation for the citizens of our State;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. (a) The Legislative Research Commission is directed to study Local Mass Transit.

(b) It shall be the duty of the commission to make a study of local mass transit problems, and to determine the feasibility of implementing local mass transit programs in this State.

Sec. 2. S. R. 920 **RESOLUTION 114**

A JOINT RESOLUTION SETTING A HIGH PRIORITY FOR CONSIDERATION OF REVISING THE RETIREMENT SYSTEM OF LOCAL GOVERNMENT EMPLOYEES DURING THE 1976 SESSION OF THE GENERAL ASSEMBLY, SO THIS RETIREMENT SYSTEM WILL OFFER BENEFITS MORE NEARLY EQUAL TO THOSE INCLUDED IN THE TEACHERS' AND STATE EMPLOYEES' RETIREMENT SYSTEM.

Whereas, Chapter 457 of the 1975 Session Laws amended G.S. 135-1(5) to provide that "average final compensation" would be computed on the basis of four, instead of five, consecutive years of membership in the Retirement System for Teachers and State Employees; and

Whereas, Chapter 457 of the 1975 Session Laws amended G.S. 135-5 to provide that compensation paid to teachers and State employees who retire after age 65 or after completing 30 years of service shall be computed at a rate of one and one-half percent (1 1/2%) of the average final compensation multiplied by the number of years of creditable service and that the rate of compensation paid to teachers and State employees who retire before age 65 and prior to completing 30 years of service shall be computed in the same way, except that their retirement allowance shall be reduced by one quarter of one percent (1/4 of 1%) for each month by which their retirement dates precede the first day of

the month coincident with or next following their sixty-fifth birthdays, representing an increase in the percentage of compensation paid to teachers and State employees; and

Whereas, Chapter 457 of the 1975 Session Laws amended G.S. 135-8(b)(1) to provide that after July 1, 1975, the rate of payroll deductions for the Annuity Savings Fund of teachers and State employees shall be six percent (6%); and

Whereas, similar changes were not incorporated into Chapter 486 of the 1975 Session Laws, entitled "An Act Extending Benefits of the North Carolina Local Governmental Employees' Retirement System", so that local government employees will not receive retirement compensation at the same rate provided for teachers and State employees;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. That a high priority be given by the 1976 Session of this General Assembly to amending Chapter 128 of the General Statutes so that the Local Governmental Employees' Retirement System will offer benefits more nearly equal to the benefits provided for teachers and State employees by Chapter 457 of the 1975 Session Laws.

Sec. 2. This resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 24th day of June, 1975.

Sec. 2. The Commission's study may include, but need not be limited to, the following:

(1) Planning by major institutions of higher education as to their athletic programs and potential attendance figures, including plans for the construction or alteration of sports facilities.

(2) Plans by any municipalities or other governmental subdivisions concerning major entertainment or sports facilities.

(3) Analysis of economic factors in the operation of major indoor sports facilities, including the need, (if any), for an amateur or professional home team having substantial local support, the density of population within a given area to support facilities of varying sizes, the extent to which facilities suitable for major team sports may readily be used for entertainment and other nonsports public events, and the revenue implications of multiple use.

(4) The extent to which construction of a large covered sports arena would seriously undermine the patronage now enjoyed at major indoor and outdoor sports facilities in the State.

(5) Consideration of the various factors that would affect the site of any sports arena that might be built.

(6) A consideration of the most effective method of administering the operations of any sports arena that might be built—for example, a public authority, lease to a commercial enterprise to operate, or otherwise.

(7) Technical and legal factors concerning the possible financing, through

bonds or otherwise, of a sports arena, and the extent to which any such sports arena at a given location may be expected to pay its way.

(8) Estimates of construction costs of the various types of sports arena that might be built and the cost-benefit factors that may be involved, including whether the greater revenues that may be anticipated from a genuinely multi-purpose structure would likely offset the greater construction and maintenance costs that would be involved.

Sec. 3. The Cochairmen of the Legislative Research Commission are authorized to appoint additional members of the General Assembly to study committees to assist the regular members of the Research Commission in conducting this study, and they are authorized to appoint members of the public to advisory subcommittees. The President Pro Tempore of the Senate shall consult with the President of the Senate when he considers these additional appointments.

Sec. 4. This resolution shall become effective upon ratification.

S. R. 749 **RESOLUTION 120**

A JOINT RESOLUTION EXTENDING THE COMMISSION ON SENTENCING, CRIMINAL PUNISHMENT AND REHABILITATION.

Whereas, the 1973 General Assembly recognized an immediate need to study and evaluate the problem of prison overcrowding by creating during the 1974 Session a Commission on Sentencing, Criminal Punishment and Rehabilitation; and

Whereas, that commission has met regularly since June 1974, and has through public meetings, expert testimony, personal visits across the State and in-depth research and evaluation made much headway in gaining a comprehensive understanding of the various aspects of this most complex area of public concern; and

Whereas, that commission has provided the 1975 General Assembly an enlightened overview of this issue by preparing and distributing three separate official reports as well as copies of its staff research findings including reports from other states as well as statistical documentation of North Carolina's criminal justice system; and

Whereas, the recommendations of the sentencing commission are supported by the introduction of 17 separate pieces of legislation which are now being acted upon by this General Assembly; and

Whereas, that commission has, due to the crisis-like situation currently existing within the prison system, been forced to deal primarily with those sentencing statutes as well as policies and practices which impact most directly upon entry into the prison system, length of retention within the system and release from the system; and

Whereas, in dealing with these short-range sentencing considerations the commission has effectively discharged the first of its two primary obligations which required new legislative proposals to govern: "Policies, plans, practices and procedures including alternatives to existing practices and procedures which are designed to have the effect of reducing the prison population of the State of North Carolina and its heavy economic burden, consistent with the well-being and security of the general population,"; and

Whereas, the commission has recognized the need for completing the second primary obligation placed on it by the General Assembly by recommending a long-range study of State policy in regard to the construction of new facilities, the development of comprehensive rehabilitative programs and the relief from inmate idleness throughout the system; and

Whereas, Senate Joint Resolution 24 has been introduced calling for a special legislative study of educational, vocational and rehabilitative programs available to females committed to the custody of the Department of Correction; and

Whereas, the commission on sentencing has begun such an evaluation by personal visits to that facility and by receiving testimony from State officials involved in the administration of such programs as are now available at that facility; and

Whereas, the General Assembly commends the sentencing commission for its valuable service in developing short-range alternatives to help relieve the serious overcrowding within North Carolina's prison system, and recognizes the valuable expertise developed during the course of its study, as well as the continued need for providing long-range planning for rehabilitative, correctional programs for both male and female inmates;

Now, therefore, be it resolved by the Senate, the House of Representatives concurring:

Section 1. The Commission on Sentencing, Criminal Punishment and Rehabilitation is hereby relieved from all duties and responsibilities as set forth in Section 2 of Senate Joint Resolution 1268 as enacted by the 1974 Session of the 1973 General Assembly and is hereby redesignated as the Commission on Correctional Programs.

Sec. 2. Duties. (a) It shall be the responsibility of the Commission on Correctional Programs to develop a comprehensive long-range policy recommendation setting forth a coordinated State policy on correctional programs. The policy recommendation thus developed shall reflect and be incorporated into a basic philosophical approach toward inmate rehabilitation and shall apply equally for both male and female inmates. The commission shall conduct hearings, gather information and personally inspect such rehabilitative programs as may be currently in operation by the Department of Correction; and shall study and evaluate as many additional programs from other systems, either local, State or federal, as it may deem necessary, for the fulfillment of its responsibilities under the provisions of this resolution. The commission is directed to give specific attention to: work release, study release, vocational training (both within the system and in conjunction with the community college system), basic adult education, drug and alcohol treatment, mental retardation treatment, counseling, religious and recreational programs. Special attention should also be given to work-related programs designed to relieve idleness within the system, such as prison enterprises, incentive wage community service projects, road work programs or others as are or may be authorized as appropriate for inmate labor.

(b) The Commission on Correctional Programs shall also be authorized and directed to study the physical facility needs and requirements including the number, type and size of prison units desirable to maintain effective security, promote rehabilitative programs and insure efficient allocation of the

department's resources. Considerable study should be directed toward the need for new construction, conversion or temporary expansion of existing facilities to meet the need for single cell accommodations throughout the system. The commission should also study the correctional facilities available at Women's Prison in Raleigh and issue findings on the adequacy of such facilities and recommendations as may be supported by those findings for up-grading, expanding or otherwise altering the facilities for female inmates in North Carolina.

(c) The Commission on Correctional Programs shall, not later than 15 days following the opening of the 1976 Session of the 1975 General Assembly or in the event no such session is convened not later than 15 days following the opening of the 1977 General Assembly, file a final report of the commission with the Governor, the President and President pro tempore of the Senate and the Speaker of the House of Representatives which shall include the long-range policy recommendations for correctional programs and facilities for both male and female systems as stipulated under the provisions of this resolution. The final report shall include a summary of all information obtained in the course of its inquiry, and shall set forth its findings, conclusions, and recommendations. If legislation is recommended, the commission shall prepare and submit with its report the appropriate bills.

Sec. 3. Membership. (a) The present membership of the Commission on Sentencing, Criminal Punishment and Rehabilitation is hereby directed to serve as the Commission on Correctional Programs and to meet at such times and places as it may deem necessary to fulfill its responsibilities as defined and enumerated in Section 2 of this resolution.

(b) To insure coordination and to prevent duplication of effort in developing a comprehensive plan of correctional programs, the Commission is hereby authorized to meet jointly with the Commission on Correctional Programs for Females as authorized by House Joint Resolution 20. It is the intent of the General Assembly that these Commissions, working together, shall develop and recommend significant legislation dealing with the problem of program development for both male and female inmates in North Carolina's Division of Prisons.

(c) If a vacancy occurs in the membership of the commission, it shall be filled by action of the officer who appointed the former member who is to be replaced, and the person then appointed shall serve for the remainder of the term of the member whom he succeeds.

Sec. 4. Funding. In executing its duties, the commission is authorized to hire and salary one professional employee and one secretarial employee. Commission members are authorized to receive per diem and mileage at the statutory rates in lieu of compensation. All equipment and supplies as are now owned, leased or otherwise used by the Commission on Sentencing, Criminal Punishment and Rehabilitation are hereby transferred to the Commission on Correctional Programs. The unexpended funds appropriated to cover the authorized costs of the Commission on Sentencing, Criminal Punishment and Rehabilitation are hereby transferred to the Department of Administration for the use of the Commission on Correctional Programs and may be used to cover such operational costs as are provided for herein. Additional sums of twelve thousand five hundred dollars ($12,500) for fiscal year 1975-76 and twelve thousand five hundred dollars ($12,500) for fiscal year 1976-77 are hereby

appropriated from the General Fund to the Department of Administration for the same purposes. The commission shall seek the aid of the Fiscal Research Division of the Legislature in setting up a study methodology and for purposes of periodic review.

Sec. 5. (a) The commission shall terminate upon the filing of its report.

(b) Upon the termination of the commission, the chairman shall transmit to the Legislative Library for preservation the records and papers of the commission.

Sec. 6. This resolution shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 26th day of June, 1975.

H. R. 1283 RESOLUTION 121

A JOINT RESOLUTION PROVIDING FOR ADJOURNMENT OF THE 1975 GENERAL ASSEMBLY ON THE TWENTY-SIXTH DAY OF JUNE, 1975, AT 7:00 P.M. TO RECONVENE FOR A SECOND SESSION IN 1976 FOR REVIEW OF THE BUDGET FOR FISCAL YEAR 1976-77.

Whereas, due to the uncertainty of the national economy, it is extremely difficult to project revenue collections even for the fiscal year 1975-76 and more difficult to project revenue collections for the fiscal year 1976-77; and

Whereas, it is the sincere hope of the General Assembly that the economy of this country and the State will take a sharp upturn in the near future and that reductions in certain of the State's services effectuated in the 1975-76 budget may be restored; and

Whereas, for the above reasons, it is deemed advisable that the General Assembly reconvene in 1976 for the sole purpose of reviewing the budget for fiscal year 1976-77 and for handling such matters as directly affect the budget and for no other purpose;

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

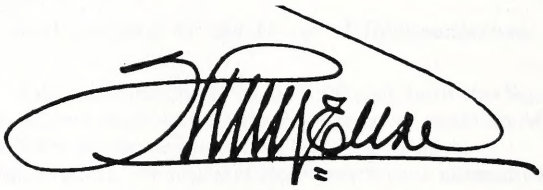
Section 1. That on June 26, 1975, at 7:00 p.m. both the Senate and the House of Representatives shall stand adjourned to meet again on May 3, 1976, at 12 o'clock noon for a session not to exceed 30 calendar days.

Sec. 2. That when the Senate and House reconvene pursuant to Section 1 of this resolution, they shall consider only bills and resolutions directly affecting the budget for the fiscal year 1976-77; provided, that after ratification of a joint resolution passed by a two-thirds majority in each body, the Senate and House may also consider any matters authorized by that resolution.

Sec. 3. That upon authorization of the presiding officer of each house, the appropriate committees of that house, together with the presiding officer of that house are authorized to convene in the interim to review the budget for fiscal year 1976-77 as passed by the 1975 General Assembly, First Session 1975, and other matters of appropriations, finance and the general economy, and to prepare a report on these matters, including a revised budget for 1976-77, if necessary, for delivery to the Senate and House on the convening date of the General Assembly in 1976.

Sec. 4. That the presiding officers and committees of the House and Senate may make an interim report on the state of the economy and the budget prior to the convening of the 1975 General Assembly, Second Session 1976.

Sec. 5. This resolution shall take effect upon its ratification.



In the General Assembly read three times and ratified, this the 26th day of June, 1975.
